

School Safety Plan

Purpose of Policy—

Pursuant to §53A-3-402, and in the interest of welfare of students and employees of the District, the Board deems it advisable to direct schools in the District to adopt a school safety plan in accordance with this policy.

Responsible Personnel—

The Principal of each school is responsible to insure that the school safety plan is distributed to every employee in that Principal's school and to provide in-service training for all personnel and students on an annual basis and is set forth in the Emergency Preparedness Plan. In addition, the Principal of each school shall appoint a designee to coordinate emergency response to the school with local law enforcement and other public safety representatives.
