District Educational Philosophy

Philosophy—

The District was established by the state legislature, under the authority contained in the Utah State Constitution, for the sole purpose of providing an education to the students of the District. While the establishment of the District also provides other services, such as caring for students during the school day, providing employment to the school staff, and providing facilities for the use of the community, all of these services are necessarily subordinate to the District's prime function of providing an education to students. The Board of Education is elected by the citizens of the community to ensure that this responsibility is accomplished. However, the Board recognizes that it cannot accomplish this objective unless all of the sectors of the school community also accept and perform their responsibilities. The Board considers the responsibilities of these elements of the school community to be essential:

- Students
 - Education is an opportunity provided to the children of the District by their community. The Board expects that all students will learn to recognize the value of this opportunity, and will therefore work diligently to help ensure that their maximum potentials are realized. The Board further expects that all students will recognize that their fellow students have the right to be educated, and will avoid any action that may interfere with their ability to exercise that right.
 - The Board believes that education should develop habits, attitudes, understanding, and skills necessary for a productive, satisfying life in society. Students should be taught to understand the duties and privileges of responsible citizenship as such duties and privileges relate to themselves as individuals and to the whole community. The vast changes brought about by increasing technology, population, and urbanization must also be taught. The input and support of the citizens of the community, and especially the professional staff, are solicited as the school community endeavors to develop the attitudes and abilities demanded in this age of rapid change.
- Staff
 - The Board fulfills its responsibility for the education of students by employing first a competent Superintendent, on whose recommendation it also employs a competent staff. As a condition of this employment, the Board expects each staff member's best efforts to be exerted toward the accomplishment of the educational

objectives of the District. Because education is imparted primarily by teachers, the Board specifically places responsibility for maintaining and expanding educational ability on each teacher, to the end that each student may reach maximum potential and develop a sense of dignity and self-worth.

- Parents
 - The Board recognizes that the ultimate responsibility for the well-being of all children rest with their parents. All parents are expected to participate in the District's educational effort by ensuring maximum attendance of their children, by assuring that their children cooperate in the educational endeavor of the District, and by fostering an attitude in their children that recognizes the importance of education and life-long learning.
- Community
 - The resources necessary to provide education for students are provided by members of the community through their taxes and other supporting services. The Board's goal is that all members of the community, both individually and through their governmental, civic, and social organizations, will continue to support the educational activities of the District.

In consideration of the accomplishment of these responsibilities by each sector of the school community listed above, the Board of Education, with the concurrence of each individual board member, pledges its best efforts to ensure that the District is governed effectively and efficiently so that the goal of an appropriate and outstanding educational experience is available for all students of the District.

If the meeting is a public hearing under the Transparency of Ballot Propositions Act, the digital recording must also be made available on the District's website within this time period.

Upon formal approval by the Board, the written minutes of the meeting shall be the official record of the actions taken at the meeting. Such recordings, and any minutes shall include:

1. The date, time and place of the meeting;

Board Meetings: *Closed Meetings*

Closed Meetings—

A closed meeting may be held upon a two-thirds affirmative vote of the board members present at a meeting for which public notice was given pursuant to [Utah Code § 52-4-202](#), providing a quorum is present. No resolution, rule, regulation, contract or appointment shall be approved at a closed meeting, nor may the Board interview an applicant to fill an elected position at such a meeting. The recording and minutes of open meeting at which the vote is taken to hold a closed meeting shall contain the reason or reasons for holding a closed meeting and the votes, by name, of the members present, either for or against the proposition to hold such a meeting.

[Utah Code § 52-4-204 \(2018\)](#)

Purposes of Closed Meetings—

Closed meetings may only be held for the following purposes:

1. Discussion of the character, professional competence, or physical or mental health of an individual;
 - a. However, the Board may not interview a person applying to fill an elected position, midterm vacancy or temporary absence in a closed meeting regardless of whether the interview may include a discussion of the character, professional competence, or physical or mental health of the applicant.
2. Strategy sessions with respect to collective bargaining or pending or imminent litigation; or
3. Strategy sessions with respect to the purchase, exchange, or lease of real property (including any form of water right or water shares) if public discussion may disclose the appraised or estimated value of the property or tend to prevent the Board from obtaining the best possible terms; or
4. Strategy sessions with respect to the sale of real property (including any form of water right or water shares) if public discussion may disclose the appraised or estimated value of the property or tend to prevent the Board from obtaining the best possible terms, but only if the Board previously gave public notice that the property would be offered for sale, and the terms of the sale are publicly disclosed before the Board approves the sale; or
5. Discussion regarding deployment of security personnel, devices, or systems;

6. Investigative proceedings regarding allegations of criminal misconduct;
or
7. The Board is fulfilling one of the following procurement functions:

If the meeting is closed for any reason stated in paragraph 1 or 5 of this Section, then the person presiding must sign a sworn statement affirming that the sole purpose of closing the meeting was to discuss those specific topics, and neither a recording nor minutes shall be kept of that portion of the closed meeting.

Board Meetings: *Meeting Location*

Meeting location—

The Board shall hold its regularly scheduled meetings at the location specified in its annual notice of meetings, and shall hold other meetings at the location specified in the public notice of such meetings.

[Utah Code § 52-4-202\(1\)\(b\), \(2\)\(b\) \(2016\)](#)

The Board shall hold its meetings within the geographic boundaries of the school district. However, a Board meeting may be held outside of the district in certain circumstances of disaster or local emergency or for certain site visits.

The Board may hold a meeting outside of the district if that is necessary to hold a meeting during a local emergency or disaster. A “local emergency” means a condition in any municipality or county of the state that requires that emergency assistance be provided by the affected municipality or county or another political subdivision to save lives and protect property within its jurisdiction in response to a disaster or to avoid or reduce the threat of a disaster. A “disaster” is an event that

1. causes, or threatens to cause, loss of life, human suffering, property damage, or economic or social disruption resulting from attack, internal disturbance, natural phenomenon, or technological hazard and
2. requires resources beyond the scope of local agencies in routine responses to emergencies and accidents and may be of a magnitude or involve unusual circumstances that require response by a governmental, not-for-profit, or private entity.

The Board may hold a meeting outside of the district for a site visit if no vote or other action is taken and the location of the site visit provides the Board the opportunity to see or experience an activity that relates to the Board’s responsibilities and does not exist within the geographic boundaries of the district.

Location of workshops or executive sessions—

Where the Board holds a workshop or executive session on the same day as a regularly scheduled Board meeting, the workshop or executive session must be held at the same location as the regularly scheduled meeting, unless:

1. The regularly scheduled meeting is not being held where those meetings are usually held, and the workshop or executive session is held in the usual meeting location; or
2. Any of the meetings being held on the same day is a site visit or traveling tour for which appropriate public notice has been given; or

3. The workshop or executive session is an electronic meeting and the requirements for holding such a meeting have been satisfied; or
4. Because of emergency or extraordinary circumstances, it is not practicable to hold the workshop or executive session at the regular location where Board meetings are held.

[Utah Code § 52-4-201\(2\) \(2006\)](#)

Board Meetings: *No Electronic Meetings*

Electronic meetings prohibited—

An electronic meeting is a meeting of the Board conducted or convened by means of a telephonic, telecommunication, or computer conference. The Board finds that the potential benefits of holding electronic meetings or of permitting individual members to participate in Board meetings by electronic means are outweighed by the costs, additional procedural and notice requirements of holding such meetings. The Board therefore hereby determines that none of its meetings shall be held by electronic means, and individual members are not permitted to participate in Board meetings by electronic meetings.

[Utah Code § 52-4-207 \(2011\)](#)

Board Meetings: *Electronic Meetings*

Electronic meetings authorized—

The Board authorizes its meetings to be held through electronic means as set forth in this policy. Such electronic means may include communications by telephone, telecommunications, computer, or similar methods of remote communication. Unless specifically stated by this policy, the other policies governing Board meetings (relating to notice, meetings being open to the public, and other matters) also apply to Board meetings held through electronic means.

Definitions—

The following terms are used in this policy:

- 1) Primary location: A designated physical location from which the electronic meeting originates or to which participants are connected.
- 2) Electronic notice: electronic mail (email) or fax.

Member request required for an electronic meeting—

A Board meeting may be held as an electronic meeting only upon request of a member of the Board. This request must be made at least 3 days prior to the time that the Board meeting is scheduled, so that the necessary arrangements can be made for the electronic meeting.

[Utah Code § 52-4-207 \(2011\)](#)

Notice to board members of an electronic meeting—

After an electronic meeting has been scheduled, and at least 24 hours before the meeting, the members of the Board shall be notified of the electronic meeting and informed how members of the Board will be connected to the meeting.

Primary location at regular meeting location—

The primary location for the electronic meeting shall be in the building where the Board meeting would have been held if it were not held electronically.

Electronic meeting not available for site visit or traveling tour—

When the scheduled meeting is a site visit or traveling tour, the meeting may not be conducted or convened electronically.

Public notice of an electronic meeting—

In addition to providing and posting the notices required for other Board meetings, the Board shall provide at least 24 hours' advance written or electronic notice of the electronic meeting to

1. A newspaper of general circulation within the state; and

2. A local media correspondent.

The Board shall also post written notice of the electronic meeting at the primary location at least 24 hours prior to the electronic meeting. The notices of the electronic meeting shall specify the primary location of the meeting.

Public access to electronic meetings—

Space and facilities shall be provided at the primary location of an electronic meeting of the Board to permit members of the public to attend and monitor the electronic meeting (except those portions of such a meeting which have been properly closed to the public by the Board). If the Board meeting is one at which comments from the public will be accepted, then the space and facilities shall also permit members of the public to participate in the electronic meeting. In this section,

- 1) "Monitor" means to hear and/or see, live, all statements made by each Board member in the meeting (by speaker, computer screen, or other medium).
- 2) "Participate" means to be able to communicate with all Board members in the meeting, such that each Board member can hear or see the communication.

Members of the public are not entitled to monitor or attend electronic meetings except through the space and facilities provided at the primary location. (Members of the public cannot request an electronic meeting and do not have the right to be remotely connected to a Board meeting except as set forth in this section.)

[Utah Code § 52-4-207 \(2011\)](#)

Community Involvement in Education

Community Resources—

The Board recognizes that the public has substantial resources of training and experience that could be useful to schools. The strength of the local District is in large measure determined by the manner and degree to which these resources are utilized in an advisory capacity and to the degree that these resources are involved in supporting the improvement of the local educational program.

The advice of the public will be given careful consideration. In the evaluation of such contributions, the first concern will be for the educational program as it affects the students. The final decision may depart from this advice when in the judgment of the staff and the Board such advice is not consistent with goals adopted by the Board, consistent with current educational practice, or within the reach of the financial resources available.

School Closures and Boundary Changes

Notice of Possible Closure or Boundary Change—

At least 120 days before approving the closure of a school or a change to school attendance area boundaries, the Board shall provide notice that it is considering closure or a boundary change to parents of students enrolled in the school, to parents of students enrolled in other schools in the District which may be affected by the closure or boundary change, and to the governing council and mayor of the municipality where the school is located. The notices to parents shall be provided using the same form of communication that the Board regularly uses to communicate with parents.

[Utah Code § 53G-4-402\(21\)\(a\)\(i\) \(2020\)](#)

Hearings on Closure or Boundary Change—

Before taking action to close a school or change a school attendance area boundary, the Board shall hold at least two Board meetings which include public hearings to receive comment on the proposed closure or boundary change.

[Utah Code § 10-9a-103\(50\) \(2019\)](#)

Notice of Hearings on Closure or Boundary Change—

In addition to meeting the other requirements for notice of a public meeting as set out in Policy BEA, and in addition to the 120-day notice described above, the Board shall give notice of each public hearing on a proposed school closure or boundary change. The notice shall indicate the school or schools under consideration for closure or boundary change and state the date, time, and location of the public hearing. This notice shall be provided at least 30 days before the date of the hearing to the parents and public officials who were required to receive the 120-day notice described above. At least 10 days before the hearing, this notice shall also be published in a newspaper of general circulation in the area, posted on the Utah Public Notice Website, posted in at least three public locations within the municipality in which the school is located, posted on the District's official website, and posted prominently at the school or schools affected.

However, an interim appointment shall be limited if it takes place during the time period between an election day where any new board member is elected and the date when the new board member or members takes office. (If all Board members who stood for election are re-elected, this limitation does not apply.) Under this limitation, the Board may only make an interim appointment, and that appointment shall expire as soon as the new board member takes office and a new superintendent is appointed by the newly constituted board.

[Utah Code § 53G-4-301\(4\), \(7\) \(2018\)](#)

The Superintendent may be terminated during the term of his or her appointment upon a vote of two-thirds of the Board.

No adverse actions based on unlawful grounds—

Notice is not required to be given if there are no other proceedings other than a District administrative proceeding and the District's proceeding determines that the allegations constituting the violation are unsupported. (A criminal charge would be an example of another proceeding.)

Charter Schools: Charter School Sponsorships

Sponsorship of Charter Schools—

The Utah Legislature has authorized school districts to contract with individuals and entities to sponsor charter schools within the district's boundaries, whether the charter school is converted from an existing district school or is a new school. This policy establishes the Board's procedures for approval and amendment of charter agreements, expansion of charter schools, and establishment of replication or satellite charter schools. The application approval process must be submitted to and approved by the State Board of Education before new charter schools may be approved for or after the 2021-2022 school year. It also establishes procedures for oversight of charter schools authorized by the Board. The remediation policy established herein shall be submitted to the State Board of Education by January 1, 2020.

 - a. The school has disposed of its assets in violation of statutes or regulations or there is a demonstrated risk that this will occur, or

The receiver will have the duties and powers as directed by the court. If requested by the Board and directed by the court, the receiver will carry out charter school closure procedures as described in statute and State Board of Education rules and as directed by the Board.

[Utah Code § 53G-5-501\(6\)\(a\) to \(c\) \(2020\)](#)

If the above-stated circumstances exist but the Board does not request appointment of a receiver or the court does not appoint a receiver, then the Board:

The procedures for remedying deficiencies and for terminating a charter school's charter agreement are modified where the school has outstanding bonds issued under the Charter School Credit Enhancement Program, as follows.

The notice of deficiencies shall also be given to the Utah Charter School Finance Authority. The Board must also give notice to that agency before it may take one of the actions other than termination. Where the Board seeks to terminate the school's charter agreement, the notice of proposed termination and grounds for termination is also provided to the Utah Charter School Finance Authority. The hearing on termination is held at least 120 days after the notice is given to the Authority and the charter school governing board (rather than 30 days). Before the hearing is held, the Authority will meet with the Board to determine whether the deficiency may be remedied in lieu of termination of the charter agreement. If after the hearing the Board votes to terminate the charter agreement, termination nevertheless may not be effected without the agreement of the Authority. Similarly, where immediate termination of a charter agreement might be appropriate, such termination cannot be effected without the agreement of the Authority.

A “procurement item” includes an item of personal property, a technology, a service, or a construction project. Procurement: ***General Procurement Policies***

Standard Procurement Processes—

Except as described below regarding exceptions, procurements by the District must be conducted using a “standard procurement process.” The standard procurement processes are (1) bidding, as described in Policies CBB and CBC; (2) requests for proposals, as described in Policy CBD; (3) the approved vendor list, as described in Policy CBDB, (4) small purchases, as described in Policy CBE, and (5) the design professional process, as described in Policy CCF.

[Utah Code § 63G-6a-103\(87\) \(2020\)](#)

Supplemental Procurement Procedures—

A supplemental procurement procedure can be used to assist with a standard procurement process. The supplemental procurement processes are (1) request for information, as described below, and (2) request for statement of qualifications, as described in Policy CBDA.

[Utah Code § 63G-6a-401 \(2016\)](#)

Best and Final Offers Only Permitted with Requests for Proposals—

The best and final offer process may only be used with a request for proposals process. It may not be used with any other procurement process.

[Utah Code § 63G-6a-707.5\(1\) \(2020\)](#)

Exceptions to Standard Procurement Processes—

The only other permissible procurement methods apart from the standard procurement processes are procurements under the following procedures as described in Policy CBF: Sole Source Procurement, Transitional Costs/Best Interest Procurement, Specified Circumstances Procurement, Extension of Contract, Trial Use Contract, Emergency Procurement, Prison Industry Goods Procurement, and Community Rehabilitation Program Procurement.

Request for Information—

A “request for information” is a nonbinding process where the District requests information relating to a procurement item. The purpose of a request for

information is to obtain information, comments, or suggestions before issuing a solicitation.

[Utah Code § 63G-6a-103\(69\) \(2020\)](#)

[Utah Code § 63G-6a-409\(1\) \(2020\)](#)

A request for information may seek a wide range of information, including for example information on availability of a procurement item, delivery schedules, industry standards and practices, product specifications, training, new technologies, capabilities of potential providers of a procurement item, and alternate solutions.

A request for information is not a procurement process and may not be used to negotiate fees, make a purchase, enter into a contract, or determine whether a procurement may be made under an exception to the standard procurement processes. Similarly, a response to a request for information is not an offer and may not be accepted to form a binding contract. Information submitted to the District by others or by the District to others in connection with a request for information is considered “protected” information under the Utah Government Records Access and Management Act and Policy GA. The request should inform potential responders that to establish such protection for trade secrets, commercial information, or non-individual financial information the submitting entity must provide with the information a written claim of business confidentiality and a concise statement of reasons supporting the claim.

Specifications—

Solicitations for procurements issued by the District shall include specifications. Specifications shall be drafted with the objective of clearly describing the District’s requirements and encouraging competition and shall emphasize the functional or performance criteria necessary to meet the District’s needs.

Persons with a conflict of interest, or who anticipate responding to the proposal for which the specifications are written, may not participate in writing specifications. The District may retain the services of a person to assist in writing specifications, scopes of work, requirements, qualifications, or other components of a solicitation. However, a person assisting in writing specifications shall not, at any time during the procurement process, be employed in any capacity by, nor have an ownership interest in, an individual, public or private corporation, governmental entity, partnership, or unincorporated association bidding on or submitting a proposal in response to the solicitation. (This restriction does not apply to design-build construction projects or to a procurement that the Procurement Officer or Board of Education or its designee determines in writing that the restriction should not apply.) Violations may result in the bidder or offeror being declared ineligible for award of the contract, the solicitation being canceled, termination of an awarded contract, or any other action determined to be appropriate by the Board of Education or its designee.

Brand name or equal specifications may be used when an “or equivalent” reference is included in the specification and as many other brand names as practicable are also included in the specification. Brand name or equal specifications shall include a description of the particular design and functional or performance characteristics which are required. Specifications unique to the brands shall be described in sufficient detail that another person can respond with an equivalent brand. If only one brand can meet the requirement, the District shall solicit from as many providers of the brand as practicable. If there is only one provider that can meet the requirement, the District shall conduct the procurement as a sole source procurement in accordance with Policy CBF.

When a manufacturer’s specification is used in a solicitation, the solicitation shall state the minimum acceptable requirements of an equivalent. When practicable, the District shall name at least three manufacturer’s specifications.

[Utah Code § 63G-6a-111 \(2016\)](#)

[Utah Admin. Rules R33-4-103 \(June 21, 2017\)](#)

Procurement Notice Requirements—

The District shall publish notice of a solicitation in one or more of the following ways:

- in a newspaper of general circulation in the state;
- in a newspaper of general circulation within the District;
- on the District’s main web site; or
- on a state web site that is owned, managed by, or provided under contract with, the Utah Division of Purchasing and General Services for posting a public procurement notice.

The notice shall be published at least seven days before the day of the deadline for submitting a solicitation response. This notice period may be reduced if the Procurement Official signs a written statement that a shorter time is needed and that it has been determined that competition from multiple sources may be obtained within that shorter time period.

It is the responsibility of a person seeking information provided by a published notice of solicitation to seek out, find, and respond to the notice. As a courtesy and to promote competition, the District may—but is not required to—provide individual notice.

[Utah Code § 63G-6a-112 \(2020\)](#)

Price Based on Established Terms—

In establishing the price of a procurement item, the District may use a price list, rate schedule, or catalog submitted by a vendor and accepted by the District or mandated by the District or a federal agency. The District may also establish the price based on a federal regulation for a health and human services program.

[Utah Code § 63G-6a-113 \(2016\)](#)

Cancellation of Solicitation—

As provided for by statute, the District may cancel a solicitation if the Procurement Official determines that doing so is in the best interests of the District. When a solicitation is canceled in this way, the Procurement Official shall explain in writing the reasons for the cancellation and the District shall make that explanation available to the public for one year after the cancellation.

[Utah Code § 63G-6a-119 \(2020\)](#)

Cancellation and Rejection of Bids and Proposals—

As provided in the regulations issued by the Procurement Policy Board, when it is in the best interests of the District to do so, the District may, prior to the deadline for response to a solicitation, cancel an invitation for bids, a request for proposals, or other solicitation or reject any or all bids or proposal responses, in whole or in part, as may be specified in the solicitation. When the District takes such an action, the reasons for the cancellation or rejection shall be made a part of the contract file and shall be available for public inspection. Following cancellation, the District shall either resolicit responses to a solicitation (using the same or revised specifications) or withdraw the requisition for the procurement items.

[Utah Code § 63G-6a-902 \(2020\)](#)

[Utah Admin. Rules R33-9-101 \(June 21, 2017\)](#)

Rejecting a Solicitation Response—

The District may reject a solicitation response if it is not responsive, violates a solicitation requirement, or is submitted after the deadline. The District may reject a solicitation response if the submitting vendor is not responsible, is in violation of the procurement code or regulations, has engaged in unethical conduct, is subject to an outstanding tax lien, or if after submission there is a change in the vendor's circumstances which if known at the time of submission would have caused the District to reject the response. The District may also reject a response if the vendor fails to sign a contract awarded as a result of the response by the deadline established in the solicitation or within 90 days after award, if no deadline is specified. If the District rejects a solicitation response, it shall provide a written statement of the reasons to the vendor.

[Utah Code § 63G-6a-120 \(2020\)](#)

Procurement Official Authority Regarding Procurement and Contracts—

The Procurement Official has authority to (1) manage and supervise any procurement to ensure, to the extent practicable, that taxpayers receive the best value; (2) prepare and issue standard specifications for procurement items; and (3) review contracts, coordinate contract compliance, conduct contract audits, and approve change orders. The Procurement Official may delegate the Official's duties and authorities to an employee of the District as the Official determines is appropriate.

At any stage of the procurement process, upon determining that a District procurement is out of compliance with the Utah Procurement Code or governing regulations, the Procurement Official may correct, amend, or cancel the procurement.

If, at any time during the term of a contract awarded by the District, the Procurement Official determines that the contract is out of compliance with the Utah Procurement Code or governing regulations, the Procurement Official may correct or amend the contract to bring it into compliance or cancel the contract, after consulting with legal counsel, if the Procurement Official determines that correcting, amending, or canceling the contract is in the District's best interest.

[Utah Code § 63G-6a-106\(3\) \(2020\)](#)

Correction of Immaterial Errors—

A “solicitation” is an invitation for bids, request for proposals, or request for statement of qualifications.

A “vendor” is a person who seeks to enter into a contract with the District to provide a procurement item and includes a bidder, an offeror, an approved vendor; and a design professional.

An “immaterial error” is an irregularity or abnormality that is either a matter of form that does not affect substance or an inconsequential variation from a requirement of a solicitation that has no, little, or a trivial effect on the procurement process and that is not prejudicial to other vendors. Immaterial errors include (1) a missing signature, missing acknowledgment of an addendum, or missing copy of a professional license, bond, or insurance certificate; (2) a typographical error; (3) an error resulting from an inaccuracy or omission in the solicitation; and (4) any other error that the Procurement Official reasonably considers to be immaterial.

[Utah Code § 63G-6a-103\(37\), \(82\), \(94\) \(2020\)](#)

The District may allow a vendor to correct an immaterial error in a responsive solicitation response. If correction is allowed, the District shall require it to be made in writing and shall establish a deadline for making the correction (corrections may not be accepted after the established deadline).

[Utah Code § 63G-6a-114 \(2020\)](#)

[Utah Code § 63G-6a-410\(7\) \(2020\)](#)

Request for Clarification or Additional Information—

In this section, “solicitation,” “vendor,” and “immaterial error” have the same meaning as in “Correction of Immaterial Errors,” above.

The District may, at any time, make a written request to a vendor to clarify information contained in a responsive solicitation response or to provide additional information that the District determines it needs to determine whether the vendor is responsible. If the District requests clarification or additional information, it shall

establish and enforce a deadline for submitting the information (the District may not accept information submitted after the established deadline).

[Utah Code § 63G-6a-115 \(2016\)](#)

Vendor Qualification—

Determination of non-responsibility

“Responsible” means being capable in all respects of meeting all the requirements of a solicitation and fully performing all the requirements of the resulting contract, including being financially solvent with sufficient financial resources to perform the contract.

[Utah Code § 63G-6a-103\(74\) \(2020\)](#)

If the District determines that a person is not responsible, that determination shall be made in writing in accordance with rules issued by the Procurement Policy Board. It may be grounds for a finding of non-responsibility if a person unreasonably fails to promptly supply information in connection with an inquiry with respect to responsibility. Subject to the Utah Government Records Access and Management Act and Policy GA, information furnished by a person in connection with a responsibility inquiry may not be disclosed outside of the District without prior written consent by the person.

[Utah Code § 63G-6a-903 \(2020\)](#)

The District shall reject bids or offers submitted by bidders or offerors who are determined to be non-responsible.

[Utah Admin. Rules R33-9-204\(1\) \(June 21, 2017\)](#)

Debarment

The Procurement Official may, according to Policy CDA, either debar a person for cause from consideration for award of contracts for up to three years or suspend a person from consideration for award of contracts if there is cause to believe that the person has engaged in any activity that might lead to debarment.

A suspension may not be for more than three months unless an indictment has been issued for an offense which would cause debarment, in which case the suspension shall, if requested by the District’s attorney, remain in effect until after the trial of the suspended person.

Causes for debarment include:

- conviction of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract or in the performance of a public or private contract or subcontract;
- conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which

currently, seriously, and directly affects responsibility as a contractor for the District;

- conviction under state or federal antitrust statutes;
- failure without good cause to perform in accordance with the terms of the contract;
- a violation of the Procurement Code or the District's procurement policies; or
- any other cause that the Procurement Official determines to be so serious and compelling as to affect responsibility as a contractor for the District, including debarment by another governmental entity.

The District may consider any cause for debarment as a basis for determining that a person responding to a solicitation is not responsible independent of any effort or proceeding to debar or suspend the person and even if the District does not choose to seek debarment or suspension.

[Utah Code § 63G-6a-904\(1\)\(a\), \(2\), \(3\), \(5\) \(2020\)](#)

Bids, offers, or other submissions received from any person that is suspended, debarred, or otherwise ineligible as of the due date for receipt of bids, proposals, or other submissions shall be rejected by the District.

[Utah Admin. Rules R33-9-301 \(June 21, 2017\)](#)

Ineligible bidder or offeror

A person with an outstanding tax lien in the state may not submit a quote, bid, or offer to the District, nor may such a person contract to provide a procurement item to the District. However, if the district Procurement Officer determines that it is in the best interests of the District to do so, the District may grant an exception to this prohibition for a specified and particular quote, bid, offer, or contract. The District may reject a quote, bid, or offer submitted in violation of this prohibition.

[Utah Code § 63G-6a-905 \(2013\)](#)

Preferences—

Preference for providers of Utah products

The District shall, for all procurements, give a reciprocal preference to those bidders offering procurement items that are produced, manufactured, mined, grown, or performed in Utah ("Utah items") over those bidders offering procurement items that are produced, manufactured, mined, grown, or performed in any state that gives or requires a preference to procurement items that are produced, manufactured, mined, grown, or performed in that state ("out of state preferred items"). The amount of reciprocal preference shall be equal to the amount of the preference applied by the other state for that particular procurement item. In order to receive a reciprocal preference under this section, the bidder must certify on the bid that the procurement

items offered are Utah items. Without that certification on the bid, the reciprocal preference is waived.

If the responsible bidder submitting the lowest responsive bid offers out of state preferred items, and if another responsible bidder has submitted a responsive bid offering Utah items, and with the benefit of the reciprocal preference, the bid of the other bidder is equal to or less than the original lowest bid, the District shall (1) notify the Utah items bidder that the bidder qualifies as a preferred bidder; and (2) make the purchase from the preferred bidder if the bidder agrees, in writing, to meet the low bid within 72 hours after the notice. The District shall include the exact price submitted by the lowest bidder in its notice to the preferred bidder. The District may not enter into a contract with any other bidder for the purchase until 72 hours have elapsed after notice to the preferred bidder. If there is more than one preferred bidder, the District shall award the contract to the willing preferred bidder who was the lowest preferred bidder originally. If there were two or more equally low preferred bidders, the District shall comply with the rules of the Procurement Policy Board to determine which bidder should be awarded the contract.

This section does not apply if application of the section might jeopardize the receipt of federal funds.

[Utah Code § 63G-6a-1002 \(2020\)](#)

If there are more than one equally low preferred low bids, then those preferred bids shall be treated as tie bids and resolved according to the procedure in Policy CBB.

[Utah Admin. Rules R33-10-101\(2\) \(July 8, 2014\)](#)

Preference for Utah contractors

A “resident contractor” is a person, partnership, corporation, or other business entity that either has its principal place of business in Utah or that employs workers who are residents of this state when available; and also was transacting business on the date when bids for the public contract were first solicited.

When awarding contracts for construction, the District shall grant a resident contractor a reciprocal preference over a nonresident contractor from any state that gives or requires a preference to contractors from that state. The amount of the reciprocal preference shall be equal to the amount of the preference applied by the nonresident contractor’s state. To receive the reciprocal preference under this section, the bidder shall certify on the bid that the bidder qualifies as a resident contractor. Without that certification on the bid, the reciprocal preference is waived.

If the responsible contractor submitting the lowest responsive bid is a nonresident contractor and has a principal place of business in a state giving or requiring a preference to contractors from that state, and if a responsible resident contractor has also submitted a responsive bid, and, with the benefit of the reciprocal preference, the resident contractor’s bid is equal to or less than the original lowest bid, the District shall notify the resident contractor that the resident

contractor qualifies as a preferred resident contractor and issue the contract to the resident contractor if that contractor agrees, in writing, to meet the low bid within 72 hours after notice of preferred resident contractor status. The District notice shall include the exact price submitted by the lowest bidder. The District may not enter into a contract with any other bidder for the construction until 72 hours have elapsed after notice to the preferred resident contractor. If there is more than one preferred resident contractor, the District shall award the contract to the willing preferred resident contractor who was the lowest preferred resident contractor originally. If there were two or more equally low preferred resident contractors, the District shall comply with the rules of the Procurement Policy Board to determine which bidder should be awarded the contract.

This section does not apply if application of the section might jeopardize the receipt of federal funds.

[Utah Code § 63G-6a-1003 \(2020\)](#)

If there are more than one equally low preferred resident contractor, then those preferred resident contractors shall be treated as submitting tie bids and that tie resolved according to the procedure in Policy CBB.

[Utah Admin. Rules R33-10-102\(2\) \(July 8, 2014\)](#)

Federal requirements exception to preferences

Neither the Utah products preference nor the Utah resident contractor preference apply to the extent that they conflict with federal requirements relating to a procurement that involves the expenditure of federal assistance, federal contract funds, or federal financial participation funds.

[Utah Code § 63G-6a-1004 \(2012\)](#)

Security—

Bid, payment and performance bonds or other security may be required for procurement items as set forth in the invitation for bids. Bid, payment and performance bond amounts shall be as prescribed by applicable law or must be based upon the estimated level of risk associated with the procurement item but may not be increased above the estimated level of risk with the intent to reduce the number of qualified bidders.

[Utah Admin. Rules R33-6-102\(4\) \(June 21, 2017\)](#)

Bid security

Invitations for Bids and Requests for Proposals for construction contracts estimated to exceed \$50,000 shall require the submission of bid bond in an amount equal to at least 5% of the bid, at the time the bid is submitted. (The Procurement Officer or Board of Education or its designee may require acceptable security in amounts lower than this.)

Invitations for Bids and Requests for Proposals for other procurements may require the submission of a bid security, including specifications for the form and

type of bid security, when the Procurement Officer or Board of Education or its designee determines it is in the best interest of the District.

If a person fails to include the required bid security, the bid shall be deemed nonresponsive and ineligible for consideration of award except in the case that the security is provided on a bid on a re-solicitation, where there is only one bidder, or where the Procurement Officer or Board of Education or its designee determines the failure is non-substantial. If acceptable bid security is not furnished, the bid shall be rejected as nonresponsive, unless the failure to comply is determined by the Procurement Officer or Board of Education or its designee to be non-substantial. Failure to submit an acceptable bid security may be deemed non-substantial if:

1. the bid security is submitted on a form other than the required bid bond form and the bid security meets all other requirements including being issued by a surety meeting the applicable requirements and the contractor provides acceptable bid security by the close of business of the next succeeding business day after the District notifies the contractor of the defective bid security; or
2. only one bid is received, and there is not sufficient time to re-solicit; or
3. the amount of the bid security submitted, though less than the amount required by the invitation for bids, is equal to or greater than the difference in the price stated in the next higher acceptable bid; or
4. the bid security becomes inadequate as a result of the correction by the District of a mistake in the bid or bid modification, if the bidder increases the amount of guarantee to required limits within 48 hours after the bid opening.

If the successful bidder fails or refuses to enter into the contract or furnish the additional bonds required, then the bidder's bid security may be forfeited.

Performance bonds for construction contracts

A performance bond is required for all construction contracts in excess of \$50,000, in the amount of 100% of the contract price. The performance bond shall be delivered by the contractor to the District within fourteen days of the contractor receiving notice of the award of the construction contract. If a contractor fails to deliver the required performance bond, the contractor's bid/offer shall be rejected, its bid security may be enforced, and award of the contract may be made to the next lowest responsive and responsible bidder or highest ranked offeror.

[Utah Admin. Rules R33-11-301 \(June 21, 2017\)](#)

Performance bonds for other contracts

When the Procurement Officer or Board of Education or its designee determines that a surety or performance bond is necessary to guarantee the satisfactory completion of a contract, such bond may be required if

1. The solicitation contains a statement that a surety or performance bond is required in an amount:
 - a. equal to the amount of the bid or offer;
 - b. equal to the projected budget or estimated project cost (if published in the solicitation documents);
 - c. equal to the previous contract cost (if published in the solicitation documents)
 - d. which is less than the above amounts; and
2. The solicitation contains a detailed description of the work to be performed for which the surety or performance bond is required.

Surety or performance bonds should not be used to unreasonably eliminate competition or be of such unreasonable value as to eliminate competition.

[Utah Admin. Rules R33-11-302 \(June 21, 2017\)](#)

Payment bonds

A payment bond is required for all construction contracts in excess of \$50,000, in the amount of 100% of the contract price. If a contractor fails to deliver the required payment bond, the contractor's bid or offer shall be rejected, its bid security may be enforced, and award of the contract shall be made to the next lowest responsive and responsible bidder or highest ranked offeror.

The Procurement Officer or Board of Education or its designee may waive any bonding requirement if it determines in writing that:

1. bonds cannot reasonably be obtained for the work involved;
2. the cost of the bond exceeds the risk to the District; or
3. bonds are not necessary to protect the District's interests.

If the District fails to obtain a payment bond it may become liable for unpaid amounts as provided by Utah Code § 14-1-19.

Procurement: *Awarding Contracts by Bidding*

The Bidding Procurement Process—

The District may award a contract for a procurement by the bidding process, in accordance with this policy, the rules of the Procurement Policy Board, and the Utah Procurement Code.

[Utah Code § 63G-6a-602 \(2020\)](#)

[Utah Admin. Rules R33-6-101 \(June 21, 2017\)](#)

The Bidding Process—

Invitation for bids

Procurement by bidding begins when the District issues an invitation for bids. The invitation for bids shall include: (1) a description of the procurement item the District seeks; (2) instructions for submitting a bid, including the submission deadline; (3) the objective criteria the District will use to evaluate bids; (4) information about the time and manner of opening bids; and (5) terms and conditions that the District intends to include in a contract resulting from the bidding process. The invitation for bids includes all documents, including documents that are attached or incorporated by reference, used for soliciting bids to provide a procurement item to the District. The invitation for bids shall contain a “Bid Form” or other forms providing lines for the bid price, acknowledgment of receipt of any addenda, identification of other applicable submissions, and the bidder’s signature. Bidders may also be required to submit descriptive literature and/or product samples so that the District may evaluate whether a procurement item meets the specifications and other requirements set out in the invitation for bids. The invitation for bids shall be published according to the notice requirements in Policy CBA.

[Utah Code § 63G-6a-603 \(2020\)](#)

[Utah Admin. Rules R33-6-102\(1\), \(2\) \(June 21, 2017\)](#)

Required product samples must be furnished free of charge unless otherwise specified in the invitation for bids. Samples must be labeled or otherwise identified as specified in the invitation for bids. If not destroyed by testing, samples will be returned upon written request, at the bidder’s expense, within such deadline as may be specified in the invitation for bids.

[Utah Admin. Rules R33-6-102\(2\)\(a\) \(June 21, 2017\)](#)

A “specification” means any description of the physical or functional characteristics, or nature of a procurement item included in an invitation for bids or otherwise specified or agreed to by the District, including a description of a requirement for inspecting or testing a procurement item or preparing a procurement item for delivery. All specifications shall seek to promote the overall economy and

best use for the purposes intended and encourage competition in satisfying the needs of the District and may not be unduly restrictive. This applies to all specifications used by the District, including those prepared by architects, engineers, designers, and draftsmen. (See “Specifications” in Policy CBA.)

[Utah Code § 63G-6a-111 \(2016\)](#)

Addenda to invitations

Prior to the submission of bids, the District may issue addenda which may modify any aspect of the invitation for bids. Addenda shall be distributed within a reasonable time to allow prospective bidders to consider the addenda in preparing bids.

After the due date and time for submitting bids, at the discretion of the Procurement Official, addenda to the invitation for bids may be limited to bidders that have submitted bids, provided the addenda does not make a substantial change to the invitation that, in the opinion of the Procurement Official, likely would have impacted the number of bidders responding to the invitation.

[Utah Admin. Rules R33-6-104 \(June 21, 2017\)](#)

Pre-bid conferences and site visits

Pre-bid conferences and site visits may be held to explain the procurement requirements as follows:

1. Except as authorized in writing by the Procurement Official, pre-bid conferences and site visits must require mandatory attendance by all bidders.
2. A pre-bid conference may be attended in person, by teleconference, by webinar, or by other electronic media approved by the Procurement Official.
3. Site visits must be attended in person.
4. All pre-bid conferences and site visits must be attended by an authorized representative of the person or vendor submitting a bid and as may be further specified in the procurement documents.
5. The solicitation must state that failure to have at least one authorized representative in attendance for the entire duration of each pre-bid conference or site visit shall result in the disqualification of that bidder.
6. If the Procurement Official in writing waives the mandatory attendance requirement for a pre-bid conference or site visit, the District may use audio or video recordings of pre-bid conferences and site visits and may require all bidders that do not have an authorized representative in attendance for the entire duration of the conference or site visit to review the recording.

If a pre-bid conference or site visit is held, the District shall maintain and publish as an addendum to the solicitation:

1. an attendance log including the name of each attendee, the entity the attendee is representing, and the attendee's contact information;
2. minutes of the pre-bid conference or site visit; and
3. copies of any documents distributed by the District to the attendees at the pre-bid conference or site visit.

Any verbal modifications to any solicitation documents made in a pre-bid conference or site visit shall be reduced to writing and shall also be published as an addendum to the solicitation.

[Utah Admin. Rules R33-6-103 \(June 21, 2017\)](#)

Cancellation of invitation for bids

As provided for by statute, the District may cancel an invitation for bids if the Procurement Official determines that doing so is in the best interests of the District. When an invitation for bids is canceled in this way, the Procurement Official shall explain in writing the reasons for the cancellation and the District shall make that explanation available to the public for one year after the cancellation.

[Utah Code § 63G-6a-119 \(2020\)](#)

As provided in the Procurement Policy Board regulations, an invitation for bids may be canceled by the District prior to the deadline for submission of bids when the District determines it is in its best interest. If the District cancels an invitation for bids, the reasons for the cancellation shall be made part of the procurement file and shall be available for public inspection. The District shall then either re-solicit bids (using the same or revised specifications) or withdraw the requisition for the procurement item or items.

[Utah Code § 63G-6a-902 \(2020\)](#)

[Utah Admin. Rules R33-9-101 \(June 21, 2017\)](#)

No bids submitted

If there is no initial response to an invitation for bids, the Procurement Official may:

1. contact the known supplier community to determine why there were no responses to the invitation;
2. research the potential vendor community; and,
3. modify the invitation for bids based upon the information gathered.

If the District has modified the invitation for bids and re-issued it and still receives no bids or there is insufficient competition, the Procurement Official shall require the District to further modify the procurement documents or cancel the requisition for the procurement item(s). (If the requirements set forth in Policy CBA for making an award based on a single response to a solicitation are met, the Board may make an award based on a single bid.)

[Utah Admin. Rules R33-9-102 \(June 21, 2017\)](#)

[Utah Admin. Rules R33-4-109 \(June 21, 2017\)](#)

Bid submission

Bids (and modifications to a bid) submitted after the established due date and time will not be accepted for any reason except when the District determines that an error on the part of the District or its employee resulted in the bid (or modification to a bid) not being received by the due date and time.

All bids or modifications to bids received by physical delivery will be date and time stamped by the District. When submitting a bid or modification to a bid by physical delivery (U.S. Mail, courier service, hand-delivery, or other physical means), bidders are solely responsible for meeting the deadline. Delays caused by a delivery service or other physical means will not be considered as an acceptable reason for a bid or modification to a bid being late.

When submitting a bid or modification electronically, bidders must allow sufficient time to complete the online forms and upload documents. The solicitation will end at the closing time posted in the electronic system. If a bidder is in the middle of uploading a bid when the closing time arrives, the system will stop the process and the bid or modification to the bid will not be accepted.

[Utah Admin. Rules R33-6-105 \(June 21, 2017\)](#)

Bid opening and acceptance

A “bidder” is a person who responds to an invitation for bids. A “responsible” bidder is one who is capable, in all respects, of meeting all the requirements of the invitation for bids and fully performing all the requirements of the resulting contract, including being financially solvent with sufficient financial resources to perform the contract. A “responsive” bid is one that conforms in all material respects to the invitation for bids.

[Utah Code § 63G-6a-103\(4\), \(74\), \(75\) \(2020\)](#)

The District shall accept bids as provided in the invitation for bids and may not open a bid until after the deadline for submitting bids. A person who submits a bid may not, after the submission deadline, make a change to the bid if the change is prejudicial to either the interest of the District or to fair competition. The District may not accept a bid after the submission deadline except when the District determines that an error on the part of the District or its employee resulted in the bid not being received by the due date and time.

[Utah Code § 63G-6a-604 \(2020\)](#)

[Utah Admin. Rules R33-6-105\(4\) \(June 21, 2017\)](#)

Correction or clarification of bids

The Board of Education or its designee may allow a vendor to correct an immaterial error in a bid, as provided in Policy CBA and may also request a vendor to clarify information contained in a bid or provide additional information relating to responsibility, as provided in Policy CBA.

Withdrawal of bid

A bidder may voluntarily withdraw a bid at any time before a contract is awarded with respect to the invitation for bids for which the bid was submitted provided the bidder is not engaged in any type of bid rigging, collusion or other anticompetitive practice made unlawful under other applicable law.

[Utah Admin. Rules R33-6-106 \(June 21, 2017\)](#)

Cancellation before award

When the District determines before award but after opening that the specifications, scope of work or other requirements contained in the invitation for bid documents were not met by any bidder or offeror the invitation for bids shall be cancelled.

In addition, the District may cancel an invitation for bids before award but after opening all bids or offers when the District determines in writing that an infraction of code, rule, or policy has occurred or that there is other good cause, including:

1. inadequate, erroneous, or ambiguous specifications or requirements were cited in the invitation for bids;
2. the bid specifications have been or must be revised;
3. the procurement item(s) being solicited are no longer required;
4. the invitation for bids did not provide for consideration of all factors of cost to the District, such as cost of transportation, warranties, service and maintenance;
5. the bids received indicate that the District's needs can be satisfied by a less expensive procurement item differing from that in the invitation for bids;
6. except as provided below regarding bids which exceed available funds, all otherwise acceptable bids or offers received are at unreasonable prices, or only one bid or offer is received and the Procurement Officer or Board of Education or its designee cannot determine the reasonableness of the bid price;
7. the responses to the invitation for bids were not independently arrived at in open competition, were collusive, or were submitted in bad faith; or,
8. no responsive bid has been received from a responsible bidder.

[Utah Admin. Rules R33-9-103 \(June 21, 2017\)](#)

If the District has an existing contract for a procurement item that the invitation for bids is to obtain and the bidding process is delayed due to an unintentional error, the District may permit the extension of the existing contract.

[Utah Code § 63G-6a-802.7\(1\)\(b\)\(i\) \(2020\)](#)

Evaluation of bids and awarding of contract

The District shall evaluate each bid using the objective criteria described in the invitation for bids. Criteria not described in the invitation for bids may not be used to evaluate a bid.

[Utah Code § 63G-6a-606 \(2020\)](#)

Any bid that fails to conform to the essential requirements of the invitation for bids shall be rejected. Any bid that does not conform to the applicable specifications shall be rejected unless the invitation for bids authorized the submission of alternate bids and the procurement item(s) offered as alternates meet the requirements specified in the solicitation. Any bid that fails to conform to the delivery schedule or permissible alternates stated in the invitation for bids shall be rejected.

A bid shall be rejected when the bidder imposes conditions or takes exceptions that would modify requirements or terms and conditions of the invitation for bids or limit the bidder's liability to the procurement, since to allow the bidder to impose such conditions or take exceptions would be prejudicial to other bidders. For example, bids shall be rejected in which the bidder:

1. for commodities, protects against future changes in conditions, such as increased costs, if total possible costs to the District cannot be determined;
2. fails to state a price and indicates that price shall be the price in effect at time of delivery or states a price but qualifies it as being subject to price in effect at time of delivery;
3. when not authorized by the invitation for bids, conditions or qualifies a bid by stipulating that it is to be considered only if, before date of award, the bidder receives (or does not receive) an award under a separate solicitation;
4. requires that the District is to determine that the bidder's product meets applicable specifications; or
5. limits rights of the District under any contract clause.

[Utah Admin. Rules R33-9-202 \(June 21, 2017\)](#)

Bid cost evaluation shall be based on the lowest bid for the entire term of the contract, excluding renewal periods. Unless an exception is authorized in writing by the Procurement Officer or Board of Education or its designee, cost may not be divided or evaluated on any other basis than the entire term of the contract, excluding renewal periods.

[Utah Admin. Rules R33-6-101\(3\)\(b\), \(c\) \(June 21, 2017\)](#)

All bids must be based upon a definite calculated price. "Indefinite quantity contract" means a fixed price contract for an indefinite amount of procurement items to be supplied as ordered by the District, and does not require a minimum purchase amount, or provide a maximum purchase limit. "Definite quantity contract" means a fixed price contract that provides for the supply of a specified amount of goods over a specified period, with deliveries scheduled according to a specified schedule. Bids may not be based on another bidder's price, including a percentage discount or

formula, other amount related to another bidder's price, or conditions related to another bid or acceptance of an entire bid or a portion of a bid.

[Utah Admin. Rules R33-6-102\(5\) \(June 21, 2017\)](#)

The originals of all bids rejected as nonresponsive or because the bidder was determined to be not responsible and all written findings with respect to such rejections shall be made part of the procurement file and made available for public inspection.

[Utah Admin. Rules R33-9-204\(3\) \(June 21, 2017\)](#)

Multiple or alternate bids will not be accepted, unless otherwise specifically required or allowed in the invitation for bids. If a bidder submits multiple or alternate bids that are not requested in the invitation for bids, the Procurement Official will only accept the bidder's primary bid and will not accept any other bids constituting multiple or alternate bids.

[Utah Admin. Rules R33-6-110 \(June 21, 2017\)](#)

After evaluating the bids, the District shall:

- award the contract as soon as practicable to the responsible bidder who submits the lowest responsive bid and publish the name and bid amount of the bidder to whom the contract is awarded or
- cancel the invitation for bids without awarding a contract and publish a notice of the cancellation that includes an explanation of the reasons for cancelling the invitation for bids.

[Utah Code § 63G-6a-606\(3\) \(2020\)](#)

If the District encounters administrative difficulties before award but after the deadline for submissions that may delay award beyond the bidders' acceptance periods, the bidders should be requested, before expiration of their bids or offers, to extend in writing the acceptance period (with consent of sureties, if any) in order to avoid the need for cancellation.

[Utah Admin. Rules R33-9-104 \(June 21, 2017\)](#)

The District may reject any or all bids, in whole or in part, as may be specified in the invitation for bids, when it is in the best interest of the District. In the event of a rejection of any or all bids, in whole or in part, the reasons for rejection shall be made part of the procurement file and shall be available for public inspection.

[Utah Admin. Rules R33-9-201 \(June 21, 2017\)](#)

Re-solicitation

Re-solicitation of a bid may occur only if the Procurement Officer or Board of Education or its designee determines that:

1. A material change in the scope of work or specifications has occurred;
2. procedures outlined in the Utah Procurement Code were not followed;

3. additional public notice is desired;
4. there was a lack of adequate competition; or
5. other reasons exist such that it is in the best interest of the District.

Re-solicitation may not be used to avoid awarding a contract to a qualified vendor in an attempt to steer the award of a contract to a favored vendor.

[Utah Admin. Rules R33-6-108 \(June 21, 2017\)](#)

Single bidder

If only one responsive bid is received from a responsible bidder in response to an invitation for bids, including multiple stage bidding, an award may be made to the single bidder if the requirements set forth in Policy CBA are satisfied. Otherwise, the bid may be rejected and:

1. a new invitation for bids solicited; or
2. the procurement canceled.

Request for Proposals—

The District may use the request for proposals procurement process in accordance with rules of the Utah Procurement Policy Board. Procurement of design professional services (including architect or engineer services) is governed by Policy CCF.

[Utah Code § 63G-6a-1911\(3\) \(2020\)](#)

Specifications—

The specifications for the request for proposals shall be developed according to the requirements and process set out in Policy CBA.

Request for Proposals Process—

The District begins procurement through the request for proposals process by issuing a request for proposals. The District shall publish a request for proposals in accordance with the notice requirements of Policy CBA.

[Utah Code § 63G-6a-703\(1\), \(3\) \(2020\)](#)

Content of request

A request for proposals shall include:

1. a description of the procurement item the District seeks;
2. instructions for submitting a proposal, including the deadline for submitting a proposal, a description of required format (and any required forms), and instructions for submitting price;
3. the objective criteria, including, if applicable, cost, and subjective criteria that the District will use to evaluate proposals;
4. information about the time and manner of opening proposals; and
5. terms and conditions that the District intends to include in a contract resulting from the request for proposals process.

[Utah Admin. Rules R33-7-102\(1\) \(July 26, 2018\)](#)

Addenda to requests for proposals

Addenda to a request for proposals may be made for the purpose of making changes to:

1. the scope of work;
2. the schedule;
3. the qualification requirements;
4. the criteria;
5. the weighting; or
6. other requirements of the request for proposals.

Addenda shall be published within a reasonable time prior to the deadline that proposals are due, to allow prospective offerors to consider the addenda in preparing proposals. Publication at least 5 calendar days prior to the deadline that proposals are due shall be deemed a reasonable time. Minor addenda and urgent circumstances may require a shorter period of time.

After the due date and time for submitting a response to a request for proposals, at the discretion of the Procurement Official, the District may issue an addendum to the request for proposals that has limited application only to offerors that have submitted proposals, if the addendum does not change the request for proposals in a way that, in the opinion of the Official, would likely have affected the number of proposals submitted in response to the request for proposals had the addendum been included in the original request for proposals.

[Utah Admin. Rules R33-7-301 \(July 26, 2018\)](#)

Evaluation criteria

Each proposal shall be evaluated using only the criteria described in the request for proposals.

[Utah Code § 63G-6a-707\(3\), \(4\) \(2020\)](#)

Minimum score thresholds must be set forth in the request for proposals and clearly describe the minimum score threshold that proposals must achieve in order to advance to the next stage in the process or to be awarded a contract. Such thresholds may be based on (a) minimum scores for each evaluation category, (b) the total of each minimum score in each evaluation category based on the total points available, or (c) a combination of (a) and (b). Thresholds may not be based on a natural break in scores that was not defined and set forth in the request for proposals or on a predetermined number of offerors.

[Utah Admin. Rules R33-7-501.5 \(July 26, 2018\)](#)

Exceptions to terms and conditions

Offerors requesting exceptions and/or additions to the standard terms and conditions published in the request for proposals must include the exceptions and/or additions with the proposal response. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered unless there is only one offeror that responds to the request for proposals, the exceptions and/or additions have been approved by the District's legal counsel, and it is determined by the Board of Education or its designee that it is not beneficial to the District to republish the request for proposals. Offerors may not submit requests for exceptions and/or additions by reference to a vendor's website or URL.

The District may refuse to negotiate exceptions and/or additions:

1. that are determined to be excessive;
2. that are inconsistent with similar contracts of the District;
3. to warranties, insurance, indemnification provisions that are necessary to protect the District after consultation with legal counsel;
4. where the request for proposals specifically prohibits exceptions and/or additions; or
5. that are not in the best interest of the District.

If negotiations are permitted, the District may negotiate exceptions and/or additions with offerors, beginning in order with the offeror submitting the fewest exceptions and/or additions to the offeror submitting the greatest number of exceptions and/or additions. Contracts may become effective as negotiations are completed.

If, in the negotiations of exceptions and/or additions with a particular offeror, an agreement is not reached, after a reasonable amount of time, as determined by the District, the negotiations may be terminated and a contract not awarded to that offeror and the District may move to the next eligible offeror.

[Utah Admin. Rules R33-7-104 \(July 26, 2018\)](#)

Submission of confidential information

The following are protected records and may be redacted by the vendor subject to the procedures described below in accordance with the Governmental Records Access and Management Act (GRAMA), Title 63G, Chapter 2 of the Utah Code: (a) trade secrets, as defined in [Utah Code § 13-24-2](#); (b) commercial information or non-individual financial information (subject to the provisions of [Utah Code § 63G-2-305\(2\)](#)); and (c) other protected records under GRAMA.

Any person requesting that a record be protected shall include with the proposal or submitted document:

1. a written indication of which provisions of the proposal or submitted document are claimed to be considered for business confidentiality or protected (including trade secrets or other reasons for non-disclosure under GRAMA); and
2. a concise statement of the reasons supporting each claimed provision of business confidentiality or protected status.

[Utah Admin. Rules R33-7-105 \(July 26, 2018\)](#)

A person who complies with the above requirements shall be notified by the District prior to the public release of any information for which a claim of confidentiality has been asserted.

Except as provided by court order, when the District or the State Records Committee has determined that disclosure is required for a record requested under GRAMA which is subject to a claim of business confidentiality, the District may not disclose that record until the period in which to bring an appeal expires or the end of the appeals process, including judicial appeal, is reached. This limitation does not apply where the claimant, after notice, has waived the claim by not appealing or intervening before the State Records Committee. To the extent allowed by law, the parties to a dispute regarding the release of a record may agree in writing to an alternative dispute resolution process.

Any allowed disclosure of public records submitted in the request for proposal process will be made only after the selection of the successful offeror(s) has been made public as required by law.

[Utah Admin. Rules R33-7-106 \(July 26, 2018\)](#)

Process for submission of protected information

If an offeror submits a proposal that contains information claimed to be business confidential or protected information, the offeror must submit two separate proposals:

1. One redacted version for public release, with all protected business confidential information either blacked-out or removed, clearly marked as "Redacted Version"; and

2. One non-redacted version for evaluation purposes clearly marked as "Protected Business Confidential."

An entire proposal may not be designated as "PROTECTED", "CONFIDENTIAL" or "PROPRIETARY" and shall be considered non-responsive unless the offeror removes the designation.

Pre-proposal conferences or site visits

Pre-proposal conferences and site visits may be held to explain the procurement requirements as follows:

1. Except as authorized in writing by the Procurement Official, pre-proposal conferences and site visits must require mandatory attendance by all offerors.
2. A pre-proposal conference may be attended in person, by teleconference, by webinar, or by other electronic media approved by the Procurement Official.
3. Site visits must be attended in person.
4. All pre-proposal conferences and site visits must be attended by an authorized representative of the person or vendor submitting a proposal and as may be further specified in the procurement documents.
5. The request for proposals must state that failure to have at least one authorized representative in attendance for the entire duration of each pre-proposal conference or site visit shall result in the disqualification of that offeror.
6. If the Procurement Official in writing waives the mandatory attendance requirement for a pre-proposal conference or site visit, the District may use audio or video recordings of pre-proposal conferences and site visits and may require all offerors that do not have an authorized representative in attendance for the entire duration of the conference or site visit to review the recording.

If a pre-proposal conference or site visit is held, the District shall maintain and publish as an addendum to the solicitation:

1. an attendance log including the name of each attendee, the entity the attendee is representing, and the attendee's contact information;
2. minutes of the pre-proposal conference or site visit; and
3. copies of any documents distributed by the District to the attendees at the pre-proposal conference or site visit.

Any verbal modifications to any solicitation documents made in a pre-proposal conference or site visit shall be reduced to writing and shall also be published as an addendum to the solicitation.

Cancellation of request for proposals

As provided for by statute, the District may cancel a request for proposals if the Procurement Official determines that doing so is in the best interests of the District. When a request for proposals is canceled in this way, the Procurement Official shall explain in writing the reasons for the cancellation and the District shall make that explanation available to the public for one year after the cancellation.

[Utah Code § 63G-6a-119 \(2020\)](#)

As provided in the Procurement Policy Board regulations, a request for proposals may be canceled by the District prior to the deadline for submission of proposals when the District determines it is in its best interest. If the District cancels a request for proposals, the reasons for the cancellation shall be made part of the procurement file and shall be available for public inspection. The District shall then either re-solicit proposals (using the same or revised specifications) or withdraw the requisition for the procurement item or items.

[Utah Admin. Rules R33-9-101 \(June 21, 2017\)](#)

No proposals submitted

If there is no initial response to a request for proposals, the Procurement Official may:

1. contact the known supplier community to determine why there were no responses to the request;
2. research the potential vendor community; and,
3. modify the invitation for bids based upon the information gathered.

If the District has modified the request for proposals and re-issued it and still receives no proposals or there is insufficient competition, the Procurement Official shall require the District to further modify the procurement documents or cancel the requisition for the procurement item(s).

[Utah Admin. Rules R33-9-102 \(June 21, 2017\)](#)

Proposal submission

Proposals (and modifications to proposals) submitted after the established due date and time will not be accepted for any reason except when the District determines that an error on the part of the District or its employee resulted in the proposal (or modification to a proposal) not being received by the due date and time.

All proposals or modifications to proposals received by physical delivery will be date and time stamped by the District. When submitting a proposal or

modification to a proposal by physical delivery (U.S. Mail, courier service, hand-delivery, or other physical means), offerors are solely responsible for meeting the deadline. Delays caused by a delivery service or other physical means will not be considered as an acceptable reason for a proposal or modification to a proposal being late.

When submitting a proposal or modification electronically, offerors must allow sufficient time to complete the online forms and upload documents. The solicitation will end at the closing time posted in the electronic system. If an offeror is in the middle of uploading a proposal when the closing time arrives, the system will stop the process and the proposal or modification to the proposal will not be accepted.

Proposal opening and acceptance

The District shall accept proposals as provided in the request for proposals and may not open a proposal until after the deadline for submitting proposals. A person who submits a proposal may not, after the submission deadline, make a change to the proposal if the change is prejudicial to either the interest of the District or to fair competition. The District shall not disclose the contents of a proposal except as provided by [Utah Code § 63G-2-305\(6\)](#). The District may not accept a proposal after the time for submission of a proposal has expired. An offeror may withdraw or modify a proposal prior to the due date for submission of proposals. The District shall accept a proposal after the due date for submission if the District determines that an error on the part of the District or its employee resulted in the proposal (or modification to a proposal) not being received by the due date and time.

Rejection of Non-responsible or Nonresponsive Proposals

At any time during the request for proposals process, the District may reject a proposal if it determines that the person submitting the proposal is not responsible or that the proposal is not responsive or does not meet mandatory minimum requirements stated in the request for proposals. If the District rejects a proposal in this way, it shall provide the vendor who submitted the proposal a written statement of the reasons for the rejection.

[Utah Code § 63G-6a-120 \(2020\)](#)

Cancellation before award

The District may cancel a request for proposals before award but after opening if it determines in writing that:

1. the scope of work or other requirements in the request for proposals were not met by any person and all responses have been determined to be either nonresponsive or from vendors who are not responsible;
2. an infraction of code, rule, or policy has occurred;

3. inadequate, erroneous, or ambiguous specifications or requirements were cited in the request for proposals;
4. the request specifications have been or must be revised;
5. the procurement item(s) being solicited are no longer required;
6. the request for proposals did not provide for consideration of all factors of cost to the District, such as cost of transportation, warranties, service and maintenance;
7. the proposals received indicate that the District's needs can be satisfied by a less expensive procurement item differing from that in the request for proposals;
8. except as provided below regarding proposals which exceed available funds, all otherwise acceptable proposals received are at unreasonable prices, or only one proposal is received and the Procurement Official cannot determine the reasonableness of the price or cost proposal;
9. other reasons specified in the Procurement Code or Administrative Rule; or,
10. other circumstances deemed to constitute reasonable cause by the Procurement Official.

However, the District may not cancel and reissue a request for proposals to steer a contract to a favored vendor or (except as permitted under protest and appeal provisions) to make a vendor who was previously disqualified or rejected eligible for a contract award for the same procurement item.

[Utah Admin. Rules R33-9-103 \(June 21, 2017\)](#)

If the District has an existing contract for a procurement item that the request for proposals is to obtain and the request for proposals is delayed due to an unintentional error, the District may permit the extension of the existing contract as permitted in Policy CBF.

[Utah Code § 63G-6a-802.7 \(2020\)](#)

Correction or clarification of proposal or cancellation of contract

The District may allow a vendor to correct an immaterial error in a proposal, as provided in Policy CBA. However, except as permitted with regard to best and final offers, as set forth below, a vendor may not change the total amount of the cost proposal after the deadline for submitting a cost proposal and before a contract is awarded. (This does not apply to a change in the contract price during contract administration, as may otherwise be allowed under these policies.).

The District may have discussions with an offeror to obtain a more complete understanding of whether the offeror is responsible or the proposal is responsive. The District may reject a proposal if after such discussions it determines that the offeror is not responsible or the proposal is not responsive.

[Utah Code § 63G-6a-704.6 \(2020\)](#)

Offerors may not correct errors, deficiencies, or incomplete responses in a proposal from an offeror who has been determined to be not responsible, or a proposal that is not responsive, or that does not meet the mandatory minimum requirements stated in the request for proposals.

Withdrawal of proposal

An offeror may voluntarily withdraw a proposal at any time before a contract is awarded with respect to the request for proposals for which the proposal was submitted provided the offeror is not engaged in any type of bid rigging, collusion or other anticompetitive practice made unlawful under other applicable law

[Utah Admin. Rules R33-7-502 \(July 26, 2018\)](#)

If the District encounters administrative difficulties before award but after the deadline for submissions that may delay award beyond the offerors' acceptance periods, the offerors should be requested, before expiration of their offers, to extend in writing the acceptance period (with consent of sureties, if any) in order to avoid the need for cancellation.

[Utah Admin. Rules R33-9-104 \(June 21, 2017\)](#)

The District may reject any or all proposals, in whole or in part, as may be specified in the request for proposals, when it is in the best interest of the District. Establishment of evaluation committee

The District shall appoint an evaluation committee consisting of at least three individuals to evaluate the proposals. Committee members shall have at least a general familiarity with or a basic understanding of either (1) the technical requirements relating to the type of procurement item that is the subject of the request for proposals or (2) the need that the request is intended to address. The District shall ensure that the evaluation committee and each individual participating in the evaluation process (a) does not have a conflict of interest with any of the offerors, (b) can fairly evaluate each proposal, (c) does not contact or communicate with an offeror outside the official evaluation committee process; and (d) conducts or participates in the evaluation in a manner that ensures a fair and competitive process and avoids the appearance of impropriety. The District may authorize the evaluation committee to receive assistance in better understanding a technical issue involved in the request for proposals from an expert or consultant. Generally, each member of the evaluation committee is prohibited from knowing, or having access to, any information relating to the cost, or the scoring of the cost, of a proposal until after the committee submits its final recommended scores on all other criteria to the District. However, this restriction does not apply if the Board of Education or other individual designated by Procurement Policy Board rule signs a written statement (a)

indicating that, due to the nature of the proposal or other circumstances, it is in the best interest of the District to waive compliance with this restriction and (b) describing the nature of the proposal and the other circumstances relied upon to waive compliance with the restriction, and also makes the written statement available to the public upon request.

Evaluation of proposals

Initial review

The District shall perform an initial review of submitted proposals to determine whether the proposals satisfy any pass/fail minimum requirements set forth in the request for proposals and whether the proposals are responsive and responsible or in violation of the Utah Procurement Code. Examples of possible pass/fail minimum requirements include timeliness of receipt of proposals, qualifications, certifications, licensing, experience, compliance with State or Federal regulations, services provided, product availability, equipment, or other pass/fail minimum requirements set forth in the request for proposals. The evaluation committee may not review proposals from offerors determined to be not responsible or proposals which do not meet the minimum requirements or which are deemed nonresponsive or in violation of the Procurement Code.

[Utah Admin. Rules R33-7-703\(1\) \(July 26, 2018\)](#)

Any proposal that fails to conform to the essential requirements of the request for proposals shall be rejected. Any proposal that does not conform to the applicable specifications shall be rejected unless the request for proposals authorized the submission of alternate proposals and the procurement item(s) offered as alternates meet the requirements specified in the solicitation. Any proposal that fails to conform to the delivery schedule or permissible alternates stated in the request for proposals shall be rejected.

A proposal shall be rejected when the offeror imposes conditions or takes exceptions that would modify requirements or terms and conditions of the request for proposals or limit the offeror's liability for the procurement, since to allow the offeror to impose such conditions or take exceptions would be prejudicial to another person. For example, proposals shall be rejected in which the offeror:

1. for commodities, protects against future changes in conditions, such as increased costs, if total possible costs to the District cannot be determined;
2. fails to state a price and indicates that price shall be the price in effect at time of delivery or states a price but qualifies it as being subject to price in effect at time of delivery;
3. when not authorized by the request for proposals, conditions or qualifies a proposal by stipulating that it is to be considered only if, before date of award, the offeror receives (or does not receive) an award under a separate solicitation;

4. requires that the District is to determine that the offeror's product meets applicable specifications; or
5. limits rights of the District under any contract clause.

Scoring of proposals

The scoring of evaluation criteria, other than cost, for proposals meeting the mandatory minimum requirements in a request for proposals shall be based on the scoring system set forth in the RFP. Scoring systems other than the standard methodology set forth below may be used so long as they are set forth in the RFP, allow for competition, and are reasonable. Points shall be awarded to each applicable evaluation category as set forth in the request for proposals, which may include but are not limited to:

1. Technical specifications;

2. Qualifications and experience;
3. Programming;
4. Design;
5. Time, manner, or schedule of delivery;
6. Quality or suitability for a particular purpose;
7. Financial solvency;
8. Management and methodological plan;
9. Performance ratings or references; and

Standard Scoring Methodology:

1. Five points (Excellent): The proposal addresses and exceeds all of the requirements or criteria described in the request for proposals;
2. Four points (Good): The proposal addresses all of the requirements or criteria described in the request for proposals and, in some respects, exceeds them;
3. Three points (Satisfactory): The proposal addresses all of the requirements or criteria described in the request for proposals in a minimum satisfactory manner;
4. Two points (Unsatisfactory): The proposal addresses the requirements or criteria described in the request for proposals in an unsatisfactory manner;
5. One point (Poor): The proposal inadequately addresses the requirements or criteria described in the RFP or cannot be assessed due to incomplete information; or
6. Zero points (Fail): The proposal fails to address the requirements or criteria described in the request for proposals or it cannot be assessed due to missing information.

Independent judgment by evaluation committee members

Evaluators are required to exercise independent judgment in a manner that is not dependent on anyone else's opinions or wishes. Evaluators must not allow their scoring to be inappropriately influenced by another person's wishes that additional or fewer points be awarded to a particular offeror. Evaluators may seek to increase their knowledge before scoring by asking questions and seeking appropriate information from the District. Otherwise, evaluators should not discuss proposals or the scoring of proposals with other persons not on the evaluation committee.

The exercise of independent judgment applies not only to possible inappropriate influences from outside the evaluation committee, but also to inappropriate influences from within the committee. It is acceptable for there to be discussion and debate within the committee regarding how well a proposal meets

the evaluation criteria. However, open discussion and debate may not lead to coercion or intimidation on the part of one committee member to influence the scoring of another committee member.

Evaluators may not act on their own or in concert with another evaluation committee member to inappropriately steer an award to a favored vendor or to disfavor a particular vendor.

Evaluators are required to report any attempts by others to improperly influence their scoring to favor or disfavor a particular offeror.

If an evaluator feels that the evaluator's independence has been compromised, the evaluator must recuse himself or herself from the evaluation process.

[Utah Admin. Rules R33-7-705 \(July 26, 2018\)](#)

Best and final offers

The best and final offers process is an optional step in the evaluation phase of the request for proposals process in which offerors are requested to modify their proposals. (It is not available for use with any other type of procurement process.) If the necessary conditions are present, the evaluation committee, with the approval of the Procurement Official, may request and evaluate best and final offers from responsible offerors who have submitted responsive proposals that meet the minimum qualifications, evaluation criteria, or applicable score thresholds identified in the request for proposals for the stage of the process at which the final and best offers are being requested. The evaluation committee may only request best and final offers if one of the following circumstances exists:

1. no single proposal addresses all the specifications stated in the request for proposals;
2. all proposals received are unclear or deficient in one or more respects;
3. all cost proposals exceed the identified budget or the District's available funding; or
4. two or more proposals receive an identical evaluation score that is the highest score.

In a best and final offer, an offeror may only address the issues described in the request for best and final offers; the offeror may not correct a material error or deficiency in the original proposal or address any other issue not described in the request for best and final offers. The best and final offers process may not be used to change a determination that an offeror is not responsive or that an offer is not responsive.

The request for best and final offers shall clearly specify the issues that the District requests the offerors to address in their best and final offers and how the best and final offers will be evaluated and scored in accordance with the evaluation procedures of this policy. The request shall also establish a deadline for an offeror to

submit a best and final offer and, if applicable, establish a schedule and procedure for conducting discussions with offerors concerning the best and final offers. After the deadline for submitting best and final offers, the evaluation committee shall evaluate the best and final offers using the criteria described in the request for proposals.

Unsolicited best and final offers will not be accepted and may not be considered by the District. If an offeror fails to submit a best and final offer, the offer submitted by the offeror before the request for best and final offers shall be treated as the offeror's best and final offer.

In conducting the best and final offers process, the District shall (a) maintain the confidentiality of the information the District receives from an offeror (including cost information) until a contract has been awarded or the request for proposals canceled, (b) ensure that each offeror receives fair and equal treatment, and (c) safeguard the integrity of the scope of the original request for proposals, except as specifically provided otherwise in this section regarding best and final offers.

When a request for best and final offers is issued to reduce cost proposals, the District may specify the scope of work reductions the District is making to generate proposals within the budget or available funding or may invite offerors to specify the scope of work reductions being made so that the reduced cost proposal is within the budget or available funding. However, the District is not required to accept a scope of work reduction proposed by an offeror. A reduction in the scope of work may not eliminate a component identified as a minimum mandatory requirement in the request for proposals, nor may it alter the nature of the original request to the extent that a request for proposals for the reduced scope of work would have likely attracted a significantly different set of offerors submitting proposals. A best and final offer submitted with a reduced cost proposal shall include an itemized list identifying specific reductions in the proposed scope of work that correspond to the reduced cost proposal.

When a request for best and final offers is issued because two or more proposals received an identical and highest score, the request may only be issued to those offerors whose proposals received that highest score. The offerors responding to this request may revise the technical aspects of their proposal, their cost proposal (as provided in the prior paragraph), or both.

When selecting a construction manager/general contractor for a construction project and the contract is to be awarded based solely on (a) the qualifications of the construction manager / general contractor and (b) the management fee to be paid to the construction manager / general contractor, the evaluation committee in recommending an award is not required to explain how the recommended proposal provides the best value to the District. A "management fee" includes only fees for preconstruction phase services, monthly supervision fees for the construction phase, and overhead and profit for the construction phase.

Purposes of Request for Statement of Qualifications—

A request for statement of qualifications must be used as part of the process to establish an approved vendor list. (See Policy CBDB.) A request for statement of qualifications also may be used to identify qualified vendors in one stage of a multiple-stage procurement process (invitation for bids, request for proposals, or design professional procurement). A request for statement of qualifications may not be used as the sole basis for awarding a contract, nor may it be used to solicit costs, pricing, or rates, or to negotiate fees.

[Utah Code § 63G-6a-410 \(2020\)](#)

Request for Statement of Qualifications Process—

The request for statement of qualifications procurement process begins when the District issues a request for statement of qualifications. The District shall publish a request for proposals in accordance with the notice requirements of Policy CBA.

[Utah Code § 63G-6a-410\(3\), \(6\) \(2020\)](#)

Content of request for multiple-stage process

A request for statement of qualifications in a multiple-stage standard procurement process shall include:

- a statement that participation in other stages of the multiple-stage standard procurement process will be limited to qualified vendors;
- the minimum mandatory requirements, evaluation criteria, and applicable score thresholds that will be used to identify qualified vendors, including, as applicable:
 - experience and work history;

- management and staff requirements or standards;
- licenses, certifications, and other qualifications;
- performance ratings or references;
- financial stability; and
- other information pertaining to vendor qualifications that the Procurement Official considers relevant or important; and
- the deadline by which a vendor is required to submit a statement of qualifications.

[Utah Code § 63G-6a-410\(4\) \(2020\)](#)

Content of request for approved vendor list process

A request for statement of qualifications in an approved vendor list process under Policy CBDB shall include:

- as may be applicable, a general description of
 - the procurement item the District seeks to acquire;
 - the type of project or scope or category of work that the District will procure;
 - the procurement process to be used by the District; and
 - the type of vendor the District seeks to provide the procurement item;
- the minimum mandatory requirements, evaluation criteria, and applicable score thresholds that vendors are required to meet to be included on the approved vendor list;
- a statement that the approved vendor list will only include responsible vendors that
 - submit a responsive statement of qualifications and
 - meet the minimum mandatory requirements, evaluation criteria, and applicable score thresholds described in the request;
- a statement that only vendors on the approved vendor list will be able to participate in the procurements identified in the request;
- a statement on whether the District will use a performance rating system for evaluation the performance of vendors on the approved vendor list, including whether a vendor on the list may be disqualified and removed from the list;
- a statement on whether the approved vendor list used by the District is closed-ended or open-ended (see Policy CBDB) and

- if the District uses a closed-ended list, the deadline for a vendor to submit a statement of qualifications and the specified time after which the list will expire, or
- if the District uses an open-ended list,
 - the deadline for a vendor to submit a statement of qualifications to be considered for the initial list,
 - a schedule indicating when a vendor not on the initial list may submit a statement of qualifications to be considered to be added to the list, and
 - the specified time after which a vendor must submit a new statement of qualifications in order to renew the vendor's status as an approved vendor on the list; and
- a description of any other criteria or requirements specific to the procurement item or scope of work that is the subject of the procurement.

[Utah Code § 63G-6a-410\(5\) \(2020\)](#)

Correction or clarification of statement of qualifications

The Procurement Official may allow a vendor to correct an immaterial error in a statement of qualifications, as provided in Policy CBA and may also request a vendor to clarify information contained in a statement of qualifications, as provided in Policy CBA.

[Utah Code § 63G-6a-410\(7\), \(10\) \(2020\)](#)

Submission of statement of qualification

Statements of qualifications (or modifications of statements) submitted after the established due date and time will not be accepted for any reason except when the District determines that an error on the part of the District or its employee resulted in the statement (or modification) not being received by the due date and time.

All statements or modifications to bids received by physical delivery will be date and time stamped by the District. When submitting a statement or modification to a statement by physical delivery (U.S. Mail, courier service, hand-delivery, or other physical means), vendors are solely responsible for meeting the deadline. Delays caused by a delivery service or other physical means will not be considered as an acceptable reason for a statement or modification of a statement being late.

When submitting a statement or modification electronically, vendors must allow sufficient time to complete the online forms and upload documents. The solicitation will end at the closing time posted in the electronic system. If a vendor is in the middle of uploading a statement when the closing time arrives, the system will stop the process and the statement or modification to the statement will not be accepted.

[Utah Admin. Rules R33-4-101a \(June 21, 2017\)](#)

Establishment of evaluation committee

The District shall appoint an evaluation committee consisting of at least three individuals with at least a general familiarity with or a basic understanding of either (1) the technical requirements relating to the type of procurement item that is the subject of the request for statement of qualifications or (2) the need that the procurement item is intended to address. The District shall ensure that the evaluation committee and each individual participating in the evaluation process (a) does not have a conflict of interest with any vendor that submits a statement of qualifications, (b) can fairly evaluate each statement of qualifications, (c) does not contact or communicate with a vendor concerning the evaluation process or the procurement outside the official evaluation committee process; and (d) conducts or participates in the evaluation in a manner that ensures a fair and competitive process and avoids the appearance of impropriety. The District may reduce the number of individuals appointed to the evaluation committee if the Procurement Official makes a written determination that the evaluation criteria consist only of objective criteria and do not include any subjective criterion that requires analysis, assessment, or deliberation.

The District may authorize the evaluation committee to receive assistance in better understanding a technical issue involved in the procurement from an expert or consultant who is not a member of the committee and who does not participate in evaluation scoring. The evaluation committee may, with the approval of the Procurement Official, enter into discussions or conduct interviews with, or attend presentations by vendors for the purpose of clarifying information contained in statements of qualifications. However, in such interactions, a vendor may only explain, illustrate, or interpret the contents of the original statement of qualifications. The vendor may not (1) address criteria or specifications not contained in the original statement of qualifications, (2) correct any deficiency, inaccuracy, or mistake other than an immaterial error, (3) remedy an incomplete submission of documents, (4) remedy an untimely statement submission, (5) substitute or alter a required form, (6) remedy a cause for the vendor being considered not responsible or the statement not responsive, or (7) correct a failure to meet mandatory minimum requirements, evaluation criteria, or score thresholds.

[Utah Code § 63G-6a-410\(9\) \(2020\)](#)

Evaluation of statements

The evaluation committee shall evaluate and score statements of qualifications submitted in response to a request for statement of qualifications using the minimum mandatory requirements, evaluation criteria, and applicable score thresholds set forth in the request for statement of qualifications.

[Utah Code § 63G-6a-410\(9\)\(d\) \(2020\)](#)

Determination of qualified vendors

After the evaluation committee completes its evaluation and scoring of the statements of qualifications, the committee shall submit the statements and

evaluation scores to the Procurement Official. The Procurement Official shall review the committee's scores and shall correct any errors, inconsistencies, or reported noncompliance with the Procurement Code. After reviewing the evaluation committee materials, the Procurement Official shall make a final determination of:

- qualified vendors who are allowed to participate in the remaining stages, if the request for statement of qualifications process is used as one of the stages of a multiple-stage process, or
- vendors to be included on an approved vendor list, if the request for statement of qualifications process is used as part of the approved vendor list process.

[Utah Code § 63G-6a-410\(9\)\(f\), \(g\), \(14\) \(20f20\)](#)

Withdrawal of statement

A vendor may voluntarily withdraw a statement of qualifications at any time before a contract is awarded with respect to which the statement of qualifications was submitted.

[Utah Code § 63G-6a-410\(11\) \(2020\)](#)

Single qualified vendor

If only one vendor meets the minimum qualifications, evaluation criteria, and applicable score thresholds set forth in the request for statement of qualifications which is being used as part of an approved vendor list process, the District may cancel the request for statement of qualifications or may establish an approved vendor list that includes the one vendor if the District continues to try to identify more vendors to be included on the approved vendor list by either keeping the request for statement of qualifications open or immediately reissuing the request for statement of qualifications and repeating the process. If the District cancels the request, it shall make available for public inspection a written justification for the cancellation.

[Utah Code § 63G-6a-410\(12\), \(13\) \(2020\)](#)

Rejection of statement

The Procurement Official may reject a statement of qualifications based on a determination that the vendor (1) is not responsible, (2) is in violation of the Procurement Code, (3) has engaged in unethical conduct, or (4) receives a performance rating below the satisfactory performance threshold specified in the request for statement of qualifications. A statement may also be rejected if there is a change in the vendor's circumstances that, if known when the statement was evaluated, would have caused the statement to not receive a qualifying score. A statement may also be rejected if it is not responsive or does not meet the mandatory minimum requirements, evaluation criteria, or applicable score thresholds stated in the request for statement of qualifications. Upon rejection of a statement, the Procurement Official shall make a written finding stating the reasons for rejection and provide a copy of that finding to the vendor whose statement was rejected.

[Utah Code § 63G-6a-410\(8\) \(2020\)](#)

Procurement: *Approved Vendor List Process*

Definitions—

- A “vendor” is a person who seeks to enter into a contract with the District to provide a procurement item and includes a bidder, an offeror, an approved vendor, and a design professional.
- An “approved vendor” is a person who has been approved for inclusion on an approved vendor list through the process set forth in this Policy.
- An “approved vendor list” is a list of approved vendors established through the process set forth in this Policy.
- A “closed-ended approved vendor list” is an approved vendor list which has a short period of time, specified by the District, during which vendors may be added to the list and a specified time when the list will expire.
- An “open-ended approved vendor list” is an approved vendor list with an indeterminate period of time during which vendors may be added to the list, the addition of vendors throughout the effective term of the list, and a specified time after which the District is required to verify that vendors on the list continue to meet the minimum mandatory requirements, evaluation criteria, and applicable score thresholds.

[Utah Code § 63G-6a-103\(1\), \(2\), \(94\) \(2020\)](#)

[Utah Code § 63G-6a-507\(1\) \(2020\)](#)

Purposes of an Approved Vendor List—

The District may use an approved vendor list established under this policy in conjunction with bidding, request for proposals, the small purchase process, or the design professional procurement process. Using the list and one of these processes, the District may award a contract to an approved vendor for any procurement item or type of procurement item specified in the request for statement of qualifications used to establish the list. The District may also use an approved vendor list to limit participation in any of these procurement processes to approved vendors. In addition, the District may award a contract to an approved vendor at a price based on established terms as provided for in Policy CBA and below in this policy.

[Utah Code § 63G-6a-507\(6\) \(2020\)](#)

[Utah Admin. Rules R33-5-204 \(June 21, 2017\)](#)

The District may establish an approved vendor list either for (1) a specific, fully defined procurement item or (2) a future procurement item that is not fully and specifically defined, if the related request for statement of qualifications generally describes the procurement item and the type of vendor that the District seeks to provide the item. The District may not award a contract to an approved vendor for an

item that is outside the scope of the general description of the procurement item in the related request for statement of qualifications. A vendor who is **not** an approved vendor is ineligible for a contract for a procurement item under the procurement identified in the related request for statement of qualifications.

[Utah Code § 63G-6a-410\(5\)\(d\) \(2020\)](#)

Use of Quotes with an Approved Vendor List—

Within the approved threshold limits, the District may use the quote process to obtain procurement items using an approved vendor list. This is an informal purchasing process which solicits pricing from several sources. A “quotation” is a statement of price, terms of sale, and description of services offered by a vendor to the District. An electronic quotation is a quotation provided by a vendor through electronic means such as the internet, online sources, email, an interactive web-based market center, or other technology. A quotation is not binding and does not obligate the District to purchase (or the vendor to sell) the item.

To use the quote process, the District must obtain quotations which are for the same procurement item (including the same terms of sale, description, and quantity of goods or services). The District must disclose to the vendor that the quotation is for a government entity and inquire whether the vendor is willing to provide a discount to a government entity. The District must also maintain a public record which includes the name of each vendor supplying a quotation and the amount of each vendor’s quotation.

[Utah Admin. Rules R33-4-110 \(June 21, 2017\)](#)

General Requirements for Approved Vendor List—

In order to establish an approved vendor list, the District must first complete the statement of qualifications process under Policy CBDA. If that process results in only one vendor qualifying, an approved vendor list cannot be established under that request for statement of qualifications unless the District continues to try to identify more vendors to be included on the approved vendor list by either keeping the request for statement of qualifications open or immediately reissuing the request for statement of qualifications and repeating the process.

[Utah Code § 63G-6a-507\(2\) \(2020\)](#)

[Utah Code § 63G-6a-410\(1\)\(b\), \(5\), \(12\) \(2020\)](#)

After an approved vendor list has been established, the list must be made available to the public by the District before it can be used.

[Utah Code § 63G-6a-507\(7\) \(2020\)](#)

Establishing and Maintaining an Approved Vendor List—

After receiving the statements of qualifications and evaluation scores submitted by the evaluation committee under Policy CBDA, the Procurement Official shall include on an approved vendor list those vendors meeting the minimum mandatory requirements, evaluation criteria, and applicable score thresholds. Any

vendor who does not meet those requirements, criteria, or thresholds shall be rejected as ineligible and not included on the approved vendor list.

[Utah Code § 63G-6a-507\(4\) \(2020\)](#)

Each approved vendor list established and maintained by the District shall be either a closed-ended list or open-ended list, according to the specifications and notice given in the associated request for statement of qualifications.

[Utah Code § 63G-6a-507\(5\)\(a\) \(2020\)](#)

[Utah Code § 63G-6a-410\(5\)\(f\)\(i\) \(2020\)](#)

The District may establish a performance rating system to evaluate the performance of vendors on an approved vendor list if that system is described in the request for statement of qualifications used to establish the list. A rating system must include the minimum performance rating threshold that approved vendors must achieve to remain on the list and a statement that vendors who do not meet that threshold may be disqualified and removed from the list. If the District uses a performance rating system for evaluating the performance of vendors on the approved vendor list, then vendors shall be disqualified and removed from the list according to the standards and procedures identified in the associated request for statement of qualifications. If the District disqualifies a vendor on this basis, the District shall make a written finding that describes the performance rating system, identified the minimum performance rating threshold, and explains the performance rating achieved by the disqualified vendor. A copy of this written finding shall be provided to the disqualified vendor.

Closed-ended approved vendor list

A closed-ended approved vendor list shall expire at the time specified by the District in the related request for statement of qualifications but no later than 18 months after the District publishes the list.

[Utah Code § 63G-6a-507\(5\)\(b\)\(i\) \(2020\)](#)

Open-ended approved vendor list

Once an open-ended approved vendor list is established and a vendor is added to that list, the District must verify, by a method established by the Procurement Official and no less frequently than every 18 months, that each vendor on the list continues to meet the minimum mandatory requirements, evaluation criteria, and applicable score thresholds of the request for statement of qualifications. Any vendor who does not continue to meet these requirements shall be removed from the list.

[Utah Code § 63G-6a-507\(5\)\(b\)\(ii\) \(2020\)](#)

After an open-ended approved vendor list is initially established, other vendors who wish to be added to that list must submit statements of qualifications

according to the schedule stated in the request for statement of qualifications. Such statements will be evaluated as provided for in Policy CBDA and vendors meeting the minimum mandatory requirements, evaluation criteria, and applicable score thresholds of the original request (and whose statement is not rejected according to Policy CBDA) will be added to the list.

[Utah Code § 63G-6a-507\(8\)\(a\) \(2020\)](#)

Award Based on Established Terms—

The District may award a contract to a vendor on an approved vendor list at an established price based on a price list, rate schedule, or pricing catalog which is submitted by a vendor and accepted by the District or which is mandated by the District or by a federal agency or which is mandated by a federal regulation for a health and human services program.

When awarding a contract to an approved vendor based on a price list, rate schedule, or pricing catalog submitted by the vendor, the District shall, as applicable, follow one of the two methods. The District may assign work to or purchase from the approved vendor with the lowest price, rate or catalog price. (In case of a tie for the lowest price, the District shall follow the process described in Policy CBB.) If the lowest-cost approved vendor cannot provide the procurement item or quantity needed, then work shall be assigned or the purchase made from the next lowest-cost vendor, and so on, until the District's needs are met. The other method is that the District establishes a cost threshold based on a cost analysis as set forth in Utah Admin. Rules R33-12-603 and 604, and assigns work or purchases from an approved vendor meeting the cost threshold using one of the following methods: (A) a rotation system, organized alphabetically, numerically, or randomly; (B) assignment of vendors to a specified geographic area; (C) assignment of vendors based on each vendor's particular expertise or field; or (D) Another method approved by the Procurement Official. Under either of these methods, an approved vendor may lower its price, rate, or catalog price at any time during the time a contract is in effect in order to be assigned work or receive purchases.

When awarding a contract to an approved vendor based on a price list, rate schedule, or pricing catalog mandated by the District or a federal agency, the District shall use one of the following methods to assign work or purchase from a vendor on an approved vendor list: (A) a rotation system, organized alphabetically, numerically, or randomly; (B) assignment of vendors to a specified geographic area; (C) assignment of vendors based on each vendor's particular expertise or field; or (D) another method approved by the Procurement Official.

When awarding a contract to an approved vendor based on a price list, rate schedule, or pricing catalog based on a federal regulation for a health and human services program, the District unit shall follow the requirements set forth in the applicable federal regulation to assign work or make a purchase.

[Utah Admin. Rules R33-5-202 \(June 21, 2017\)](#)

Procedures for Fair Use of Approved Vendor Lists—

Subject to any regulations which may be established by the Utah Procurement Policy Board, the District shall establish and implement procedures to ensure that all vendors on an approved vendor list have a fair and equitable opportunity to compete for a contract for a procurement item. Depending on the type of procurement item, such procedures might include a rotation system, organized alphabetically, numerically, or randomly, or other appropriate procedure.

[Utah Code § 63G-6a-507\(9\)\(a\) \(2020\)](#)

Vendors with Exclusive Authorization to Bid—

When the procurement item in question is one for which the potential vendors are within an exclusive dealership, franchise, distributorship, or other arrangement with a manufacturer which relates to the State of Utah or a region within the State of Utah, the following procedures apply to the establishment and use of an approved vendor list. (The Procurement Official may authorize exceptions to these requirements.)

No vendor within the exclusive arrangement may be excluded from the vendor list unless the District determines that the vendor is not qualified, responsive, or responsible.

The request for statements of qualifications shall state that all vendors on the prequalified vendor list will be invited to submit bids or quotes.

After the prequalified vendor list has been established, the District may award a contract by obtaining bids or quotes from all vendors on the list and taking into consideration a best value analysis that includes, as applicable:

- cost;
- compatibility with existing equipment, technology, software, accessories, replacement parts, or service;
- training, knowledge and experience of employees of the District and of the vendors;
- past performance of vendors pertaining to the procurement item being purchased;
- the costs associated with transitioning from an existing procurement item to a new procurement item; or
- other factors determined in writing by the Procurement Official.

The District must follow either the quote process described above in this policy or the bidding process described in Policy CBB in obtaining quotes or bids.

Procurement: ***Procurement of Professional Services***

Definitions—

“Professional service” means labor, effort, or work that requires specialized knowledge, expertise, and discretion, including labor, effort, or work in the field of:

- accounting;
- administrative law judge service;
- architecture;
- construction design and management;
- engineering;
- financial services;

- medicine;
- psychiatry; or

Procurement of Professional Services—

Procurement: Small Purchases

[Note that the regulations issued by the Procurement Policy Board establish small purchase thresholds of \$100,000 for construction projects, for design professional services, and for professional services. (See [Utah Admin. Rules R33-5-106\(1\)](#), [R33-5-105\(1\)](#), and [R33-5-108\(1\)](#).) However, the threshold for construction in this model policy was set taking into account [Utah Code § 53E-3-703](#), which requires a specified bidding process for school construction projects costing more than \$80,000. The thresholds for design professional services and professional services were set at \$80,000 for consistency with the construction threshold.]

Definitions—

The following definitions apply to this policy:

- “Annual cumulative threshold” means the maximum total amount that the District may expend to obtain procurement items as small purchase from the same source in a single year.
- “Individual procurement threshold” means the maximum amount for which the District may purchase a procurement item as a small purchase.
- “Single procurement aggregate threshold” means the maximum total amount that the District may expend to obtain multiple procurement items from one source at one time as small purchases.

[Utah Code § 63G-6a-506\(1\) \(2020\)](#)

Availability of Small Purchase Process—

A small purchase procurement may be made according to the requirements of this policy for purchases that fall within the thresholds set forth in this policy. The District may use the small purchase procurement process for a purchase in excess of the thresholds only if the Procurement Official gives written authorization to do so and that written authorization sets forth the reasons for exceeding the threshold. The District may not use the small purchase process for ongoing, continuous, and regularly scheduled procurements that exceed the annual cumulative threshold. Rather, ongoing, continuous, and regularly scheduled procurements in excess of the annual cumulative threshold shall be made through a contract awarded through another standard procurement process or an applicable exception to another standard procurement process set forth in Policy CFB. (However, this limitation does not apply to regularly scheduled payments for a procurement item obtained under another procurement policy.)

[Utah Code § 63G-6a-506\(3\), \(6\), \(7\) \(2020\)](#)

Thresholds

The individual procurement threshold for goods and general services is \$1,000, for professional services is \$80,000, for design professional services is \$80,000, and for construction projects is \$80,000, as set forth in Policy CCA. The single procurement aggregate threshold is \$5,000 for goods and general services and \$80,000 for professional services and for construction projects. The annual cumulative threshold is \$50,000 for goods and general services and \$80,000 for professional services and construction projects. Therefore, the small purchase procurement process set forth in this Policy may be used in obtaining goods or general services if the amount of an individual procurement item is \$1,000 or less, or if multiple items obtained from the same source at the same time is estimated to be less than \$5,000 for goods and general services. The small purchase procurement process may be used for purchases up to \$80,000 of professional services or construction. However, if the contemplated purchase would cause any of these thresholds to be exceeded, the small purchase procurement method may not be used.

Level 1

For small purchase procurements up to \$1,000, the purchaser may select the best source without seeking competitive bids or quotes. Documentation of quotes

Documentation of quotes shall contain the following information:

1. The date the quote was received or the dates that the quoted price is valid;
2. The proposed delivery date;
3. The vendor's name and address;
4. The name of the person providing the quote and contact information for that person;

5. A description of each item including specifications, unit price, total price, and quantity listed;
6. Shipping and freight charges; and
7. The name and position of the District employee obtaining the quote.

Quotes may be obtained and documented by printing pages from a website; however, all of the quote elements must be documented and employees should bear in mind that better prices are usually obtained by contacting vendors directly. Telephone quotes must be documented and include all quote elements. Written quotes should be provided on the vendor's letterhead.

Construction Small Purchase Process—

Using the procedures set out in Policy CBA, the District shall either prequalify potential construction vendors or develop an approved vendor list of construction vendors for use in small purchase construction projects. For any small purchase construction project, the District shall establish and use minimum specifications for the project.

When using an approved vendor list in a small-purchase construction procurement, the District will select vendors and contractors from the list using one of the following methods:

- A rotation system, organized alphabetically, numerically, or randomly;
- Assignment of vendors to a specified geographic area;
- Assignment of vendors based on each vendor's particular expertise or field; or
- Another method approved by the Procurement Official.

[Utah Admin. Rules R33-5-106.5\(2\) \(June 21, 2017\)](#)

The Procurement Official may procure small construction projects up to a maximum of \$25,000 by direct award without seeking competitive bids or quotes after documenting that all building code approvals, licensing requirements, permitting and other construction related requirements are met. The awarded contractor must certify that they are capable of meeting the minimum specifications of the project.

The Procurement Official may procure small construction projects costing more than \$25,000 up to a maximum of \$80,000 by obtaining a minimum of two competitive quotes that include minimum specifications and shall award to the contractor with the lowest quote that meets the specifications after documenting that all applicable building code approvals, licensing requirements, permitting and other construction related requirements are met.

For construction projects where the total estimated accumulated building project cost exceeds \$80,000, the District shall follow the procedures set forth in Policy CCA.

Design Professional Small Purchase Process—

After reviewing the qualifications of a minimum of three design professionals, the Procurement Official may obtain design professional services by direct negotiation up to a maximum of \$80,000 after reviewing the qualifications of a minimum of three design professional firms. Prior to using the design professional small purchase process, the District shall establish minimum specifications.

When using an approved vendor list in a small-purchase design professional procurement, the District will select at least three design professional firms from the list using one of the following methods:

- A rotation system, organized alphabetically, numerically, or randomly;
- Assignment of vendors to a specified geographic area;
- Assignment of vendors based on each vendor's particular expertise or field;
or
- Another method approved by the Procurement Official.

After selecting three firms, the District shall rank the firms in order and begin negotiations, up to \$80,000, with the highest-ranked firm. If an agreement cannot be reached with that firm, the District shall move to the next highest ranked firm and so on until a fee agreement is reached. If the District is not able to reach agreement with the three firms in the first group, it may select additional firms from the list and repeat the process or may cancel the procurement.

Professional and Consultant Small Purchase Process—

After reviewing the qualifications of a minimum of three professional service providers or consultants, the Procurement Official may obtain professional services or consulting services up to a maximum of \$80,000 by direct negotiation.

If the District uses an approved vendor list in a professional or consultant small-purchase procurement, the District will select a minimum of three potential vendors from the list using one of the following methods:

- A rotation system, organized alphabetically, numerically, or randomly;
- Assignment of vendors to a specified geographic area;
- Assignment of vendors based on each vendor's particular expertise or field;
or
- Another method approved by the Procurement Official.

After selecting three potential vendors from the approved vendor list, the District shall rank the potential vendors in order and award the contract up to \$80,000 to the highest ranked firm or individual.

[Utah Admin. Rules R33-5-108 \(June 21, 2017\)](#)

Improper Use of Small Purchase Process—

It is unlawful and a violation of District policy to, with improper intent, knowingly divide a single procurement into multiple smaller procurements, including by dividing an invoice or purchase order into multiple invoices or purchase orders, if the single procurement would not have qualified as a small purchase and one or more of the multiple smaller procurements qualify as a small purchase. “Improper intent” means the intent either (a) to avoid having to use a standard procurement process (other than small purchase) that would otherwise be required or (b) to make one or more of the multiple smaller procurements fall under any small purchase threshold (individual item, single purchase aggregate, or annual cumulative). Caution should be exercised with using purchase cards, and employees should not split purchases with such cards to stay under daily purchase limits on purchase cards or the established purchasing thresholds.

[Utah Code § 63G-6a-506\(8\) \(2020\)](#)

Additional purchases of the same type of item may be necessary if, for example, it is determined after an order is placed or received that an insufficient quantity was ordered or that incorrect sizes were obtained. If additional purchases of the same item are necessary, for these or other reasons, the employee initiating the purchase must provide a written explanation of the purpose of the purchase and justification as to why it is not considered splitting a purchase. This written explanation should be retained with the vendor invoice.

Compliance With Law—

All procurements under this policy must comply with the requirements of law and policy, including the prohibition against improperly dividing procurements in [Utah Code § 63G-6a-506](#), the prohibitions relating to unlawful conduct and penalties in [Utah Code § 63G-6a Part 24](#), the prohibitions relating to socialization with vendors and contractors in [Utah Admin. Rules R33-24-105](#), and the prohibitions relating to personal relationships, favoritism, and bias in [Utah Admin. Rules R33-24-106](#). Procurements of professional service providers and consultants under this policy must also comply with the provision in [Utah Admin. Rules R33-4-103\(3\)](#) prohibiting persons with a conflict of interest or who may respond to a proposal for which the specifications are written from participating in writing the specifications.

Procurement: *Exceptions to Standard Procurement Processes*

Exceptions to Standard Procurement Processes—

Any procurement by the District must either be done through one of the standard procurement processes or under a valid exception to those standard processes. The standard procurement processes are (1) bidding, as described in Policies CBB and CBC; (2) requests for proposals, as described in Policy CBD; and (3) small purchases, as described in Policy CBE. The exceptions to the standard procurement processes are sole source procurement, transitional costs/best interest procurement, specified circumstances procurement, trial use contracts, contract extension, emergency procurement, community rehabilitation program procurement, and prison industry goods procurement. The requirements relating to each exception are set forth in this policy.

Notice of Intent to Award Without Standard Procurement Process—

Before the District may award a contract under the sole source, transitional costs/best interest, or specified circumstances procurement processes (rather than one of the standard procurement processes), a “Notice of Intent to Award a Contract Without Engaging in a Standard Procurement Process” must be approved by the Procurement Official. The District may use the form prepared by the Procurement Policy Board or may use its own form, but the notice must be in writing and include, at a minimum, the following information:

1. A description of the procurement item (including, when applicable, the proposed scope of work);
2. The total value of the procurement item (including, when applicable, the actual or estimated full lifecycle cost of maintenance and service agreements);
3. The duration of the proposed contract;
4. The signature of an authorized official of the District; and
5. Research by the District establishing the necessary elements for the alternative method to be used, as follows:
 - a. For sole source procurement, showing that there are no other competing vendors or sources for the procurement item in accordance with the requirements set out below;

- b. For transitional costs/best interest procurement, showing that transitional costs are a significant consideration in selecting the procurement item and the results of a cost benefit analysis documenting that transitional costs are unreasonable or cost-prohibitive and that awarding the contract without engaging in a standard procurement process is in the best interest of the District, in accordance with the requirements set out below; and
- c. For specified circumstances procurement, the other circumstances which make awarding a contract through a standard procurement process impractical and not in the best interest of the District, in accordance with the requirements set out below.

After approval of the notice by the Procurement Official, before a contract may be awarded the District must also publish the notice if the cost of the procurement being considered exceeds \$50,000. This publication must be in accordance with Policy CBA.

Publication of the notice is also not required for procurements which are for the following procurement items:

- 1. Public utility services
- 2. Conference and convention facilities with unique or specialized amenities, abilities, location, or services
- 3. Conference fees, including materials
- 4. Speakers or trainers with unique or proprietary presentations or training materials
- 5. Hosting of dignitaries (in-state, out-of-state, or international)
- 6. International, national, or local promotion of the state or a public entity
- 7. An award when the Legislature identifies the intended recipient of a contract
- 8. An award to a specific supplier, service provider, or contractor if the award is a condition of a donation or grant that will fund the full cost of the supply, service, or construction item
- 9. Catering services at government functions where the event requires a caterer with unique and specialized qualifications, skills, and abilities
- 10. Other circumstances as determined in writing by the Procurement Official

Even though publication of the notice is not required by statute or regulation, the Procurement Official may require the notice to be published if deemed necessary to uphold the fair and equitable treatment of all persons who deal with the procurement system.

Contesting a Non-Standard Procurement Process—

A person may contest the notice of intent to award a contract without engaging in a standard procurement process prior to the closing of the public notice period set forth in Policy CBA by submitting the following information in writing to the Procurement Official: (a) the name of the contesting person and (b) a detailed explanation of the challenge. Depending on the type of non-standard process, the detailed explanation of the challenge would include documentation that there are other competing sources for the procurement item, or that transitional costs are not significant, unreasonable, or cost-prohibitive, or that conducting a standard procurement process is in the best interest of the conducting procurement unit.

Upon receipt of a challenge contesting an award of a contract without engaging in a standard procurement process, the Procurement Official shall conduct an investigation to determine the validity of the challenge and make a written determination either supporting or denying the challenge.

If a challenge is upheld, the District shall either cancel the procurement or shall conduct a standard procurement process for the procurement item being considered. If a challenge is not upheld, the District may proceed with awarding a contract without engaging in a standard procurement process.

By contesting or challenging a notice of intent to use a non-standard process, a vendor does not waive the right to file a protest under the procurement code or District policies.

Negotiation for Best Terms

When the District procures under the sole source, transitional costs/best interest, or specified circumstances procurement processes (rather than one of the standard procurement processes), the Procurement Official shall negotiate with the contractor to ensure that the terms of the contract, including price and delivery, are in the best interest of the District.

[Utah Code § 63G-6a-802\(4\) \(2020\)](#)

Sole Source Procurement—

Required Conditions for Sole Source Procurement

The District may award a contract for a procurement item without engaging in a standard procurement process if the Procurement Official makes a written determination that there is only one source for the procurement item. Circumstances in which a sole source procurement award may be justified include procurements for (a) a procurement item for which there is no comparable product or service, such as a one-of-a-kind item available from only one vendor, (b) a component or replacement part for which there is no commercially available substitute, and which can be obtained only directly from the manufacturer, or (c) an exclusive maintenance, service, or warranty agreement. An urgent or unexpected

circumstance or requirement for a procurement item does not justify a sole source procurement.

Process for Sole Source Procurement

Prior to awarding a contract in a sole source procurement, the District must follow the procedure outlined above for the “Notice of Intent to Award a Contract Without Engaging in a Standard Procurement Process.” In addition, the Procurement Official shall, whenever practicable, conduct a price analysis in accordance with [Utah Admin. Transitional Costs / Cost-Benefit Analysis Procurement—

The District may award a contract for a procurement item without engaging in a standard procurement process if the Procurement Official makes a written determination that transitional costs are a significant consideration in selecting a procurement item and the results of a cost-benefit analysis demonstrate that transitional costs are unreasonable or cost-prohibitive and that awarding a contract without engaging in a standard procurement process is in the best interest of the District.

[Utah Code § 63G-6a-802\(1\)\(b\) \(2020\)](#)

[Utah Admin. Rules R33-8-101\(1\)\(b\) \(June 21, 2017\)](#)

Definitions

“Transitional costs” mean the costs of changing from an existing provider of, or type of, a procurement item to another provider of, or type of, procurement item, including training costs, conversion costs, compatibility costs, costs associated with system downtime, disruption of service costs, staff time necessary to implement the change, installation costs, and ancillary software, hardware, equipment, or construction costs. “Transitional costs” do not include (1) the costs of preparing for or engaging in a procurement process, or (2) contract negotiation or contract drafting costs, or (3) costs associated with a trial use or testing of a procurement item under a trial use contract.

[Utah Code § 63G-6a-103\(93\) \(2020\)](#)

“Competing type of procurement item” means a type of procurement item that is the same, equivalent, or superior to the existing type of procurement item currently under contract in all material aspects including performance, specifications, scope of work, and provider qualifications, certifications, and licensing.

[Utah Admin. Rules R33-8-101b\(1\)\(a\) \(June 21, 2017\)](#)

“Competing provider” means another provider other than the existing provider under contract that provides a competing type of procurement item.

[Utah Admin. Rules R33-8-101b\(1\)\(b\) \(June 21, 2017\)](#)

“Significant,” “unreasonable or cost-prohibitive” transitional costs are defined as costs associated with changing from an existing provider of a procurement item to another provider of that procurement item or from an existing type of procurement item to another type that (a) constitute a measurably large amount that would likely have an influence or effect on the award of a contract if a competitive procurement were to be conducted for the procurement item being considered; and (b) provides a compelling justification for not conducting a competitive standard procurement process.

[Utah Admin. Rules R33-8-101b\(1\)\(c\) \(June 21, 2017\)](#)

Cost-benefit analysis

Before awarding a contract under the transitional costs/cost-benefit procurement process, the District shall complete a written cost-benefit analysis with regard to the procurement to determine whether the procurement is permitted. The cost-benefit analysis shall be considered by the Procurement Official before approving the procurement. This cost-benefit analysis should not be overly time-consuming to complete, nor should it involve hiring costly consultants or engaging in costly financial analysis.

[Utah Admin. Rules R33-8-101b\(5\), \(6\) \(June 21, 2017\)](#)

The cost-benefit analysis must consider the following transitional costs: (a) costs that are directly associated with changing from an existing provider of a procurement item to a competing provider of that procurement item or from an existing type of procurement item to a competing type of procurement item; and (b) A full lifecycle cost analysis of the existing type of procurement item and competing type of procurement items in order to determine which procurement item is more cost-effective.

[Utah Admin. Rules R33-8-101b\(2\) \(June 21, 2017\)](#)

The cost-benefit analysis may consider the following transitional costs: (a) any costs identified in the definition of “transitional costs” set forth above, (b) costs offered by a competing provider(s) for a competing type of procurement item in a competitive bid or RFP process conducted within the last 12 months, (c) costs offered by a competing provider(s) for a competing type of procurement item in a competitive bid or RFP process conducted prior to the most recent 12 months, updated using an applicable price index, (d) written cost estimates obtained by the District from a competing provider(s) for a competing type of procurement item, and (e) other transitional costs determined to be applicable by the Procurement Official.

[Utah Admin. Rules R33-8-101b\(3\) \(June 21, 2017\)](#)

The cost-benefit analysis may NOT consider the following costs: (a) costs excluded from the definition of “transitional costs” above, (b) data provided by the existing provider for the purpose of establishing either the market value of the existing type of procurement item or a competing provider’s price for a competing

type of procurement item, (c) costs associated with any other procurement item other than the existing type of procurement item or a competing type of procurement item, (d) non-monetary factors, such as the provider's performance, agency preference, and other data or information not specific to the transitional costs associated with the existing type of procurement item or a competing type of procurement item, (e) factors other than the monetary transitional costs directly associated with changing from an existing provider of a procurement item to a competing provider of that procurement item or from an existing type of procurement item to a competing type of procurement item, and (f) other transitional costs or other information deemed inappropriate by the Procurement Official.

[Utah Admin. Rules R33-8-101b\(4\) \(June 21, 2017\)](#)

Specified Other Circumstances Procurement—

The District may award a contract for a procurement item without engaging in a standard procurement process if the Procurement Official makes a written determination that awarding a contract through a standard procurement process is impractical and not in the best interest of the District.

[Utah Code § 63G-6a-802\(1\)\(c\) \(2020\)](#)

[Utah Admin. Rules R33-8-101\(1\)\(c\) \(June 21, 2017\)](#)

In considering whether the use of a standard procurement process is impractical and not in the best interest of the District, the Procurement Official may consider the following circumstances:

1. awarding the contract to a specific supplier, service provider, or contractor is a condition of a donation or grant that will fund the full cost of the supply, service, or construction item;
2. the procurement item is public utility services and only one public utility service of the type is available in an area;
3. the procurement item is one where compatibility is the overriding consideration; or
4. the procurement item is a used item that presents a unique, specialized, or time-limited buying opportunity.

[Utah Admin. Rules R33-8-101c \(June 21, 2017\)](#)

Prior to awarding a contract under this process, the District must follow the procedure outlined above for the "Notice of Intent to Award a Contract Without Engaging in a Standard Procurement Process."

[Utah Admin. Rules R33-8-101d \(June 21, 2017\)](#)

Trial Use Contracts—

A "trial use contract" is a contract between the District and a vendor for a procurement item where the purpose of the contract is (1) to determine whether the item will benefit the District, (2) to assess the feasibility of an item that is new or

innovative or has a proposed use or application that is novel or unproven, or (3) to evaluate whether to conduct a standard procurement process for the item being tested.

[Utah Code § 63G-6a-802.3\(1\)\(a\) \(2020\)](#)

The District may award a trial use contract without engaging in a standard procurement process if the contract is (1) awarded for a procurement item that is not already available to the District under an existing contract, (2) restricted to the procurement of a procurement item in the minimum quantity and for the minimum period of time necessary to test the procurement item, (3) the only trial use contract for the District for the same procurement item; and (4) not used to circumvent the purposes and policies of the Procurement Code.

[Utah Code § 63G-6a-802.3\(1\)\(b\) \(2020\)](#)

The period of trial use or testing of a procurement item under a trial use contract may not exceed 24 months, unless the Procurement Official provides a written exception documenting the reason for a longer period.

[Utah Code § 63G-6a-802.3\(2\) \(2020\)](#)

A trial use contract shall:

- state that the contract is strictly for the purpose of the trial use or testing of a procurement item;
- state that the contract terminates upon completion of the trial use or testing period;
- state that the District is not obligated to purchase or enter into a contract for the procurement item, regardless of the trial use or testing result;
- state that any purchase of the procurement item beyond the terms of the trial use contract will be made in accordance with the Procurement Code; and
- include, as applicable:
 - test schedules;
 - deadlines and a termination date;
 - measures that will be used to evaluate the performance of the procurement item;
 - any fees and associated expenses or an explanation of the circumstances warranting a waiver of those fees and expenses;
 - the obligations of the District and vendor;
 - provisions regarding the ownership of the procurement item during and after the trial use or testing period;
 - an explanation of the grounds upon which the contract may be terminated;
 - a provision relating to any required bond or security deposit; and

- other requirements unique to the procurement item for trial use or testing.

[Utah Code § 63G-6a-802.3\(3\) \(2020\)](#)

The District is not required to publish notice of a trial use contract.

[Utah Code § 63G-6a-802.3\(4\) \(2020\)](#)

Contract Extension—

The Procurement Official may extend an existing contract without engaging in a standard procurement process as stated in this section.

A contract extension does not involve a standard procurement process. Because one of the purposes and policies of the Procurement Code is to ensure the fair and equitable treatment of all persons who deal with the procurement system and to foster effective broad-based competition within the free enterprise system, and the most effective way to achieve this is by conducting a standard procurement process whenever public funds are expended for a procurement item, a contract extension should only be used after thorough analysis and proper justification.

[Utah Admin. Rules R33-8-110\(1\) \(June 21, 2017\)](#)

Avoidance of contract extensions

In fulfillment of its contract administration duties, the District shall maintain a process or system for tracking contract expiration dates in order to determine well in advance of a contract expiration date if there is a continuing need for the procurement item. If the District determines there is a continuing need for the procurement item, the District unit shall whenever practicable initiate a standard procurement process no later than 90 days prior to the contract expiration date of an existing contract and no later than 45 days prior to the contract expiration date, publish, if applicable, a solicitation for the procurement item. However, if the District determines that a procurement will be complex or involve a change in industry standards or new specifications requiring negotiations, the District shall initiate a standard procurement process no later than 180 days prior to the contract expiration date and no later than 45 days prior to the contract expiration date, publish, if applicable, a solicitation for the procurement item.

[Utah Admin. Rules R33-8-110\(2\) \(June 21, 2017\)](#)

Circumstances which do not justify contract extension

Contract extension is not justified if there has been an intentional delay in conducting a standard procurement process to award a contract to replace an expiring contract, or if there has been an intentional delay in executing a contract to replace an expiring contract. An improper avoidance of use of a standard procurement process in order to extend the duration of an existing contract with a vendor may be considered steering a contract to a favored provider, which is unlawful conduct.

[Utah Admin. Rules R33-8-110\(3\), \(4\) \(June 21, 2017\)](#)

Process for contract extension

An existing contract may be extended for a period not to exceed 120 days if:

- an extension is necessary to either
 - avoid a lapse in a critical governmental service, or
 - to mitigate a circumstance that is likely to have a negative impact on public health, safety, welfare, or property, and
- the District is engaged in a standard procurement process for an item that is the subject of the contract being extended, and
 - the standard procurement process is delayed due to unintentional error, or
 - a change in industry standards requires one or more significant changes to specifications for the procurement item, or
 - the extension is necessary to either
 - prevent the loss of federal funds, or
 - mitigate the effects of a delay of a state or federal appropriation, or
 - to enable the District to continue to receive a procurement item during a delay in the implementation of a contract awarded pursuant to a procurement that has already been conducted, or
 - to enable the District to continue to receive a procurement item during a period of time during which negotiations with a vendor under a new contract for the item are being conducted;

An existing contract may be extended for the period of a protest, appeal, or court action if such protest, appeal, or court action is the reason for delaying the award of a new contract.

An existing contract may be extended for a period exceeding 120 days if, after consulting with the attorney general or the District's attorney, the Procurement Official determines in writing that the extension does not violate state or federal antitrust laws and is consistent with the purpose of ensuring the fair and equitable treatment of all persons who deal with the procurement system.

[Utah Code § 63G-6a-802.7 \(2020\)](#)

Emergency Procurement—

Notwithstanding any other District policy regarding procurement, the Procurement Official may authorize an emergency procurement without using a standard procurement process if the procurement is necessary to mitigate circumstances that create harm or risk of harm to public health, safety, welfare, or property. Circumstances that may create harm or risk of harm to public health, welfare, safety, or property include:

1. damage to a facility or infrastructure resulting from flood, fire, earthquake, storm, or explosion;
2. failure or imminent failure of a public building, equipment, road, bridge or utility;
3. terrorist activity;
4. epidemics;
5. civil unrest;
6. events that impair the ability of a public entity to function or perform required services;
7. situations that may cause harm or injury to life or property; or
8. other conditions as determined in writing by the Procurement Official.

Emergency procurements are limited to those procurement items necessary to mitigate the emergency.

The District shall ensure that the procurement is made with as much competition as reasonably practicable (through use of phone quotes, Internet quotes, limited invitations to bid, or other selection methods) while avoiding harm, or risk of harm, to the public health, safety, welfare, property, or impairing the ability of a public entity (including the District) to function or perform required services.

After the emergency condition has been alleviated, the District shall prepare a written determination documenting the basis for the emergency and the selection of the procurement item. This determination shall be kept in the contract file.

[Utah Admin. Rules R33-8-401 \(June 21, 2017\)](#)

Procurement from Community Rehabilitation Programs—

The Utah Purchasing from Persons with Disabilities Advisory Board establishes a preferred procurement contract list of goods and services available for purchase from community rehabilitation programs, developing, maintaining, and approving a preferred procurement contract list of goods and services. Unless the fiscal year threshold has been reached as stated below, the District shall purchase goods and services using this preferred procurement contract list if:

- the good or service offered for sale by a community rehabilitation program reasonably conforms to the needs and specifications of the District;
- the community rehabilitation program can supply the good or service within a reasonable time; and
- the price of the good or service is reasonably competitive with the cost of procuring the good or service from another source.

Procurement from this preferred procurement contract list may be done without using a standard procurement process.

The requirement that the District purchase available goods from this preferred procurement contract list does not apply during a particular fiscal year if the Division of Purchasing and General Services determines that the total amount of procurement contracts with community rehabilitation programs has reached \$5 million for that fiscal year.

[Utah Code § 63G-6a-805\(4\), \(7\), \(9\) \(2016\)](#)

Purchase of Prison Industry Goods—

The District may purchase goods and services from the Utah Correctional Industries Division without following a standard procurement process. The director of Utah Correctional Industries publishes a catalog of goods and services which includes a description and price of each item offered for sale. In determining whether to procure a goods or services from the Correctional Industries Division, the Procurement Official shall consider whether such procurement is in the best interests of the District, including for example (a) whether the good or service meets the reasonable requirements of the District, (b) when the good or service can be supplied by the division, and (c) whether the cost of the good or service, including basic price, transportation costs, and other expenses of acquisition, is competitive with the cost of procuring the item from another source.

Permissible and Impermissible Types of Contracts—

Except as otherwise provided in this policy, and subject to any rules made by the Procurement Policy Board, the District may use any type of contract that will promote its best interests. However, before the District uses any type of contract other than a firm fixed price contract, the Procurement Official must first make a written determination that:

1. the proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated;
2. the proposed contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles; and
3. the use of a specified type of contract, other than a firm fixed price contract, is in the best interest of the District, taking into consideration the following criteria:
 - a. the type and complexity of the procurement item;
 - b. the difficulty of estimating performance costs at the time the contract is entered into, due to factors that may include:
 - i. the difficulty of determining definitive specifications;
 - ii. the difficulty of determining the risks, to the contractor, that are inherent in the nature of the work to be performed; or
 - iii. the difficulty to clearly determine other factors necessary to enter into an accurate firm fixed price contract;
 - c. the administrative costs to the District and the contractor;
 - d. the degree to which the District is required to provide technical coordination during performance of the contract;
 - e. the impact that the choice of contract type may have upon the level of competition for award of the contract;
 - f. the stability of material prices, commodity prices, and wage rates in the applicable market;
 - g. the impact of the contract type on the level of urgency related to obtaining the procurement item;
 - h. the impact of any applicable governmental regulation relating to the contract; and

- i. other criteria that the Procurement Official determines may relate to determining the contract type that is in the best interest of the District.

Subject to this policy and any rules made by the Procurement Policy Board, the District may use the following types of contracts:

1. a fixed price contract;
2. a fixed price contract with price adjustment;
3. a time and materials contract;
4. a labor hour contract;
5. a definite quantity contract;
6. an indefinite quantity contract;
7. a requirements contract;
8. a contract based on a rate table in accordance with industry standards; or
9. a contract that includes one of the following construction delivery methods:
 - a. design-build;
 - b. design-bid-build; or
 - c. construction manager/general contractor.

Except as it applies to a change order, the District may not enter into a cost-plus-percentage-of-cost contract, unless:

1. use of a cost-plus-percentage-of-cost contract is approved by the Procurement Official;
2. it is standard practice in the industry to obtain the procurement item through that type of contract; and
3. the percentage and the method of calculating costs in the contract are in accordance with industry standards.

The District may not enter into a cost-reimbursement contract, unless the Procurement Official makes a written determination that: (1) either (a) a cost-reimbursement contract is likely to cost less than any other type of permitted contract; or (b) it is impracticable to obtain the procurement item under any other type of permitted contract; and (2) the proposed contractor's accounting system will both (a) timely develop the cost data in the form necessary for the District to timely and accurately make payments under the contract; and (b) allocate costs in accordance with generally accepted accounting principles.

[Utah Code § 63G-6a-1205 \(2020\)](#)

Determining allowable incurred costs under a cost-based contract

Except as provided below, a person who seeks to be, or is, a party in a cost-based contract with the District shall submit cost or pricing data relating to

determining the cost or pricing amount and shall certify that, to the best of the contractor's knowledge and belief, the cost or pricing data submitted is accurate and complete as of the date specified by the District. The Procurement Official shall ensure that the specified date is before (a) the pricing of any contract awarded by a standard procurement process or pursuant to a sole source procurement, if the total contract price is expected to exceed an amount established by rule of the Procurement Policy Board made by the applicable rulemaking authority; or (b) the pricing of any change order that is expected to exceed an amount established by rule of the Procurement Policy Board.

A contract or change order that requires a cost or pricing data certification shall include a provision that the price to the District, including profit or fee, shall be adjusted to exclude any significant sums by which the District finds that the price was increased because the contractor provided cost or pricing data that was inaccurate, incomplete, or not current as of the date specified by the Procurement Officer.

A cost-reimbursement contract does not have to meet the cost or pricing data requirements above if:

1. the contract price is based on adequate price competition;
2. the contract price is based on established catalogue prices or market prices;
3. the contract price is set by law or rule; or
4. the procurement states, in writing that in accordance with Procurement Policy Board rules the requirements may be waived and sets forth the reasons for that waiver.

[Utah Code § 63G-6a-1206 \(2020\)](#)

Price Adjustments

For contracts that expressly allow price adjustments, cost or pricing data shall be required in support of a proposal leading to the adjustment of any contract pricing. Such data does not need to be provided when the terms of the contract state established market indices, catalog prices or other benchmarks are used as the basis for contract price adjustments or when prices are set by law or rule. If a contractor submits a price adjustment higher than established market indices, catalog prices or other benchmarks established in the contract, the Procurement Official may request additional cost or pricing data. The Procurement Official may waive the requirement for cost or pricing data provided a written determination is made supporting the reasons for the waiver. A copy of the determination shall be kept in the contract file.

If defective cost or pricing data was used to adjust a contract price, the vendor and the District may enter into discussions to negotiate a settlement. If a settlement cannot be negotiated, either party may seek relief through the courts.

[Utah Admin. Rules R33-12-602 \(June 21, 2017\)](#)

Installment payments and contract prepayments

The District may enter into a contract which provides for installment payments, including interest charges, over a period of time, if the Procurement Official makes a written finding that:

1. the use of installment payments is in District's interest;
2. installment payments are not used as a method of avoiding budgetary constraints;
3. the District has obtained all budgetary approvals and other approvals required for making the installment payments;
4. all aspects of the installment payments required in the contract are in accordance with the requirements of law; and
5. for a contract awarded through an invitation for bids or a request for proposals, the invitation for bids or request for proposals indicates that installment payments are required or permitted.

The District may not pay for a procurement item before the District receives the procurement item unless the Procurement Official determines that it is necessary or beneficial for the District to pay for the procurement item before the District receives the procurement item. Such circumstances include (a) when it is customary in the industry to prepay for the procurement item, (b) if the District will receive an identifiable benefit by prepaying, including reduced costs, additional procurement items, early delivery, better service, or better contract terms; or (c) such other circumstances as may be permitted by Procurement Policy Board rule. The determination shall be in writing unless the Procurement Policy Board has by rule identified circumstances when it is not necessary to be in writing and those circumstances are present.

A prepaid expenditure shall be supported by documentation indicating:

1. the amount of the prepayment;
2. the prepayment schedule;
3. the procurement items to which each prepayment relates;
4. the remedies for a contractor's noncompliance with requirements relating to the provision of the procurement items; and
5. all other terms and conditions relating to the payments and the procurement items.

The Procurement Official may require a performance bond, of up to 100% of the prepayment amount, from the person to whom the prepayments are made.

[Utah Code § 63G-6a-1208 \(2020\)](#)

Leases of personal property

As used in this policy, “lease” means for the District to lease or lease-purchase a procurement item from a person. (This does not apply to the lease of real property.) The District may only lease a procurement item if each of the following requirements is met:

1. the Procurement Official determines that it is in the best interest of the District to lease the procurement item, after investigating and considering the costs and benefits of alternative means of obtaining the procurement item;
2. all conditions for renewal and costs of termination are included in the lease;
3. the lease is awarded through a standard procurement process or a valid exception described in Policy CBF;
4. for a standard procurement process, the invitation for bids, request for proposals, or request for quotes states that the District is seeking, or willing to consider, a lease (or a lease purchase);
5. the lease is not used to avoid competition; and
6. the lease complies with all other applicable provisions of law or rule.

Technology modifications

A contract may be modified to incorporate new technology or technological upgrades if the modification is agreed to by all parties and if the modification is executed using the process set out in the contract for other contract modifications. Otherwise, a contract may be modified to incorporate new technology or technological upgrades only if the modification is specific to the procurement item being solicited and substantially within the scope of the original procurement or contract and if the solicitation leading to the award of the contract contained one of the following statements: (1) that the awarded contract may be modified to incorporate new technology or technological upgrades associated with the procurement item being solicited, including new or upgraded systems, apparatuses, modules, components, and other supplementary items; or (2) that a maintenance or service agreement associated with the procurement item under contract may be modified to include any new technology or technological upgrades. No contract may be extended beyond the term of the contract included in the solicitation except as provided in the Utah Procurement Code.

[Utah Admin. Rules R33-12-502 \(June 21, 2017\)](#)

Multiyear contracts

The District may enter into a multiyear contract if the Procurement Official determines, in his or her discretion, that doing so is in the District’s best interest and the other requirements of this section are satisfied. The Procurement Official shall consider whether the multiyear contract will:

- result in significant savings to the District, including (a) reduction of the administrative burden in procuring, negotiating, or administering contracts, (b) continuity in operations of the District, or (c) the ability to obtain a volume or term discount;
- encourage participation by a person who might not otherwise be willing or able to compete for a shorter term contract; or
- provide an incentive for a bidder or offeror to improve productivity through capital investment or better technology.

The invitation for bids or request for proposals must (a) state the term of the contract, including all possible renewals of the contract, (b) state the conditions for renewal of the contract, and (c) include the pertinent funding and renewal condition provision applicable to the contract.

Except as stated below with regard to contracts with federal funding and regardless of anything in an invitation for bids, request for proposals, or a contract, no multiyear contract may continue or be renewed for any year after the first year of the multiyear contract if adequate funds are not appropriated or otherwise available to continue or renew the contract.

A multiyear contract that is funded solely by federal funds may be continued or renewed for any year after the first year of the multiyear contract if:

1. adequate funds to continue or renew the contract have not been, but are expected to be appropriated by, and received from, the federal government;
2. continuation or renewal of the contract before the money is appropriated or received is permitted by the federal government; and
3. the contract states that it may be cancelled or suspended, without penalty, if the anticipated federal funds are not appropriated or received.

A multiyear contract that is funded in part by federal funds may be continued or renewed for any year after the first year of the multiyear contract if:

1. the portion of the contract that is to be funded by District funds are appropriated;
2. adequate federal funds to continue or renew the contract have not been, but are expected to be, appropriated by, and received from, the federal government;
3. continuation or renewal of the contract before the federal money is appropriated or received is permitted by the federal government; and
4. the contract states that it may be cancelled or suspended, without penalty, if the anticipated federal funds are not appropriated or received.

The District may not continue or renew a multiyear contract after the end of the multiyear contract term or the renewal periods described in the contract, unless

the District engages in a new standard procurement process or complies with a valid exception to standard procurement.

A multiyear contract, including any renewal periods, may not exceed a period of five years, unless the Procurement Officer makes a written determination that the longer period is necessary in order to obtain the procurement item, or that a longer period is customary for industry standards, or that a longer period is in the best interest of the District. This written determination must be included in the file relating to the procurement. However, this limitation does not apply to a contract for the design or construction of a facility, a road, or a contract for the financing of equipment.

[Utah Code § 63G-6a-1204 \(2014\)](#)

Multiple award contracts

The District may enter into multiple award contracts with multiple persons through a standard procurement process as provided in this section. Multiple award contracts may be in the District's best interest if award to two or more bidders or offerors for similar procurement items is needed or desired for adequate delivery, service, availability, or product compatibility.

In entering into or seeking to enter into multiple award contracts, the District shall exercise care to protect and promote competition among bidders or offerors and shall name all eligible users of the multiple award contracts in the invitation for bids or request for proposals. If the District anticipates entering into multiple award contracts before issuing the invitation for bids or request for proposals, the invitation or request shall state that the District may enter into multiple award contracts at the end of the procurement process.

Once the District has entered into multiple award contracts, it shall obtain under those contracts all of its normal, recurring requirements for the procurement items that are the subject of the contracts until the contracts terminate. However, the District shall in the contracts reserve the right to obtain the procurement items separately from the contracts if either (a) there is a need to obtain a quantity of the procurement items that exceeds the amount specified in the contracts, or (b) the Procurement Officer makes a written finding that the procurement items available under the contract will not effectively or efficiently meet a nonrecurring special need of the District.

[Utah Code § 63G-6a-1204.5 \(2020\)](#)

Awarding multiple award contracts

Multiple award contracts are appropriate when two or more bidders or offerors for similar procurement items are needed for coverage on a statewide, regional, combined statewide and regional basis, agency specific requirement, or other criteria specified in the solicitation such as (a) delivery, (b) service, (c) product availability, or (d) compatibility with existing equipment or infrastructure.

In addition to the information required in an invitation for bids or request for proposals, when it is anticipated that a procurement will result in multiple contract awards, the solicitation shall include a statement that:

1. Indicates that contracts may be awarded to more than one bidder or offeror;
2. Specifies whether contracts will be awarded on a statewide, regional, combined statewide and regional basis, or agency specific requirement; and
3. Describes specific methodology or a formula that will be used to determine the number of contract awards.

Multiple award contracts in an invitation for bids shall be conducted in accordance with the requirements for a bidding procurement process and awarded to the lowest responsive and responsible bidder(s) who meet the objective criteria described in the invitation for bids. The contracts may be awarded using the following methods:

1. Based on the lowest bids for all procurement items solicited provided the solicitation indicates that multiple contracts will be awarded to the lowest bidders for all procurement items being solicited as determined by the following methods:
 - a. all bids within a specified percentage, not to exceed five percent, of the lowest responsive and responsible bid, unless otherwise approved in writing by the Procurement Official;
 - b. all responsive and responsible bidders will be awarded a contract, provided the contract specifically directs that orders must be placed first with low bidder unless the lowest bidder cannot provide the needed procurement item, then with the second lowest bidder unless the second lowest bidder cannot provide the needed procurement item, then with the third lowest bidder unless the third lowest bidder cannot provide the needed procurement item, and so on in order from the lowest responsive and responsible bidder to the highest responsive and responsible bidder; or
 - c. other methodology described in the solicitation to award contracts;
2. Based on the lowest bid by category, provided:
 - a. the solicitation indicates that a contract will be awarded based on the lowest bid per category;
 - b. only one bidder may be awarded a contract per category;
3. Based on the lowest bid by line item, provided:
 - a. the solicitation indicates that a contract will be awarded based on the lowest bid per line item, task or service;
 - b. only one bidder may be awarded a contract per line item, task or service; or

4. Based on another specific objective methodology described in the solicitation, such as for primary and secondary contracts (as described below), approved by the Procurement Official.

Multiple award contracts in a request for proposals shall be conducted and awarded in accordance with the requirements for a request for proposals procurement process and awarded in accordance with point thresholds and other methodology set forth in the request for proposals describing how multiple award contracts will be awarded with enough specificity as to avoid the appearance of any favoritism affecting the decision of whether to award a multiple contract and who should receive a multiple award contract.

[Utah Admin. Rules R33-12-301 \(June 21, 2017\)](#)

Multiple award contracts for unidentified procurement items

An “unidentified procurement item” is a procurement item that at the time the solicitation is issued:

1. Has not been specifically identified but will be identified at some time in the future, such as an approved vendor list or approved consultant list;
2. Does not have a clearly defined project or procurement specific scope of work; and
3. Does not have a clearly defined project or procurement specific budget.

Unidentified procurement items may be procured under the applicable approved vendor list thresholds.

A request for proposals, request for statements of qualifications, or multi stage solicitation issued for a multiple award contract for unidentified procurement item(s) must specify the methodology that the District will use to determine which vendor under the multiple award contract will be selected. The methodology must include a procedure to document that the District is obtaining best value, including an analysis of cost and other evaluation criteria outlined in the solicitation. The methodology must also ensure the fair and equitable treatment of each multiple award contract vendor, including using methods to select a vendor such as:

1. a rotation system, organized alphabetically, numerically, or randomly;
2. assigning a potential vendor or contractor to a specified geographical area;
3. classifying each potential vendor or contractor based on the potential vendor's or contractor's field or area of expertise; or
4. obtaining quotes or bids from two or more vendors or contractors.

[Utah Admin. Rules R33-12-301a \(June 21, 2017\)](#)

Ordering from a multiple award contract

When buying a procurement item from a multiple award contract solicited through an invitation for bids, the District shall follow the following methods, depending on how the contracts were awarded.

1. When the contracts were awarded to all bids within a specified percentage, the District will obtain a minimum of two quotes for the procurement item and place the order for the procurement item with the vendor or contractor with the lowest quoted price. (This requirement does not apply if there is only one bidder award for the particular procurement item or only one bidder is awarded per geographical area.)
2. When the contracts were awarded to all responsive and responsible bidders, the District will place the order for the procurement item with the lowest bidder on contract unless the lowest bidder cannot provide the needed procurement item, then the order may be placed with the second lowest bidder unless the second lowest bidder cannot provide the needed procurement item and on, in order, from lowest bidder to highest bidder.
3. When the contracts were awarded based on some other methodology, the District will place the order in accordance with instructions contained in the contract for the procurement item.
4. When the contracts were awarded based on the lowest bidder by category, the District will place the order for the procurement item with the bidder awarded the contract for the applicable category.
5. When the contracts were awarded based on the lowest bidder by line item, the District will place the order for the procurement item with the bidder awarded the contract for the applicable line item.

When buying a procurement item from a multiple award contract solicited through a request for proposals, the District may place orders with any vendor or contractor under contract based on which procurement item best meets the needs of the District. Contracts awarded through the request for proposals process are awarded based on best value as determined by cost and non-price criteria specified in the request for proposals. As a result, all vendors, contractors and procurement items under contract issued through a request for proposals have been determined to provide best value to the District buying from these contracts.

The District may not use a multiple award contract to steer purchases to a favored vendor or use any other means or methods that do not result in fair consideration being given to all vendors that have been awarded a contract under a multiple award.

Primary and secondary contracts

Designations of multiple award contracts as primary and secondary may be made provided a statement to that effect is contained in the solicitation documents. When the Procurement Official determines that the need for procurement items will

exceed the capacity of any single primary contractor, secondary contracts may be awarded to additional contractors.

Purchases under primary and secondary contracts shall be made, initially to the primary contractor offering the lowest contract price until the primary contractor's capacity has been reached or the items are not available from the primary contractor, then to secondary contractors in progressive order from lowest price or availability to the next lowest price or availability, and so on.

The District or an audit entity under contract with the District may, at reasonable times and places, audit the books and records of a contractor or subcontractor which are related to the applicable contract or subcontract.

[Utah Code § 63G-6a-1206.3\(3\), \(4\) \(2016\)](#)

Inspections—

The District may enter a contractor's or subcontractor's manufacturing / production facility or place of business to:

- (1) inspect procurement items for acceptance by the District pursuant to the terms of a contract;
- (2) audit cost or pricing data or audit the books and records of any contractor or subcontractor; and
- (3) investigate in connection with an action to debar or suspend a person from consideration for award of contracts.

[Utah Admin. Rules R33-12-702 \(June 21, 2017\)](#)

Circumstances under which the District may perform inspections include inspections of the contractor's manufacturing/production facility or place of business, or any location where the work is performed, to determine:

- (1) whether the definition of "responsible", as defined in the Procurement Code and in the solicitation documents, has been met or are capable of being met; and
- (2) if the contract is being performed in accordance with its terms.

[Utah Admin. Rules R33-12-701 \(June 21, 2017\)](#)

In addition, contracts may provide that the District may inspect procurement items at the contractor's or subcontractor's facility and perform tests to determine whether the procurement items conform to solicitation and contract requirements.

[Utah Admin. Rules R33-12-703 \(June 21, 2017\)](#)

Inspections or tests shall be performed so as not to unduly delay the work of the contractor or subcontractor. No inspector may change any provision of the specifications or the contract without written authorization of the Procurement Officer or Board of Education or its designee. The presence or absence of an inspector or an inspection shall not relieve the contractor or subcontractor from any requirements of the contract.

When an inspection is made, the contractor or subcontractor shall provide without charge all reasonable facilities and assistance for the safety and convenience of the person performing the inspection or testing.

Procurement of Construction

Procurement of Construction—

The policies in this subsection, CC, apply to govern procurement of construction by the District. To the extent that the policies in this section differ from the District's other procurement policies, these policies shall govern. The District's remaining procurement policies otherwise govern procurement of construction.

Procurement of Construction: School Construction Bidding

Threshold for Application—

The requirements of this policy apply to any project for construction of any school or alteration of any existing school plant where the total estimated accumulated building project cost exceeds \$80,000. The District may not itself bid on school construction or alteration projects over the \$80,000 threshold except that if no acceptable bids are received in the bidding process it may use its own resources for the project.

If the District determines in accordance with Policy CCF to use a construction manager/general contractor as its method of construction contracting management on projects where the total estimated accumulative cost exceeds \$80,000, it shall select the construction manager/general contractor in accordance with the requirements of the Utah Procurement Code.

[Utah Code § 53E-3-703\(2\)\(a\), \(7\), \(8\) \(2019\)](#)

School Construction Bidding Process—

Notice

The Board of Education shall advertise for bids on the school construction or alteration project at least 10 days before the bid due date. The advertisement shall be published in a newspaper having general circulation throughout the state and in a newspaper published or having general circulation in any city or county that would be affected by the proposed project. In addition, the notice shall be posted at least 10 days before the deadline for bid submission on the District's main web site or on a state web site that is owned, managed by, or provided under contract with, the Utah Division of Purchasing and General Services.

The advertisement shall state:

1. that proposals for the building project are required to be sealed in accordance with plans and specifications provided by the Board of Education;
2. where and when the proposals will be opened;
3. that the Board of Education reserves the right to reject any and all proposals; and
4. that a person submitting a proposal is required to submit a certified check or bid bond of not less than 5% of the bid in the proposal, to accompany the proposal.

[Utah Code § 53E-3-703\(2\) \(2019\)](#)

[Utah Code § 63G-6a-112\(1\) \(2020\)](#)

Opening and Acceptance of Bids and Award of Contract

The Board of Education shall meet at the time and place specified in the advertisement and publicly open and read all received proposals. If satisfactory bids are received, the Board of Education shall award the contract to the lowest responsible bidder.

[Utah Code § 53E-3-703\(3\) \(2019\)](#)

Rejection of all bids

If none of the proposals are satisfactory, all shall be rejected and the Board of Education shall again advertise in the manner provided in this policy. If, after advertising a second time no satisfactory bid is received, the Board of Education may proceed under its own direction with the required project.

[Utah Code § 53E-3-703\(3\) \(2019\)](#)

Required security

The check or bond required to be submitted with the bid shall be drawn in favor of the Board of Education. If the successful bidder fails or refuses to enter into the contract and furnish the additional bonds required under this section, then the bidder's check or bond is forfeited to the District.

The District shall require payment and performance bonds of the successful bidder as required in Policy CCB.

The District may require in the proposed contract that up to 5% of the contract price be withheld until the project is completed and accepted by the Board of Education. If money is withheld, it will be placed in an interest-bearing account with the interest accruing for the benefit of the contractor and subcontractors. This money shall be paid upon completion of the project and acceptance by the District.

[Utah Code § 53E-3-703\(4\)-\(6\) \(2019\)](#)

Prohibition of Board Member Interest in School Construction—

Board members may not have a direct or indirect financial interest in the construction project contract.

[Utah Code § 53E-3-703\(9\) \(2019\)](#)

Procurement of Construction: Construction Bonds and Security

Bid Security Requirements—

Bid security in an amount equal to at least 5% of the amount of the bid shall be required for all competitive bidding for construction contracts estimated to exceed \$50,000. The Procurement Official may require an acceptable bid security for construction projects of \$50,000 or less. Bid security shall be a bond provided by a surety company authorized to do business in this state, the equivalent in cash, or any other form satisfactory to the District.

When a bidder fails to comply with the requirement for bid security described in the invitation for bids, the bid shall be rejected as nonresponsive unless the District determines that the failure to comply with the security requirements is nonsubstantial. Failure to submit an acceptable bid security may be deemed nonsubstantial if:

1. the bid security is submitted on a form other than the required bid bond form and the bid security meets all other requirements including being issued by a surety meeting the applicable requirements and the contractor provides acceptable bid security by the close of business of the next succeeding business day after being notified of the defective bid security; or
2. only one bid is received, and there is not sufficient time to re-solicit; or
3. the amount of the bid security submitted, though less than the amount required by the invitation for bids, is equal to or greater than the difference in the price stated in the next higher acceptable bid; or
4. the bid security becomes inadequate as a result of the correction of a mistake in the bid or bid modification, if the bidder increases the amount of guarantee to required limits within 48 hours after the bid opening.

After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids. If a bidder is permitted to withdraw a bid before award, no action shall be taken against the bidder or the bid security. If the successful bidder fails or refuses to enter into the contract or furnish the additional bonds required, then the bidder's bid security may be forfeited.

When issuing an invitation for a bid, the Procurement Official may not require a person or entity who is bidding for a contract to obtain a bond from a specific insurance or surety company, producer, agent, or broker.

Required Bonds—

When a construction contract is awarded by the District in excess of \$50,000, the contractor to whom the contract is awarded shall deliver the following bonds or security to the District, which shall become binding on the parties upon the execution of the contract:

- a performance bond satisfactory to the District that is in an amount equal to 100% of the price specified in the contract and is executed by a surety company authorized to do business in this state or any other form satisfactory to the District; and
- a payment bond satisfactory to the District that is in an amount equal to 100% of the price specified in the contract and is executed by a surety company authorized to do business in this state or any other form satisfactory to the District, which is for the protection of each person supplying labor, service, equipment, or material for the performance of the work provided for in the contract.

The performance bond shall be delivered to the District within fourteen days of the contractor receiving notice of the award of the construction contract. If the contractor fails to deliver the required performance or payment bond, the contractor's bid shall be rejected, its bid security may be enforced, and award of the contract may be made to the next lowest responsive and responsible bidder or next highest ranked offer.

The Procurement Official may not require a contractor to whom a contract is awarded to obtain a performance or payment bond from a specific insurance or surety company, producer, agent, or broker.

Form of Bonds—

The form of the bonds required by this policy shall be established by rule made by the Procurement Policy Board. Any person may obtain from the District a certified copy of a bond upon payment of the cost of reproduction of the bond and postage, if any.

[Utah Code § 63G-6a-1105 \(2020\)](#)

Waiver of Bonding Requirement—

The Procurement Official may waive any bonding requirement if it determines in writing that:

1. bonds cannot reasonably be obtained for the work involved;
2. the cost of the bond exceeds the risk to the District; or
3. bonds are not necessary to protect the District's interests.

If the District fails to obtain a payment bond it may become liable for unpaid amounts as provided by [Utah Code § 14-1-19](#).

Procurement of Construction: *Limitation on Change Orders*

Limitation on Change Orders—

A “change order” is a written alteration in specifications, delivery point, rate of delivery, period of performance, price, quantity, or other provisions of a contract, upon mutual agreement of the parties to the contract.

Under a construction contract, a change order that increases the contract amount may not be made without prior written certification that the change order is within the determined project or contract budget by either the Business Administrator or another administrator who is responsible for monitoring and reporting upon the status of the costs of the total project or contract budget.

A change order which will result in an increase in the total project or contract budget may not be made, unless either:

1. sufficient funds are added to the project contract or budget, or
2. the scope of the project or contract is adjusted to permit the degree of completion feasible within the total project or contract budget as it existed before the change order under consideration.

[Utah Code § 63G-6a-1207 \(2012\)](#)

Procurement of Construction: *Drug and Alcohol Testing for Construction Projects*

Definitions—

The following definitions apply in this policy:

- “Contractor” means a person who is or may be awarded a District construction contract.
- “Covered individual” means an individual who:
 - on behalf of a contractor or subcontractor provides services directly related to design or construction under a District construction contract, and
 - is in a safety sensitive position, including a design position that has responsibilities that directly affect the safety of an improvement to real property that is the subject of a District construction contract.
- “Drug and alcohol testing policy” means a policy under which a contractor or subcontractor tests a covered individual to establish, maintain, or enforce the prohibition of:
 - the manufacture, distribution, dispensing, possession, or use of drugs or alcohol, except the medically prescribed possession and use of a drug, or
 - the impairment of judgment or physical abilities due to the use of drugs or alcohol.
- “Random testing” means that a covered individual is subject to periodic testing for drugs and alcohol in accordance with a drug and alcohol testing policy and on the basis of a random selection process.
- “District construction contract” means a contract for design or construction entered into by the District.

[See Utah Code § 63G-6a-1303 \(2020\)](#)

District May Require Drug and Alcohol Testing for Construction Contracts—

As set forth in this policy, the District may determine to require contractors on construction contracts to implement drug and alcohol testing by requiring that the contractor demonstrate that the contractor:

1. has and will maintain a drug and alcohol testing policy during the period of the District construction contract that applies to the covered individuals hired by the contractor;
2. posts in one or more conspicuous places notice to covered individuals hired by the contractor that the contractor has the drug and alcohol testing policy;

3. subjects the covered individuals to random testing under the drug and alcohol testing policy if at any time during the period of the District construction contract there are 10 or more individuals who are covered individuals hired by the contractor; and
4. requires that as a condition of contracting with the contractor, a subcontractor meets these same requirements.

In determining whether to include a drug and alcohol testing requirement in a construction contract, the District may consider any relevant considerations, including whether imposing the requirement would jeopardize the receipt of federal funds, cause the construction contract to be a sole source contract, cause the state construction contract to be an emergency procurement, or impose an undue burden on contractors in light of the size of the project and the composition of the contractors likely to bid on the project. If a testing requirement is imposed and a contractor or subcontractor meets that requirement, this policy does not prevent a contractor or subcontractor from imposing or implementing any other lawful provision as part of a drug and alcohol testing policy. Drug and alcohol testing by contractors and subcontractors shall comply with the requirements of Title 34, Chapter 38 of the Utah Code, which sets out requirements relating to drug and alcohol testing by private employers.

[Utah Code § 63G-6a-1303\(2\), \(8\) \(2020\)](#)

[Utah Code § 34-38-1 et seq. \(2010\)](#)

Contractor Failure to Comply with Testing Requirements—

Subject to any rules issued by the Procurement Policy Board, if a contractor or subcontractor fails to comply with a testing requirement imposed under this policy, the contractor or subcontractor may be suspended or debarred in accordance with the Utah Procurement Code and the District's procurement policies. However, in such instance, the contractor or subcontractor shall be provided a process which includes reasonable notice and opportunity to cure a violation of the testing requirement before suspension or debarment in light of the circumstances of the District construction contract or the violation. In addition, a contractor is not subject to penalties for the failure of a subcontractor to comply with a testing requirement.

The failure of a contractor or subcontractor to comply with a testing requirement imposed under this policy may not be the basis for a protest or other action from a prospective bidder, offeror, or contractor or any appeal pursuant to the District's procurement policies. In addition, such failure may not be used by the District, a prospective bidder, an offeror, a contractor, or a subcontractor as a basis for an action that would suspend, disrupt, or terminate the design or construction under a District construction contract.

[Utah Code § 63G-6a-1303\(3\), \(5\) \(2020\)](#)

Limitation of District Responsibility for Testing—

After the District enters into a District construction contract which contains a testing requirement, the District is not required to audit, monitor, or take any other action to ensure compliance with such requirement. In addition, the District is not liable in any action related to this policy, including not being liable in relation to:

- a contractor or subcontractor having or not having a drug and alcohol testing policy;
- failure to test for a drug or alcohol under a contractor's or subcontractor's drug and alcohol testing policy;
- the requirements of a contractor's or subcontractor's drug and alcohol testing policy;
- a contractor's or subcontractor's implementation of a drug and alcohol testing policy, including procedures for collection of a sample, testing of a sample, evaluation of a test, or disciplinary or rehabilitative action on the basis of a test result;
- an individual being under the influence of drugs or alcohol; or
- an individual under the influence of drugs or alcohol harming another person or causing property damage.

[Utah Code § 63G-6a-1303\(6\) \(20\)](#)

Procurement of Construction: *Construction Management Methods*

Selection of Construction Management Methods—

The Procurement Official may select the appropriate method of construction contracting management for a particular District construction project. The Procurement Official shall include in the contract file a written statement describing the facts which led to the selection of a particular method of construction contracting management for a particular project.

[Utah Admin. Rules R33-13-204 \(June 21, 2017\)](#)

Before choosing a construction contracting management method, the Procurement Official shall carefully assess the project requirements and at a minimum shall consider the following factors:

- when the project must be ready to be occupied;
- the type of project (for example, school facilities, offices, support facilities);
- the extent to which the requirements of the District and the way they are to be met are known;
- the location of the project;
- the size, scope, complexity, and economics of the project;
- the amount, type, and source of funding and any resulting constraints necessitated by the funding source;
- the availability, qualification, and experience of District personnel to be assigned to the project and the amount of time that the District personnel can devote to the project;
- the availability, qualifications, and experience of outside consultants and contractors to complete the project under the various methods being considered;
- the results achieved on similar past projects and the methods used on those projects; and
- the comparative advantages and disadvantages of the construction contracting method and how methods might be adapted or combined to fulfill the District's needs.

[Utah Code § 63G-6a-1302\(2\), \(3\) \(2020\)](#)

[Utah Admin. Rules R33-13-203\(3\) \(June 21, 2017\)](#)

Common Construction Management Methods—

The following descriptions are provided for the more common construction contracting management methods which may be used by the District. The methods described are not all mutually exclusive and may be combined on a project. These descriptions are not intended to be fixed in respect to all construction projects. In each project, these descriptions may be adapted to fit the circumstances of that project.

1. **Single Prime (General) Contractor.** The single prime contractor method is typified by one business, acting as a general contractor, contracting with the District to timely complete an entire construction project in accordance with drawings and specifications provided by the District. Generally the drawings and specifications are prepared by an architectural or engineering firm under contract with the District. Further, while the general contractor may take responsibility for successful completion of the project, much of the work may be performed by specialty contractors with whom the prime contractor has entered into subcontracts.
2. **Multiple Prime Contractors.** Under the multiple prime contractor method, the District contracts directly with a number of general contractors or specialty contractors to complete portions of the project in accordance with the District's drawings and specifications. The District may have primary responsibility for successful completion of the entire project, or the contracts may provide that one or more of the multiple prime contractors has this responsibility.
3. **Design-Build.** In a design-build project, an entity, often a team of a general contractor and a designer, contract directly with the District to meet the District's requirements as described in a set of performance specifications and/or a program. Design responsibility and construction responsibility both rest with the design-build contractor. This method can include instances where the design-build contractor supplies the site as part of the package.
4. **Construction Manager Not at Risk.** A construction manager is a person experienced in construction that has the ability to evaluate and to implement drawings and specifications as they affect time, cost, and quality of construction and the ability to coordinate the construction of the project, including the administration of change orders as well as other responsibilities as described in the contract.
5. **Construction Manager/General Contractor (Construction Manager at Risk).** The District may contract with the construction manager early in a project to assist in the development of a cost-effective design. In a Construction Manager/General Contractor (CM/GC) method, the CM/GC becomes the general contractor and is at risk for all the responsibilities of a general contractor for the project, including meeting the specifications, complying with

applicable laws, rules and regulations, that the project will be completed on time and will not exceed a specified maximum price.

[Utah Admin. Rules R33-13-203\(5\) \(June 21, 2017\)](#)

Construction Manager / General Contractor—

Subject to this policy, the District may use a construction manager/general contractor as one method of construction contracting management. The construction manager/general contractor shall be selected using a standard procurement process or a valid exception to a standard process. In addition, when entering into a subcontract that was not specifically included in the construction manager/general contractor's cost proposal, the construction manager/general contractor shall procure the subcontractor by using a standard procurement process or a valid exception to a standard process in the same manner as if the subcontract work was procured directly by the District. A construction manager/general contractor contract may include provision by the contractor of operations, maintenance, or financing.

[Utah Admin. Rules R33-13-205\(1\), \(2\) \(June 21, 2017\)](#)

Design-Build Contract—

Subject to this policy, the District may use a design-build provider as one method of construction contracting management. A design-build contract may include a provision for obtaining the site for the construction project. A design-build contract may include provision by the contractor of operations, maintenance, or financing.

Procurement of Construction: *Procurement of Design Professional Services*

General Policy—

The District shall publicly announce all requirements for design professional services through a request for statement of qualifications and shall negotiate contracts for such services on the basis of demonstrated competence and qualification for the type of services required and at fair and reasonable prices. Such services shall be procured as provided in this policy except as otherwise provided in Policy CBDA regarding vendor qualification, Policy CBE regarding small purchase procurement, and Policy CBF regarding sole source and emergency procurement. This policy does not apply to the hiring of an architect or engineer as an employee of the District.

[Utah Code § 63G-6a-1502 \(2020\)](#)

Request for Statement of Qualifications—

In procuring design professional services, the Procurement Official shall issue a request for statement of qualifications and encourage design professionals engaged in the lawful practice of that profession to submit a statement of qualifications.

[Utah Code § 63G-6a-1502 \(2020\)](#)

[Utah Code § 63G-6a-1503\(1\) \(2015\)](#)

The request for statement of qualifications shall state the type of procurement item to which the request relates, the scope of the work to be performed, the instructions and the deadline for responding to the request, and the criteria to be used to evaluate statements of qualifications.

[Utah Admin. Rules R33-15-301 \(June 21, 2017\)](#)

The District may establish criteria in a request for statement of qualifications by which the qualifications of a design professional, as set forth in a statement of qualifications, will be evaluated, including:

1. basic information about the design professional;
2. the design professional's work history and experience;
3. qualifications, licenses and certifications;
4. management and staff;
5. applicable performance ratings earned by the design professional or references for similar work;
6. any quality assurance or quality control plan;
7. the quality of the design professional's past work product;

8. the time, manner of delivery, and schedule of delivery of the design professional services;
9. the design professional's financial solvency or financial statements;
10. any management plan for the project, including key personnel and sub-consultants for the project; and
11. other project specific criteria that the District establishes.

A request for statement of qualifications may not include a request for a price or a cost component for the design professional services.

[Utah Code § 63G-6a-1502.5 \(2015\)](#)

[Utah Admin. Rules R33-15-301\(2\)\(a\)\(iv\) \(June 21, 2017\)](#)

Selection Committee—

The District shall establish an evaluation committee for design professional services procurements. The evaluation committee shall consist of at least three members, at least one of which is well-qualified in the profession of architecture or engineering. The District shall ensure that committee members:

1. do not have any conflict of interest with any of the design professionals under consideration;
2. can fairly evaluate each statement of qualifications;
3. do not contact or communicate with any of the design professionals under consideration about the request for qualifications outside of the official evaluation process (from the issuance of the request until the selection is made), and
4. conduct the evaluation in a manner that ensures a fair and competitive process and avoids the appearance of impropriety.

[Utah Code § 63G-6a-1503\(3\) \(2015\)](#)

[Utah Admin. Rules R33-15-201 \(June 21, 2017\)](#)

The evaluation committee shall

1. evaluate current statements of qualifications and performance data on file with the District, together with those that may be submitted by other design professionals in response to the announcement of a proposed contract;
2. consider no fewer than three design professionals; and
3. based upon criteria established and published by the District, select no less than three of the design professionals considered to be the most highly qualified to provide the services required.

[Utah Code § 63G-6a-1503\(4\) \(2015\)](#)

Evaluation process

The evaluation committee shall evaluate and score each responsive statement of qualifications that has not been eliminated from consideration using the criteria described in the request for statement of qualifications. Criteria not described in the request for statement of qualifications may not be used to evaluate a statement of qualifications.

An evaluation committee may enter into discussions or conduct interviews with, or attend presentations by, the design professionals whose statements of qualifications are under consideration.

The evaluation committee shall rank the top three highest scoring design professionals, in order of their scores, for the purpose of entering into fee negotiations as provided below.

If fewer than three responsible design professionals submit statements of qualifications that are determined to be responsive but the District determines that it is in the best interest of the District to continue the fee negotiation and the contracting process with less than three design professionals, the Procurement Official shall issue a written determination explaining the basis for this determination.

The deliberations of an evaluation committee may be held in private; however, if the evaluation committee is a public body under the Utah Open and Public Meetings Act, the evaluation committee shall comply with the Act in closing a meeting for its deliberations.

[Utah Code § 63G-6a-1503.5 \(2020\)](#)

Restriction regarding public entities

If the District issues a request for statement of qualifications to procure design professional services and provides public notice of the request, a public entity inside or outside of Utah may not submit a statement of qualifications and the District may not award the contract to perform the design professional services to a public entity. This restriction does not apply to contracts for design professional services related to research activities or technology transfer.

[Utah Code § 63G-6a-1506 \(2020\)](#)

Determination of Compensation—

The Procurement Official shall award a contract to the qualified design professional whose statement of qualifications was awarded the highest score by the evaluation committee at compensation that the Procurement Official determines, in writing, to be fair and reasonable to the District. In making that determination, the Procurement Official shall take into account the estimated value, scope, and professional nature of the services and the complexity of the project or services.

If the Procurement Official is unable to agree to a satisfactory contract with the highest scoring design professional, at a price the Procurement Official determines to be fair and reasonable to the District, the Procurement Official shall formally terminate discussions with that design professional and undertake

discussions with the second highest scoring, qualified design professional. If the Procurement Official is unable to agree to a satisfactory contract with the second highest scoring design professional, at a price the Procurement Official determines to be fair and reasonable to the District, the Procurement Official shall formally terminate discussions with that design professional and undertake discussions with the third highest scoring, qualified design professional. If the Procurement Official is unable to award a contract at a fair and reasonable price to any of the highest scoring design professionals, the Procurement Official shall select additional design professionals and continue discussions in accordance with this section until an agreement is reached.

Procurement of Construction: *Construction and School-Site Acquisition Requirements*

School-Site Acquisition Requirements—

1. Prior to the acquisition of a school site, the District shall notify the following of its intent to acquire the site: (1) an affected local entity, (2) the Utah Department of Transportation, and (3) an electrical corporation, gas corporation, or telephone corporation (as defined in [Utah Code § 54-2-1](#)) that provides service or maintains infrastructure within the immediate area of the proposed site.

3. The local government entity may not, without the District's consent, disclose information provided by the District relating to a proposed school site acquisition prior to the District making a formal application to the local government entity relating to school construction.

[Utah Code § 53E-3-710\(1\), \(4\) \(2018\)](#)

School Site Requirements—

In selecting a school site, the District shall coordinate with the local health department regarding environmental health and safety issues to avoid unreasonable risks to the health and safety of students and staff. The site shall be located to minimize the negative influence of railroads, freeways, highways, heavy traffic roads, industrial areas, airports and aircraft flight patterns, fugitive dust, odors, or other

areas where auditory problems, malodorous conditions, or safety and health hazards exist.

 - i. ensure that the siting or expansion of a school in the intended location will comply with applicable local general plans and land use laws and will not conflict with entitled land uses;
 - ii. ensure that all local government services and utilities required by the school construction activities can be provided in a logical and cost-effective manner;
 - iii. avoid or mitigate existing and potential traffic hazards, including consideration of the impacts between the new school and future roadways; and
 - iv. maximize school, student and site safety.
3. The District shall submit the rough proposed site plan to the local governmental entity's design review committee for comments and the committee shall provide comments no later than 30 days after submission.
4. If otherwise permitted under [Utah Code § 10-9a-305\(3\)\(b\)](#) or [Utah Code § 17-27a-305\(3\)\(b\)](#), a local governmental entity may require the District to provide

a traffic study from a qualified independent third party if the local government entity determines that traffic flow, congestion, or other traffic concerns may require the study.

5. The District shall submit to the Utah Department of Transportation a child access routing plan.

The Board shall appoint a School District Building Official (SDBO) who has direct administrative and operational control of all construction, renovation, and inspection of the District's facilities and shall provide in writing the name of the SDBO to the State Board of Education. The SDBO and other District personnel shall act consistent with the State Board of Education resource manual on school building construction and inspections.

The SDBO shall:

1. monitor school district building construction to ensure compliance with the applicable provisions of the Code, including all statutes and administrative rules which control the construction, renovation, and inspection of Utah public school buildings;

Construction Inspection—

Building inspectors employed by the District must be currently International Code Council commercially certified and licensed in Utah, in the trade specific to the inspection, consistent with Utah law and Resource Manual requirements.

The District may employ one of three methods for school construction inspection:

1. an independent, properly licensed and certified building inspector;
 - a. The independent building inspector shall:
 - i. not be, or be an employee of, the architect, developer, contractor or any subcontractor on the project, or any management company or other agency hired by the District to perform construction or construction administrative services;
 - ii. be approved by the applicable local government entity where the construction occurs; and
 - iii. be properly licensed and certified to perform all of the inspections that the inspector is required to perform.
 - b. The independent building inspector may be an inspector working outside the municipality, county, or school district in which they are employed.
2. a properly licensed and certified building inspector, employed by the school district and performing school construction inspections within the boundaries of the District; or
3. a properly licensed and certified building inspector approved by the local jurisdiction in which the construction activity occurs. (Inspectors employed by municipalities and counties may perform school construction inspections within the boundaries of the municipality or county where they are employed.)

Permanent Occupancy Certificate—

The means of obtaining a certificate of permanent occupancy varies depending on the type of building inspector used by the District.

District-employed building inspector

If the District used a building inspector employed by the District, the District may issue its own certificate authorizing permanent occupancy of a school building. The SDBO shall sign a certificate of inspection verification form certifying that all inspections were completed in accordance with Utah law and the Resource Manual and the District shall file the form with the building official of the local governmental entity where the building is located and with the State Board of Education.

Local government entity-employed building inspector

If the District used a building inspector employed by the local governmental entity, the District shall seek a certificate authorizing permanent occupancy from that governmental entity. Upon receipt of the certificate from the local governmental entity, the District shall file a copy of the certificate and a certificate of inspection verification with the State Board of Education.

Independent building inspector

If the District used an independent building inspector, the District shall, upon completion of all required inspections of the school building, file with the State Board of Education a certificate of inspection verification and a request for the issuance of a certificate authorizing permanent occupancy of the school building.

Within 30 days of the District's request to the State Board of Education for a certificate of permanent occupancy, the State Superintendent will either issue the certificate or notify the District of deficiencies in compliance with inspection requirements. The District shall remedy any deficiencies and then notify the State Superintendent that the deficiencies have been remedied. Upon certification of the information provided by the District regarding remediation, the State Superintendent will issue the certificate of permanent occupancy. Upon receipt of the certificate of permanent occupancy, the District shall provide a copy of the certificate to the building official of the local government entity where the building is located.

Upon the District's filing of the certificate of inspection verification and requesting the issuance of a certificate authorizing permanent occupancy of the school building with the State Board of Education, the District shall be entitled to temporary occupancy of the school building for a period up to ninety (90) days, beginning on the date the request is filed, if the District has complied with all minimum requirements to safeguard the public health, safety and general welfare of occupants.

A certificate authorizing permanent occupancy issued by the State Superintendent shall be considered to satisfy any municipal or county requirement(s) for an inspection or a certification of occupancy.

Municipality and County Requirements—

A municipality or county may, at its discretion, schedule a time with District officials to:

1. provide a walk-through of school construction at no cost and at a time convenient to the school district or charter school; and
2. provide recommendations based on the walk-through.

A municipality or county may **not**:

1. require the District to landscape, fence, make aesthetic improvements, use specific construction methods or materials, impose requirements for buildings used only for educational purposes, or place limitations prohibiting the use of temporary classroom facilities on school property. All temporary classroom facilities shall be properly inspected to meet the Code;
2. require the District to participate in the cost of any roadway or sidewalk, or a study of the impact of a school on a roadway or sidewalk, that is not reasonably necessary for the safety of school children and not located on or contiguous to school property, unless the roadway or sidewalk is required to connect an otherwise isolated public school or an existing roadway;
3. require the District to pay fees not authorized under 10-9a-305 or 17-27a-305;
4. require inspection of school construction or assess a fee or other charges for inspection, unless the District is unable to provide for inspection by properly licensed and certified inspectors, other than the project architect, contractor or subcontractors;
5. require the District to pay any impact fee for an improvement project unless the impact fee is imposed pursuant to the Impact Fees Act;
6. impose regulations upon the location of an educational facility except as necessary to avoid unreasonable risks to health or safety; or
7. for a use or structure that is a support facility rather than an educational facility, impose a regulation that is not imposed on similar uses or structures in the same zone, or a regulation that uses the tax exempt status of the District as a criterion for regulating the use or the location of the structure.

Procurement Appeals and Oversight

Procurement Oversight and Appeals—

The policies in Subsection CD set forth the procedures for protests relating to procurement decisions, appeals of protest decisions, the authority of the Procurement Officer, and improper actions and violations relating to procurement.

Procurement Appeals and Oversight: *Procurement Protests and Debarment Proceedings*

Definitions—

A “protestor” is a person who files a protest.

A “hearing” is a proceeding in which evidence (which may include oral testimony) or argument relevant to a protest is presented to a protest officer in connection with the protest officer’s determination of an issue of fact or law or both.

“Standing” means to have suffered an injury or harm or to be about to suffer imminent injury or harm, if the following are also satisfied:

1. the cause of the injury or harm is:
 - a. an infringement of the protestor’s own right and not the right of another person who is not a party to the procurement, and
 - b. reasonably connected to the District’s conduct, and
 - c. the sole reason the protestor is not considered, or is no longer considered, for an award of a contract under the procurement that is the subject of the protest, and
2. a decision on the protest in favor of the protestor
 - a. is likely to redress the injury or harm and
 - b. would give the protestor a reasonable likelihood of being awarded a contract, and
3. the protestor has the legal authority to file the protest on behalf of the actual or prospective bidder or offeror or prospective contractor involved in the procurement that is the subject of the protest

“Constructive knowledge” means knowledge or information that a protestor would have if the protestor had exercised reasonable care or diligence, regardless of whether the protestor actually has the knowledge or information. Such knowledge includes knowledge of:

1. applicable provisions of the Procurement Code, Procurement Policy Board rules, and the District’s procurement policies,
2. instructions, criteria, deadlines, and requirements contained in the solicitation or in other documents made available to persons interested in the solicitation or provided in a mandatory pre-solicitation meeting,
3. relevant facts and evidence supporting the protest or leading the protestor to contend that the protestor has been aggrieved in connection with a procurement,

4. communications or actions, pertaining to the procurement, of all persons within the protestor's organization or under the supervision of the protestor, and
5. any other applicable information discoverable by the exercise of reasonable care or diligence.

[Utah Code § 63G-6a-1601.5\(1\), \(2\), \(4\), \(5\) \(2017\)](#)

The “Protest Officer” for the District is the Procurement Official, or another employee of the District designated by the Procurement Official, or such other person as is designated by rule of the Procurement Policy Board.

[Utah Code § 63G-6a-103\(60\) \(2020\)](#)

The “protest appeal record” includes (1) a copy of the Protest Officer’s written decision; (2) all documentation and evidence the Protest Officer relied on in reaching the decision; (3) the recording of the hearing (if a hearing was held); (4) a copy of the written protest; and (5) all documentation and other evidence submitted by the protestor.

[Utah Code § 63G-6a-1601.5\(3\) \(2017\)](#)

Parties Who May Protest—

A protest may be filed with the Protest Officer by a person who has standing and who is aggrieved in connection with a procurement or an award of a contract.

[Utah Code § 63G-6a-1602\(1\) \(2017\)](#)

A person filing a protest may be asked to verify that the person has legal authority to file a protest when doing so on behalf of a corporation (public or private), governmental entity, sole proprietorship, partnership, or unincorporated association.

[Utah Admin. Rules R33-16-201 \(June 21, 2017\)](#)

Filing Protest—

Timing

In general, a protest must be filed before the opening of bids (if it relates to bidding) or the solicitation deadline (if it relates to another standard procurement process). If the protest relates to a multiple-stage procurement process, then it must be filed before the closing of the stage which is the subject of the protest.

However, these deadlines do not apply if the protestor did not know or have constructive knowledge of the facts giving rise to the protest before the deadline expired. In those cases, the protest must be filed within seven days after the date the person first knew or had constructive knowledge of the facts giving rise to the protest.

If the protest does not relate to a standard procurement process, then the protest must be filed within seven days after the date the person first knew or had constructive knowledge of the facts giving rise to the protest.

The deadlines for filing a protest may not be modified.

A person who fails to timely file a protest under this section may not protest to the Protest Officer a solicitation or award of a contract, or file an action or appeal challenging a solicitation or award of a contract before an appeals panel, a court, or any other forum.

[Utah Code § 63G-6a-1602\(2\), \(3\), \(7\) \(2017\)](#)

Contents

A person who files a protest under this section shall include in the filing document the protestor's mailing address and email address and a concise statement of the grounds upon which the protest is made. The statement of grounds for the protest must include the relevant facts and evidence leading the protestor to contend that a grievance has occurred, including but not limited to specifically referencing:

1. An alleged violation of the Utah Procurement Code;
2. An alleged violation of Utah Administrative Rules Title 33 or other applicable rule;
3. A provision of the solicitation allegedly not being followed;
4. A provision of the solicitation which is alleged to be ambiguous, confusing, contradictory, unduly restrictive, erroneous, anticompetitive, or unlawful;
5. An alleged error made by the evaluation committee or the District;
6. An allegation of bias by the evaluation committee or an individual committee member; or
7. A scoring criterion allegedly not being correctly applied or calculated.

[Utah Admin. Rules R33-16-101a\(2\)\(a\) \(June 21, 2017\)](#)

[Utah Code § 63G-6a-1602\(4\)\(a\) \(2017\)](#)

The "facts" alleged must be specific enough to enable the protest officer to determine, if such facts are proven to be true, whether a legitimate basis for the protest exists.

[Utah Admin. Rules R33-16-101a\(2\)\(b\) \(June 21, 2017\)](#)

None of the following qualify as a concise statement of the grounds for a protest:

1. claims made after the opening of bids or closing date of proposals that the specifications, terms and conditions, or other elements of a solicitation are ambiguous, confusing, contradictory, unduly restrictive, erroneous, or anticompetitive;
2. vague or unsubstantiated allegations that do not reference specific facts including, but not limited to, vague or unsubstantiated allegations such as that:
 - a. the protestor should have received a higher score or another vendor should have received a lower score;

- b. a service or product provided by a protestor is better than another vendor's service or product;
 - c. another vendor cannot provide the procurement item for the price bid or perform the services described in the solicitation;
 - d. the electronic procurement system used by the District was slow, not operating properly, was difficult to understand, could not be accessed or did not allow documents to be downloaded, or did not allow a response to be submitted after the submittal deadline expired;
 - e. the protestor did not receive individual notice of a solicitation or was unaware of the solicitation (where the District has complied with the public notice requirements); or
 - f. District officials, or the evaluation committee, or any committee member acted in a biased or discriminatory manner against the protestor; or
3. a request for:
- a. a detailed explanation of the thinking and scoring of evaluation committee members, beyond the official justification statement;
 - b. protected information beyond what is provided under the disclosure provisions of the Utah Procurement Code; or
 - c. other information, documents, or explanations reasonably deemed to be not in compliance with the Utah Code or this Policy by the protest officer.

[Utah Admin. Rules R33-16-101a\(2\)\(c\) \(June 21, 2017\)](#)

Dismissal for non-conforming protest

The Protest Officer may dismiss a protest if the concise statement of the grounds for the protest does not comply with the requirements set forth above.

[Utah Code § 63G-6a-1603\(1\) \(2020\)](#)

[Utah Admin. Rules R33-16-101a\(4\) \(June 21, 2017\)](#)

Effect of timely protest and continuation despite protest or appeal

The District may not proceed further with the solicitation or with the award of the contract while there is a pending protest and until all administrative and judicial remedies relating to the protest are exhausted (such as appeals to the Procurement Policy Board or further appeal to a court). However, the District may proceed with solicitation or award despite a pending protest or further proceeding if the Procurement Official, after consulting with the District's attorney, determines in writing that award of the contract without delay is in the best interest of the District.

[Utah Code § 63G-6a-1903 \(2020\)](#)

Intervention in a Protest—

Time to file motion to intervene

After a timely protest is filed, the Protest Officer shall notify awardees of the subject procurement and may notify others of the protest. A motion to intervene must be filed with the Protest Officer no later than ten days from the date such notice is sent by the Protest Officer. Only those motions to intervene made within this prescribed time will be considered timely, and late motions shall be denied. The District and those who are the intended beneficiaries of the procurement are automatically considered a party of record and need not file any motion to intervene. A copy of the motion to intervene shall also be mailed or emailed to the person protesting the procurement.

Form of motion to intervene

Any motion to intervene must state, to the extent known, the position taken by the person seeking intervention and the basis in fact and law for that position. A motion to intervene must also state the person's interest in sufficient factual detail to demonstrate that:

1. the person seeking to intervene has a right to participate which is expressly conferred by statute or by rule, order, or other administrative action;
2. the person seeking to intervene has or represents an interest which may be directly affected by the outcome of the proceeding, including any interest as a:
 - a. consumer;
 - b. customer;
 - c. competitor;
 - d. security holder of a party; or
 - e. person whose participation is in the public interest.

Ruling on motion to intervene

If no written objection to the timely motion to intervene is filed with the Protest Officer within seven calendar days after the motion to intervene is received by the protesting person, the person seeking intervention becomes a party at the end of this seven-day period. If an objection is timely filed, the person seeking intervention becomes a party only when the motion is expressly granted by the Protest Officer based on a determination that a reason for intervention exists as stated in this policy. Notwithstanding any provision of this policy, an awardee of the procurement that is the subject of a protest will not be denied their motion to intervene, regardless of its content, unless it is untimely filed.

[Utah Admin. Rules R33-16-301 \(June 21, 2017\)](#)

Determination on Protest—

Authority to resolve

A Protest Officer, or the Board of Education, may enter into a settlement agreement to resolve a protest.

[Utah Code § 63G-6a-1602\(8\) \(2017\)](#)

At any time during the protest process, if it is discovered that a procurement is out of compliance with any part of the Utah Procurement Code or governing regulations, including errors or discrepancies, the Procurement Official may take administrative action to correct or amend the procurement to bring it into compliance, correct errors or discrepancies or cancel the procurement.

[Utah Code § 63G-6a-106\(3\) \(2020\)](#)

[Utah Admin. Rules R33-16-401 \(June 21, 2017\)](#)

Process for determining the protest

After a protest is filed, the Protest Officer shall first determine whether the protest is timely and fully complies with the content requirements set forth above. The Protest Officer shall, without holding a hearing, dismiss any protests which are not timely or which do not fully comply with the content requirements.

If the protest is timely and compliant, then the Protest Officer shall:

- dismiss the protest without holding a hearing if the Protest Officer determines that it alleges facts that, if true, do not provide an adequate basis for the protest; or
- uphold the protest without holding a hearing if the Protest Officer determines that the undisputed facts of the protest indicate that it should be upheld; or
- hold a hearing on the protest, following the procedures below, if there is a genuine issue of material fact or law that needs to be resolved in order to determine whether it should be upheld.

The fact that a Protest Officer holds a hearing, considers a protest, or issues a written decision does not affect a person's right to, at a later date, question or challenge the Protest Officer's jurisdiction to hold the hearing, consider the protest, or render the decision. A Protest Officer's determination of facts relating to a protest is final and conclusive on appeal unless shown to be arbitrary and capricious or clearly erroneous.

[Utah Code § 63G-6a-1603\(1\), \(2\), \(3\), \(4\)\(e\), \(10\) \(2020\)](#)

Protest records

The Protest Officer shall record each protest hearing. Regardless of whether a hearing is held, the Protest Officer shall preserve all records and other evidence relied upon in reaching the written decision. Such records may not be destroyed until the decision, and any appeal of the decision, becomes final. The Protest Officer shall submit the protest appeal record to the Procurement Policy Board within seven days after (a) notice of an appeal of the decision or (b) a request from the chair of the Procurement Policy Board.

[Utah Code § 63G-6a-1603\(4\)\(d\) \(2020\)](#)

Hearing process

For purposes of a protest hearing, the Protest Officer may subpoena witnesses and compel their attendance, may subpoena documents for production at the hearing, may obtain additional factual information, and may obtain testimony from experts, the person filing the protest, representatives of the District, or others. The Rules of Evidence do not apply to a protest hearing. The deliberations of the Protest Officer may be held in private.

[Utah Code § 63G-6a-1603\(4\), \(5\)\(a\) \(2020\)](#)

Written determination

A Protest Officer shall promptly issue a written decision regarding any protest that is not settled by mutual agreement. The decision shall state the reasons for the action taken, inform the protestor of the right to judicial or administrative review as provided in the District's procurement policies and the Procurement Code, and state the amount of the security deposit or bond required for a further appeal. The person issuing the decision shall mail, email, or otherwise immediately furnish a copy of the decision to the protestor. If the Protest Officer does not issue the written decision regarding a protest within 30 calendar days after the day on which the protest was filed with the Protest Officer, or within a longer period as may be agreed upon by the parties, the protestor may proceed as if an adverse decision had been received.

[Utah Code § 63G-6a-1603\(6\), \(9\) \(2020\)](#)

Effect of determination

A determination is effective until stayed or reversed on appeal, except as provided above. The determination is final and conclusive unless the protestor files an appeal with the Procurement Policy Board.

[Utah Code § 63G-6a-1603\(7\), \(8\)\(a\) \(2020\)](#)

Finding of a violation before the contract is awarded

If, before award of a contract, it is determined at any level of review that a procurement or proposed award of a contract is in violation of law, the procurement or proposed award shall be cancelled or revised to comply with the law.

[Utah Code § 63G-6a-1909 \(2012\)](#)

Finding of a violation after the contract is awarded

If after award of a contract it is determined at any level of review that a procurement or award of a contract is in violation of law, the following actions shall be taken:

1. if the person awarded the contract did not act fraudulently or in bad faith, then
 - a. the contract either may be ratified and affirmed, if it is in the best interests of the District, or may be terminated, and

- b. the person awarded the contract shall be compensated for the actual expenses reasonably incurred under the contract before the termination, plus a reasonable profit.
2. if the person awarded the contract acted fraudulently or in bad faith, then the contract either may be declared null and void or may be ratified and affirmed if it is in the best interests of the District, without prejudice to the District's rights to any appropriate damages.

Under no circumstances is a person entitled to consequential damages in relation to a solicitation or award of a contract under the procurement process, including consequential damages for lost profits, loss of business opportunities, or damage to reputation.

[Utah Code § 63G-6a-1907 \(2014\)](#)

Costs to or against protestor

If a protest is sustained at any level of review and the protesting bidder or offeror should have been awarded the contract under the solicitation but is not, the protestor is entitled to the reasonable costs incurred in connection with the solicitation, including bid preparation and appeal costs and any equitable relief determined to be appropriate by the Procurement Policy Board appeals panel or court.

If the final determination of a procurement appeals panel or other appellate body does not sustain the protest, the protestor shall reimburse the District for all expenses incurred in defending the appeal, including personnel costs, attorney fees, other legal costs, the per diem and expenses paid by the District to witnesses or appeals panel members, and any additional expenses incurred by the staff of the District who have provided materials and administrative services to the appeals panel for that case.

The notice of claims provisions of the Utah Governmental Immunity Act ([Title 63G, Chapter 7, Part 4, Utah Code](#)) and the undertaking provision of [Utah Code § 63G-7-601](#) do not apply to actions brought under this chapter by an aggrieved party for equitable relief or reasonable costs incurred in preparing or appealing an unsuccessful bid or offer

Debarment or Suspension Proceedings—

A person may be debarred or suspended for the causes set forth in Policy CBA. Before a person may be debarred or suspended, the Procurement Official must consult with the procurement unit involved in the matter for which debarment or suspension is sought (if that unit is not the District), consult with the District's attorney, give notice as set forth below, and hold a hearing as set forth below.

[Utah Code § 63G-6a-904\(1\)\(a\), \(b\) \(2020\)](#)

Notice of Debarment or Suspension—

An individual to be debarred or suspended must be given written notice of the reasons for which debarment or suspension is being considered and of the hearing at which debarment or suspension will be considered. This notice must be given at least 10 days before the date of the hearing.

[Utah Code § 63G-6a-904\(1\)\(b\)\(ii\) \(2020\)](#)

Hearing on Debarment or Suspension—

The Rules of Evidence do not apply in this informal hearing. The fact that an informal hearing is held on debarment or suspension or that a decision is issued does not prevent a person from later questioning or challenging the authority of the Procurement Official to hold the hearing or issue the decision.

[Utah Code § 63G-6a-904\(1\)\(c\)\(i\), \(ii\), \(iv\) \(2020\)](#)

Written decision

The Procurement Official shall promptly issue a written decision regarding any proposed debarment or suspension that is not settled by mutual agreement. The person issuing the decision shall mail, email, or otherwise immediately furnish a copy of the decision to the person subject to the decision.

[Utah Code § 63G-6a-904\(1\)\(c\)\(v\), \(vi\) \(2020\)](#)

Hearing record

Procurement Appeals and Oversight: *Procurement Protests and Debarment Appeals*

Appeal of Protest Decision to State Procurement Policy Board—

A party to a protest may appeal the protest decision to the Procurement Policy Board by filing a written notice of appeal with the chair of the Procurement Policy Board including the person's address and email address and a copy of the written decision and by complying with the security requirement discussed below. Building access and security—

1. Keys will be issued as follows:
 - a) High School and Middle School. Appropriate keys for each administrator and custodian.
 - b) Elementary School. Appropriate keys for each administrator, secretary and custodian.
2. To facilitate proper building security, a selected door in each school will be keyed for teachers and employees for after-hour use. This door will be one of the entry/exit doors on alarmed buildings.
3. All employees are to sign when checking a key in or out and will be given an authorization slip properly signed by the Principal.
4. No master key shall be issued to, or used by, anyone other than authorized District personnel.
5. All employees are to be out of the school by 8:00 p.m. and on weekends and holidays unless prior arrangements are made with the Principal and also the District Security Department. All employees are to contact the District Security Department when they remain in the building after normal closing hours or enter the building on weekends and holidays. The Principal will notify the District Security Department of persons authorized to be in the building during named hours and dates. Alarm codes are NOT to be given to unauthorized employees.
6. Employees who copy a key or disregard this policy, or who do not follow this policy will be subject to disciplinary action or termination.
7. Students shall not be issued keys or allowed in a building without adult employee supervision.
8. No keys are to be issued to any member of the community, or club or organization.
9. The Security Department will be notified immediately whenever it is discovered that a school key is lost or stolen.

Use of School Facilities: *Employee Use of School Property*

Use of school property—

The following guidelines shall govern use of school facilities and property:

2. District personnel may also make incidental use of school property for personal matters if the value provided to the District by the employee's use of the property in fulfilling the employee's work duties substantially outweighs the personal benefit received by the employee from personal use.
3. Specific guidelines for incidental personal use of school property shall be established by the supervisor of the employee using the school property and consistent with the guidelines of this policy.

[Utah Code § 76-8-402\(1\), \(2\) \(2019\)](#)

Office machines—

The following guidelines govern use of office machines by school employees:

2. The laminating machines that are owned by the District may be used by District personnel for personal use provided costs of the materials are paid and authorization is given by the administrator responsible for the equipment.

3. Employees whose regular job requires them to use District computers may use those computers for personal use after regular working hours, consistent with guidelines and restrictions that may be established by District Information Technology personnel and Policies DMA, DMB, and DMC. Computer media used for personal data should either be supplied by the employee or purchased from the District.
4. Portable computers furnished by the District for employee use may be checked out for a specified time through the checkout procedure established by the Principal.

School Plant: *Hazardous Materials*

Safe Environment—

The Board of Education recognizes that there are many areas of the school operation, from science laboratories and art departments to custodial services and vehicle maintenance, which use a variety of materials that are hazardous. The Board adopts this policy to promote safety and compliance with applicable laws relating to hazardous materials, by providing for proper purchase, use, and disposal of hazardous materials in the District.

Definition—

Hazardous materials include any substance or mixture of substances that poses a fire, explosive, reactive or health hazard as more fully defined by law.

Procedures—

The Board, through the Superintendent, shall cause to be created procedures which address the purchase, storage, handling, transportation and disposal of hazardous materials for all school facilities and operations including instructional areas. Emergency response actions and evacuation plans shall be coordinated with the procedures. The Superintendent shall also develop written rules and procedures for notifying district administrators that hazardous waste has been discovered and/or produced and rules for the proper disposal of waste.

The procedures shall comply with all local, state and federal laws and regulations which pertain to the safe and proper storage, transportation and disposal of hazardous materials.

The goal of the procedures shall be to set into place an ongoing process by which each location in the district may begin a program of identifying and managing hazardous materials. District personnel shall be encouraged to make less dangerous substitutions for hazardous substances to the extent possible and to minimize the quantities of such substances stored on school property.

Training—

Appropriate school personnel shall be trained to take precautions to prevent accidents and to handle them in the event they do occur. These rules and regulations shall be distributed to all staff members in classified and certified handbooks.

Immunity—

It is not the intent of the Board to expand or modify the district's potential liability exposure through the adoption of this policy. The Board hereby expressly retains and does not waive immunity under the Utah Governmental Immunity Act or under any other law. The district's voluntary compliance with any statute or regulation to which it is not otherwise subject shall not be construed to create or assume any potential liability under any local, state or federal law or regulation.

Hazardous Materials

Program Supervisor—

Overall supervision of adherence to all hazardous materials policies and procedures within the district will be the responsibility of _____ who will serve as the hazardous materials program supervisor, referred to throughout these procedures as the "supervisor."

At each location, a district employee will be designated as the local hazardous materials coordinator, referred to throughout these procedures as the "coordinator." At each location, there also will be an alternate district employee designated as a backup to the coordinator.

The coordinator will be responsible for all aspects of dealing with hazardous materials at the location and will comply with all district policies and procedures and local, state and federal laws and regulations dealing with hazardous materials. The coordinator also will be responsible for reporting any violations of the district's hazardous materials policy or procedures simultaneously to the supervisor and the building/location administrator.

Initial Inventory and Material Identification

The supervisor will cause an initial inventory of all hazardous materials to be completed throughout the district to identify potentially hazardous substances. The supervisor will

[Choose either Option 1:] contract for a qualified hazardous materials person/firm to conduct the inventory of hazardous materials at each location with the assistance of the supervisor and the location/building administrator or a designee. This person/firm also will coordinate the identification of any unknown materials. The supervisor shall follow District procurement procedures in this contracting process.

[Or choose Option 2:] designate a qualified district employee to conduct the inventory of hazardous materials at each location with the assistance of the supervisor and the location/building administrator or a designee. This person also will coordinate the identification of hazardous materials.

The party conducting the inventory will work with at least one designated district employee at each location (either the coordinator or an individual directly in charge of any of the hazardous materials storage/use areas). The party conducting the inventory shall also provide training in the proper process of

identifying hazardous materials to the designated District employee at each location.

At the direction of the coordinator, these trained employees will conduct all future inventories.

The coordinator will arrange for the identification of any unknown suspected hazardous substance through the supervisor.

Tracking, Inventory, and Material Safety Data Sheets

Each coordinator will be responsible for logging in the receipt of all hazardous materials received at that location. The coordinator will track and keep complete written records of the storage, use and ultimate disposition of the hazardous materials. On or before *[insert month and day]* of each year, the coordinator will provide a copy of the current inventory log and record of disposition of all hazardous materials to the supervisor.

The supervisor will maintain a copy of each location's inventory and documentation of all hazardous materials. This information may be released to appropriate police, fire and emergency service authorities.

The supervisor will be responsible for establishing and maintaining the material safety data sheets (MSDS) system for the district.

Each operation and location will maintain a set of MSDS in its area for all hazardous materials present in or which are to be brought into the operation and location. These MSDS will be available for review and use by every district employee. The MSDS also will be available for inspection by appropriate police, fire, health and emergency service authorities.

The purchasing department and the warehouse each will maintain a set of MSDS for all hazardous materials which have been purchased or which are or have been stored.

Purchase of Hazardous Materials

In addition to following the district's regular purchasing procedures, an employee may purchase hazardous materials only with the approval of the coordinator for use at a specific location. The purchasing department will not process any purchase order which does not include the appropriate approval.

The supervisor, the purchasing department and the warehouse will maintain a list of hazardous materials (for which approval is required for purchase) which will be updated at least once a year.

Hazardous materials will not be purchased through any mechanism other than a purchase order through the purchasing department unless the following conditions are fulfilled:

1. The requester secures the prior written approval of the supervisor.
2. The requester provides written notice of the purchase along with copies of all supporting documents including MSDS and the reason for the purchase to the supervisor, the location/building administrator and the supervisor of purchasing.
3. All purchase orders for hazardous materials will include a requirement that the shipment of any such materials includes MSDS with any order or portion of the order. Purchase orders also will note that failure to provide MSDS with the shipment may result in either the district's refusing to accept the shipment or the district's conditionally accepting the shipment and refusing to pay for it until the MSDS are provided.

Any unapproved purchase of hazardous materials is forbidden. Such a purchase may be grounds for termination.

The above procedures also will apply to the acceptance of donated hazardous materials.

Storage, Recycling or Transfer of Hazardous Materials

The supervisor will designate an area or areas for storage of:

1. Materials which might become or are hazardous materials.
2. Hazardous materials which have been declared waste and are being held for disposal.

The supervisor may designate storage areas at each location if appropriate as well as a central district storage site.

When a coordinator has a material which qualifies as hazardous material at that location and which may require disposal, the coordinator will contact the supervisor to arrange for storage, transfer or disposal as appropriate. Materials no longer needed at one location may be available for transfer within the district to other programs or locations.

When materials are not needed by a district location, operation or program, the materials may be declared as waste. Only the supervisor is authorized to declare a hazardous material as waste.

Storage of hazardous materials will comply with federal, state and local law. All hazardous materials will be separated according to physical properties and

stored safely in storage areas appropriate to the risk posed by the materials. For example, volatile substances such as petroleum distillates will be stored in approved safety cabinets. Where appropriate, storage cabinets may be locked and access to students or non-authorized staff limited.

All containers for hazardous materials will be labeled to show date of receipt by the district, shelf life and expiration date. Where space permits, materials will be stored so that the oldest materials are used first (first in-first out).

Transfer of hazardous materials within the district will be accomplished in compliance with "Transportation of Hazardous Materials," below.

Disposal of Hazardous Materials

A coordinator or a location/building administrator should contact the supervisor if he or she believes that there may be hazardous materials at the location for which there is no immediate need or which may need to be disposed of. Only the supervisor is authorized to declare materials to be waste, excess or surplus and to order their disposal.

When materials are determined to be ready for disposal, the supervisor will arrange for disposal in a manner that complies with all local, state and federal laws and regulations.

Federal and state laws and regulations provide exemptions from certain regulatory requirements for small quantity generators, i.e., those entities or locations that generate waste in amounts below statutory or regulatory threshold amounts. Disposal determinations should preserve small quantity generator status for each location and for any central storage area.

The supervisor will maintain written documentation of the disposal of hazardous materials from all locations in the district. This documentation will be retained in permanent form at one additional location.

Transportation of Hazardous Materials

Transportation of hazardous materials will meet all local, state and federal requirements and will be coordinated by the supervisor.

Federal regulation of the transportation of hazardous materials is extensive, complex, requires significant insurance protection, and involves specialized training of staff and special equipment. Because the district cannot meet these requirements economically with current staff, equipment and training, the district will arrange for qualified third parties to transport any hazardous waste or hazardous materials outside the state.

Once a hazardous material is under district control, each location controlling the material will be responsible for the material until it is properly transported to

another district location. The supervisor will verify that the transportation used meets all district, local, state and federal transportation, financial responsibility and insurance requirements.

Unless the supervisor provides specific written approval, no district employee or volunteer will transport hazardous materials owned by or attributed to the district in a personal automobile.

Unless the supervisor provides specific written approval, no district employee or volunteer shall permit a student to transport hazardous materials owned by or attributed to the district in any vehicle, including district vehicles.

Any unauthorized transportation of hazardous materials is beyond the course and scope of the district employee's or volunteer's authority and is forbidden.

Emergency Response Plan

The supervisor will develop an emergency response plan that will enable any district employee aware of any incident involving hazardous material to take appropriate action to protect students, staff, the general public and district property.

This plan will comply with all applicable laws and regulations and will be coordinated with the district and the location evacuation plans.

In addition, a plan to handle spills and leaks will be developed for each location for all hazardous materials at the location. The plan will address immediate emergency procedures, required notification and clean-up procedure and will comply with all applicable laws and regulations.

All information regarding a hazardous materials incident will be released to the media or the public only by the district's communication officer, the superintendent or their designee. No other district employee is authorized to release information regarding any such incident.

The supervisor will coordinate with the district's legal counsel and the superintendent's office any notification or reports to local, state and federal authorities as well as the district's appropriate insurance/risk management representative.

Evacuation Plan

An evacuation plan will be developed and implemented for each location. In developing the evacuation plan, consideration will be given to the location and the types of hazardous materials present at the location.

An evacuation drill will be held at least once each calendar year at each location. Where possible, this plan will be coordinated with existing fire drills, bomb threat

evacuation plans or other drills and may be conducted in conjunction with any of these other drills. Written records of the drill will be maintained by each location.

As appropriate for the location, copies of the evacuation plan will be posted within the buildings. Copies of the evacuation plan will be maintained by the coordinator, the location/building administrator, the supervisor and any other designated person approved by any of the above-named persons.

Where practical, the evacuation plan will be coordinated with the fire department, police department and the district's transportation department.

Training of Staff and Students

The coordinators, administrators, staff members handling hazardous materials and school nurses/health paraprofessionals will receive training in responding to hazardous materials emergency incidents.

When hazardous materials are used in the classroom, both staff and students will be trained in the handling, storage and use techniques appropriate to the materials used as part of the curriculum. The staff also will be instructed in emergency procedures, including evacuation, appropriate to the materials.

Accessibility by Disabled Persons

Readily accessible programs—

Programs or activities shall be operated in a manner which ensures that, when viewed in their entirety, they are readily accessible to disabled persons. The District is not, however, required to make each existing facility or every part of a facility accessible to and usable by disabled persons.

[34 CFR § 104.22\(a\)](#)

Compliance—

Compliance with these requirements may be achieved by:

1. Redesigning equipment.
2. Reassigning classes or other services to accessible buildings.
3. Assigning aides to qualified disabled persons.
4. Home visits.
5. Delivery of health, welfare, or other social services at alternate accessible sites.
6. Alteration of existing facilities.
7. Constructing new facilities in conformance with [34 CFR § 104.23](#).
8. Any other methods that would result in making programs and activities accessible to disabled persons.

Structural changes in existing facilities need not be made when other methods will achieve compliance with the handicap requirements. In choosing among available alternatives for meeting these requirements, the Board shall give priority to methods that offer programs and activities to handicapped persons in the most integrated setting appropriate.

[34 CFR § 104.22\(b\)](#)

Notice—

The District shall adopt and implement procedures to ensure that interested persons, including those with impaired vision or hearing, can obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by disabled persons.

Risk Management

“The Division of Risk Management” means the State of Utah Division of Risk Management, which provides liability coverage for Utah’s school districts through the State’s Risk Management Fund.

These Guidelines are intended to accomplish two goals: (1) Notify you of your responsibilities to inform the Division of Risk Management of accidents that might be covered by the Division of Risk Management; and (2) to screen accidents that might be covered. Early investigation of all potential liability situations by Risk Management is essential to allow liability reduction by the Division of Risk Management.

- 1) The Principal of each school or designee in the District should immediately investigate all accidents and injuries in each school building and on school grounds or at school activities involving injuries to any students or employees of the District (staff injuries are covered by workers compensation under separate policies).
- 2) The Principal or designee shall be responsible to prepare and keep a written record of all accidents which are likely to give rise to liability of the District including a complete statement of circumstances in any of the following events.
 - a) If an accident is a result of a condition of the premises, building or equipment.
 - b) If proper supervision by any school employee may be an issue.
 - c) If a parent or guardian has expressed an opinion that the District was responsible for an accident.
 - d) If an accident resulted from an activity or circumstance in which the school may be responsible for the accident.
 - e) If an accident involves school vehicles or other vehicles while engaged in authorized school activities.
 - f) If any accident involves an employee or agent acting within the scope of duties of the District employee who may be responsible for an accident.
- 3) The designee of each school shall be assumed to be the designated person to submit the report in absence of expressed designation.

Liability

- 1) In addition to accidents involving physical injuries, all situations which may give rise to liability of the District should be reported such as employment discrimination, wrongful termination defamation, sexual harassment, sexual abuse, etc.

- 2) All such potential liability situations should be immediately reported to the District's designated Risk Management Coordinator who will notify the Division of Risk Management. If there is a doubt as to whether a situation gives rise to liability, the District should err in favor of reporting.
- 3) Whenever serious injury occurs or parents request that you assume responsibility or when you feel the District may be exposed to legal action, do not wait to complete an accident investigation or written report before reporting as outlined in Paragraph 2 above.

Litigation Guidelines

- 1) Copies of all legal papers or pleadings of a court received by the District or any of its employees for actions in the their duties should be sent to the District's designated Risk management coordinator who will send it to the Division of Risk management and to the Board of Education's legal counsel.
- 2) All personnel of the District should be instructed not to make any statements or admission of liability in connection with any situation which may give rise to liability of the District.
- 3) The circumstances surrounding any liability situation should not be discussed by any employee of the District with any third party until after the Division of Risk Management has been notified and the attorney assigned to defend the action has approved such communication

Scope of Coverage

All employees of the District and District property are covered by the Division of Risk Management in connection with claims arising from acts or omissions within the scope of their employment with the District. Educators need not purchase alternative insurance to cover liabilities arising from their employment with the District.

Risk Management Procedures

Risk Management Procedures—

The Utah Division of Risk Management (“Division of Risk Management”) provides liability coverage for the District through the State’s Risk Management Fund.

District personnel shall therefore adhere to the guidelines provided by the Division of Risk Management, which are summarized in Exhibit 1 to this policy.

Litigation guidelines—

As set forth in the Risk Management guidelines,

- 1) Copies of all legal papers or pleadings of a court received by the District or any of its employees for actions in the scope of their duties should be sent to the Business Administrator, who will send it to the Division of Risk management and to the Board of Education’s legal counsel.
- 2) Districts are not to make any statements or admission of liability in connection with any situation which may give rise to liability of the District.
- 3) The circumstances surrounding any liability situation should not be discussed by any employee of the District with any third party until after the Division of Risk Management has been notified and the attorney assigned to defend the action has approved such communication.

Risk management coordinator—

The Business Administrator of the District is hereby appointed as the District’s Risk Management Coordinator.

Scope of coverage—

All employees of the District and District property are covered by the Division of Risk Management in connection with claims arising from acts or omissions within the scope of their employment with the District. Educators need not purchase alternative insurance to cover liabilities arising from their employment with the District.

Transportation

Board responsibilities—

The Board shall implement the pupil transportation policies established by the State, implementing the laws and regulations relating to pupil transportation. Specifically, the Board shall adhere to and enforce the standards established in the Standards for Utah School Buses and Operations and the related 2015 National School Transportation Specifications and Procedures as those are incorporated into the Utah standards.

[Utah Admin. Rules R277-601-2 \(March 12, 2020\)](#)

[Utah Admin. Rules R277-601-3 \(March 12, 2020\)](#)

In fulfilling its responsibilities regarding pupil transportation, the Board shall:

1. Oversee the pupil transportation operations within the District, including training programs for all transportation personnel, review of school bus routes and evaluation of the pupil transportation system, and the investigation and reporting of accidents and other transportation problems;
2. Provide resource material and establish, as an integral part of the school curriculum, instruction in passenger safety that complies with applicable standards;
3. Provide for the continuous supervision of loading and unloading areas at or near the school and the conduct of periodic emergency evacuation drills;
4. Provide for adequate supervision for pupils whose bus schedule necessitates their early arrival or late departure from school; and
5. Promote public understanding of and support for the school transportation program in general.

School Traffic Safety Committee—

The Board hereby establishes the District School Traffic Safety Committee.

1. The Committee consists of:
 - a. One representative from each school within the District;
 - b. One representative from each Parent Teachers' Association within the District;
 - c. A representative from the municipality or county;
 - d. A representative from state or local law enforcement; and
 - e. A representative from a state or local traffic safety engineering department.

2. The Committee shall receive suggestions from school community councils, parents, teachers and others and recommend school traffic safety improvements and boundary changes to enhance safety.
3. The Committee shall annually review and submit to the Department of Transportation and affected municipalities and counties a child access routing plan for each elementary, middle, and junior high school within the District.
4. The Committee shall consult with the Utah Safety Council and the Utah Division of Family Health Services and shall provide training to all District schoolchildren in grades K-6 on school crossing safety and use.
5. The Committee shall help ensure the District's compliance with rules made by the Transportation Commission under [Utah Code § 41-6a-303](#) and may establish subcommittees as needed to assist in accomplishing its duties.

[Utah Code § 53G-4-402\(17\) \(2020\)](#)

Transportation: Planning and Funding: Funding

Revenue—

The District will fund the transportation program primarily from revenue provided by the state. To this end, the District will comply with all state rules and regulations regarding funding and record keeping.

The Board will determine what students are eligible for state-sponsored transportation and whether expenses of ineligible students will be funded from the general revenue of the District.

[Utah Code § 53F-2-402 \(2019\)](#)

[Utah Code § 53F-2-403 \(2019\)](#)

Alternative transportation—

The Board and Pupil Transportation Director will analyze bus routes that involve a large number of deadhead miles to determine if an alternative method of transporting students is more efficient. Possible alternatives include the following, as outlined in Utah State Board of Education rules:

1. Use of a District multi-purpose passenger vehicle to transport students;
2. Paying the parent or guardian of an eligible student an allowance in lieu of District-supplied transportation wherein the parent or guardian is reimbursed for mileage to school or bus-stop, whichever is closer;
3. Providing a subsistence allowance for a student to live at a site nearer to the school; and
4. Engaging in a contract or leasing for transportation.

[Utah Admin. Rules R277-600-7 \(August 19, 2019\)](#)

Transportation: Planning and Funding: Evaluation

Evaluation—

In pupil transportation, the ultimate objective is to provide children with safe transportation to and from school in the most efficient and cost-effective means possible. The data and records that are gathered during the normal course of business provide a part of the information necessary to establish the present status of the pupil transportation program. The Key Performance Indicators listed in the National School Transportation Specifications and Procedures guidance on evaluation of the student transportation system provide a framework for effective evaluation. The Board will use this framework, with further modifications as suggested by the District Pupil Transportation Specialist, to determine what changes will make the pupil transportation system more efficient and cost effective.

[Standards for Utah School Buses and Operations Foreword \(2019\)](#)

[National School Transportation Specifications and Procedures p. 180-81 \(May 2015\)](#)

Transportation: Planning and Funding: Route Planning

General requirements—

Buses operated by the District will run on routes proposed by the Board and approved by the State Board of Education. The District will provide the State Board of Education all information requested for the approval of any route.

The Board will not propose routes for which a student allowance or subsistence allowance accomplishes the needed transportation at less cost.

Routes proposed by the Board must:

1. Traverse the most direct public road;
2. Be reasonably cost effective related to other feasible alternatives;
3. Provide adequate safety for students;
4. Traverse roads that are constructed and maintained in a manner that does not cause property damage; and
5. Include an economically appropriate number of students.

[Utah Admin. Rules R277-600-6\(3\) \(August 19, 2019\)](#)

[National School Transportation Specifications and Procedures p. 170-172 \(May 2015\)](#)

Number of students—

The minimum number of general education students required to establish a route is ten; the minimum number of students with disabilities required to establish a route is five. If a route is required for less than these numbers, the Board will propose such a route to the State Superintendent for approval.

[Utah Admin. Rules R277-600-6\(4\) \(August 19, 2019\)](#)

Bus stops—

The Board will designate safe areas for bus stops. To promote efficiency, the minimum distance between bus stops will be 3/10 of a mile. Bus routes shall avoid, whenever possible, bus stops on dead-end roads. A student's parent or guardian is responsible for the student's transportation to bus stops up to one and one-half miles from home depending on the age and ability of the student. A parent or guardian of a student that has a disability is responsible for the student's transportation to bus stops except as provided otherwise in the student's Individualized Education Program (IEP).

[Utah Admin. Rules R277-600-6\(5\), \(6\) \(August 19, 2019\)](#)

[National School Transportation Specifications and Procedures p. 173-174 \(May 2015\)](#)

Roads—

A bus route may follow only public roads that are constructed and maintained at such standards that the condition of the road will not subject the passengers on the bus to undue hazard and will not subject the District or any of its employees to liability for injury or property damage.

[National School Transportation Specifications and Procedures p. 170-172 \(May 2015\)](#)

Changes—

Whenever a bus route is extended to pick up additional children, the Board will analyze extra costs and time and obtain prior approval from the State Superintendent. The District will consider whether student reimbursement will be more economical.

[Utah Admin. Rules R277-600-6\(7\) \(August 19, 2019\)](#)

Routes as alternatives to construction—

When the District is not using facilities efficiently, the Board, with permission from the State Superintendent, will examine the use of bus routes as an alternative to building construction.

Building construction alternatives include elementary double sessions, year-round school, and attendance across district boundaries.

[Utah Admin. Rules R277-600-6\(10\) \(August 19, 2019\)](#)

Planning process—

In order to establish bus routes that will adequately meet the needs of pupils, the Board or District Pupil Transportation Director will procure a map of the area served by a particular school or school system. Information on the road conditions, railroad crossings and other factors that might affect the particular operation should be recorded on the map along with the location of homes and the number of school age children in each.

Satisfactory school bus stops should be identified along streets and highways where buses can travel with the least amount of risk. The number of pupils to be transported and the distance to be traveled are primary factors in allocating equipment for a particular area. The District should assign pupils to specific stops according to walking distances, grade level and school attended. The District will give special attention to handicapped students.

[National School Transportation Specifications and Procedures p. 170-172 \(May 2015\)](#)

Surveys/schedules—

Bus routes, stops, and schedules will be developed by the District Pupil Transportation Director to meet the requirements in Utah Admin. 3. Traffic flow and parking patterns separate from the boarding zone.
4. A separate loading area for wheelchairs.
5. An organized schedule of loading areas with stops clearly marked.
6. A loading and unloading site to eliminate the backing of school buses.

The Pupil Transportation Director shall establish an outline to be followed in performing daily and pre-use inspections, taking into consideration the items and principles outlined in the National School Transportation Specifications and Procedures and applicable CLD requirements.

[*National School Transportation Specifications and Procedures p. 140-43 \(May 2015\)*](#)

Maintenance—

Teamwork and written policies are essential to a well-organized maintenance program. The Board will adopt, in consultation with the Pupil Transportation Director, strong and reasonable school bus maintenance policies that will provide efficient guidelines for the supervisor of transportation, maintenance, transportation, maintenance personnel and operators of the vehicles. Such policies should include the maintenance responsibilities of each person involved and should provide for a planned maintenance program and should meet the standards outlined in the National School Transportation Specifications and Procedures.

Communication and evaluation—

The District recognizes that it is important to keep District administration, staff, parents, and pupils informed regarding transportation matters and operational procedures. The Superintendent, in consultation with the Pupil Transportation Director, will submit for Board approval policies and procedures for rapid and effective communications relating to pupil transportation. Some of the methods that the District may use are:

2. Meetings that provide an opportunity for those associated with the school transportation program to share their views and help build broad community support for safe transportation.
3. Public press releases to inform parents of policy, route, stop and schedule changes; the safety record of the pupil transportation operation; and positive driver achievement records.
4. Conferences to discuss solutions to disciplinary problems with drivers, attendants or monitors, disruptive pupils and their parents and to review policy decisions affecting drivers, contractors, students, and administrators.

4. Establish proper rapport with pupils.
5. Demonstrate and instruct pupils in safe and appropriate behavior, consequences of improper behavior, general procedures, and evacuation drills and safe travel practices.

6. Maintain order and safety and protect the rights of others in the school bus, using good judgment and prudence in doing so and using appropriate verbal interventions, including but not limited to:
 - a. Minimizing interior noise.
 - b. Requiring an orderly entrance and exit.
 - c. Eliminating the movement or potential movement of objects.
 - d. Requiring silence at railroad crossings.
 - e. Prohibiting transportation of unauthorized materials.

[National School Transportation Specifications and Procedures p. 138-39 \(May 2015\)](#)

Pupil responsibility—

Proper pupil behavior is important because the distraction of the driver can cause accidents. Pupils should be aware of and abide by reasonable regulations to enhance safety. The pupil should clearly understand the consequences of unacceptable behavior. Pupils are responsible to:

1. Be aware that they are responsible for their actions and behavior.
2. Know what the rules and procedures are and abide by them.
3. Display proper respect for the rights and comfort of others.
4. Realize that school bus transportation can be denied if they do not conduct themselves properly.
5. Be aware that any driver distraction is potentially hazardous to the safety of all passengers, the driver, pedestrians and motorists.
6. Be aware of the dangers of loose clothing, drawstrings, clothing accessories, backpacks, and other loose personal items.
7. Be aware of the dangers of walking to and from, in and around the loading and unloading zone, of the need to cross the road safely at the bus stop, to avoid retrieving items dropped in the danger zone of the bus during loading and unloading, and to move away from the bus (out of the danger zones) after unloading.

[National School Transportation Specifications and Procedures p. 144 \(May 2015\)](#)

Unauthorized entry of a school bus occurs in any of the following circumstances:

- An individual enters a school bus with the intent to commit a criminal offense.
- An individual enters a school bus and disrupts or interferes with the driver.
- An individual, other than (a) a peace officer acting within the scope of his or her authority, or (b) an authorized person (see above), enters a school bus and refuses to leave after being ordered to do so by the driver, and either (a) causes or attempts to cause a disruption or an annoyance to any passenger on the bus, or (b) is reckless as to whether the person's presence or behavior will cause fear on the part of any passenger on the bus.

Transportation: Operations Charter School Students

Transporting Charter School Students—

The District may provide transportation to charter school students on existing, approved routes within the District on a space-available basis. The District shall not displace any students of the District to transport charter school students, nor shall the District incur any additional costs in transporting charter school students.

[Utah Admin. Rules R277-551-3\(4\)\(b\) \(January 9, 2019\)](#)

Transportation: Operations: Lights and Railroad Crossings

Lights—

The operator of a school bus shall operate alternating flashing red light signals at all times when children are unloading from a school bus to cross a highway, or when a school bus is stopped for the purpose of loading children who must cross a highway to board the bus, or at any other time when it would be hazardous for vehicles to proceed past the stopped school bus.

The alternating flashing red light signals may not be operated except when the school bus is stopped for loading or unloading school children or for an emergency purpose.

[Utah Code § 41-6a-1302\(4\) \(2015\)](#)

The flashing yellow lights shall be displayed by the school bus operator at least 100 feet, but not more than 500 feet, before every stop at which the alternately flashing red lights will be actuated.

[Utah Code § 41-6a-1301\(3\) \(2015\)](#)

Standees—

Students must be seated at all times while being transported to and from school. The school bus operator will not permit standees under any circumstances.

[National School Transportation Specifications and Procedures p. 148-49 \(May 2015\)](#)

Railroad crossing—

The operator of any school bus, whether carrying passengers or not, must follow the procedures and precautions for making railroad crossings set forth in the National School Transportation Specifications and Procedures, Appendix D, "Recommended Procedures for School Bus Drivers at Railroad Grade Crossings."

[National School Transportation Specifications and Procedures Appendix D p. 380-81 \(May 2015\)](#)

Transportation: Operations: Emergencies

Emergency evacuation—

The following are instances when an operator should evacuate the school bus:

1. Fire or Danger of Fire. Proximity to an existing fire or gasoline or other combustible material combined with an inability to move the bus is considered danger of fire and pupils should be evacuated. Likewise, the operator should stop and evacuate the bus immediately if the engine or any portion of the bus is on fire. In either case, pupils should be moved to a safe place 100 feet or more from the bus and instructed to remain there until the operator has determined that the danger has passed.
2. Unsafe position. When the bus is stopped because of an accident, mechanical failure, road conditions, or human failure, the operator must determine immediately whether it is safer for pupils to remain on or evacuate the bus.
3. Mandatory Evacuations. The operator must evacuate the bus when:
 - a. The final stopping point is in the path of a train or adjacent to railroad tracks.
 - b. The stopped position of the bus may change and increase the danger. The operator should be certain that the evacuation is carried out in a manner which affords maximum safety for the pupils.
 - c. The stopped position of the bus is such that there is a danger of collision.
 - d. Sight distance. In normal traffic conditions, the bus should be visible for a distance of 300 feet or more. A position over a hill or around a curve where such visibility does not exist should be considered reason for evacuation.

[National School Transportation Specifications and Procedures Appendix D p. 382-383 \(May 2015\)](#)

Emergency evacuation drills—

The Board recognizes that there is an urgent need, due to the increased number of pupils being transported and the ever-increasing number of accidents on the highways, to instruct pupils on how to properly vacate a school bus in case of an emergency. Without training, pupils may block the emergency door by all trying to exit at the same time. There is also a danger when pupils jump from the rear emergency door exit. To avoid these situations, schools should organize and conduct emergency exit drills for all pupils who ride the school bus.

In conducting school bus evacuation drills, school officials should consider and observe the guidelines and procedures set forth in the National School Transportation Specifications and Procedures, “Instructions for Conducting Emergency Exit Drills.”

[National School Transportation Specifications and Procedures Appendix D p. 382-385 \(May 2015\)](#)

Emergency procedures—

The Board will develop an emergency plan consistent with the following guidelines, in consultation with the Pupil Transportation Director and the personnel of those agencies that will render service during emergencies. In developing this plan, the Board may refer to “Emergency and Rescue Procedures: A Guideline Manual for School Bus Involvement,” a publication developed by the National Association of State Directors of Pupil Transportation Services. Copies of the plan should be carried in each bus. The plan will instruct the District Pupil Transportation Director, school administrators, teachers, drivers, maintenance and service personnel, pupils and others of the procedures to be followed in the event of:

1. Crashes. The plan should spell out the following:
 - a. When and how to evacuate and control students.
 - b. How to evaluate the need for medical assistance.
 - c. How to get help from the police, fire department and the garage.
 - d. How to collect and record data essential to the preparation of the required crash reports. An operational plan to provide two-way communication with parents and/or guardians is imperative.
 - e. How to prevent further accidents.
 - f. Talking points regarding protocol of dissemination of information while at the crash site (including communication with the media etc.).
2. Sudden Disability of Driver. The plan should establish procedures for handling situations resulting in the fatal injury or disability of the bus driver. The District should communicate these procedures to the appropriate persons. A list that includes the name of the bus operator, emergency telephone numbers, names of students assigned to the bus and any special needs of students should be in the bus.
3. Bus breakdown. The plan should cover the procedure for:
 - a. Securing the bus.
 - b. Maintaining control of passengers and accounting for passengers (head count).
 - c. Diagnosing the cause(s) of bus breakdowns and communicating with base and vehicle maintenance.

- d. Notifying school officials and parents.
 - e. Recovering the disabled school bus.
 - f. Providing replacement transportation for passengers.
4. Inclement weather conditions. The emergency plan should provide procedures for determining:
- a. When schools are to be closed, delayed, or require early dismissal.
 - b. Who is to make such decisions.
 - c. How decisions are to be relayed to parents, students, school officials and staff (including teachers and cafeteria managers), drivers, contractors, maintenance and service personnel, the news media and others.
 - d. How to react to such natural phenomena as floods, tornadoes, earthquakes, etc.
5. Other types of emergency situations. The emergency plan should cover such conditions and events as:
- a. Defense/disaster drills.
 - b. Strikes or other job action by school staff, teachers, drivers or contractors.
 - c. Road or bridge washouts and landslides that might block school bus routes.
 - d. Bus hijacking.
 - e. Weapons or suspected explosives on board or at bus stops.
 - f. Unauthorized boarding.
 - g. Student health emergencies.
 - h. Student fights.
 - i. Suspicious persons and/or vehicles.
 - j. Terrorist planning or incident.

Rental of school buses—

School buses may be rented from the District in accordance with the following policy.

Duties of pupil transportation director—

The District Pupil Transportation Director is responsible for scheduling buses and shall determine whether the District has buses in addition to those necessary to transport students to and from school and other school related activities for which buses are used. In the event the District has buses which are not needed to meet District transportation needs, the Director shall designate buses which may be rented to the public and devise a schedule showing days when each bus is available for rent together with per day rental costs and charges.

The Director shall be responsible to collect rental money and to verify that the person renting the bus has met each of the following requirements:

1. The person or entity renting the school bus must show that the persons who will operate the school bus
 - a. have the appropriate license to permit operation of the bus to be rented
 - b. are at least 21 years of age; and,
 - c. have been a resident of the state for at least one year.
2. The person or entity in whose name the bus is rented shall provide adequate proofs of being a named insured covering:

 - b. collision insurance in an amount of at least \$150,000.00 per occurrence;
 - c. proof that the District is an insured under the policy or policies; and

3. The person in whose name the bus is rented shall sign a release provided by the District which generally releases the District from any liability arising from maintenance or operation of the bus during the rental period.

4. The person renting the bus shall sign a “Bus Rental” agreement and show proof by two forms of identification, at least one of which shows a picture of such person.
5. No school bus may be rented to any person or entity who demands compensation for driving or providing carrier service, or who furthers his or her commercial interests through providing transportation, or who drives a bus or other transportation for hire.
6. Nothing in this policy shall require the District to rent buses. The District may, at its sole discretion, limit use of rented buses to the area within the District or within the State.
7. The District may refuse use of district buses to any individual, group or organization which in the sole discretion of the Board or the Board’s designee has not provided adequate or appropriate assurance of liability insurance, ability to safely operate or supervise operation of the bus, or, ability to care for persons or property.

Term of bus rental—

No bus may be rented for a term which would interfere with use of the bus for District purposes.

Risk management approval required—

No bus shall be rented by the District unless such rental has first been approved by Utah Risk Management and the District has determined that it has insurance coverage with respect to liabilities that may arise from rental of the bus to third persons or entities.

Amount of rent—

The amount of rent charged by the District shall be at least equal to the amount necessary for maintenance and to cover overhead and costs of renting the bus. In no event shall the District charge less for rent of buses than is charged by any commercial carrier for similar vehicles who are located and have a place of business within the District.

Bus driver—

If a District employee shall drive the bus for a private entity or association or private person, then that employee must sign a release acknowledging that he or she does not look to the District for compensation for such services and that such activities are not in the scope of employment with the District.

[Note: The District’s liability for incidents arising from unauthorized use of school buses or for non-school district purposes is not covered by state Risk Management. It may be prudent to contact state Risk Management to determine the risks assumed by the District when renting buses.]

Transportation: Operations: District Vehicles

District vehicles used for designated purposes—

District-owned vehicles shall be held and used for designated purposes. For example, the designated purpose of a school bus is to transport children to and from school, and under the direction of an authorized District employee to transport children to and from school sponsored events such as field trips and travel to school extracurricular activities. An administrator or supervisor of a work assignment which includes the use of vehicles should designate in writing the scope of work for which a vehicle is required and thereafter the vehicle should not be used for any other purpose.

Use limited to approved drivers—

School vehicles should be driven only by drivers approved by the District. The District shall approve as drivers only those persons who have driving credentials issued by the State of Utah sufficient to operate the vehicle in the designated application and whose driving record meets district standards. Administrators or supervisors of work assignments which include the use of vehicles shall expressly assign drivers as needed to perform driving assignments.

Student operation prohibited—

Students, even students with operator licenses sufficient to operate a District vehicle under the laws of the state, shall not operate District vehicles.

Disqualification for poor driving record—

The District may disqualify an employee from operating District vehicles because of a poor driving record notwithstanding that the employee has state driving credentials in good standing.

Vehicles to be kept at District garages—

A District-owned vehicle should be parked at District garages after hours unless the designated purpose of the vehicle expressly authorizes the vehicle to be parked elsewhere or unless the designated purpose of the vehicle includes personal use by a District employee.

Approved part-time personal use of District vehicles—

A District-owned vehicle may be designated for part-time personal use by a District employee to whom it is assigned only with the consent of the Board. Personal use is use outside of regular operating hours for purposes unrelated to the

operator's assignment in the District. Part-time personal use of a District vehicle is considered to be valuable and shall be accounted for by the District as additional compensation to the operator of the vehicle. Personal use does not include use as directed by the District by a District employee who maintains a District vehicle at that employee's residence at the request of the District in order to be able to respond quickly to emergencies within the District, not does it include parking a bus at a location selected by the District for convenience in reducing the travel distances or time en route needed to transport children to school.

Emergency use of District vehicles—

In an emergency, a District-owned vehicle may be used by law enforcement personnel or other persons for the purpose of saving life to the extent made necessary by exigent circumstances, but all reasonable efforts shall be made to comply with District policy governing vehicles and the operation of such vehicles and to protect District vehicles and other District property from harm.

Transportation: Operations: Electronic and Telecommunications Devices

Prohibited Use of Electronic and Telecommunications Devices—

A school bus operator's primary responsibility, consistent with training and policy, is always the safety of passengers and the safety of the public.

While the school bus is in motion and not appropriately parked or secured, a school bus operator shall not use a cell phone, wireless electronic device, or any headset, earpiece, earphones or other equipment that might distract a school bus operator. (However, operators may use two-way radios or mounted GPS systems if done in a safe and appropriate manner.)

[Utah Admin. Rules R277-601-3\(1\), \(2\)\(a\), \(b\) \(March 12, 2020\)](#)

Permitted Use of Electronic and Telecommunications Devices—

After the bus is stopped and safely secured, a school bus operator may use an electronic device for emergencies, to assist special needs students, for behavior management, for appropriate assistance for field/activity trips, or for other issues related to the operator's work responsibilities.

Subject to other District policies regarding use of personal electronic devices, a school bus operator may use an electronic device for personal reasons after the school bus is stopped and safely secured if all passengers are safely off and at a safe distance from the bus.

[Utah Admin. Rules R277-601-3\(2\)\(d\) \(March 12, 2020\)](#)

Training and Documentation—

Each school bus operator shall be trained regarding the safe and appropriate use of two-way radios and fixed GPS devices and regarding the restrictions on use of electronic devices. Retraining or refresher training on these subjects shall be provided as needed and as determined by the Transportation Director. The District shall maintain documentation of all such training.

[Utah Admin. Rules R277-601-3\(2\)\(b\), \(c\) \(March 12, 2020\)](#)

Disciplinary Action for Violation—

Violation of the prohibitions regarding use of electronic devices by school bus operators may subject the violator to disciplinary action up to and including termination of employment. Violations of the prohibitions for emergency or compelling reasons may require documentation and will be considered on an individual basis by the District.

[Utah Admin. Rules R277-601-3\(3\), \(4\) \(March 12, 2020\)](#)

Transportation: Operations: Post-Route Inspections

End of Route Inspections—

After completing each student delivery route, the school bus operator shall stop and park the bus and inspect the bus to ensure that all students are off of the bus. When the operator is delivering students to school, this inspection shall if possible be completed at each school site. When the route is a from-school route, the operator shall perform this inspection at a safe location a short distance from where the final student or students left the bus.

Cash Receipts and Expenditures

Scope of Cash Receipts and Expenditures Policies—

These policies, guidelines, and procedures are applicable without exception to all funds owned or administered by the District. This policy applies to all District administration, licensed educators, staff, students, organizations, and individuals that handle cash receipts or accept payment in any form on behalf of the District or individual school or initiate, authorize, or process cash disbursements on behalf of the District or individual school. The scope includes all activities at the District and individual schools and in all locations where District activities and public funds are collected or expended. All expenditures of the District are to be consistent with applicable state and federal laws and regulations; any restrictions, rules, or regulations placed on the use of the funds by donors and granting agencies; and prudent management practices. It is expected that in all dealings, District employees will act in an ethical manner that is consistent with the District's code of ethics, the Utah Educators' Standards, the Public Officers' and Employees' Ethics Act, and State procurement law.

Segregation of Duties—

Wherever possible, duties such as custody of purchase cards and blank checks, initiating expenditures, approving expenditures, maintaining documentation, issuing checks, collecting funds, maintaining documentation, preparing deposits and reconciling records should be segregated among different individuals. When segregation of duties is not possible due to the small size and limited staffing of the District or individual school, compensating controls such as management supervision and review of cash receipting records by independent parties should be implemented.

Definitions—

"Public funds" for purposes of this policy are defined as money, funds, and accounts, regardless of the source from which the funds are derived, that are owned, held, or administered by the state or any of its political subdivisions, including Districts or other public bodies.

[Utah Code § 51-7-3\(26\) \(2017\)](#)

Cash Receipts Policy—

All receipting of funds at the District and at schools should be done at the cashier's office. No receipting is to be done in other offices or in unapproved off-site locations. Employees shall instruct payers to take all cash, checks, and credit card transactions to the cashier for receipt.

Provisions should be made for cash receipting/collection at approved off-site activities or functions. Please refer to the Fundraising and Donation Policy. Funds

may be receipted through the District's foundation, if applicable, in accordance with the foundation's cash receipts policy.

District employees, school employees, and volunteers associated with school-sponsored activities should not open bank accounts, outside of the control of the District, for the receipting or expending of public funds associated with school-sponsored activities. The business administrator or designee must approve all checking and savings accounts used in District or individual school business.

All funds shall be kept in a secure location controlled by the cashier until they can be deposited in a District-approved fiduciary institution. Funds should be deposited daily if practicable but no later than three banking days after receipt, in compliance with [Utah Code § 51-4-2\(2\)\(a\)](#), in a District-approved account. Employees should never hold funds in any location for any reason.

If the cashier has left for the day or funds are receipted on the weekends, administrators should be available to lock cash receipts or cash boxes in the District safe until next business day. Cash receipts should not be taken home by employees or volunteers or left in offices.

All checks should be made payable to the District or individual school and restrictively endorsed upon receipt. Checks should not be made payable to an employee, a specific department, or a program.

Appropriate internal controls and segregation of duties should be implemented for all cash activity. Cash should always be verified. Where verification is difficult, cash should be counted by two individuals.

All funds (cash, checks, credit card payments, etc.) received must be receipted and recorded in the District's accounting records. A pre-numbered receipt will be issued for each transaction. Passwords should be established on the accounting system computers and changed periodically.

Under no circumstances are disbursements to be made directly from cash receipts (i.e., for purchases, reimbursements, refunds, or to cash personal checks).

Periodic and unscheduled audits or reviews should be performed for all cash activity. Documents should be available and should demonstrate that proper cash controls are in place (signatures for approval, tally sheets, reconciliations, etc.).

All activities involving cash must be supervised by a District employee or authorized volunteer to ensure adequate controls are in place. Training should be given to those involved in handling cash.

The District and all individual schools will comply with all applicable state and federal laws. All payments of fees shall correspond with the approved fee schedule, as required by Board [Administrative Rule R277-407](#).

Cash Receipts Procedures—

The cashier should receipt all funds immediately (cash, checks, credit cards, etc.), provide customers with a pre-numbered receipt, and retain a duplicate copy in

the daily receipt or register detail. The cashier's cash drawer should be locked and secured at all times.

Cash count sheets will be used for cash receipts at games and other school-sponsored activities after hours or off-site. These sheets will be completed by two individuals, signed by a member of administration on the day of the collection, and retained for verification in the daily receipt or register detail.

No collecting or receipting of funds is to be done in other offices or at unapproved offsite activities or functions. Employees should never hold funds in any location for any reason.

Mail should be opened by an individual independent of the cash receipt process, and funds received should be documented in a cash receipts log.

Funds received shall be recorded in the District's accounting records. A daily deposit report shall be printed; reconciled to the actual deposit, the receipt book, and cash receipt log; and retained for verification by administration along with the copy of the deposit slip in the daily receipt or register detail.

The deposit shall be placed in a secured, locked location until it can be deposited in a District-approved fiduciary institution.

Funds should be deposited daily if practicable but no later than three banking days after receipt, in compliance with [Utah Code § 51-4-2\(2\)\(a\)](#), in an District-approved account. An employee independent of the cash receipting process shall verify that the daily deposit detail reconciles to the validated deposit slip.

Bank reconciliation(s) should be performed on all District-approved accounts on a monthly basis. Bank statements and bank reconciliations should be reviewed and approved by administration on a monthly basis.

The District's board or audit committee should review and approve the bank statements, the bank reconciliations, and monthly journal entries on a monthly basis.

Where applicable, each school's detailed activity budget vs. actual statements should be reviewed by program directors, coaches, teachers, etc. on a quarterly basis for accuracy and reasonableness.

General Expenditure Policies—

Expenditure transactions must be approved by an individual having sufficient knowledge and authority to evaluate the transaction for reasonableness and appropriateness. The school or District shall designate employees by title or job descriptions that are authorized to approve various dollar amount levels of disbursements and instructed never to sign blank checks.

All expenditures made using cash, checks, credit/purchase cards, electronic fund transfers, etc. shall be recorded in the school or District's accounting records.

Passwords should be established on user access to the accounting system and changed periodically.

Checks should be made payable to specified payees and never to “cash” or “bearer.”

All disbursement activity should be substantiated by supporting documents. Documents should be available and should demonstrate that proper disbursement controls are in place (signatures for approval, purchase orders, receipts, invoices, bids or quotes, reimbursement forms, travel forms, journal entries, reconciliations, etc.). Quotes shall contain the following information:

1. Date received or dates that the quoted price is valid, delivery date
2. Company name, address, salesperson

4. Shipping and freight charges

Bank and credit card statements should be reviewed and accounts reconciled in a timely manner. Activity accounts should be reviewed quarterly by the custodian of the activity.

All checks or check stock, credit/purchase cards, access to bank accounts and statements, etc. shall be secured and controlled by the accounting/front office with limited access. All disbursing of funds at the school or District should be done through the accounting/front office.

General Expenditure Procedures—

The District has designated the State Procurement Code as its purchasing policy. Any purchases should be equitable for both male and female students and comply with Title IX.

If an outside entity reimburses employee expenses (meals, travel, etc.), these expenses should not be submitted to the District for reimbursement.

No disbursing of funds is to be done in other offices or at unapproved off-site activities or functions.

Administration should review bank statements and bank reconciliations, as well as credit card statements, and document the review and approval. The District's audit committee or District management should ensure that monthly bank reconciliations and credit/purchase card statement reconciliations are occurring on a monthly basis.

A check register should be reviewed when signing checks to ensure all disbursements are reviewed and approved.

Administration or designated members of management shall review cash disbursements to verify that all District and State policies and procedures are being followed on a periodic basis.

Card users shall follow District and state purchasing policies and comply with the Utah State Tax Commission's guidelines regarding the District's tax exempt status number.

Purchases exceeding \$1,000 made using the credit or purchase card should be pre-approved, using an expenditure authorization form, prior to making the purchase. A designated employee with oversight over the card user(s) should be responsible for providing authorization.

If a card is issued to the District as a whole, a log should be kept documenting which employee checked out the card and the period of time the card was checked out. Receipts shall be retained for all purchases and turned into the accounting/front office. Card reconciliations should be performed monthly to ensure all receipts are present and all purchases have been made in accordance with District and state policy.

If cards are assigned to specific employees, the card user shall retain all receipts for purchases made with public funds. The card user shall review and reconcile the card statement activity each month and attach all receipts to the card statement. The card user should sign their card statement certifying that all purchases have been made in accordance with District and state policy.

Administration (or designee) must review each card holder's statement, along with all receipts, for approval. Approval should be documented.

All credit/purchase cards shall be kept secured and controlled by the accounting/front office with limited access. PIN numbers should be kept secured.

If the card is lost or stolen, immediately contact the appropriate authority.

The District will also make reasonable efforts to advertise to all current employees any vacancy which occurs after the April 1 deadline. Transfer requests will be made according to the following guidelines:

1. A Request for Transfer Form signed by the Principal, and a letter or resume which gives evidence of appropriate endorsements and requested skill requirements should be submitted to Personnel no later than five (5) school days following the school postings. After a teacher has submitted one transfer form and resume, requests for transfer to additional openings can be accomplished by contacting Personnel no later than five (5) school days following the school postings. Information from the first transfer request will be forwarded to other schools upon the request of the teacher, providing the contact is received before the five (5) day deadline.
2. Using a common set of criteria such as personnel files, requested qualifications, experience, etc., Principals will review all letters of request for transfer and select the candidates to be interviewed. Successful candidates will be notified in writing.

The Superintendent's designee shall review the request and recommend approval or denial to the administrator of Personnel or the Superintendent, who will approve or deny the involuntary transfer request. The Superintendent or the administrator of Personnel may unilaterally review and approve or deny the involuntary transfer request.

In situations where an involuntary transfer becomes necessary due to a reduction in staff or for staff imbalance, a call for volunteers shall be made and if there are no volunteers, selection shall be made in the best interests of the district. In the case of an involuntary transfer due to a reduction in staff or for staff balance, the administrator shall adhere to the following guidelines:

- The transferring employee shall be notified of the change in assignment in a conference with his or her supervisor or a designee.

District staff are expected to comply with appropriate dress and grooming standards as established by District policy, supervisor directives, and generally accepted professional standards. District employees are required to report arrests and convictions as provided for in Policy DACA.

Professional and Ethical Relationships with Students—

District staff are to comport themselves in a way that contributes to maintaining and fostering a positive, effective, non-disruptive and safe learning environment for students. This includes maintaining professional and appropriate demeanor and relationships with students, both during and outside of school hours and on and off campus and through in-person and electronic interactions (through devices or social media). The foregoing prohibitions apply to staff interaction with any student presently enrolled in the District and to staff interaction with any student who was enrolled in the District within the time period two (2) years before the conduct in question.

Flaskamp v. Dearborn Public Schools, 385 F.3d 935, 944 (6th Cir. 2004).

The District recognizes that in circumstances where a staff member and a student have a relationship which is independent of and does not arise out of the school context, interactions which would be a boundary violation in the absence of that independent relationship may not constitute a boundary violation. (Examples of such independent relationships include where the staff member and student are family members or otherwise closely related or where the staff member and student are both affiliated with a non-school organization and the interaction relates to or arises out of that relationship.) The other prohibitions listed above apply regardless of the existence of an independent, non-school relationship.

Violation of any of the prohibitions of this policy is grounds for employee disciplinary action up to and including termination of employment and for action up to and including termination of the District's relationship with a contractor or volunteer.

Reporting Requirements—

Staff members are required to promptly report any suspected incidents of abuse (physical, verbal, sexual, or mental) or neglect, including suspected incidents of child abuse as provided in Policy DDA. Reemployment of Retirees

A retiree who is reemployed after July 1, 2010, by the District within one year of the date of the person's retirement will have his or her retiree's allowance cancelled by the Utah State Retirement Office and be reinstated as an active member of the State retirement plan, effective the first day of the month following the date of reemployment unless:

1. the retiree is not reemployed by the District for a period of at least sixty (60) days from the retiree's retirement date;
2. upon reemployment after the break in service, the retiree does not receive any District provided benefit, including:
 - a. medical benefits;
 - b. dental benefits;
 - c. other insurance benefits except workers compensation and withholdings required by state and federal law for Social Security, Medicare, and unemployment insurance; or
 - d. paid time off, including sick, annual or other type of leave; and
 - e. the retiree does not earn in any calendar year of reemployment an amount in excess of the lesser of :
 - i. \$15,000; or
 - ii. One-half of the retiree's final average salary upon which the retiree's retirement allowance is based.

If the employee retires again within a two-year period from the date of cancellation of the original allowance, the original allowance will resume. Otherwise, if the employee retires after the two-year period, then his or her original allowance will resume, and the retiree will receive an additional allowance based on the formula in effect at the date of the subsequent retirement for the service credit accrued between the first and subsequent retirement dates.

A retiree who is reemployed after July 1, 2010, by the District more than one year from the date of the retiree's retirement may elect to:

1. Earn additional service credit and cancel the retiree's retirement allowance; or
2. Receive the retiree's retirement allowance and forfeit any retirement related contribution from the District.

If a retiree makes an election under option (2) to continue to receive a retirement allowance while reemployed, the District shall contribute to the Utah State Retirement Office the amortization rate that would have covered the retiree.

If the retiree is not otherwise eligible for retirement coverage in the reemployed position, the Utah State Retirement Office shall cancel the allowance of a retiree; and the District shall pay the amortization rate to the office on behalf of the retiree.

If a retiree is reemployed in the School District after July 1, 2010, the District shall immediately notify the Utah State Retirement Office. In addition, the District shall provide information indicating:

1. Whether the retiree was reemployed within one year of the retiree's date of retirement; and
2. If the retiree is reemployed more than one year from the date of retirement, whether the employee elects to:
 - a. Earn additional service credit and cancel the retiree's retirement allowance; or
 - b. Receive the retiree's retirement allowance and forfeit any retirement related contribution from the District.

It is the responsibility of the reemployed retiree to report to the Utah State Retirement Office his or her reemployment status. It is the Utah State Retirement Office that ultimately determines the impact, if any, of a retiree's reemployment with the District on the retiree's eligibility for and benefits under the Utah State Retirement System. Therefore, the retiree should contact the Utah State Retirement Office to verify the impact of any reemployment decision prior to accepting reemployment with the District.

[Utah Code § 53G-8-502 \(2018\)](#)

[Utah Code § 58-37-8 \(2019\)](#)

School District Location Defined—

"School district location" means in any school building or on any school premises; on any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off school property at any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school

district; or during any period of time such employee is supervising students on behalf of the school district or otherwise engaged in school district business.

Notice to Parent or Legal Guardian—

Upon receiving a report from a school employee of student use or possession of illegal drugs or alcohol, counterfeit substances, or any associated paraphernalia at a school District location, the designated Administrator shall immediately report the information to the student's parent or legal guardian. If the violation involves illegal drugs or counterfeit substances or drug paraphernalia, the Administrator may also report the information to law enforcement agencies or officials if that is permitted under [Utah Code § 53G-8-211](#). The identity of the school Administrator who reported the prohibited act shall not be disclosed to the student or the parent or legal guardian.

[Utah Code § 53G-8-502 \(2018\)](#)

Immunity for Good Faith Reporting—

Workers Compensation

Compliance with Statutory Requirements—

The Board will provide workers compensation benefits pursuant to state statutes and administrative regulations of the Division of Industrial Accidents within the Labor Commission. Provision of workers compensation benefits will be made for all persons entitled to such benefits under the law.

Unless specifically provided for by the Board, workers compensation benefits will not be augmented by concurrent payment of sick leave or other benefits.

[Utah Code § 34A-2-101 et seq.](#)

[Utah Code § 34A-3-101 et seq.](#)

Procurement of Workers Compensation Insurance

Procurement of Workers Compensation—

Pursuant to [Utah Code § 63G-6a-107.6\(1\)](#), the Utah Procurement Code does not apply to contracts between public entities. The Board determines that it is not advantageous to the District to procure workers compensation insurance for employees of the District through standard procurement processes. Rather, the Board elects to secure workers compensation insurance coverage through joining a pool of other school districts in the state.

The Board determines that procurement of workers compensation insurance through standard procurement processes is not advantageous to the District because insurance available through those means does not provide the opportunity to closely control and monitor the costs of insurance claims, or the opportunity to develop and implement safety programs for District employees with more direct and immediate impact upon insurance cost savings.

By procuring workers compensation insurance through participation in a pool of school districts from the state, the District will be able to more directly control and monitor its insurance costs. The District will be able to develop and implement safety programs tailored specifically to the needs and characteristics of its employees. These tailored safety measures will have a more immediate impact on savings to the District.

On cost savings to the districts, by joining the pool and obtaining workers compensation insurance through this means, the District will be grouped with other similar risks rather than with other types of dissimilar businesses. For these reasons, the Board finds that procurement of workers compensation insurance through standard procurement processes would not be advantageous to the District.

neglect of any of the requirements set forth in this policy, the employee will be subject to willful misconduct reduction of 15% pursuant to [Utah Code § 34A-2-302\(3\)\(a\)](#) whenever the injury is caused by the willful failure of the employee to:

2. Obey an order or reasonable rule adopted by the District for the safety of the employee.

2. Intentional abuse of a controlled substance in excess of amount prescribed or use in an otherwise abusive manner; or
3. Intoxication with a blood alcohol level of .08 grams or greater as shown by a reliable test.

[29 U.S.C. § 623\(a\), \(f\)](#)

Social Security—

Every District employee is also covered by the federal Social Security system to the extent provided for by law.

Risk Management Coverage for Employees

Risk Management Coverage of School District Employees—

The Board hereby elects to extend its insurance coverage available from risk management to cover employees in their individual capacities to the extent claims of liability arise from acts performed within the scope of the employee's employment with the District.

EDUCATOR EVALUATION

PURPOSE—

The purpose of the formal educator evaluation system of the _____ School District (referred to as District in this policy) is to insure that the best possible instruction and learning are accomplished and to provide feedback to the educator in order to promote professional growth in conjunction with the educator's plan for professional development. The evaluation process is also intended to establish behaviors that contribute to student progress.

POLICY—

The _____ School District Board of Education understands the importance of ensuring that every child has an effective educator. Research shows that educator quality affects student achievement more than any other school based variable. It is the policy of the _____ School District to focus on preparing, recruiting, and retaining quality educators as primary strategies to boost academic achievement. By linking educator evaluation with academic standards for students and professional standards for educators, the District intends to transform educator evaluation into a more effective tool for improving instructional practice and raising student achievement.

The term may also include an Educator who is placed on "Formal Probation" for Misconduct. Educators placed on Formal Probation for Misconduct are not granted additional entitlements, rights, opportunities, or benefits as a condition of this policy and the remediation provisions do not apply.
10. "Provisional Educator" has the meaning given that term in [Utah Code § 53G-11-503](#). Specifically, an educator must work for the District on at least

- a half-time basis for three consecutive years to obtain career employee status. The District may extend the provisional status of an employee up to an additional two consecutive years as specified in District policy.
11. “Summative Evaluation” means the annual evaluation that summarizes an Educator’s performance during a school year and that is used to make decisions related to the Educator’s employment, including decisions on salary, continued employment, personnel assignments, transfers, or dismissals. The Summative Evaluation will be used to help maintain effectiveness in teaching.
 12. “Temporary Educators” has the meaning given that term in District Policy DHA. While temporary educators will be evaluated annually, Temporary Educators serve at the will of the District and may be terminated at any time at the sole discretion of the District regardless of evaluation outcome. Compliance or failure to comply with this policy will not provide an expectation of continued employment or provide additional rights for at-will or Temporary Educators.
 13. “Unsatisfactory performance” means a deficiency in performing work tasks which may be due to insufficient or undeveloped skills, or lack of knowledge or aptitude; and remediated through training, study, mentoring, practice, or greater effort. Unsatisfactory performance does not include Misconduct.
 14. “Utah Effective Teaching Standards” are set forth in [Utah Administrative Rule R277-530-5](#).
 15. Utah Code governing Educator Evaluations is contained in Utah Code Title 53G, Chapter 11, Part 5.
 16. State Board of Education regulations regarding educator evaluations are set forth in [Utah Admin. Rules R277-531](#) and [R277-533](#).

Educator Evaluation Training and Notification—

The District will explain the evaluation process and provide comprehensive training and implementation guidance to principals, require state evaluator certification and provide follow-up training as needed. District leadership will monitor and enforce compliance and intervene as necessary.

New Educator Evaluation and Mentor Assistance—

1. The principal shall assign a mentor teacher to work with each provisional Educator, Educator holding an associate educator license, Educator holding a professional educator license with less than three years of teaching experience, and Educator holding a District-specific license during the first three years of work with the District. The mentor shall assist the Educator to become effective and competent in the teaching profession and school system. The mentor teacher shall not serve as an evaluator of the Educator. While the mentor teacher shall provide reasonable guidance and direction, based on observation and knowledge,

- it shall be the ultimate responsibility of the Educator to seek advice and assistance as necessary from the mentor teacher.
2. Provisional Educators will receive an annual Summative Evaluation using the District Educator Evaluation Instrument. The evaluation shall occur prior to March 1st. Administrators shall share and discuss summative ratings with provisional educators within 15 days of the observation.
 3. Provisional Educators will receive formative evaluations as determined to be appropriate by the supervising administrator.
 4. The second lowest level of four levels of performance for Provisional Educators shall be designated as “emerging effective.” If a Provisional Educator receives a rating of emerging effective, it shall not result in a withholding of the most recent legislative allocated salary adjustment.

Career Educator Evaluation—

1. Career Educators shall participate in and receive an annual Summative Evaluation.
2. All Career Educators shall participate in at least one annual Formative Evaluation, or such additional Formative Evaluations as determined to be appropriate by the supervising administrator.

Educator Evaluation Process—

1. The District’s Evaluation Instrument shall be based on the Utah Effectiveness Standards:
2. Educator Evaluation Multiple Lines of Evidence:
 - a. Self-Evaluation: Each Educator shall engage in a self-assessment and develop a professional growth plan using the Effectiveness Standards no later than 30 days before the Summative Evaluation. Educators shall use the District on-line tool to conduct their self-assessment and document their professional growth plan.
 - b. Instruction: The District will measure effective, consistent, and meaningful instruction using the principles and guidelines outlined in the Effectiveness Standards. This is primarily accomplished and documented using the District Evaluation Instrument through a reasonable number of observations and other indicators of instructional knowledge, skill, and ability.
 - c. Student Academic Growth: The District will measure student academic growth using:
 - i. Learning goals measuring long-term outcomes linked to the appropriate specific content knowledge and skills from the Utah Core Standards;
 - ii. Assessments; and
 - iii. Targets for incremental monitoring of student academic growth.

- d. Stakeholder Input: Parents and students will be given the opportunity to provide input using available tools and web-based surveys. Data will be recorded and measured for both elementary and secondary schools to provide feedback on school climate and educator effectiveness.
 - e. Random Evaluation: (Walk-through Evaluation) At any time the principal or designee may randomly and informally evaluate an Educator and record observations using the applicable Effectiveness Standards and evaluation instruments.
 - f. Supervisor Observations: Evaluation will include a reasonable number of supervisor observations, sufficient in number to ensure adequate reliability. These observations shall meet the requirements of [Utah Admin. Rules R277-533-4](#).
 - g. Professional Growth: Evaluation will address evidence of professional growth and other indicators of instructional improvement based on the Utah Effective Teaching Standards.
 - h. For Administrators, the evaluation shall include employee input and also shall assess the Administrator's effectiveness in evaluating the employee performance in a school for which the Administrator has responsibility or within the Administrator's assignment within the District.
3. Additional Evaluation Evidence:
- a. Portfolio Evidence
 - b. Completed Professional Development
 - c. Student or parent written praise or concerns
 - d. Peer feedback or written praise or concerns
 - e. PLC participation
 - f. Archived evidence
4. Summative Evaluation:
- a. Differentiated Levels of Performance (third level based on license level):
 - i. Highly Effective
 - ii. Effective
 - iii. Emerging Effective (applies to educators who are being served by the District's educator induction program, or received a new or different teaching or leadership assignment in the last school year, or are developing in that new area)
 - iv. Minimally Effective (applies to educators who hold a professional educator license, are not being served by the District's educator

induction program, and are teaching or leading in a familiar assignment)

v. Not Effective

b. Components and Weight: Educators shall receive a Summative Evaluation rating based on:

- i. Actual observations of the educator's performance; and
- c. Educator, evaluator, student academic growth, or other stakeholder data gathered, calculated, or observed that is aligned with standards and rubrics. Each component will be measured by one or more of the Multiple Lines of Evidence. The Summative Evaluation system shall align with the above four differentiated levels of performance.
- d. The administrator responsible for an Educator's Summative Evaluation shall allow the Educator to respond and gather evidence to any part of the Summative Evaluation and, if the response is written, attach the Educator's response and evidence to the evaluation.
- e. Within 15 calendar days after the Summative Evaluation process is completed, the administrator shall discuss the written evaluation and evidence provided with the Educator and based on the Educator's performance assign one of the four levels of performance.
- f. Administrators shall share and discuss summative ratings with career educators by the first Monday in March of each year. The evaluating administrator may conduct further Formative Evaluations throughout the school year and if needed hold a teacher conference, develop a performance improvement plan, a Plan of Assistance, and adjust the Summative Evaluation rating as appropriate following additional evaluation.

5. Summative Rating Review:

- a. A career educator who is not satisfied with a Summative Evaluation rating may in writing request a review of the evaluation within 15 days after receiving the written evaluation.
- b. If a review is requested, the Superintendent or the Superintendent's Designee shall appoint a person not employed by the District who is a certified rater and who has expertise in educator evaluation to review the evaluation procedures and make written findings reported to the superintendent regarding the Educator's Summative Evaluation in accordance with [Utah Admin. Rules R277-533-8](#).
- c. Upon receipt of the written findings, the District shall determine if the evaluation was issued in accordance with the District's evaluation policies, the requirements of the performance standards, Utah Code Title 53G, Chapter 11, Utah Administrative Rule R277-531, and Utah Administrative Rule R277-533.

6. Wage Increase and Legislative Supplemental Salary Adjustments

- a. An Educator that receives the lowest level ("Not Effective") on the most recent evaluation may not advance on the salary schedule. A Not Effective rating shall constitute a summative rating of less than satisfactory and subject the Educator to being placed on probation and to withholding of the most recent legislative allocated salary adjustment pursuant to [Utah Code § 53F-2-405\(4\)\(c\)](#) and [Utah Administrative Rule R277-110-3](#).
- b. An Educator that receives the second-lowest level on an evaluation ("minimally/emerging effective") may not advance a step on the district salary schedule, unless that Educator is being served by the District's educator induction program or is in the first year of a new subject, grade level, or school assignment.
- c. The following events will subject the Educator to an interim withholding of the most recent legislative allocated salary adjustment until completion of the identified requirements regardless of evaluation results.
 - i. Failure to complete licensing requirements within State Board or District authorized time limits until such requirements are completed. Teacher salary adjustments will resume the month following satisfactory completion of omitted requirements.
 - ii. Placement on a District level Counseling/Probation form will result in a withholding of the most recent legislative allocated salary adjustment for a period of one year (12 months) commencing at the beginning of the next contract year following the issue date of the formal notice, regardless of evaluation results.

7. Educator Deficiencies:

- a. Notice of Improvement:
 - i. The administrator shall give an Educator whose performance is inadequate or in need of improvement (evaluated as minimally effective or not effective) a written document clearly identifying:
 1. specific, measurable, and actionable deficiencies;
 2. the available resources that will be provided for improvement; and
 3. a recommended course of action that will improve the Educator's performance.
 - ii. The Educator is responsible for improving performance, including using any resources identified by the District, and demonstrating acceptable levels of improvement in the designated areas of deficiencies. The educator must sign the Notice of Improvement. (If the educator refuses to sign the Notice, the administrator will sign

the Notice with a note stating in substance that the Educator was given a copy of the Notice of Improvement on the date but refused to sign it.)

- iii. An administrator is not required to remediate an Educator with a Notice of Improvement if the Educator's unsatisfactory performance was documented for the same deficiency within the previous three years and a plan of assistance was implemented.

b. Plan of Assistance:

- i. If the District intends to not renew a career educator's contract for unsatisfactory performance or terminate a career educator's contract during the contract term for unsatisfactory performance, the District shall:
 - 1. provide and discuss with the career educator written documentation clearly identifying the deficiencies in performance;
 - 2. provide written notice that the career educator's contract is subject to non-renewal or termination if, upon a reevaluation of the career educator's performance, the career educator's performance is determined to be unsatisfactory;
 - 3. develop and implement a plan of assistance in an attempt to allow the career educator an opportunity to improve performance;
 - 4. re-evaluate the career educator's performance; and
 - 5. if the career educator's performance remains unsatisfactory, give notice of intent to not renew or terminate the career educator's contract.
- ii. The period of time for implementing a Plan of Assistance:
 - 1. may not exceed 120 school days, except as provided in this policy;
 - 2. may continue into the next school year;
 - 3. should be sufficient to successfully complete the plan of assistance; and
 - 4. shall begin when the career educator receives the written notice of deficient performance and end when the determination is made that the career educator has successfully remediated the deficiency or when the notice of intent to terminate is given.
- iii. An administrator may extend the period of time for implementing a plan of assistance beyond 120 school days if:

1. a career educator has been approved and qualifies for leave under the Family Medical Leave Act during the time period the plan of assistance is scheduled to be implemented; or
 2. For other compelling reasons as approved by the Board if the leave was scheduled before the employee was placed on a Plan of Assistance.
- iv. If upon a reevaluation of the career educator's performance, the District determines the career educator's performance is satisfactory, and within a three-year period after the initial documentation of unsatisfactory performance the career educator's performance is determined to be unsatisfactory for the same deficiency, the District may elect to not renew or terminate the career educator's contract without implementing a new Plan of Assistance.
 - v. If the District intends to not renew or terminate a career educator's contract for performance under this section, the District will provide written documentation of the career educator's deficiencies in performance; and give notice of intent to not renew or terminate the career educator's contract.
 - vi. Nothing in this Policy shall prevent the District from taking appropriate disciplinary action for Misconduct as defined in this Policy, the Utah Code, Utah Administrative Rule, or District Policy DHA.
 - vii. At the conclusion of the post observation conference, the employee has 15 school days to request one additional evaluation. The additional evaluation may be conducted by the same administrator or one selected by the district.

Classified Employee Evaluation

The evaluation shall be completed at least 90 days prior to the end of the contract year.

Orderly School Termination for Employees

Definitions—

For purposes of this policy, the following definitions apply:

1. “Career Employee”

- a. An employee of the District who has obtained a reasonable expectation of continued employment. An employee who works for the District on at least a half-time basis becomes a career employee upon the successful completion of at least three (3) full consecutive academic school years with the District as a provisional employee (the District may extend the three-year provisional status of an employee up to an additional two (2) consecutive years). If the provisional employee starts after the beginning of the school year, that school year does not count toward “career employee” status. Successful completion is determined by performance of all contractual duties within standards acceptable to the District.
- b. An employee who has obtained a reasonable expectation of continued employment under this policy and then accepts a position with the District which is substantially different from the position in which career status was obtained shall become a provisional employee. An employee with career status who is separated from employment with the District and later returns to work with the District shall upon return be a provisional employee.

[Utah Code § 53G-11-501\(3\) \(2020\)](#)

[Utah Code § 53G-11-503 \(2018\)](#)

2. “Provisional Employee”

- a. Any employee who has not achieved career employee status is a “Provisional Employee.” A provisional employee is an employee, who works for the District on at least a half-time basis, hired on an individual, one-year contract and who is not a temporary employee. Provisional employees have no expectation of continued employment beyond the current one-year contract term. Provisional employees are employed at will and their employment can be terminated at the discretion of the Board of Education except that provisional employees can be discharged during the term of each contract only for cause. The District may extend the provisional status of an employee up to an additional two consecutive years by written notification to the provisional employee no later than 30 days before the end of the contract term of that individual. Circumstances under which an employee’s provisional status may be extended include: (1) less-than-perfect score on a performance evaluation; or (2) receipt of complaint(s) or expression(s) of concern from a parent, coworker, or member of the community that creates uncertainty about the employee’s

professionalism, performance, or character; (3) declining student enrollment in the district or in a particular program or class; (4) the discontinuance or substantial reduction of a particular service or program; or (5) budgetary concerns.

[Utah Code § 53G-11-501\(10\) \(2020\)](#)

[Utah Code § 53G-11-503 \(2018\)](#)

- a. Classified Employees are all non-certified employees of the District.

4. “Temporary Employee”

- a. Temporary employees are all employees employed on a temporary basis. Temporary employees also include those seasonal employees who are employed for less than the full academic year. An appointment of a temporary employee may not be for a period of time greater than one year. Temporary employees are employed at the will of the District and have no expectation of continued employment and their employment may be terminated at any time without cause. Temporary employees are not career employees or provisional employees as defined by Utah Code § 53G-11-501 and the policies of this District.

[Utah Code §53G-11-501\(14\) \(2020\)](#)

5. “Contracted Service Providers”

- a. Contracted Service Providers are individuals regardless of employment status (full or part-time) who by nature of their profession are not required to hold a professional certificate issued by the Utah State Board of Education who are paid by contract to provide specific types of services for the District but who are not employees, are not on the District payroll and do not receive the same benefits enjoyed by regular employees of the District.

6. “Extra Duty Contracts”

- a. An employee who is given extra duty assignments in addition to a primary assignment, such as a teacher who also serves as a coach or activity advisor, is a temporary employee in those extra duty assignments and may not acquire career status beyond the primary assignment. There are no rights to a due process hearing if a person is released from coaching or an extra duty position. A person may be released from a coaching or extracurricular position at the discretion of the Board.

7. “Employee”

- a. A person, other than the District superintendent or business administrator, who is a career or provisional employee of the District.

[Utah Code § 53G-11-501\(7\) \(2020\)](#)

8. "Contract Term or Term of Employment"

[Utah Code § 53G-11-501\(5\) \(2020\)](#)

10. "Unsatisfactory performance"

- a. a deficiency in performing work tasks which may be:
 - i. due to insufficient or undeveloped skills or a lack of knowledge or aptitude; and
 - ii. remediated through training, study, mentoring, or practice.
- b. does not include the following conduct that is designated as a cause for termination or a reason for license discipline:
 - i. a violation of work policies;
 - ii. a violation of District policies, State Board of Education rules, or law;
 - iii. a violation of standards of ethical, moral, or professional conduct; or
 - iv. insubordination.

[Utah Code § 53G-11-501\(15\) \(2020\)](#)

21. Unsatisfactory performance;
22. For any other reason justifying termination of employment for cause.

**Termination for Unsatisfactory Performance—Procedural Due Process—
Notice to Career Employee of Unsatisfactory Performance—**

If the District intends not to renew the contract of a career employee for reasons of unsatisfactory performance it shall:

1. Notify the employee at least 30 days prior to issuing a notice of intent not to renew the employee's contract that continued employment is in question and the reasons for anticipated non-renewal;
2. The Principal or designee shall provide and discuss with the employee written documentation clearly identifying the deficiencies in performance;
3. The Principal or designee shall develop and implement a plan of assistance, in accordance with procedures and standards established by Policy DG or Policy DGA, to allow the employee an opportunity to improve performance;
4. Provide to the employee a sufficient time period to successfully complete the plan of assistance of at least 30 days but not more than 120 days in which to correct the deficiencies; except the 120-day limit may be extended when:
 - a. an employee is on leave from work during the time period the plan of assistance is scheduled to be implemented; and the leave was approved and scheduled before the written notice intent not to renew was provided; or
 - b. the leave is specifically approved by the Board.
5. The time period to correct the deficiencies may continue into the next school year;
6. The time period to implement the plan of assistance and correct the deficiencies shall begin when the employee receives the written notice provided under Subsection (1) and end when the determination is made that the employee has successfully remediated the deficiency or notice of intent to not renew or terminate the employee's contract is given in accordance with Subsection (8);
7. The Principal or designee shall reevaluate the employee's performance;
8. If upon a reevaluation of the employee's performance, the District determines the employee's performance is satisfactory, and within a three-year period after the initial documentation of unsatisfactory performance for the same deficiency pursuant to Subsection (2), the employee's performance is determined to be unsatisfactory, the District may elect to not renew or to terminate the employee's contract.
9. If the employee's performance remains unsatisfactory after reevaluation, the Superintendent or designee shall give notice of intent to not renew or to terminate the employee's contract, which shall include written documentation of the employee's deficiencies in performance.
10. Nothing in this Policy shall be construed to require compliance with or completion of evaluations prior to non-renewal of a career employee's contract.

11. An employee whose performance is unsatisfactory may not be transferred to another school unless the Board specifically approves the transfer of the employee.

[Utah Code § 53G-11-514 \(2018\)](#)

[Utah Code § 53G-11-517 \(2018\)](#)

Notice of Intent not to Renew Contract of Career Employee—

If the District intends not to renew the contract of employment of a career employee after giving notice that continued employment is in question, it shall:

1. Give notice that a contract of employment will not be offered for the following school year to the individual.
2. Issue notice at least 30 days before the end of the contract term of the individual.
3. Serve notice by personal delivery or certified mail to the employee's most recent address shown on the district's personnel records.

Notice of Intent to Terminate Employment During Term of Contract—

If the District intends to terminate an employee's contract during the contract term, the District shall:

1. Give written notice of that intent to the employee;
2. Serve the notice by personal delivery or by certified mail addressed to the individual's last known address.
3. Serve the notice at least 30 days prior to the proposed date of termination;
4. State the date of termination and detailed reasons for termination.
5. Give notice of the individual's right to appeal the decision to terminate employment and the right to a hearing and the right to legal counsel, to present evidence, cross-examine witnesses and present arguments at the hearing.
6. Notify the employee that failure to request a hearing within 15 days after the notice of termination was either personally delivered or mailed to the employee's most recent address shown on the district's personnel records shall constitute a waiver of the right to contest the decision to terminate.

[Utah Code § 53G-11-513 \(2018\)](#)

Notice of Intent Not to Offer a Contract to a Provisional Employee—

If the District intends not to offer a contract of employment for the succeeding school year to a provisional employee, it shall give notice at least 60 days before the end of the provisional employee's contract term that the employee will not be offered a contract for a following term of employment. Because provisional employees do not have an expectation of continued employment, they do not have a right to grieve the decision not to renew employment and do not have a right to a hearing.

[Utah Code § 53G-11-513 \(2018\)](#)

Notice of Intent to Terminate or Not Offer a Contract to a Temporary Employee—

Temporary employees will be given notice of a minimum of 10 working days of the termination of their employment. Because temporary employees do not have an expectation of continued employment, they do not have a right to grieve the decision to terminate or not to extend employment and do not have a right to a hearing.

Expectation of Continued Employment in Absence of Notice—

In the absence of a notice, a career or provisional employee is considered employed for the next contract term with a salary based upon the salary schedule applicable to the class of employees into which the individual falls.

This provision does not preclude the dismissal of a career or provisional employee during the contract term for cause.

[Utah Code § 53G-11-513 \(2018\)](#)

Right to an Informal Conference—

A notice of intention not to renew the contract of a career employee or of an intention to terminate the contract of a career or provisional employee during its term must advise the individual that he or she may request an informal conference before the Superintendent or Superintendent's designee. The request for an informal conference must be made in writing and delivered to the Superintendent's within 10 days of the date on the notice of intention not to renew or notice of termination during the contract term. The informal conference will be held as soon as is practicable. Suspension pending a hearing may be without pay if the Superintendent or a designee determines after the informal conference, or after the employee had an opportunity to have an informal conference, that it is likely that the reasons for cause will result in termination.

[Utah Code § 53G-11-513 \(2018\)](#)

Employee's Right to Hearing—

A notice of intention not to renew the contract of a career employee or of an intention to terminate the contract of a career or provisional employee during its term must also advise the individual that if after the informal conference the employee wishes a hearing on the matter, he or she must submit written notice to that effect to the Superintendent's office within five (5) days of the informal conference. If the employee wishes to not have an informal conference, but does wish to have a hearing, he or she must submit written notice to that effect within 15 days of the date on the notice of intent not to renew or notice of termination during the contract term. Upon timely receipt of the notice, the Superintendent will notify the Board, which will then either appoint a hearing examiner or hearing board or determine to hear the matter itself. In either case, the Board will then send notice of the date, time and

place of hearing to the Superintendent and to the employee. If the employee does not request a hearing within 15 days, then the employee shall have waived any right to a hearing and to contest the decision.

[Utah Code § 53G-11-513 \(2018\)](#)

Appointing a Hearing Examiner—

If the Board of Education determines that the hearing shall be conducted by a hearing examiner or board, it shall so advise the Superintendent to appoint a board of three District administrators who have no substantial knowledge of the facts of the case or select an independent hearing examiner.

In so appointing a hearing examiner or hearing board, the Board of Education may delegate its authority to the hearing officer or hearing board to make findings and decisions relating to the employment of the employee that are binding upon both the employee and the Board of Education. In the absence of an express delegation, the Board retains the right to make its own decision based on the factual findings of the hearing officer.

[Utah Code § 53G-11-515 \(2018\)](#)

Rights of Employee at a Hearing—

At the hearing, the employee and administration each have right to counsel, to produce witnesses, to hear testimony, to cross-examine witnesses, and to examine documentary evidence.

[Utah Code § 53G-11-515 \(2018\)](#)

Decision—

Within 15 days after the hearing, the person or entity that conducted the hearing, whether the hearing examiner, hearing board, or Board of Education, shall issue written findings and conclusions deciding the matter. These shall be provided to the employee by mail or personal delivery.

In the event the decision of the board or hearing officer is to not terminate the employment of the employee, then the employee shall be reinstated and back pay shall be paid if the employee was suspended without pay pending a hearing.

[Utah Code § 53G-11-513 \(2018\)](#)

Suspension During Investigation—

The active service of an employee may be suspended by the Superintendent pending a hearing if it appears that the continued employment of the individual may be harmful to students or to the District. The employee shall be provided written notice of the suspension, which may be included with written notice of termination of employment during the contract term or notice of non-renewal of contract.

[Utah Code § 53G-11-513 \(2018\)](#)

Necessary Staff Reduction Not Precluded—

Nothing in this policy prevents staff reduction if necessary to reduce the number of employees because of the following:

1. declining student enrollments in the district;
2. the discontinuance or substantial reduction of a particular service or program;
3. the shortage of anticipated revenue after the budget has been adopted; or
4. school consolidation.

[Utah Code § 53G-11-516 \(2018\)](#)

No Verbal Agreements—

It is the policy of the District that all agreements with employees must be written; there are no verbal agreements because all agreements must be approved by the Board of Education. Only the Board of Education has authority to hire and fire unless such authority has been expressly delegated in writing.

Notification to Utah Professional Practices Advisory Commission—

The Superintendent shall notify the Utah Professional Practices Advisory Commission if an educator is determined, in any judicial or administrative proceeding, to have violated any of the Utah Educator Standards. If possible, this notification shall be made using the form provided by the UPPAC Executive Secretary. In submitting the notification to UPPAC, the Superintendent may make a recommendation to the UPPAC Executive Secretary regarding whether UPPAC investigation would be appropriate under the circumstances, taking into consideration any employment action taken by the District. Notice is not required to be given if there are no other proceedings other than a District administrative proceeding and the District's proceeding determines that the allegations constituting the violation are unsupported. (A criminal charge would be an example of another proceeding.)

[Utah Admin. Rules R277-217-5 \(February 7, 2020\)](#)

Reduction in Force

Purpose—

The Board of Education recognizes that from time to time it may be necessary to reduce in force under certain circumstances. Any time a reduction in force becomes necessary, the primary goal of the Board is to identify those positions which can be eliminated, combined, or reduced to meet the needs of the District. The maintenance of educational programs is the top priority when a reduction in force becomes necessary.

Delegation—

The Board of Education hereby delegates to the Superintendent the duty to identify which programs or positions should be eliminated, combined, or reduced whenever a reduction in force becomes necessary. In suggesting such action, the Superintendent should consider:

1. Why the Reduction in Force is necessary.
2. Which positions can best be eliminated, combined or modified to meet the educational goals of the School District.

In considering which positions to eliminate, combine or modify in the best interests of education in the school district, the Superintendent may, in his discretion, consider the following factors:

1. the results of an employee's performance evaluation; and
2. a school's personnel needs.

Necessary Reductions—

The School District may reduce the number of employees in force, combine, or modify positions or programs without following Orderly Termination Policies of the School District only when it becomes necessary to reduce the number of employees for one or more of the following reasons:

1. Declining student enrollments in the School District;
2. Discontinuance of a particular service or program;
3. The shortage of anticipated revenue after the budget has been adopted; or
4. School consolidation.

“Last Hired, First Fired” Procedure for Layoffs Prohibited—

The District may **not** utilize a last-hired, first-fired procedure for layoffs when terminating District employees. “Last-hired, first-fired procedure for layoffs” means

staff reduction that mandates the termination of an employee who started to work for the District most recently before terminating a more senior employee.

Scope of Policy—

This policy applies to reduction in force of both classified and certified employees.

Redress of Grievances

Purpose—

The purpose of this policy is to provide employees an orderly process for the prompt and equitable resolution of grievances. The Board intends that, whenever feasible, complaints be resolved at the lowest possible administrative level.

Redress of Grievances—

Employees shall have the right, in a peaceable manner that does not interfere with education in the District, to assemble together for their common goals and apply to those vested with the powers of government for redress of grievances or other purposes, by petition, address, or remonstrance.

Evaluations—

Teachers may present grievances regarding the evaluation process according to the District's evaluation processes or as set out in the statute regarding evaluations. Those policies and laws shall govern grievances regarding teacher evaluations rather than this policy. Classified employees may present grievances regarding evaluations under this policy.

[Utah Code § 53G-11-507 \(2019\)](#)
[Utah Code § 53G-11-508 \(2020\)](#)

Right to Representation—

An employee, or where appropriate a group of employees, may present a grievance through another person or organization recognized by the Board regarding any adverse employment action or administrative action decision negatively affecting the employee.

Freedom from Retaliation—

No retaliatory action shall be taken by the Board or any administrator against an employee or other participant in a grievance proceeding because of participation in the grievance procedure.

Presentation—

An employee's legal right to present a grievance is satisfied at each level when someone in a position of authority hears the employee's concern; however, that authority is under no legal compulsion to take action to rectify the matter.

Board's Role—

The Board shall provide an opportunity for employees to present their grievances for Board consideration. At the option of the Board grievances may be reviewed solely at the administrative level by a school principal or the Board may exercise its discretion to hear a grievance at a regular meeting in executive session or at such other times as the Board may determine.

Notice to Employees

Principals of each school shall be responsible for informing all employees under their supervision of the District's employee grievances policy.

Definitions—

1. Complaint
 - a. A complaint must specify the individual harm suffered.
2. A grievance under this policy shall include:
 - a. Grievances concerning an employee's wages, hours, or conditions of work or other adverse employment action decisions affecting an employee.
 - b. Specific allegations of unlawful discrimination in employment or education programs on the basis of sex (but not including allegations of sexual harassment), race, religion, national origin, age, disability, sexual orientation, or gender identity or on the basis of the employee's exercise of constitutional rights.
 - c. Alleged violations of State Board rules or of policies adopted by the Board.
 - d. Alleged violations of a constitutional, statutory, or common law right.
3. Aggrieved Party
 - a. An aggrieved party is an employee who alleges a violation of a constitutional, statutory, or common law right, or of a State Board rule or local Board policy. An employee who files a grievance is not necessarily an "aggrieved party". Different procedures may apply to "aggrieved parties" than to "complainants". Those distinctions shall be determined on a case-by-case basis.

Presentations and Hearings—

In most circumstances, complainants shall be entitled to administrative review conferences and an informal presentation of the complaint to the Board at the Board's discretion; however, this provision shall not be construed to create an independent right to a hearing before the Board in addition to hearings required by law. Aggrieved parties whose legal rights have been adversely affected such that they are entitled to some type of due process hearing shall be offered a hearing before the Board or its designee. Upon receipt of the written request for a hearing, the Superintendent shall determine whether an aggrieved party is legally entitled to more than a presentation and, if so, the type of hearing appropriate.

Aggrieved Party—

An employee aggrieved by a violation of a constitutional, statutory, or common law right, a rule adopted by the State Board of Education, or a policy adopted by the Board shall be afforded a hearing before the Board in accordance with applicable law. However, this provision shall not be construed to create an

independent right to a hearing before the Board in addition to any hearing required by law.

Request—

The aggrieved employee shall make a written request for a hearing, identifying specifically the claimed violation and the relief requested. The written request shall be deemed filed upon receipt by the Superintendent's office. The request shall be filed with the Superintendent's office not more than 15 days after the claimed violation.

Hearing—

The school principal or designee shall conduct a hearing within 30 days of receipt of a written request. However, the hearing may be postponed by mutual consent. The principal or designee shall notify the aggrieved employee in writing of the time and place of the hearing. The Board shall notify the aggrieved employee of its decision in writing within 15 days after the hearing.

Other Review Processes

Employee termination and non-renewal procedures are found in policy series D and such actions are not subject to the procedures set forth in this section. Procedures for complaints regarding sexual harassment (a form of sex discrimination) are set forth in Policy DKB and Policy FHAB. Those procedures apply rather than the procedures in this policy.

Representation

The employee registering a complaint or any employee who is the subject of a complaint may be represented at his or her own expense by a fellow employee, attorney, other person, or organization. The District may be assisted in processing complaints as it deems appropriate.

General Provisions

The following shall be general provisions for processing grievances:

1. Grievances shall be heard in informal administrative conferences.
2. Time is of the essence. All time limits shall be strictly complied with, except if extended by mutual consent. All references are to calendar days, unless otherwise indicated.
3. The appropriate administrator at each level shall respond to the employee within seven working days of a grievance conference. Oral grievances may receive an oral or written response, and written grievances shall receive a written response.
4. The employee has seven working days after a response to appeal to the next level. The grievance shall be considered concluded if at any level it is not appealed within the given time limit.

5. All grievances arising out of an event or condition or related series of events must be addressed in one grievance. An employee may not bring separate or serial grievances concerning events or conditions about which the employee has previously complained.

Level One—

Any employee having a grievance shall meet with the Principal or immediate supervisor within fifteen days of the time the employee first knew, or should have known, of the event, condition, or series of events upon which the grievance is based.

Level Two—

If the employee is not satisfied with the outcome of the grievance conference at Level One, the employee may meet with the Superintendent or a designee to discuss the grievance within seven working days after receiving the response.

At or prior to the conference with the Superintendent or designee, the employee shall submit a written description of the basis of the grievance, the date(s) it occurred, the remedy sought, and the date the employee conferred with the Principal or immediate supervisor.

Level Three—

If the outcome of the grievance conference at Level Two is not to the employee's satisfaction, an employee wishing to appeal shall file a written request with the Superintendent for a Board hearing at the next regular meeting. In matters involving an aggrieved party, the meeting shall be held within 30 days after the date the written request for a Board hearing was filed with the Superintendent, unless postponed by mutual consent. The Board shall notify the aggrieved employee in writing of the time and place of the hearing. The Board shall provide written notification to the aggrieved employee of its decision within 15 days after the hearing.

The Board may designate a portion of its regular monthly meeting to hear employee grievances. However, the Board shall not discuss any subject that is not included in the written notice (posted agenda) for the meeting, other than to propose to place it on the agenda for a subsequent meeting.

The Board President may set reasonable time limits on grievance presentations. The Board shall listen to the grievance but is not required to respond or take any action on the matter unless the grievance is from an aggrieved party.

Aggrieved parties who are entitled to some type of due process hearing shall be afforded that hearing with the Board or its designee at Level Three. If the Board's designee conducts the hearing, the designee shall make a recommendation to the Board at a meeting held within 30 days of the date the request for a Board hearing was filed with the Superintendent. The employee shall be given an opportunity to respond to the recommendation either orally or in writing.

Closed Hearing—

If the grievance involves the character, professional competence, or physical or mental health of the employee bringing the grievance, it shall be heard by the Board in a closed meeting, unless the employee requests that it to be heard in public. If the grievance involves complaints or charges against another person, it shall be heard by the Board in a closed meeting, unless the person complained about requests that it be heard in public.

Credit for Prior Teaching

Credit for Experience—

In the event the District negotiates the amount paid as salary, step and ladder placement for an individual contract of employment with a new certified employee in the District, the Board shall grant credit for prior teaching experience in the public schools of the State of Utah.

[Utah Code § 53F-2-305\(3\) \(2020\)](#)

Partial Year Experience—

In calculating credit for experience for compensation purposes only, the certified employee shall be given partial credit for less than a full school year in an amount proportionate to that part of the year worked by the employee.

Interpretation of this Policy—

Nothing in this policy shall be construed to require recognition of prior credit for teaching outside the District or for partial credit for less than a full school year in determining whether a certified employee has an expectation of continued employment under the District's Orderly Termination Policy.

Further, nothing in this policy shall be construed to mean that teaching experience is the only or most important factor in making employment decisions because certified employees should be employed based upon all factors related to professional qualifications.

Employment Relations: ***Employee Associations and Wage Deductions***

Association Membership—

No person shall be granted or denied District employment by reason of membership or non-membership in any labor organization, labor union or any other lawful type of association.

[Utah Code § 34-34-2 \(2011\)](#)

Deductions for Association Dues—

The District shall, upon written request from an employee, deduct a specified sum from the employee's wages, not to exceed 3% per month, and pay such sum to the employee association designated by the employee for association dues. The District shall cease making such deductions upon written request from the employee directing that the deductions cease.

[Utah Code § 34-32-1 \(2011\)](#)

Deductions for Political Purposes Prohibited—

The District may not deduct any amount from an employee's wages which are to be paid to:

- A candidate;
- A personal campaign committee;
- A political action or political issue committee;
- A registered political party;
- A political fund; or,
- Any entity established by a labor organization (including any employee association) to solicit, collect, or distribute monies primarily for political purposes.

1. On unpaid association leave; or
2. Participating in a paid association leave activity that does not provide a direct benefit to the District.

Reimbursement may be paid to the District by the employee, association or union.

Legal Defense of Employees

Notice of Suit or Threat of Suit—

In the event that any employee is sued or threatened with suit for actions which the employee has taken while engaged in the performance of the employee's duties, for actions within the scope of the employee's employment, or actions under the color of state authority as an employee of the District, the employee shall notify the Superintendent of Schools in writing of such suit or threat of suit. The written notice shall provide a short statement of the facts giving rise to the claim, the nature of the claim asserted, and how the actions giving rise to the claim relate to the employee's job duties or come within the scope of employment or occurred under the color of authority. In addition, the notice must request the District to engage counsel to provide a defense to the claim, and the written request must be made:

1. within 10 days after service of process upon the employee; or
2. within a longer period that would not prejudice the District in maintaining a defense on the employee's behalf; or,
3. within a period that would not conflict with notice requirements imposed on the school district in connection with insurance carried by the school district relating to the risk involved.

If the employee fails to make a timely request or cooperate in the defense, including the making of an offer of judgment or settlement, the District need not, in its discretion, defend or continue to defend the employee, or pay any judgment, compromise, or settlement against the employee arising from such claim

Referral to Legal Counsel—

The Superintendent may, if the nature of the action so warrants, provide a copy of the request to provide a defense to Risk Management or to the District's legal counsel.

Limitation of Obligation to Provide Defense—

Nothing in this policy obligates the District to undertake a defense, pay any judgment, or otherwise assume liability of an employee for acts or omissions of an employee that did not occur:

1. during the performance of the employee's duties; or
2. within the scope of employment with the District; or
3. under color of authority.

Also, the District shall not be obligated to pay any judgments or indemnify and may decline to provide a defense or discontinue providing a defense for:

1. fraudulent acts of an employee; or

2. willful misconduct where the employee commits the wrongful act intentionally or fails to act without just cause or excuse while aware that the conduct will probably result in injury;
3. or injury or damages committed while the employee was legally intoxicated or under the influence of non-prescribed controlled substances or alcohol to the extent as to be unable to reasonably perform his or her job function or control a vehicle.

[Utah Code § 63G-7-902 \(2008\)](#)

Within ten days after receiving the request to defend the employee, the District shall inform the employee whether it will provide the defense and if it refuses to provide the defense, the basis for the refusal. If the District refuses to provide the defense for the employee, the employee may recover from the District if the employee can prove that none of the conditions set forth in sub-part four apply. The employee has the burden of proof to establish that none of these conditions apply.

[Utah Code § 63G-7-902\(4\)\(a\) \(2008\)](#)

[Utah Code § 63G-7-903\(2\) \(2008\)](#)

The District may conduct the defense under a full reservation of rights under which the District reserves the right to discontinue the defense and/or not pay any judgment if the conditions under Subpart 4(a)-(c) above are not shown or the conditions under Subpart 4(d)-(f) above are shown.

The District shall require the applicant or potential volunteer to sign a release authorizing qualifying position employers to disclose information regarding any employment action taken or discipline imposed for physical abuse or sexual abuse of a child or of a student. The District shall then request information on such employment actions or discipline from the most recent qualifying position employer of the applicant or prospective volunteer. If the applicant or prospective volunteer does not sign the required release, the District shall not hire the applicant or give the prospective volunteer an unsupervised volunteer assignment.

The District shall also obtain information from an applicant or prospective volunteer as provided for in Policy DAC, Employment: Background Checks and may request such other information, consistent with state or federal law, as may be appropriate in evaluating the applicant or prospective volunteer.

Hiring of Veterans and Veterans' Spouses—

For purposes of this Policy a disabled veteran shall mean an individual who served duty in the armed forces and received an honorable release therefrom and who has a presently existing service-connected disability or is receiving compensation, disability retirement compensation, disability retirement benefits or a pension because of a public statute administered by the Federal Department of Veterans Affairs or military department.

For purposes of this policy “preference eligibility” shall be granted to any individual who has served on active duty in the armed forces for at least 180 days and who has received an honorable discharge therefrom, any disabled veteran, the unmarried widow or widower of a veteran or a retired member of the armed forces.

For purposes of this policy “veteran” means the same as that term is defined in [Utah Code § 68-3-12.5](#).

The Personnel Officer of the District shall add to the score of a preference eligible person who receives a passing score on an examination, or any rating or ranking mechanism used in selecting individuals for employment in the District the following:

1. Five percent (5%) of the total possible score if the person is a veteran;
2. Ten percent (10%) of the total possible score if the person is a disabled Veteran or a purple heart recipient; or,
3. If the candidate is an eligible spouse, widow or widower, the same percentage increase that the qualifying veteran would have been entitled to.

A preference eligible person who applies for a position that does not require an examination shall be given preference in interviewing and hiring for the position. If all other circumstances relevant to employment are equal among candidates, then a preference shall be given to the veteran applying for a position with the District.

Limited Exception for Towns—

Within a town, as defined by [Utah Code § 10-1-104](#), this policy on nepotism shall not apply to the employment of uncles, aunts, nephews, nieces or cousins.

[Utah Code § 52-3-4 \(1998\)](#)

Sexual Harassment

General Statement of Policy—

Sexual harassment is a form of sex discrimination which violates Section 703 of Title VII of the Civil Rights Act of 1964 ([42 U.S.C. § 2000e, et seq.](#)), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 et seq.), and the Utah Antidiscrimination Act, Utah Code [§ 34A-5-101 et seq.](#)

It is the policy of the District to maintain a learning and working environment that is free from sexual harassment. The District prohibits any form of sexual harassment. The Board of Education of the _____ School District does not discriminate on the basis of sex in its programs and activities and is required by Title IX and 34 CFR Part 106 not to discriminate on the basis of sex, including but not limited to such discrimination in admission and employment. The Board adopts this policy in order to meet its obligations under Title IX to provide appropriate treatment of and response to complaints or reports of sexual harassment and to seek to provide a learning environment free from sexual harassment and discrimination on the basis of sex. Therefore, the District will promptly respond to notice of sexual harassment or allegations of sexual harassment and take appropriate action.

The definitions of sexual harassment under Title VII and Title IX differ, although there are areas of overlap. This policy therefore distinguishes between sexual harassment as to employment (Title VII) and sexual harassment as to participation in District programs and activities (Title IX). The intent of this policy is to meet the District's obligations under both Title VII (and the Utah Antidiscrimination Act) and Title IX.

This policy addresses sex discrimination in the form of sexual harassment by employees and against employees. Policy FHAB addresses sex discrimination in the form of sexual harassment against students. Other forms of sex discrimination are addressed in Policy DAA and Policy FA. It is a violation of this policy for any employee of the District to sexually harass a student or an employee.

The District encourages all victims of sexual harassment and persons with knowledge of sexual harassment to immediately report that to the Title IX Coordinator or an administrator. Employees with knowledge of sexual harassment or possible sexual harassment are required to report that information to their supervisor and/or the Title IX Coordinator. (Failure to make such reports may result in disciplinary action according to District policy.) All complainants have the right to be free from retaliation of any kind.

Notice of this policy shall be given to all applicants for employment and employees and shall be included in employee handbooks. Questions about rights under Title IX and about the application of Title IX to the District can be directed to

the Title IX Coordinator identified in this policy or to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

The District will act to investigate all complaints, formal or informal, verbal or written, of sexual harassment and when appropriate to discipline any employee or student who sexually harasses an employee or student of the District.

No Expansion or Reduction of Other Legal Rights—

Nothing in this policy shall be construed to give any right, claim or action beyond the specific process provided in this policy. Nothing in this policy restricts rights which may be available under other District policies or under applicable laws or regulations.

Prohibition of False Statements—

Employees and students are prohibited from knowingly making false statements or knowingly submitting false information in connection with allegations of sexual harassment or a sexual harassment investigation or a sexual harassment grievance procedure. Any employee or student doing so is subject to disciplinary action.

Confidentiality—

Except to the extent required to carry out a required response to sexual harassment under this policy or other forms of sex discrimination under other policies, or as required by law, the District shall keep confidential the identity of (a) any individual who reports or complains of sexual harassment or other types of sex discrimination (including filing a formal complaint), (b) any respondent or other individual reported to have perpetrated another form of sex discrimination, and (c) any witness regarding sexual harassment or other form of sex discrimination. Except to the extent that maintaining confidentiality would impair the District's ability to provide supportive measures, the District shall keep confidential any supportive measures provided to a complainant, respondent, or employee complaining of employment sexual harassment. (In appropriately responding to sexual harassment, the District may need to disclose the identity of individuals for purposes of an appropriate investigation and following the grievance process or for purposes of appropriate supportive measures.) Disclosure is also allowed to the extent permitted by FERPA and its implementing regulations.

Employment Sexual Harassment Defined—

For purposes of employment, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by school employees, students, or visitors when:

1. Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment; or
2. Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment; or
3. That conduct or communication has the purpose or effect of unreasonably interfering with an individual's employment, or creating an intimidating, hostile or offensive working environment.

[29 CFR § 1604.11\(a\)](#)

As long as one or more of the above-listed factors is met, sexual harassment may include but is not limited to:

1. Verbal harassment or abuse, including any offensive communication that is sexually degrading or implies sexual motives or intentions, such as sexual remarks or innuendoes about an individual's clothing, appearance or activities; sexual gestures;
2. Subtle pressure for sexual activity including sexual invitations or requests for sexual activity in exchange for preferences, favors, selection for work assignments, etc.;

4. Demanding sexual favors accompanied by implied or overt threats concerning an individual's employment status;
5. Demanding sexual favors accompanied by implied or overt promises of preferential treatment with regard to an individual's employment; or any unwelcome sexually motivated touching;

7. Written or pictorial display or distribution of pornographic or other sexually explicit materials such as magazines, videos, films, etc.

Employment Reporting Procedures—

Any employee who believes he or she has been the victim of sexual harassment by an employee, student or visitor of the District, or any third person with knowledge or belief of conduct which may constitute employment sexual harassment should submit a written report of the alleged acts immediately to an appropriate District official as designated by this policy. The District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the District office. If the conduct in question meets the definition of sexual harassment in education programs (set out below), the process and procedures for such harassment (below) should also be followed.

1. In Each School Building. The building principal is the person responsible for receiving oral or written reports of employment sexual harassment at the building level. Upon receipt of a report, the principal must notify the District Title IX Coordinator immediately without screening or investigating the report. A written report will be forwarded simultaneously to the Title IX Coordinator. If the report was given verbally, the principal shall reduce it to written form within 24 hours and forward it to the Title IX Coordinator. Failure to forward any sexual harassment report or complaint as provided herein will result in disciplinary action. If the complaint involves the building principal, the complaint shall be filed directly with the Title IX Coordinator.
2. District-Wide. The School Board hereby designates the Title IX Coordinator (identified below) as the individual to receive reports or complaints of employment sexual harassment from any individual, employee or victim of employment sexual harassment and also from the building principals as outlined above. If the complaint involves the Title IX Coordinator, the complaint shall be filed directly with the Superintendent. Contact information for the Title IX Coordinator shall be disseminated as provided for below.
3. Submission of a complaint or report of sexual harassment will not affect the individual's future employment or work assignments.
4. Use of formal reporting forms is not mandatory.

Employment Investigation and Recommendation—

By authority of the District, the Title IX Coordinator, upon receipt of a report or complaint alleging sexual harassment in employment, shall immediately authorize an investigation. This investigation may be conducted by District officials or by a third party designated by the District. The investigating party shall provide a written report of the status of the investigation within ten (10) working days to the Superintendent of Schools and the Title IX Coordinator.

In determining whether alleged conduct constitutes sexual harassment, the District should consider the surrounding circumstances, the nature of the sexual

advances, relationships between the parties involved and the context in which the alleged incidents occurred.

The investigation may consist of personal interviews with the complainant, the individuals against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

In addition, the District may take immediate steps, at its discretion, to protect the complainant, students and employees pending completion of an investigation of alleged sexual harassment. Those steps must be in the nature of supportive measures as defined for purposes of sexual harassment in education programs (below) and may not include disciplinary or punitive measures which burden an individual accused of sexual harassment prior to a determination that the person has engaged in sexual harassment. However, an individual may be removed on an emergency basis as provided below regarding sexual harassment in education programs and an employee may be placed on administrative leave during the pendency of a grievance proceeding consistent with District leave relating to possible employment action.

34 CFR § 106.30(a)

34 CFR § 106.44(a)

The Title IX Coordinator shall make a report to the Superintendent upon completion of the investigation.

Employment District Action—

Upon receipt of a recommendation that the complaint is valid, the District will take such action as appropriate based on the results of the investigation.

The result of the investigation of each complaint filed under these procedures will be reported in writing to the complainant by the District. The report will document any disciplinary action taken as a result of the complaint.

Support for Victims of Employment Harassment—

Pending the outcome of the investigation into a claim of employment sexual harassment, the Title IX Coordinator shall provide support as appropriate to the complaining employee and the accused person. Such support may include supportive measures as defined below for sexual harassment in education programs. When it is determined that an individual has been subject to employment sexual harassment, consideration should be given to what support, counseling, or other assistance the individual may need to prevent such mistreatment from adversely affecting the individual's ability to function in the employment setting.

Reprisal—

The District will discipline any individual who retaliates against any person who reports alleged employment sexual harassment or who retaliates against any

person who testifies, assists, or participates in an investigation, proceeding, or hearing relating to an employment sexual harassment complaint. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Non-Harassment—

The District recognizes that not every advance or consent of a sexual nature constitutes employment harassment. Whether a particular action or incident is a personal, social relationship without a discriminatory employment effect requires a determination based on all the facts and surrounding circumstances. False accusations of sexual harassment can have a serious detrimental effect on innocent parties.

Right to Alternative Complaint Procedures—

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Division of Antidiscrimination and Labor, initiating civil action or seeking redress under state criminal statutes and/or federal law.

Discipline—

Any District action taken pursuant to this policy will be consistent with requirements of applicable Utah statutes and District policies. The District will take such disciplinary action it deems necessary and appropriate, including warning, suspension or immediate termination to end employment sexual harassment and prevent its recurrence.

Report of Sexual Harassment—

This form shall be maintained as confidential by the District within the limitations outlined in policy. (See Policy Exhibit #1)

Education Program Sexual Harassment Definitions—

1. "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to any employee of the District.
2. "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
3. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. (The complainant must be participating or attempting to participate in a District program or activity at the time of filing.) Although the Title IX Coordinator may sign a formal complaint, the Title IX Coordinator does not thereby become the complainant or a party to the grievance proceeding.
4. A "program or activity" of the District includes all locations, events, or circumstances over which the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs

34 CFR § 106.44(a)

5. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
6. "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:
 - a. An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct; or
 - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to a program or activity of the District; or
 - c. "Sexual assault" as defined in [20 U.S.C. § 1092\(f\)\(6\)\(A\)\(v\)](#), "dating violence" as defined in [34 U.S.C. § 12291\(a\)\(10\)](#), "domestic violence" as defined in [34 U.S.C. § 12291\(a\)\(8\)](#), or "stalking" as defined in [34 U.S.C. § 12291\(a\)\(30\)](#).

"Sexual harassment" for purposes of this policy does not include all improper conduct based on sex. Conduct which is not sexual harassment may violate other District policies and be subject to disciplinary action, including under Policy DAI, DHA, DKBA, DLA, FA, FGAD, and FHA, among others.

7. "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to any District program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

34 CFR § 106.30(a)

Title IX Coordinator—

The District shall designate one or more employees to serve as Title IX Coordinator. The Title IX Coordinator is responsible and has authority to coordinate the District's compliance with Title IX and Title VII, including but not limited to responding to sexual harassment of any type. The designated Title IX Coordinator for the District is: _____. The contact information for the Title IX Coordinator is:

Name _____ Title/Position _____

Mailing Address _____

Office Email _____ Telephone _____

Reports about any form of sex discrimination (including sexual harassment, whether under the Title VII definition or the Title IX definition) may be made to the Title IX Coordinator by any person (whether or not the discrimination was directed at that person) using any of the contact methods listed above or by any other means and at any time (including during non-business hours).

34 CFR § 106.8(a)

District Response to Education Program Sexual Harassment—

As directed and coordinated by the Title IX Coordinator, the District shall, after receiving “actual knowledge” of “sexual harassment” in a District “program or activity” (as each of those terms are defined in this policy, respond promptly and reasonably to fulfill its obligations under Title IX. The District shall treat the complainant and respondent equitably and may not impose disciplinary actions or sanctions on a respondent before a determination of responsibility is made through the grievance procedure set out below. The response shall include prompt contact by the Title IX Coordinator with the complainant to:

1. Discuss the availability of supportive measures;
2. Consider the complainant’s wishes with respect to supportive measures;
3. Inform the complainant that supportive measures are available with or without filing a formal complaint; and
4. Explain the process for filing a formal complaint.

Regardless of whether a formal complaint is filed, the District shall respond appropriately, including implementing appropriate supportive measures as determined by the Title IX Coordinator.

In response to a formal complaint of education program sexual harassment, the District shall follow the grievance procedure set out below. In appropriate circumstances, the District’s response to actual knowledge of sexual harassment may include the Title IX Coordinator signing a formal complaint to initiate the grievance procedure even when the complainant does not wish to do so.

The District may remove a respondent from a District program or activity on an emergency basis if following an individualized safety and risk analysis the District determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. (However, such actions are subject to restrictions relating to change in placement under IDEA and restrictions under Section 504.)

The District may place a non-student employee respondent on administrative leave during the pendency of a grievance proceeding following a formal complaint, consistent with the District policy relating to leave relating to possible employment action.

34 CFR § 106.44(a)

Education Program Sexual Harassment Grievance Procedure—

The education program sexual harassment grievance procedure is initiated by the filing of a formal complaint with the Title IX Coordinator. The parties to the procedure are the complainant and the respondent. The complaint may be filed in person, by mail, or by email. A formal complaint can be in the form of a document or electronic submission and must either contain the physical or electronic signature of the complainant or the Title IX Coordinator or otherwise indicate that the complainant is the person filing the formal complaint.

34 CFR § 106.30(a)

Generally Applicable Requirements

The following standards and requirements apply generally throughout the grievance and appeal process:

1. The respondent is presumed to be *not* responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

34 CFR § 106.45(b)(1)(iv))

2. The District is to shoulder the burden of gathering evidence sufficient to reach a determination regarding responsibility and is not to place that burden on the parties.

34 CFR 106.45(b)(5)(i)

3. Legal evidentiary privileges are to be respected: The District will not require, allow, rely on, seek disclosure of, or otherwise use information protected under a legally recognized privilege unless the person holding the privilege has waived it.

34 CFR 106.45(b)(1)(x))

4. The parties will be given equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

34 CFR 106.45(b)(5)(ii)

5. The District will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence within the procedural framework.

34 CFR 106.45(b)(5)(iii)

6. The parties will have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to

any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding.

34 CFR 106.45(b)(5)(iv)

7. For any investigative interviews or other meetings at which a party's participation is expected or invited, the party will be given written notice of the date, time, location, participants, and purpose of the interview or meeting at a time sufficiently in advance to enable the party to prepare to participate.

34 CFR 106.45(b)(5)(v)

8. The time frames provided in this policy are intended to provide reasonably prompt resolution of complaints. However, the District may, for good cause and with written notice to the complainant and respondent explaining the reasons, temporarily delay the grievance process or extend a time frame for a limited time. Good cause may include (but is not limited to) considerations such as the absence of a party, a party's advisor, or a witness, concurrent law enforcement activity, or the need for language assistance or accommodation of disabilities.

34 CFR 106.45(b)(1)(v)

Supportive Measures During the Grievance Process

During the pendency of the grievance process, either party may request or the Title IX Coordinator may offer supportive measures as defined above, and such measures shall be provided as the Title IX Coordinator determines is appropriate.

34 CFR § 106.45(b)(1)(ix)

Potential Disciplinary Sanctions for Responsible Respondents

A respondent who is found responsible following the conclusion of the grievance procedure may be subject to disciplinary action in the form of remedies that are in the nature of supportive measures for the complainant but which impose a burden on the respondent and are punitive in nature. A responsible employee respondent may be sanctioned by disciplinary actions including probation, suspension (with or without pay), and termination of employment. (See Policy FHA.) The same sanctions may be imposed on a respondent who admits to being responsible for sexual harassment without challenging the charge through the formal grievance process.

34 CFR § 106.45(b)(1)(vi)

Consolidation of Complaints

Where the allegations of sexual harassment arise out of the same facts or circumstances, the Title IX Coordinator may consolidate formal complaints made against more than one respondent, or made by more than one complainant against one or more respondents, or made by one party against another party. When

complaints are consolidated, singular references in this policy (for example, “complainant”) also include the plural as is applicable.

34 CFR § 106.45(b)(4)

Summary Dismissal of Complaint

After receiving the formal complaint, the Title IX Coordinator shall review the allegations in the complaint and make a determination whether, accepting the allegations as true, any of the following circumstances are present:

1. The conduct alleged does not constitute sexual harassment as defined in this policy.
2. The conduct alleged did not occur in a District program or activity.
3. The conduct alleged did not occur against a person in the United States.

If any of these circumstances are present, the Title IX Coordinator shall dismiss the complaint for purposes of sexual harassment and this policy and shall promptly send simultaneous written notice of the dismissal and the reason(s) for dismissal to the parties. If the alleged conduct constitutes employment sexual harassment as defined above, the Title IX Coordinator shall follow the process outlined above for addressing such harassment. If the alleged conduct constitutes misconduct under other District policies regulating employee or student conduct, the Title IX Coordinator shall refer the complaint to the appropriate administrator for consideration for investigation and possible disciplinary action.

34 CFR § 106.45(b)(3)(i)

Permissive Dismissal of Complaint

At any time during the investigation of a formal complaint or the determination process, the Title IX Coordinator may dismiss a complaint or particular allegations in the complaint if:

1. The complainant gives written notice to the Title IX Coordinator that the complainant wants to withdraw the formal complaint or particular allegations in the complaint;
2. The respondent is an employee and is no longer employed by the District or is a student and is no longer enrolled in the District; or
3. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the complaint or the allegations in the complaint.

If the Title IX Coordinator determines to dismiss the complaint on any of these grounds, then the coordinator shall promptly send simultaneous written notice of the dismissal and the reason(s) for dismissal to the parties.

34 CFR § 106.45(b)(3)(ii)

Appointment of Investigator and Decision Maker

Upon receipt of a formal complaint, the Title IX Coordinator shall either determine that the Title IX Coordinator will investigate the complaint or shall appoint a qualified and trained District employee to investigate the complaint.

The Title IX Coordinator shall also appoint one, three, or five qualified and trained District employees to render the decision on the complaint as provided below. Neither the Title IX Coordinator nor any investigator on a complaint may serve as a decision maker.

34 CFR § 106.45(b)(7)(i)

Written Notice of Complaint

Within 7 days of receipt of a formal complaint, the Title IX Coordinator shall provide to all known parties a written notice which includes:

1. Notice of the grievance procedures, including the availability of voluntary mediation as provided in this policy;
2. Notice of the allegations potentially constituting sexual harassment. This notice shall include, as known at the time of the notice, the identities of the parties involved, a description of the conduct allegedly constituting sexual harassment, and the date(s) and location(s) of the alleged incident(s). This information must be provided with sufficient time for a party to prepare a response before an initial interview;
3. The statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
4. Notice that each party may have the assistance of an advisor of their choice (who may be an attorney but is not required to be an attorney);
5. Notice that each party may inspect and review evidence;
6. Notice that under this policy parties are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.

If during the course of the investigation the District decides to investigate allegations (about the complainant or the respondent) which are not included in the initial written notice, then the District will provide notice of the additional allegations to all known parties.

34 CFR § 106.45(b)(1)(v), (2)

Investigation, Initial Response to Evidence, and Investigative Report

The investigation will be completed as soon as reasonably possible, and generally not more than 30 days after the investigator is assigned.

34 CFR § 106.45(b)(1)(v)

The investigation should be conducted so as to obtain the evidence

necessary to make a determination regarding responsibility. Typically, this would include interviewing and/or obtaining written or recorded statements from the complainant and the respondent as well as any witnesses to the alleged conduct. It would also include gathering relevant physical and documentary evidence, including but not limited to video or audio recordings, notes, email, text messages, and social media. However, the District may not obtain, access, or use a party's treatment records in any way unless the party has given voluntary written consent for those records to be used in the grievance process. (If the party is under 18 years old and is not attending an institution of postsecondary education, the consent must be given by the student's parent.) For purposes of this restriction, "treatment records" means records made or maintained in connection with providing treatment to a party by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity.

34 CFR § 106.45(b)(5)(i)

Prior to the conclusion of the investigation and the completion of the investigative report, the District will provide to the parties copies of all evidence obtained in the investigation which is directly related to the allegations in the complaint, including any inculpatory or exculpatory investigation and even if the District does not intend to rely on the evidence in making a responsibility determination. The copies will be provided in either electronic format or a hard copy. Each party may, within 10 days of being provided the evidence, submit a written response to the investigator regarding the evidence.

34 CFR § 106.45(b)(1)(v), (5)(vi)

After considering the evidence and any written response by the parties to the evidence, the investigator will complete an investigative report which fairly summarizes the relevant evidence. The completed report will be provided to each party and the party's advisor (if any) in electronic format or hard copy for review and written response. The report shall be provided at least 15 days before the time when the decision maker begins consideration of the evidence.

34 CFR § 106.45(b)(1)(v), (5)(vii)

Determination by Decision Maker

Upon the completion of the investigative report, the Title IX Coordinator shall notify the parties of the date when the decision maker will begin consideration of the evidence.

Position statement

On or before the date the decision maker begins consideration of the evidence, a party may submit a written statement which outlines the party's position regarding the allegations and evidence and states the party's requested determination regarding responsibility.

Written questions

Each party may, no later than 5 days before the time the decision maker begins consideration of the evidence, submit written, relevant questions that the party wants asked of any party or witness. Proposed questions may refer to or rely on any of the evidence disclosed to the parties by the investigator.

The decision maker shall determine whether each question is relevant to the allegations and to the issue of whether respondent is responsible for sexual harassment. However, questions and evidence regarding the complainant's sexual predisposition or prior sexual behavior are not relevant unless the questions and evidence either:

1. Are being offered to show that someone other than the respondent committed the alleged conduct, or
2. Are being offered to show consent and concern specific instances of the complainant's prior sexual behavior with respect to the respondent.

For any question excluded as not relevant, the decision maker must explain the decision to the party proposing the question.

The decision maker shall submit the approved questions and shall provide copies of the answers to all parties. Each party may, within 2 days of being provided answers, submit limited additional follow-up questions.

The decision maker shall determine whether follow-up questions are relevant and may also impose reasonable limitations on the number of follow-up questions allowed. The decision maker must explain to the party proposing the question any decision to exclude a follow-up question based on relevance.

The decision maker shall submit the approved follow-up questions and shall provide copies of the answers to all parties.

34 CFR § 106.45(b)(5)(vi), (6)(ii)

Written determination

After weighing the evidence and considering the materials submitted (including the investigative report and the parties' written submissions), the decision maker shall make a determination regarding responsibility. In so doing, the decision maker shall apply a preponderance of the evidence standard. Evidence must be evaluated objectively and credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

34 CFR § 106.45(b)(1)(ii), (vii), (b)(7), (b)(7)(i)

If the decision maker consists of a panel of three or five individuals, the decision will be based on majority vote.

The decision maker will issue a written statement setting forth the determination, which must include the following elements:

1. Identification of the allegations potentially constituting sexual harassment as defined above;

2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's conduct policies (including this policy and student and employee discipline policies) to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility.
 - a. When a respondent is found responsible for sexual harassment against the complainant, the determination shall provide appropriate remedies to the complainant, which shall be designed to restore or preserve the complainant's equal access to the District's program or activity.
 - b. Such remedies may include the kinds of services which are included in "supportive measures" as defined above, but need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
6. A description of the appeal procedures and the permissible grounds for appeal by the complainant or respondent (as set forth below).

34 CFR § 106.45(b)(1)(i), (b)(7)(ii)

The written determination shall be provided promptly and generally within 14 days after the date the decision maker begins consideration of the evidence. The written determination must be provided simultaneously to the parties.

34 CFR § 106.45(b)(1)(v), (b)(7)(iii)

The decision maker's determination becomes final on the date when the time to appeal expires (if no appeal is timely filed) or on the date that the District provides the written determination on a timely appeal.

34 CFR § 106.45(b)(7)(iii)

The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appeal

Grounds for appeal

A complainant or a respondent may appeal a dismissal decision or the determination of the decision maker based on the following grounds:

1. A procedural irregularity which affected the outcome;
2. New evidence that could affect the outcome which was not reasonably

available at the time the dismissal was made or the decision maker made the determination; or

3. There was a conflict of interest or bias on the part of the Title IX Coordinator, an investigator, or a decision maker (either for or against complainants or respondents generally or for or against the individual complainant or respondent) that affected the outcome.

34 CFR § 106.45(b)(8)

Time for appeal

An appeal must be submitted within 14 days after the decision (the notice of dismissal or the decision maker's written determination) is provided to the party. Appeals submitted after that date will not be considered and the decision will be final.

34 CFR § 106.45(b)(1)(v)

Appeal process

The appeal must be delivered to the Title IX Coordinator, must be in writing and must identify each ground for appeal, together with supporting evidence and argument.

Upon receipt of a timely appeal, the following process will be implemented:

1. The Title IX Coordinator will appoint a qualified and trained District employee as the appeal officer. This person must be someone other than a decision maker on the complaint appealed from, the Title IX Coordinator or any investigator on the complaint.
2. The Title IX Coordinator will give the other party written notice of the appeal, including a copy of the appeal.
3. The other party may provide a written response to the appeal within 14 days of being provided the appeal, including supporting evidence and argument.
4. After the time for response has expired, the appeal officer shall consider the appeal and any response and within 14 days issue a written decision describing the result of the appeal and the rationale for that result.
5. The appeal officer considers only whether the appealing party has shown that one or more of the grounds for appeal have been demonstrated. The appeal officer must not reweigh the evidence considered by the decision maker and may consider new evidence only as it is relevant to the particular ground of appeal.
6. If the appeal officer determines that a ground for appeal has been established, then the appeal officer will determine what remedy is appropriate.
7. The appeal officer shall provide the appeal decision simultaneously to both parties.

34 CFR § 106.45(b)(1)(v), (viii)

Mediation

Except for complaints that an employee has sexually harassed a student, after a formal complaint has been filed, the parties may engage in mediation facilitated by the District as follows. Mediation may occur at any time before the decision maker issues the written determination.

The mediator will keep all information or evidence shared with the mediator strictly confidential and will not disclose that information outside the mediation process. In the complaint proceeding, the parties may not refer to or use any statements or information received only through the mediation process. (This does not include a written agreement by the parties resolving the complaint.) Either party may withdraw from mediation for any reason at any time before the party has agreed to a resolution of the complaint.

Once mediation is initiated, the complaint process will be suspended until the mediation ends (either with signing of a written agreement by the parties or by one or both parties withdrawing from the mediation). However, if mediation is not completed within 30 days of being initiated, the complaint process will resume.

If one or both parties express interest in mediation the Title IX Coordinator will provide both parties with a written notice which describes the allegations of the complaint and which explains the requirements and conditions of the mediation process. Before mediation may proceed, both parties must have been provided the written notice above and must give voluntary written consent to participate in mediation. (If a party is a student under 18 who is not attending a postsecondary institution, this consent must be provided by the student's parent.)

If the parties agree to mediation, the Title IX Coordinator will appoint a District employee with appropriate training to serve as the mediator. The mediator may not be the Title IX Coordinator and may not participate in the complaint resolution in any other way (may not serve as an investigator, decision maker, or appeal officer).

If the parties reach an agreement to resolve the complaint through mediation, the mediator will reduce that agreement to writing and upon signing of the agreement by the parties will provide a copy of the agreement to the Title IX Coordinator. The Title IX Coordinator will implement the agreement, subject to the coordinator's authority to reject the agreement or request the parties to modify the agreement as needed for the District to meet its obligations under Title IX or to avoid unreasonable burdens on the District.

34 CFR § 106.45(b)(1)(v), (b)(9)

Retaliation Prohibited—

It is prohibited to intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing relating to sexual harassment or other types of sex discrimination. Prohibited retaliation includes acting with the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy by intimidation, threats, coercion, or discrimination. If brought for the purpose of interfering with these rights, prohibited retaliation includes charges against an individual for violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment. Reports of retaliation should be made as another form of sex discrimination under Policy FA (for students) or Policy DAA (for employees). Complaints regarding retaliation against a student may be raised under Policy FGE or as applicable under Policy FGAD or regarding retaliation against an employee under Policy DHC or as applicable under Policy DLA or Policy DLB.

34 CFR § 106.71(a)

Records—

Records relating to sexual harassment shall be maintained by the Title IX Coordinator in a confidential manner and shall be kept for a period of at least 7 years.

The Title IX Coordinator shall create a record regarding each instance when the District has actual knowledge of sexual harassment (that is, when the District is required to respond in some way). This record shall include any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, shall document the basis for the conclusion that the District's response was not deliberately indifferent, and shall document that the District has taken measures designed to restore or preserve equal access to the District's education program or activity. If a complainant was not provided with supportive measures, then the Title IX Coordinator must document the reasons why that was not clearly unreasonable in light of the known circumstances.

In addition to the records in the prior paragraph, the Title IX Coordinator shall maintain records regarding each sexual harassment investigation, any disciplinary sanctions imposed, any remedies provided to the complainant designed to restore or preserve equal access to the District's program or activity, and regarding any appeal (including the result).

34 CFR § 106.45(b)(10)

Notice of this policy and of the name and contact information of the Title IX Coordinator shall be provided to applicants for employment or for admission, employees, employee associations, students, and parents of students. The contact information for the Title IX Coordinator shall be prominently displayed on the District's website and in employment application materials and student admission materials. In addition, a copy of this policy shall be published on the District website and included in in employment application materials, student admission materials, in materials provided to employees, and in student handbooks. A copy of this policy shall also be provided to the appropriate officer of each employee association.

Employees are not authorized to allow students in their homes for school-related social activities without prior written permission from the school principal.

Concurrent Leave—

The board hereby designates all paid or unpaid leave for any reason to be counted as part of and included in the Family Medical Leave so that an employee shall be entitled to no more than the maximum available leave allowed under the Family Medical Leave Act and other types of leave taken together.

The District hereby requires the employee to substitute any accrued vacation leave, personal leave, or family leave of the employee in place of any part of the FMLA leave week period of any leave under this policy.

Limitations on Intermittent or Reduced Schedule Leave—

An additional limitation applies where an instructional employee needs intermittent leave or leave on a reduced schedule which is foreseeable based on planned medical treatment and which is needed for the employee's own serious health condition or to care for a family member with a serious health condition or for a covered service member. If the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, then the District may require the employee to choose one of the following options:

1. Take leave for a period or periods of a particular duration (not greater than the duration of the planned treatment); or
2. Transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

If the employee fails to give the required notice of the foreseeable leave, the District may require the employee to take one of the above-listed options or may require the employee to delay taking the leave until the notice requirements have been satisfied.

Leave that is taken for a period that ends with the school year and continues at the beginning of the next school year is not considered intermittent but is considered consecutive.

If an instructional employee chooses to take leave for periods of a particular duration in the case of intermittent or reduced schedule leave, the entire period of leave taken will count as FMLA leave.

 - e. If medical leave is required for the employee's absence from work because of the employee's own condition (including absences due to pregnancy or a chronic condition), information sufficient to establish that the employee cannot perform the essential functions of the employee's job as well as the nature of any other work restrictions and the likely duration of such inability.

Rules for Instructional Employee Leave Near End of Academic Term—

An “academic term” is a school semester, typically ending near the end of the calendar year and the end of the school year in the spring. (For FMLA purposes, the District cannot have more than 2 academic terms in a year.)

If an instructional employee begins leave more than 5 weeks prior to the end of an academic term, the employee must continue taking unpaid leave until the end of the academic term if:

1. The leave requested is of at least 3 weeks duration; and
2. The return to employment would occur during the 3-week period before the end of the academic term.

If the employee begins leave for reasons other than a personal serious health condition which commences less than 5 weeks prior to the end of the academic term, then the employee must continue to take unpaid leave until the end of the academic term if:

1. The leave requested is of greater than a 2-week duration;
2. The return to employment would occur during the 2-week period before the end of the academic term.

If the employee begins leave for reasons other than personal serious health condition during the period that commences 3 weeks prior to the end of the academic term and the leave is greater than 5 working days, then the employee must continue to take unpaid leave until the end of the academic term.

If an instructional employee is required under these rules to take leave until the end of the academic term, only the period of leave until the employee is ready and able to return to work is charged against the employee's FMLA leave allotment.

Your Rights Under the Family and Medical Leave Act of 1993

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to “eligible” employees for certain family and medical reasons. Employees are eligible if they have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

REASONS FOR TAKING LEAVE

Unpaid leave must be granted for any of the following reasons:

1. to care for the employee’s child after birth, or placement for adoption or foster care;
2. to care for the employee’s spouse, son or daughter, or parent, who has a serious health condition; or
3. for a serious health condition that makes the employee unable to perform the employee’s job.

At the employee’s or employer’s option, certain kinds of paid leave may be substituted for unpaid leave.

ADVANCE NOTICE AND MEDICAL CERTIFICATION

The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

The employee ordinarily must provide 30 days advance notice when the leave is “foreseeable”.

An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer’s expense) and a fitness for duty report to return to work.

Job Benefits and Protection

For the duration of FMLA leave, the employer must maintain the employee’s health coverage under any “group health plan”. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

1. interfere with, restrain, or deny the exercise of any right provided under FMLA;

2. discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

ENFORCEMENT

1. The U.S. Department of Labor is authorized to investigate and resolve complaints of violations.
2. An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

[Utah Code § 53G-9-605](#) requires that this policy be developed with input from students, parents, teachers, school administrators, school staff, or law enforcement agencies. Therefore, seek input from one or more of these groups prior to adopting this policy. This policy regulates employee conduct. There is a corresponding policy applicable to student conduct, Policy FGAD, and the policies should be considered together as part of the District's bullying and hazing policy. The current statutory deadline for updating the District bullying policy is September 1, 2018.

Definitions—

1. "Abusive conduct" means verbal, nonverbal, or physical conduct of a parent or student directed toward a school employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress.
2. "Bullying" means intentionally committing a written, physical, or verbal act against a school employee or student that a reasonable person under the circumstances should know or reasonably foresee will have one of the following effects:

 - c. placing the school employee or student in reasonable fear of:
 - i. harm to the school employee's or student's physical or emotional well-being; or

 - e. substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

The foregoing conduct constitutes bullying regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in the conduct.

3. "Communication" means the conveyance of a message, whether verbal, written, or electronic.
4. "Cyber-bullying" means:
 - a. Using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.
 - b. In addition, any communication of this form that is generated off-campus but causes or threatens to cause a material and substantial disruption at school or interference with the rights of students to be secure may also be considered cyber-bullying.
5. "Hazing" means a school employee intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a school employee or student that:
 - a. meets one of the following:
 - i. endangers the mental or physical health or safety of a school employee or student; or
 - ii. involves any brutality of a physical nature, including whipping, beating, branding, calisthenics, bruising, electric shocking, placing of a harmful substance on the body, or exposure to the elements;
 - iii. involves consumption of any food, alcoholic product, drug, or other substance or other physical activity that endangers the mental or physical health and safety of a school employee or student; or
 - iv. involves any activity that would subject a school employee or student to extreme mental stress, such as sleep deprivation, extended isolation from social contact, or conduct that subjects a school employee or student to extreme embarrassment, shame, or humiliation; and either
 - b. is committed for the purpose of initiation into, admission into, affiliation with, holding office in, or as a condition for membership in a school or school sponsored team, organization, program, club or event; or
 - c. is directed toward a school employee or student whom the individual who commits the act knows, at the time the act is committed, is a member of, or candidate for membership in, a school or school sponsored team, organization, program, club, or event in which the individual who commits the act also participates.

The conduct described above constitutes hazing, regardless of whether the school employee or student against whom the conduct is committed directed, consented to, or acquiesced in, the conduct.

Grievances Regarding Abusive Conduct

Purpose—

[Utah Code § 53G-9-605\(3\)\(f\) \(2019\)](#)

Definition of abusive conduct—

“Abusive conduct” means verbal, nonverbal, or physical conduct of a parent or student directed toward a school employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

[Utah Code § 53G-9-601\(1\) \(2019\)](#)

Grievance process—

An employee who has experienced abusive conduct by a student or parent may present a grievance regarding such conduct. The grievance shall be in writing, shall specify the particular conduct complained of, shall identify the student(s) and parent(s) engaging in the abusive conduct, and shall specify the employee’s proposed resolution of the grievance. The grievance shall be delivered to the school principal or the principal’s designee.

Upon receipt of the grievance, the principal or designee shall investigate the grievance, including obtaining information regarding the allegations from the student and the student’s parent(s). The principal or designee shall determine what relief, if any, may be appropriate to provide to the employee and shall provide such relief. The principal or designee may, if appropriate, provide an opportunity to the student or parent to respond regarding the employee’s proposed resolution. The principal or designee shall also, if the student has not previously been disciplined for the alleged abusive conduct, consider whether disciplinary action should be taken against the student. Any such disciplinary action shall be handled separately from the grievance and according to the student discipline policies.

If the employee is dissatisfied with the decision of the principal or designee regarding the grievance, the employee may implement a grievance under the District’s general grievance policy, Policy DHC, Redress of Grievances.

Prohibitions—

Notwithstanding the fair use guidelines, the following shall be prohibited:

1. Copying of print materials and sheet music to create or replace or substitute for anthologies, compilations, or collective works. This prohibition against replacement or substitution applies whether copies of various works or excerpts are accumulated or reproduced and used separately.
2. Copying of or from works intended to be “consumable” in the course of study or teaching. These works include workbooks, exercises, standardized tests, test booklets, answer sheets, and like consumable material.
3. Copying shall not substitute for the purchase of books, publishers’ reprints, or periodicals; be directed by higher authority; or be repeated with respect to the same item by the same teacher from term to term.

Broadcast Programs Fair Use Guidelines—

Broadcast programs, including commercial and public television and radio, shall not be videotaped or tape recorded for reuse without permission, except within the following guidelines:

1. A broadcast program may be recorded off-air simultaneously with broadcast transmission (including simultaneous cable retransmission) and retained by a District school for a period not to exceed the first 45 consecutive calendar days after the date of recording. At the end of that retention period, off-air recordings shall be erased or destroyed.
2. Off-air recordings may be used once by individual teachers in the course of relevant teaching activities and repeated once only when instructional reinforcement is necessary during the first ten consecutive school days within the 45-calendar-day retention period. (“School days” are actual days of instruction, excluding examination periods.) The showing may be in classrooms within one building, cluster, or campus.
3. Off-air recordings shall be made at the request of and used by individual teachers and shall not be regularly recorded in anticipation of requests. No

broadcast program shall be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program is broadcast.

4. A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these guidelines. (For example, when several teachers request recordings of the same program.) Each such additional copy shall be subject to all provisions governing the original recording. All copies of off-air recordings shall include the copyright notice on the broadcast program as recorded.
5. After the first ten consecutive school days, off-air recordings may be used up to the end of the 45-calendar-day retention period only to determine whether or not to purchase and include the program in the teaching curriculum and shall not be used in the District for student exhibition or any other non-evaluative purpose without authorization.
6. Off-air recordings need not be used in their entirety, but the recorded programs shall not be altered from their original content. Off-air recordings shall not be physically or electronically combined or merged to constitute teaching anthologies or compilations.

Guidelines for Off-air Recording of Broadcast Programming for Educational Purposes (House Report H.R. 97-495, p. 8-9)

Some media providers (such as PBS or other entities) may have negotiated permissions allowing for educational use beyond these basic guidelines. With a written confirmation of such negotiated permissions, broadcast programs may be recorded and used in conformance with the extended permissions.

Print Media Fair Use Guidelines—

Copyrighted print media may be used for instructional purposes as follows:

1. Single Copying for Teachers
 - a. A single copy may be made of any of the following by or for a teacher at his or her individual request for his or her scholarly research or use in teaching or preparation to teach a class:
 - i. A chapter from a book.
 - ii. An article from a periodical or newspaper.
 - iii. A short story, short essay, or short poem, whether or not from a collective work.
 - iv. A chart, graph, diagram, drawing, cartoon, or picture from a book, periodical, or newspaper.
2. Multiple Copies for Classroom Use

- a. Multiple copies (not to exceed in any event more than one copy per student in a course) may be made by or for the teacher giving the course for classroom use or discussion, provided that:
 - i. The copying meets the tests of brevity and spontaneity as those are defined below; and
 - ii. The copying meets the cumulative effect test as that is defined below; and
 - iii. Each copy includes a notice of copyright.
- b. Brevity. The test of brevity can be met as follows:
 - i. Poetry:
 - (1) A complete poem if less than 250 words and if printed on not more than two pages; or,
 - (2) from a longer poem, an excerpt of not more than 250 words.
 - (3) These limits may be extended to permit the completion of an unfinished line of a poem.
 - ii. Prose (unless the work is a “Special” work as set out below):
 - (1) Either a complete article, story, or essay of less than 2,500 words; or,
 - (2) an excerpt from any prose work of not more than 1,000 words or 10% of the work, whichever is less, but in any event a minimum of 500 words.
 - (3) These limits may be extended to permit the completion of an unfinished paragraph of prose.
 - iii. Illustration:
 - (1) One chart, graph, diagram, drawing, cartoon, or picture per book or per periodical issue.
 - iv. “Special” works:
 - (1) Certain works in poetry, prose, or in “poetic prose” which often combine language with illustrations and which are intended sometimes for children and at other times for a more general audience fall short of 2,500 words in their entirety. Despite the prose brevity guideline in paragraph “ii” above, such “special works” may not be reproduced in their entirety; however, an excerpt comprising not more than two of the published pages of such special work and containing not more than 10% of the words found in the text thereof, may be reproduced.
- b) Spontaneity. The test of spontaneity can be met as follows:
 - i) The copying is at the instance and inspiration of the individual teacher, and,

- ii) The inspiration and decision to use the work and the moment of its use for maximum teaching effectiveness are so close in time that it would be unreasonable to expect a timely reply to a request for permission.
- c) Cumulative Effect. The test of cumulative effect can be met as follows:
 - i) The copying of the material is for only one course in the school in which the copies are made.
 - ii) Not more than one short poem, article, story, essay, or two excerpts may be copied from the same author, nor more than three from the same collective work or periodical volume during one class term.
 - iii) There shall not be more than nine instances of such multiple copying for one course during one class term.
 - iv) The limitations stated in “ii” and “iii” above shall not apply to current news periodicals and newspapers and current news sections of other periodicals.

Music Fair Use Guidelines:

Copyrighted music may be used for instructional purposes as follows:

1. Emergency copying to replace purchased copies which for any reason are not available for an imminent performance provided purchased replacement copies shall be substituted in due course.
2. For academic purposes other than performance, single or multiple copies of excerpts of works may be made, provided that the excerpts do not comprise a part of the whole which would constitute a performable unit such as a section, movement, or aria, but in no case more than 10% of the whole work. The number of copies shall not exceed one copy per student.
3. Printed copies which have been purchased may be edited or simplified provided that the fundamental character of the work is not distorted or the lyrics, if any, altered or lyrics added if none exist.
4. A single copy of recordings of performances by students may be made for evaluation or rehearsal purposes and may be retained by the educational institution or individual teacher.
5. A single copy of a sound recording (such as a tape, disc or cassette) of copyrighted music may be made from sound recordings owned by an educational institution or an individual teacher for the purpose of constructing aural exercises or examinations and may be retained by the educational institution or individual teacher. (This pertains only to the copyright of the music itself and not to any copyright which may exist in the sound recording.)

Guidelines for Educational Uses of Music

Instructional Resources: *Internet Policy*

[Note that before an internet safety policy is adopted or revised, a school board must provide reasonable public notice and must hold at least one public meeting or hearing regarding the policy. ([Utah Admin. Rules R277-495-3\(6\) \(April 8, 2019\)](#).) In addition, school boards are required to encourage schools to involve teachers, parents, students, school employees and community members in developing local school policies. ([Utah Admin. Rules R277-495-3\(3\) \(April 8, 2019\)](#).) Moreover, school community councils are to make recommendations regarding safe technology use and digital citizenship. ([Utah Code § 53G-7-1202\(3\)\(a\)\(ii\)\(D\)](#).) Therefore, this model policy may be used as a framework but should not be adopted without meeting the public notice and hearing requirements and the form of the adopted policy should reflect the input from the various groups identified.]

Internet Protection—

Access to the internet through District computer networks or systems or by means of devices owned by the District shall be regulated by filtering software or other measures which prevent users from accessing images which are obscene or pornographic or otherwise harmful. Student online activity shall be monitored and specified staff shall have responsibility for supervision of student online activities. In addition, students shall be educated by appropriate staff members regarding appropriate online behavior, including interacting with other individuals through chat rooms or social networking websites and cyberbullying awareness and response. Each school's community council shall also provide for education and awareness on safe technology use and digital citizenship which empowers students to make smart media and online choices and parents to know how to discuss safe technology use with their children.

Due Process—

The District will cooperate fully with local, state, or federal officials in any investigation concerning or relating to any illegal activities conducted through the District system or District-owned devices.

In the event there is an allegation that a student has violated the District Internet Use Policy, the student will be provided with a notice and opportunity to be heard in the manner set forth in the student disciplinary code.

Disciplinary actions will be tailored to meet specific concerns related to the violation and to assist the student in gaining the self-discipline necessary to behave appropriately on an electronic network. If the alleged violation also involves a

violation of other provisions of the student disciplinary code, the violation will be handled in accord with the applicable provision of the code.

Employee violation of the District Internet Use Policy will be handled in accordance with District policy and collective bargaining agreement, if applicable.

Any District administrator may terminate the account privileges of a guest user by providing notice to the user. Guest accounts that are not active for more than ninety days may be removed, along with the user's files, without notice to the user.

Search and Seizure—

System users do not have an expectation of privacy in the contents of their personal files and/or personal electronic mail accounts and records of their online activity accessed via the District's electronic communications system or through District-owned devices.

Routine maintenance and monitoring of the system may lead to discovery that the user has violated or is violating the District Internet Use Policy, the student disciplinary code, or the law.

An individual search will be conducted if there is reasonable suspicion that a user has violated the law or the student disciplinary code. The nature of the investigation will be reasonable and in the context of the nature of the alleged violation.

District employees should be aware that their personal files and/or personal electronic mail accounts on the District's system or on District-owned devices may be discoverable according to the Government Records Access Management Act.

Academic Freedom, Free Speech, and Selection of Material—

Board policies on academic freedom and free speech will govern the use of the Internet.

When using the Internet for class activities, teachers will:

1. Select material that is appropriate in light of the age of the students and that is relevant to the course objectives.
2. Preview the materials and sites they require students to access to determine the appropriateness of the material contained on or accessed through the site.
3. Provide guidelines and lists of resources to assist their students in channeling their research activities effectively and properly.
4. Assist their students in developing the skills to ascertain the truthfulness of information, distinguish fact from opinion, and engage in discussion about controversial issues while demonstrating tolerance and respect for those who hold divergent views.

Parental Notification and Responsibility—

The District will notify the parents about the District network and the policies governing its use. Parents must sign an agreement to allow their student to have an individual account. Parents may request alternative activities for their child(ren) that do not require Internet access.

Parents have the right at any time to investigate the contents of their child(ren)'s email files. Parents have the right to request the termination of their child(ren)'s individual account at any time.

The District Internet Use Policy contains restrictions on accessing inappropriate material and student use will be supervised. However, there is a wide range of material available on the Internet, some of which may not be in accordance with the particular set of values held by an individual student's family. The District will encourage parents to specify to their child(ren) what material is and is not acceptable for their child(ren) to access through the District system.

[Optional, if remote access is provided] Parents are responsible for monitoring their student's use of *[name of network system]* when they are accessing the system from home.

Access—

The following levels of access will be provided:

1. Classroom Accounts
 - a. Elementary age students will be granted Internet access only through a classroom account. Elementary students may be provided with an individual account under special circumstances at the request of their teacher and with the approval of their parent. An agreement will only be required for an individual account, which must be signed by the student and his or her parent. Parents may specifically request that their child(ren) not be provided access through the classroom account by notifying the District in writing (or whatever procedure the District uses for other permissions).
2. Individual Accounts for students
 - a. Secondary students may be provided with individual Internet accounts. Secondary students *[will]* *[will not]* have remote access to the system. A written agreement will be required for an individual account. This agreement must be signed by the student and his or her parent.
3. Individual Accounts for District Employees
 - a. District employees will be provided with an individual account and *[will]* *[will not]* have remote access to the system. Communications within the course and scope of employees' duties shall be made through this account. No written agreement will be required.

 - c. Users will promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable.
2. Illegal Activities
 - a. Users will not attempt to gain unauthorized access to the District system or to any other computer system through the District system or go beyond their authorized access. This includes attempting to log in through another person's account or access another person's files. These actions are illegal, even if only for the purposes of "browsing."
 - b. Users will not make deliberate attempts to disrupt the computer system performance or destroy data by spreading computer viruses or by any other means. These actions are illegal.
 - c. Users will not use the District system to engage in any other illegal act, such as arranging for a drug sale or the purchase of alcohol, engaging in criminal gang activity, threatening the safety of a person, etc.
3. System Security
 - a. Users are responsible for the use of their individual account and should take all reasonable precautions to prevent others from being able to use their account. Under no conditions should a user provide his or her password to another person.
 - b. Users will immediately notify the system administrator if they have identified a possible security problem. Users will not search for or attempt to discover security problems, because this may be construed as an illegal attempt to gain access.
 - c. Users will avoid the inadvertent spread of computer viruses by following the District virus protection procedures.
4. Inappropriate Language
 - a. Restrictions against inappropriate language apply to public messages, private messages, and material posted on Web pages.
 - b. Users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening, slanderous or disrespectful language.

- c. Users will not post information that, if acted upon, could cause damage or a danger of disruption.

For students, the limit on personal research is no more than _____ hours per week. *[The last sentence is optional and probably only necessary if the District allows remote access.]*
 - b. Users will not download large files unless absolutely necessary. If necessary, users will download the file at a time when the system is not being heavily used and immediately remove the file from the system computer to their personal computer or diskette.
 - c. Users will not post chain letters or engage in “spamming.” Spamming is sending an annoying or unnecessary message to a large number of people.

 - e. Users will be subscribed only to high quality discussion group mail lists that are relevant to their education or professional/career development.
7. Plagiarism and Copyright Infringement
- a. Users will not plagiarize works that they find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were original to the user.
 - b. Users will respect the rights of copyright owners. Copyright infringement occurs when an individual inappropriately reproduces a work that is protected by a copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed

requirements. If the user is unsure whether or not they can use a work, they should request permission from the copyright owner.

8. Inappropriate Access to Material

- a. Users will not use the District system or District-owned electronic devices to access material that is profane or obscene (pornography), that advocates illegal or dangerous acts, or that advocates violence or discrimination towards other people (hate literature). (See Policy FGAB and Policy DMA.) For students, a special exception may be made if the purpose is to conduct research and access is approved by both the teacher and the parent. District employees may access the above material only in the context of legitimate research.
- b. If a user inadvertently accesses such information, he or she should immediately disclose the inadvertent access in a manner specified by their school. This will protect users against an allegation that they have intentionally violated the Internet Use Policy.

Grading: Course Grade Forgiveness

Definitions—

The following definitions apply within this policy:

1. “Comparable course” means a course that fulfills the same graduation credit requirements as a course for which a student seeks to improve a grade.
2. “Course” means a course that a student is enrolled in and either completes or withdraws from but still receives a grade.
3. “Highest grade” means a grade that reflects the higher grade of (a) a course and a repeat of the course or (b) a course and a comparable course.
4. “Recurring course” means a course that a student takes more than once to (a) further the student’s understanding and skills in the course subject (such as journalism or band), or (b) satisfy a different credit requirement that the course may fulfill, such as an art class that fulfills an elective requirement and an art requirement.
5. “Student” means an individual enrolled in the District in grade 9, 10, 11, or 12.

[Utah Admin. Rules R277-717-2 \(March 14, 2018\)](#)

Course Grade Forgiveness—

A student may, to improve a course grade received by the student, repeat the course one or more times or enroll in and complete a comparable course. A grade for an additional unit of a recurring course does not change a student’s original course grade under this policy.

Repeating a Course

If a student repeats a course, the District:

1. Shall adjust, if necessary, the student’s course grade and grade point average to reflect the student’s highest grade and exclude a lower grade.
2. Shall exclude from the student’s permanent record the course grade that is not the highest grade.
3. May not otherwise indicate on the student’s current record that the student repeated the course.

Improving a Grade with a Comparable Course

In order to improve a grade under this policy through completion of a comparable course, the student must inform the District at the time of enrollment in the comparable course of the intent to enroll in the course for improving a course grade. Upon receiving such notice, the District shall confirm whether the comparable course fulfills the same credit requirements as the course that the student intends to replace. Subject to that determination, the District shall, upon enrollment in the comparable course, update the student's current record and grade point average to reflect the highest grade between the course and the comparable course and exclude the lower grade and corresponding course. The District may not otherwise indicate the course or comparable course for which the student did not receive the highest grade on the student's record.

Definitions

Plan for College and Career Readiness—

"Plan for College and Career Readiness" means a plan developed by a student and the student's parent, in consultation with school counselors, teachers, and administrators that:

1. is initiated at the beginning of grade 7;
2. identifies a student's skills and objectives;
3. maps out a strategy to guide a student's course selection; and

School manager—

The Principal or a member of the faculty of the school appointed to that position by the Principal shall be the School Manager.

Individual Learning Plan file—

An Individual Learning Plan ("ILP") means a personalized student education plan. The ILP file shall be a separate file maintained by the school for each student which shall include the ILP and supporting documents. It may contain a separate division for each school year, but ILP records for prior years at that school shall be available to participants in the ILP process. It should include a copy of the registration of the student for each school term showing the classes for which the student has registered, the names of teachers of the classes and telephone numbers at which participants in the ILP process may reach the teachers of each class, and each report card issued by the school, and names, addresses and telephone numbers of all the participants in the ILP process.

Small group conference—

Small-group Conference is a meeting at which students, parents or guardians, and guidance counselors and teachers are invited to attend and the number of students invited does not exceed five.

ILP participation—

The Participants in the ILP process are, with respect to a student, the student, the student's parent or guardian and the teacher, guidance counselor or other member of school personnel who has the assignment of participating in the preparation or maintenance of that student's ILP.

Policy

Background—

The Legislature has required the District to establish policies, in consultation with school personnel, parents, and school community councils or similar entities to provide for the effective implementation of an ILP for each student at the school site. The Board has consulted with its personnel, with parents, and with school community councils or like entities to the extent that such entities operate within the district and hereby adopts the following policies.

ILP conferences—

Each school shall offer its students at least one ILP conference per year at which the ILP of the child may be established and reviewed jointly by the teacher, parent or guardian, and student. This conference may be at the time usually set aside for parent-teacher conferences.

Small group conferences—

Each school may also, as it is deemed appropriate, schedule small group conferences for classes or categories of students.

Additional parent conferences—

A parent may also request conferences with school personnel in addition to ILP or Plan for College and Career Readiness conferences established by District policy.

Template ILP—

The school may adopt a template ILP which sets forth the minimum standard school program and general guidelines required of all students. This template shall be supplemented by the teacher, parent or guardian and student. From grades 9-12 it is the responsibility of the student to prepare the ILP, in consultation with a school counselor or teacher and with the student's parent or guardian.

Purpose of the ILP—

The purpose of the ILP is not to provide a binding agreement between the student and the student's parent or guardian and the school, but rather to express the needs and aspirations of the student, to mobilize the resources of the school to help the student reach the objectives required by the minimum school program and by the ILP and to set forth objectives desirable for the benefit of the student. Therefore, the ILP may include objectives which are beyond the means or resources of the school. With the objectives stated in the ILP should be included activities and means helpful for implementing the objectives, which may include (1) programs available at school and (2) resources and activities not available through school but which must be provided independently by parents and guardians, or by students, or from other sources beside those of the school.

Guidelines and expectations—

In addition to the minimum standard school program and guidelines expected of all students, each ILP shall include information gathered for the purpose of recognizing the strengths and achievements of the student and shall include a record of the student's progress toward the objectives of the ILP. This information may be collected in narrative or journal form, or in the form of records of scores on tests and grades earned in classes, or in any other form which is found to be useful, and shall be available to all the participants in the ILP process upon reasonable notice. A member of the school staff, whether teacher, guidance counselor, or administrator, who is charged with participating in the ILP process for a student shall become acquainted with the student well enough to participate effectively in that process and shall exert his or her effort to recognize the students accomplishments and strengths, to assist in planning, monitoring and managing the education and career development of the student and to participate in an ongoing partnership with the student and parent or guardian, including attendance at ILP conferences.

Implementation of the ILP process—

Each school shall conduct training in the ILP process so that staff members participating in the process will have a repertoire of skills to deal with the problems that arise in the process of developing and implementation of the ILP. This training will be included in the in-service training program at the school. The school shall make available to its staff the inventory of working Plans for College and Career Readiness prepared by the State Board of Education. Requests for resources arising from the ILP process not readily identified by the participants in the offerings of the school shall be referred to the Principal, who will have responsibility to consider requests for resources, and who shall have responsibility to coordinate time, training and assignment of school personnel for such purposes, in consultation with the faculty of the school, and who shall have authority to decide whether the school has the means to make an effort to achieve the objective in question. It is expected that the ILP process may take time from other school activities which the Principal shall authorize in his or her discretion.

College and career preparation—

A participant in the ILP process may suggest occupational and post-secondary education objectives that may be incorporated into the ILP. An ILP which incorporates occupational and post-secondary education objectives (thus making it a Plan for College and Career Readiness) should be reviewed by a school staff member who has the assignment of assisting students with career or occupational preparation who should be added to the group of participants in the process of that ILP. Resources in the community, such as work/study programs, may be added to the ILP to assist with occupational objectives. Individual schools may enter into partnerships with private business to obtain additional resources for technology programs intended to assist students in preparation for occupations.

Reporting—

The Legislature has required the District and each school to make an annual report to its patrons on its activities under [Utah Code § 53E-2-304\(4\)](#) which includes the ILP process. The reporting process shall involve participation from teachers, parents, and the community at large in determining how well the District or school is performing.

[Utah Code § 53E-2-304\(4\)\(a\) \(2019\)](#)

Privacy—

The ILP file is a private file and shall be made available only to participants in the ILP process without obtaining appropriate consents from students and their parents or guardians. Portions of confidential documents not usually disclosed to one or more of the participants in the ILP process may be included in the ILP file with the consent of school personnel charged with protecting the privacy of those affected by the document and after obtaining consents of other affected parties, if necessary.

It is not the Board's intention to waive any of its rules governing privacy in this connection. It is the Board's intention that the ILP file be as complete as possible without reference to other documents outside the file. The ILP file should therefore not contain any documents by reference from other school archives.

It is prohibited to intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing relating to any type of sex discrimination. Prohibited retaliation includes acting with the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy by intimidation, threats, coercion, or discrimination. If brought for the purpose of interfering with these rights, prohibited retaliation includes charges against an individual for violations that do not involve sex discrimination but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment. Reports of retaliation should be made to the Title IX Coordinator designated in this policy. Complaints regarding retaliation against a student may be raised under Policy FGE or as applicable under Policy FGAD or regarding retaliation against an employee under Policy DHC or as applicable under Policy DLA or Policy DLB.

Except to the extent that maintaining confidentiality would impair the District's ability to provide supportive measures, the District shall keep confidential any supportive measures provided to a complainant or accused individual. (In appropriately responding to complaints of sex discrimination, the District may need to disclose the identity of individuals for purposes of an appropriate investigation and following the grievance process or for purposes of appropriate supportive measures.) Transgender Students

Definitions—

1. “Assigned gender.” This is the gender designated at the time of birth and may also be thought of as the gender corresponding to the individual’s original physiology, or biological gender.
2. “Gender identity.” This is the individual’s internal sense of gender, and “identified gender” refers to the gender that matches this internal sense. Gender identity can be shown by information including but not limited to medical history, care or treatment of the gender identity, consistent and uniform assertion of the gender identity, or other evidence that the gender identity is sincerely held, part of a person’s core identity, and not being asserted for an improper purpose.
3. “Gender expression” means the external cues or indications used to communicate gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.
4. “Transgender” means that an individual’s assigned gender differs from the individual’s gender identity.
5. “Transgender boy” (or “transgender man”) is an individual whose assigned gender is female but whose gender identity is male.
6. “Transgender girl” (or “transgender woman”) is an individual whose assigned gender is male but whose gender identity is female.

[Utah Code § 34A-5-102 \(1\)\(o\) \(2016\)](#)

Records and References—

The official records of the student shall reflect the student’s legal name and gender, which is the name and gender listed on the student’s birth certificate or as changed by court order. Access to this portion of official student records shall be restricted to maintain the confidentiality of a student’s transgender status.

[Utah Code § 26-2-11 \(1995\)](#)

[Utah Code § 42-1-1 \(1933\)](#)

The unofficial records of the student shall reflect the preferred name and gender identity of the student. Students shall be addressed or referred to by the pronouns associated with the identified gender: transgender boys shall be referred to using “he” “his” and “him” and transgender girls shall be referred to using “she” and “her.”

A student’s transgender status shall not be disclosed without the student’s consent except as expressly authorized by the superintendent following such legal consultation as the superintendent determines is appropriate.

Facilities—

In determining which gender-segregated school facilities (restrooms and locker rooms) are to be used by transgender students, the school administrator shall take into consideration the desires of the individual transgender student and of the student's parents as well as the privacy interests of other students. In addition to having the transgender student use the facilities corresponding with the gender identity, potential accommodations include use of single user restrooms or changing spaces or using facilities at a different time than other students. If the desired use by the transgender student is in significant conflict with privacy interests of other students, the school administrator should consult with the superintendent and as appropriate with legal counsel.

Classes and Activities—

When classes or intramural activities are segregated by gender, transgender students are to be grouped according to the student's gender identity. Where students are grouped according to qualities which may have some association with gender (such as vocal quality for singing groups), the pertinent quality shall be evaluated without regard to assigned gender or transgender status. Where school activities involve overnight travel, lodging arrangements for transgender students shall take into consideration the desires of the individual transgender student and of the student's parents as well as the privacy interests of other students. If the arrangement desired by the transgender student is in significant conflict with privacy interests of other students, the school administrator should consult with the superintendent and as appropriate with legal counsel.

UHSAA Extracurricular Activities—

Participation by students in activities under the oversight of the Utah High School Activities Association is subject to UHSAA rules and policies. Where a transgender student wishes to participate in a gender-segregated UHSAA sport or activity according to gender identity rather than assigned gender, the school shall allow the student to participate according to the student's gender identity as determined by the District, which is to determine that the gender identity is bona fide and not for the purpose of gaining an unfair advantage in competitive athletics. The District shall make this determination at the time that sports eligibility is determined based on the student's gender identification in school records and in daily life activities at the school and in the community. This determination shall be based on the following types of evidence:

1. Documentation from individuals which affirms that the actions, attitudes, dress and manner demonstrate the student's consistent gender identification and expression;
2. A complete list of the student's prescribed, non-prescribed or over the counter, treatments or medications;

3. Written verification from an appropriate health-care professional (doctor, psychiatrist, or psychologist) of the student's consistent gender identification and expression; and
4. Any other pertinent documentation or information which the student, parent or legally appointed guardian(s) believe relevant and appropriate.

A student may not transfer from a gender-specific team to a gender-specific team of another gender during a sports season. Once a student's gender identity has been addressed by the student and the District, the determination shall remain consistent for the remainder of the student's high school sports eligibility. The school shall not disclose the transgender student's identity to UHSAA without the consent of the student and the student's parents.

[Utah High Schools Activities Association Handbook 2019-20, Interps. & Guidelines 1.1.4](#)

Bullying and Harassment—

Policy FGAD, which prohibits bullying, cyberbullying and harassment regardless of the motivation for such misconduct, applies to prohibit bullying, cyberbullying or harassment of students because of their transgender status or gender expression. When the parent of a transgender student is given the required notification of a bullying or harassment incident against a transgender student which is motivated by transgender status or gender expression, care should be taken to avoid disclosing the student's transgender status to the student's parents if the student has not consented to such disclosure.

When a student has been bullied, cyberbullied, or harassed because of the student's transgender status or gender expression, consideration should be given to what support, counseling, or other assistance the student may need to prevent such mistreatment from adversely affecting the student's ability to learn and function in the school setting.

Criteria for Determining Where a Homeless or Emancipated Student Shall Attend School—

Under the McKinney-Vento Homeless Assistance Act of 1987, Title VII, Subtitle B, as amended, [42 U.S.C. §§ 11431 through 11435](#), homeless students are entitled to immediate enrollment and full participation even if they are unable to

produce records which may include medical records, birth certificates, school records, or proof of residency normally required for enrollment.

A homeless student shall:

1. be immediately enrolled even if the student does not have documentation required under Utah Code sections [53G-9-402](#), [302](#), [303](#), [304](#) and Utah Code sections [53G-6-302 through 306](#);
2. be allowed to continue to attend his school of origin, to the extent feasible, unless it is against the parent/guardian's wishes; be permitted to remain in the student's school of origin for the duration of the homelessness and until the end of any academic year in which the student moves into permanent housing; or
3. transfer to the school district of residence or charter school if space is available.

Determination of residence or domicile may include consideration of the following criteria:

4. the place, however temporary, where the child actually sleeps;
5. the place where an emancipated minor or an unaccompanied child/youth or accompanied child's/youth's family keeps its belongings;
6. the place which an emancipated minor or an unaccompanied child/youth or accompanied child's/youth's parent considers to be home; or
7. such recommendations concerning a child's domicile as made by the State Department of Human Services.

Determination of residence or domicile may not be based upon:

8. rent or lease receipts for an apartment or home;
9. the existence or absence of a permanent address; or
10. a required length of residence in a given location.

If there is a dispute as to residence or the status of an emancipated minor or an unaccompanied child/youth, the issue may be referred to the State Superintendent for resolution.

The purpose of federal homeless education legislation is to ensure that a child's education is not needlessly disrupted because of homelessness. If a child's residence or eligibility is in question, the child shall be admitted to school until the issue is resolved.

Alternative District of Residency—

Procedure

When a student's parent or legal guardian resides in Utah but not within the District, and the student resides in the District, the parent or legal guardian may request a determination that the District is the student's alternative district of residency by filing a written request with the District for that determination. The written request shall demonstrate that:

1. the child's physical, mental, moral or emotional health will be best served by considering the child to be a resident for school purposes;
2. exigent circumstances prevent the case from being considered under the procedures provided for in this policy for interdistrict transfers (see "Open Enrollment" for Utah Resident Students," below); and
3. considering the child to be a resident of the District will not violate any other law or rule of the State Board of Education.

The Board of Education (or its designee) shall review the request and the recommendation and determine, based on the criteria set forth above, whether to grant or deny the request. The decision shall be in writing and shall set forth the reasons for approval or denial in accordance with the criteria.

[Utah Admin. Rules R277-621-3\(5\) \(January 9, 2018\)](#)

If the request is denied by the Board of Education, the student or parent may appeal the denial to the State Superintendent within 10 business days. The State Superintendent will rule on the appeal within 10 business days.

Requirements

Pending a decision on the request, the district of residence of the student's custodial parent or legal guardian is responsible for the student's education services. If the request is approved, the District shall immediately enroll the student and assume responsibility for providing educational services to the student.

If the request is approved and the student qualifies for services under IDEA, the District shall conduct an IEP meeting with representation from the District and from the student's prior district (the district of residence of the student's custodial parent or legal guardian).

Student Residency (Parent or Guardian Does Not Reside in Utah)—

A minor child whose parent or legal guardian does not reside within Utah may be considered a resident of the District in which the child lives if it is established to the satisfaction of the local Board that:

1. The child is either married or has been determined to be an emancipated minor by a court of law or authorized state administrative agency;
2. The child was placed and is being supervised by a child placing agency which is authorized by the State of Utah to provide residential or child placement services and the agency is paying the child's tuition and fees to the extent required by [Utah Code § 62A-4a-606](#);
3. The child is in custody or under the care of a Utah state agency;

[Utah Code § 62A-4a-606\(3\) \(2018\)](#)

4. The child lives with a resident of the District who is a responsible adult and whom the District agrees to designate as the child's legal guardian as provided for below; or
5. The District, in its sole discretion may accept a non-emancipated student as a resident of the District if each of the following are demonstrated to the Board's satisfaction:
 - a. The child's physical, mental, moral, or emotional health would best be served by considering the child to be a resident for school purposes; and
 - b. The child is prepared to abide by the rules and policies of the District; and

- c. The person with whom the child resides in the District has been given authority in a durable power of attorney, as specified below, which the District agreed in its sole discretion to accept; and
- d. One of the following two sets of circumstances exists:
 - i. The child lives with a responsible adult who resides in the District and is the student's non-custodial parent, grandparent, brother, sister, uncle or aunt and the child's presence in the District is not for the primary purpose of attending the public schools; or
 - ii. The child's parent has moved from the state, and the child resides with a responsible adult who resides in the District, and the child's attendance in the school will not be detrimental to the school or to the District.

[Utah Code § 53G-6-302\(3\) \(2020\)](#)

NOTE: A document issued by other than a court of law that purports to award guardianship to a person who is not a resident of the jurisdiction in which guardianship is awarded is not valid until reviewed by a court of law.

Durable Power of Attorney—

In certain circumstances identified above, a durable power of attorney must be obtained before a child can admitted to attend school within the District. This durable power of attorney does not confer legal guardianship. In order to be sufficient, this durable power of attorney must be issued by the person who has legal custody of the child and must grant the custodian full authority to take any appropriate action in the interests of the child, including delegating powers regarding care, custody, and property, including authority over schooling.

In addition, the person with legal custody of the child (the grantor of the power of attorney) and the person who the child is to reside with (the person empowered by the power of attorney) must both agree to:

1. Assume responsibility for any fees or other charges related to the child's education in the District, and
2. Provide the District with all requested financial information needed to determine eligibility for fee waivers, if those are claimed.

[Utah Code § 53G-6-302\(4\) \(2020\)](#)

[Utah Code § 75-5-103 \(2018\)](#)

Forms for this power of attorney and for acceptance of custodianship are provided below.

Guardianship for Residency Purposes—

Subject to the District's acceptance and approval, a responsible adult resident residing in the District may obtain guardianship of a child whose custodial parent does not reside in the District for the limited purpose of establishing school district residency of a minor child by submitting to the Superintendent a signed affidavit by the child's parent which states that:

1. The child's presence in the district is not for the primary purpose of attending the public schools;
2. The child's physical, mental, moral or emotional health would be best served by transfer of guardianship to a Utah resident;
3. The affiant is aware that designation of a guardian is equivalent to a Court established guardianship and will suspend or terminate any existing parental or guardianship rights in the same manner as a court-established guardianship;
4. The affiant consents and submits to suspension or termination of parental or guardianship rights;
5. The affiant submits to jurisdiction of Utah State courts in which the District is located for any action related to guardianship or custody of the student;
6. The affiant designates the responsible adult resident as agent to accept service of process and notice; and
7. It is the affiant's intent that the student become a permanent resident of the District under the supervision of the responsible adult.
8. The responsible adult must also submit a signed affidavit stating that:
9. The affiant is a resident of the school district and desires to become the guardian of the student;
10. The affiant consents and submits to the jurisdiction of the state district court in which the school district is located in any action relating to the guardianship or custody of the child in question;
11. The affiant will accept responsibilities of guardianship to provide adequate supervision, discipline, food, shelter, educational and emotional support, medical care and pay all school fees; and
12. The affiant accepts the parent or prior guardian's appointment of agency.

Forms for the affidavits of the parent and the responsible adult are provided below. If the child's custodial parent cannot be found in order to execute the statement required under subsection (6), then the responsible adult resident must submit a signed affidavit to that effect to the District. A form for this affidavit is provided below. The District shall also submit a copy of the affidavit to the Criminal Investigations and Technical Services Division of the Department of Public Safety.

The student who lives with the responsible adult must submit a signed affidavit stating that:

1. The student desires to become a permanent resident of the State of Utah and reside in the District with and be responsible to the named responsible adult; and
2. The child will abide by rules and policies of the district and schools.

A form for this affidavit is provided below. The District may require the responsible adult to also submit any other relevant documents that it reasonably believes to be necessary to substantiate any claim made in connection with the application.

Upon receipt of the required information and documentation, and a determination by the board that the information is accurate, that the requirements have been met, and that the interests of the child would best be served by granting the guardianship, the Board or its authorized representative may designate the applicant as guardian of the child by issuing a designation of guardianship letter to the applicant.

The District shall deliver the original documents filed with the District, together with a copy of the designation of guardianship issued by the District, in person or by any form of mail requiring a signed receipt, to the clerk of the state district court in which the District is located.

Intentional submission to the District of fraudulent or misleading information under this policy is punishable under [Utah Code § 76-8-504](#).

If the District has reason to believe that a party has intentionally submitted false or misleading information under this part, it may, after notice and opportunity for the party to respond to the allegation:

1. void any guardianship, authorization, or action which was based upon the false or misleading information; and
2. recover, from the party submitting the information, the full cost of any benefits received by the child on the basis of the false or misleading information, including tuition, fees, and other unpaid school charges, together with any related costs of recovery.

[Utah Code § 53G-6-303 \(2019\)](#)

Appeal of Guardianship Denial—

If the Board denies the application for a guardianship designation, the applicant may either appeal the denial to the Utah district court where the District is located or may file an original petition for guardianship with the court.

[Utah Code § 53G-6-303 \(2019\)](#)

Termination of Guardianship—

A guardianship designation issued by the District may be terminated, and the authority and responsibility of the prior custodial parent may be restored, upon submission to the District of:

1. a signed affidavit by the person who consented to the guardianship which requests termination of the guardianship, or
2. a signed written request by the designated guardian requesting termination of the guardianship.

If the District determines that it would not be in the best interests of the child to terminate the guardianship, the District may refer the request for termination to the Utah district court where the original guardianship documents were submitted.

If the District determines, after giving notice and an opportunity to respond, that an individual has intentionally submitted false or misleading information to the District in connection with a guardianship designation, the District may

1. void any guardianship, authorization, or action which was based on the false or misleading information, and
2. recover from the person submitting the false or misleading information the full cost of any benefits received by the child based on the false or misleading information, including tuition, fees, and other unpaid school charges, along with any related costs of recovery.

A student whose guardianship or enrollment has been terminated may, upon payment of all applicable tuition and fees, continue in enrollment until the end of the school year unless excluded from attendance for cause.

[Utah Code § 53G-6-303 \(2019\)](#)

Tuition—

The board shall charge the nonresident child tuition at least equal to the per capita cost of the school program in which the child enrolls unless the board, in open meeting, determines to waive the charge for that child in whole or in part. The official minutes of the meeting shall reflect the determination.

[Utah Code § 53G-6-306 \(2019\)](#)

Tuition for Education Outside of the District—

If the Board so determines, it shall pay tuition to any accredited district outside the state with which it has a written agreement to educate students attending school in the out-of-state district. The agreement shall be approved by both districts and filed with the State Board of Education. The District is not required to pay tuition to any district with which it has not contracted.

[Utah Code § 53G-6-305 \(2019\)](#)

Eligibility and Admissions Requirements—

All documents submitted for proof of guardianship shall be kept by the District until the student has reached the age of eighteen (18) unless the District receives a valid court order to do otherwise.

[Utah Code § 53G-6-303\(9\) \(2019\)](#)

The District may require evidence that a child is eligible to attend the public free schools of the District at the time it considers an application for admission of the child. The District may withdraw any student who ceases to be a resident; however, a student whose guardianship or enrollment has been terminated under this policy

may, upon payment of all applicable tuition and fees, continue in enrollment until the end of the school year unless excluded from attendance for cause.

“Open Enrollment” for Utah Resident Students—

The Board is responsible for providing educational services consistent with Utah state law and rules of the State Board of Education for each student within the District and—to the extent reasonably feasible and in accordance with the limitations and provisions herein—for any student who resides in another district in the state and desires to attend a school in the District.

For purposes of “open enrollment,” the following definitions apply:

 - a. prior to the third Friday in February for admission for the next school year to a school that is not a student's school of residence; or
2. “Early enrollment for grade reconfiguration” means
 - a. application prior to November 1 for admission for the next school year to a school that is not a student's school of residence if:

 - ii. the grade reconfiguration described in Subsection (1)(b) will be implemented in the next school year.
3. “Late enrollment” means application:
 - a. after the third Friday in February for admission for the next school year to a school that is not the student's school of residence; or
 - b. for admission for the current year to a school that is not the student's school of residence.
4. “Nonresident student” means a student who lives outside the boundaries of the school attendance area.
5. “Open enrollment threshold” means the school enrollment levels (for early enrollment or late enrollment) determined under [Utah Code § 53G-6-401](#) and regulations established by the Utah State Board of Education.
6. “School of residence” means the school that a student is assigned to attend based on the student's place of residence.
7. “School attendance area” means an area established by the Board of Education from which students are assigned to attend a certain school.

[Utah Code § 53G-6-401 \(2019\)](#)

If a school's average daily membership falls below the open enrollment threshold, the Board shall allow nonresident students to enroll in the school. If a school's average daily membership is above the open enrollment threshold, the Board may, in its discretion, allow enrollment of nonresident students in the school upon satisfactory completion of the application process set forth herein.

The Board shall provide written notification to the parents of each student that resides within the school district and other interested parties of the revised early enrollment period beginning August 1 and ending November 1 if the school district is doing a district wide grade reconfiguration of its elementary, middle, junior, and senior high schools; and the grade reconfiguration will be implemented in the next school year.

The Board shall make information about the District, its schools, programs, policies and procedures available to all students who are residents of the State and express an interest in transferring into the District or in transferring to another school within the District.

In order for a Utah student to attend a District school other than the student's school of residence, the nonresident student's parent must submit an application to the District on a form provided by the State Board of Education.

To be considered as an "early enrollment" application, the student's parent must submit the application from August 1 to November 1 if there is a district wide grade reconfiguration the following school year or from December 1 through the third Friday in February prior to the school year of application for initial enrollment to begin the following school year in the District. Applications which are submitted for the current school year or after the third Friday in February for the following school year will be considered as "late enrollment" applications.

[Utah Code § 53G-6-401 \(2019\)](#)

The District shall charge applicants a one-time \$5.00 processing fee to be paid at the time of application.

[Utah Code § 53G-6-402\(5\) \(2019\)](#)

Notice of Acceptance or Rejection of Application—

For an early enrollment application, the District shall provide written notice of acceptance or rejection of that application within six weeks after receipt of the application by the District or by March 31 whichever is later. For a late enrollment application for the following school year, written notice of acceptance or rejection shall be provided within two weeks of the District's receipt of the application or by the Friday before the new school year begins, whichever is later. For a late enrollment application for the current school year, written notice of acceptance or rejection shall be provided within two weeks of the District's receipt of the application. Written notice of acceptance of an application for enrollment shall also be sent to the nonresident student's school of residence (for intradistrict transfers) or district of residence (for intradistrict transfers).

[Utah Code § 53G-6-402\(4\)\(b\)\(v\), \(vi\) \(2019\)](#)

Denial of Enrollment Appeal—

Denial of initial or continuing enrollment of a nonresident student may be appealed to the Board. Written notice of the request for appeal to the Board must be submitted to the Board within fifteen (15) days of the date of the Board's denial of the application. The decision of the Board shall be upheld in any subsequent proceedings unless the Board's decision is found, by clear and convincing evidence, to be in violation of applicable law or regulation, or to be arbitrary and capricious.

[Utah Code § 53G-6-404 \(2019\)](#)

Standards for Application—

Acceptance or rejection of an application shall be determined on an individual basis. Standards applied to each application include at least the following:

No nonresident student shall be allowed to voluntarily enroll in programs within the District unless, on a case by case basis, the District determines that there is capacity for additional students in the program for which the nonresident student applies, and that there is adequate space, facilities, and teacher availability in the class, grade level and school building for which the student applied. For secondary schools, the District may also consider the capacity of a comprehensive program in determining to accept or reject an application.

The District shall maintain heterogeneous student populations if necessary to avoid violation of constitutional or statutory rights of students.

The District shall not be required to provide any program that it has not previously provided to its own students. If the District does not offer a program that the student requires, that fact shall be considered in reviewing the student's application.

The District shall consider the willingness of prospective students to comply with District policies.

The District shall consider whether an applicant's brother or sister is attending the requested school or another school in the District.

The District may give preference to applicants from students residing within the District over applications from students who do not reside within the District.

The District may consider whether the requested transfer is needed for the student's health or safety.

The District may reject an application for transfer for the current school year when the student has already transferred to another school for the current school year under open enrollment (whether that was effective at the beginning of the school year or during the school year).

Standards may not include previous academic achievement, athletic or other extra-curricular ability, the fact that the student requires special education services

for which space is available, previous disciplinary proceedings, except that the District may deny applications from students who have committed serious infractions of the law or school rules, including rules of the District which may not have been rules of the student's prior district where the conduct occurred. The District may deny applications from students who have been guilty of chronic misbehavior which would, if continued, endanger persons or property, cause serious disruptions in the school, or place unreasonable burdens on school staff.

The Board may, in its discretion, allow provisional enrollment of students with prior behavior problems. In such cases the Board will, on a case-by-case basis, establish conditions under which enrollment of the nonresident student would be permitted. The Board may also impose such conditions on a nonresident student previously enrolled in the District, under which the nonresident student's enrollment would be continued.

[Utah Code § 53G-6-403 \(2019\)](#)

Posting of School Enrollment Information—

For each school, the District shall post the following information on the District website:

1. The school's maximum capacity;
2. The school's adjusted capacity;
3. The school's projected enrollment used in calculating the open enrollment threshold;
4. The school's actual enrollment on October 1, January 2, and April 1;
5. The number of nonresident student enrollment applications for the school;
6. The number of nonresident student enrollment applications accepted; and
7. The number of resident students transferring to another school.

[Utah Code § 53G-6-403\(5\) \(2019\)](#)

Participation in Interscholastic Competition—

The participation by nonresident students in interscholastic competition shall be governed under rules established by the State Board of Education, in consultation with the Utah High School Activities Association. Final determinations as to extent of participation shall be made by the Board of Education or coaches delegated such authority.

Termination of Enrollment—

Once a nonresident student is enrolled within a school in the District, the student may remain enrolled in that school subject to compliance with all rules and standards established for students in the District, and is not required to submit annual or periodic applications unless one of the following occurs:

1. the student graduates;

2. the student is no longer a Utah resident;
3. the student is suspended or expelled from school; or
4. the District determines that enrollment within the school in question will exceed the open enrollment threshold during the coming school year.

However, even when the open enrollment threshold will be exceeded, where a nonresident student is enrolled in a nonresident school for safety reasons because bus service is not provided between the student's neighborhood and their school of residence, that student may remain at that school through the highest grade offered and may thereafter attend the middle school, junior high school, or high school into which the nonresident school feeds, until graduation.

[Utah Code § 53G-6-402\(11\) \(2019\)](#)

Otherwise, where the open enrollment threshold will be exceeded, determination of which nonresident students will be excluded from continued enrollment in the school during a subsequent year is based upon time in the school, with those most recently enrolled being excluded first and the use of a lottery system when multiple nonresident students have the same number of school days at the school. Nonresident students who will not be permitted to continue their enrollment in the District shall be notified on or before March 15 of the school year prior to the school year during which enrollment will be denied.

[Utah Code § 53G-6-402\(7\) \(2019\)](#)

Transportation—

The parent of the nonresident student must arrange for the student's own transportation to and from schools. The District shall provide transportation for a nonresident student on the basis of available space on an approved route within the District to the school of attendance if District students would be eligible for transportation to the same school from that point on the bus route and the student's presence does not increase the cost of the bus route.

[Utah Code § 53G-6-407 \(2019\)](#)

Withdrawal of Enrollment—

Except as set forth below for charter school students, the parent of a nonresident student may withdraw the student from the nonresident school by doing one of the following:

1. Submitting notice of intent to enroll the student in the student's school of residence for the subsequent year.
2. Submitting notice of intent to enroll the student in another nonresident school for the subsequent school year.

Unless provisions have previously been made for enrollment in another school, if the District releases a nonresident student from enrollment in the District, the District superintendent shall immediately notify the student's district of residence.

If the District receives notice from another district that a student residing in the District, but who has been enrolled in the other district, is released from enrollment with that district, the District shall enroll the student in the appropriate District school and take such additional steps as may be necessary to ensure compliance with laws governing school attendance.

[Utah Code § 53G-6-402 \(2019\)](#)

The Board may allow a student residing outside the state to attend school within the District but shall charge the nonresident child tuition at least equal to the per capita cost of the school program in which the child enrolls, unless the Board, in open meeting, determines to waive all or part of the charge for that child. Such action shall be recorded in the minutes of the meeting.

[Utah Code § 53G-6-306 \(2019\)](#)

Returning Charter School Students—

A charter school student who resides in the District and who submits required enrollment information for the upcoming school year before June 30 shall be enrolled in the student's boundary school for the upcoming school year. However, if the student is leaving the charter school because it has been closed, the student shall be enrolled in the student's boundary school regardless of when the enrollment information is submitted. Otherwise, if the enrollment application is submitted after June 30 for the following year or is submitted for the current year, the student may enroll in a District school, grade level, program or course which is below capacity or has space available "Below capacity" means that the grade level or program is less than 100% of the District, school, or grade level average (as applicable). The capacity and averages are determined as provided for in Utah Administrative Rules R277-472-2, R277-472-3, and R277-472-4. However, below capacity standards for individual schools, grade levels, courses or programs do not apply if the school has documentation that the school community council in a public meeting has designated more than ½ of the school's LAND trust annual allotment to reduce class size in a specific school, grade level, program, or course.

[Utah Admin. Rules R277-472-7 \(January 9, 2020\)](#)

To facilitate transfer of charter school students, the District shall post the following information on District and school websites:

1. Elementary schools within the District that are below capacity and available for charter transfer students;
2. Grade levels and special programs within elementary schools that are below capacity and available for charter transfer students;

3. Secondary schools that are below capacity and available for charter transfer students based on calculated capacity of language arts, science and mathematics; and
4. Special programs within secondary schools that are below capacity and available for charter transfer students.

[Utah Admin. Rules R277-472-5\(1\) \(January 9, 2020\)](#)

Notwithstanding these limitations, a student may be enrolled at any time if the District determines that is necessary to protect the health or safety of the student.

[Utah Code § 53G-6-503\(8\) \(2019\)](#)

Exception to Open Enrollment Requirements for DCFS Cases—

Regardless of the student's place of residency or the open enrollment requirements set forth above, the District shall allow enrollment of a student in a District school where such enrollment is determined by the Utah Division of Child and Family Services to be necessary to comply with the provisions of [42 U.S.C. § 675](#).

[Utah Code § 53G-6-402\(12\) \(2019\)](#)

Transfer from a Persistently Dangerous School—

The State Superintendent may designate a school as “persistently dangerous” when at least 3% of students for three consecutive school years have been suspended or expelled for either a gun free school violation or for a reported violent criminal offense that took place either on school property or at a school-sponsored activity.

If a District school is designated by the State Superintendent as persistently dangerous, then the District shall, within 15 days of receiving notice of the designation, notify the parents of the school's students:

1. That the school has been designated as persistently dangerous and the criteria that caused the designation;
2. That a parent may transfer the parent's student to a safer school within the District if the parent chooses; and
3. That the parent may request the transfer within 30 days after the parent received notice of the designation.

[Utah Admin. Rules R277-714-3\(3\) \(April 9, 2020\)](#)

Upon receipt of a timely transfer request, the student shall be promptly transferred to a safe school within the District notwithstanding other limitations on transfers or enrollment changes contained in this policy.

In the event of a persistently unsafe school designation, the District shall also provide the State Superintendent with the information and materials required under Utah Administrative Rules R277-714-3 and R277-714-4.

Required Identification—

Upon enrollment of a student for the first time in a particular school in the District, that school shall notify in writing the person enrolling the student that within 30 days he or she must provide the school with either a certified copy of the student's birth certificate, or other reliable proof of the student's identity and age, together with an affidavit explaining the inability to produce a copy of the birth certificate. If the affidavit appears inaccurate or suspicious, the school shall immediately report such concerns to the Bureau of Criminal Identification within the Department of Public Safety. If a person enrolling a student fails to comply with this requirement, the school shall notify that person in writing that unless he or she complies within ten days the case shall be referred to the local law enforcement authority for investigation. If the person fails to comply within the ten-day period, the school shall refer the case to the Bureau of Criminal Identification within the Department of Public Safety.

[Utah Code § 53G-6-603 \(2018\)](#)

Missing Child—

If a school within the District receives notification from the Bureau of Criminal Identification that a child that is currently or was previously enrolled is missing, the school shall flag that child's records sufficiently to alert school officers that the record is that of a missing child. If the school receives notification from the Bureau of Criminal Investigation that the child is no longer missing, it shall remove the flag from the record.

[Utah Code § 53G-6-602 \(2018\)](#)

Transfer Students—

Within fourteen (14) days after enrolling a transfer student (simultaneously if the student is a military child), a school shall request, directly from the student's previous school, a certified copy of his record and shall exercise due diligence in obtaining the record.

knowledge as to the whereabouts of a missing child shall be reported immediately to the Bureau of Criminal Identification.

Qualified health professionals shall provide instruction, equipment and material for conducting the examinations.

Upon written request from any parent of a student who contends that an examination provided by this policy would violate the personal beliefs of the person making the request and of the student, the student shall be exempt from submitting to the examination.

The school shall give notice in writing to a student's parent of any impairment disclosed by the examination.

[Utah Code § 53G-9-402 \(2019\)](#)

In the event that the sending state has not adopted the Interstate Compact on Educational Opportunity for Military Children, the District shall use best efforts to facilitate the on-time graduation of the student in accordance with the waiver and exit exam provisions above.

If after conferring the teacher and the parent agree on a placement change, the change will be made. If disagreement remains about a placement change, then the student's subject matter mastery shall be evaluated. The parent may choose either (a) to have the school evaluate the student using assessments that are regularly administered to public school students and used to measure subject matter mastery and determine placement, or (b) to have a private entity or individual evaluate the student with subject matter assessments at the parent's expense. After a student's subject matter mastery has been evaluated, the school may change the student's placement in a grade level, class, or course.

Graduation Requirements—Students entering the 9th, 10th, 11th, or 12th grade levels after participation in home or private school will be required to fulfill all graduation requirements in order to receive a diploma. The District will not accept home education as credit toward graduation. The District will accept credit toward graduation from an accredited regularly established private school.

Students may fulfill graduation credits by successfully completing courses required for credit (including approved on-line or correspondence course work), by transfer of credits from accredited schools or providers, or by demonstrating proficiency via assessment tests or evaluation of student work or projects. Student

work completed as part of home education may be evaluated for credit purposes, subject to documentation of compliance with [Utah Code § 53G-6-204](#).

A vision screening volunteer may not market, advertise, or promote a business in connection with assisting at the screening clinic.

Screening provided under this policy shall follow the procedures and standards set out in Utah Administrative Rules R384-201.

Immunizations

Definitions—

The following definitions apply within this policy:

1. “Immunization record” means a record relating to a student that includes:
 - a. Information regarding each required vaccine that the student has received, including the date each vaccine was administered, and which is verified by one of the following: a licensed health care provider, a registered nurse, a pharmacist, an authorized representative of a local health department, or an authorized representative of the Utah Department of Health; and

Immunization Required for School Admission—

Except for the circumstances specified elsewhere in this policy, a student may not attend a school in the District unless the school has received an immunization

record from a permitted source (which are the legally responsible individual of the student, the student's former school, or a statewide registry) that shows either that the student has received all required vaccinations or that the student has immunity from the disease for which the vaccination is required or that the student is exempt from receiving the vaccination.

Obtaining and Maintaining Immunization Records—

Each school shall request an immunization record for each student at the time the student enrolls in the school and shall retain the immunization record as part of the student's permanent school record.

[Utah Code § 53G-9-306\(1\) \(2018\)](#)

Within five business days after a student enrolls in a school, a person designated by the principal or other administrator shall determine whether the school has received an immunization record for the student, shall review the student's immunization record for compliance with the requirements for that record, and shall identify any deficiencies in the immunization record.

[Utah Code § 53G-9-306\(2\)\(a\) \(2018\)](#)

Each school shall maintain a current list of all enrolled students which notes:

1. Each student for whom the school has received a valid and complete immunization record;
2. Each student who is exempt from receiving a required vaccine;
3. Each student who is attending school under conditional enrollment; and
4. For each student, each disease against which the student is not immunized.

[Utah Code § 53G-9-309\(1\), \(2\) \(2018\)](#)

The student names on this immunization list are confidential and private information and, notwithstanding the requirements of GRAMA, may only be released as provided for in Utah Code Title 26 or Utah Code § 53E-9-202.

The District and district schools may share a student immunization record or other records relating to vaccination or immunization with other schools or school districts and with local and state health departments and the Utah Department of Human Services as necessary to ensure compliance with student immunization requirements and to prevent, investigate, and control the causes of epidemic, infectious, communicable, and other diseases affecting the public health.

[Utah Code § 26-1-17.5 \(2018\)](#)

Upon request, a school shall provide a student's immunization record to a new school to which a student transfers (this does not require consent of the student's legally responsible individual).

[Utah Code § 53G-9-306\(3\) \(2018\)](#)

Exemptions—

Vaccination with required vaccines is not a prerequisite for admission to the District schools if the student qualifies for a medical or personal exemption to the vaccination requirement.

1. A student qualifies for the medical exemption if the student's legally responsible individual provides the school with:
 - a. A completed vaccination exemption form and
 - b. A written notice signed by a licensed health care provider stating that, due to the physical condition of the student, administration of the vaccine would endanger the student's life or health.
2. A student qualifies for the personal exemption if the student's legally responsible individual provides the school with a completed vaccination form stating that the student is exempt from the vaccination because of a personal or religious belief.

A vaccination exemption form is valid for as long as the student remains at the school to which the form is first presented. If the student changes schools before the student is old enough to enroll in kindergarten, the form accepted as valid at the student's previous school is valid until the earlier of the day on which the student enrolls in kindergarten or turns six years old. If the student changes schools after the student is old enough to enroll in kindergarten but before the student is eligible to enroll in grade 7, the form accepted as valid at the student's previous school is valid until the earlier of the day on which the student enrolls in grade 7 or turns twelve years old. (However, regardless of a school change before grade 7 or age twelve, an exemption form obtained through the online education module is valid for at least 2 years.) If the student changes schools after the student is old enough to enroll in grade 7, the form accepted as valid at the student's previous school is valid until the student completes grade 12.

[Utah Code § 53G-9-303 \(2018\)](#)

Conditional Enrollment—

If upon review it is determined that the school has not received an immunization records for a newly enrolled student, or that there are deficiencies in the immunization record, the school shall place the student on conditional enrollment and within five days of doing so provide written notice (in person or by mail) to the student's legally responsible person. This notice shall state that the student has been placed on conditional enrollment for failing to meet the immunization record requirements, shall describe the deficiencies in the immunization record or state that

no immunization record has been provided, shall give notice that the student will not be allowed to attend school unless a compliant record is provided or the deficiencies are cured within the conditional enrollment period, and shall describe the process for obtaining a required vaccination.

[Utah Code § 53G-9-308\(2\)\(a\) \(2018\)](#)

If the school receives a compliant immunization record within the conditional enrollment period, the student shall remove the conditional enrollment status. Unless an extension is granted as provided below, if the record is not provided within the conditional enrollment period, the student shall be prohibited from attending the school.

[Utah Code § 53G-9-308\(2\)\(b\), \(c\) \(2018\)](#)

The conditional enrollment period is the time period during which the student's immunization record is under review by the school or 21 calendar days after the school provides notice of the lack of or a deficiency in an immunization record. The student must begin receiving required immunizations within 21 calendar days of school enrollment. Where the student is receiving multiple doses of a required vaccine, the principal or other administrator shall extend the conditional enrollment period by the amount of time medically recommended to complete all required vaccination dosages. The principal or other administrator may grant an extension of the conditional enrollment period if there is agreement between the administrator and a school nurse, health official, or health official designee that an extension will likely lead to compliance with the immunization record requirement.

1. The person having the power to consent as otherwise provided by law cannot be contacted.
2. Actual notice to the contrary has not been given by that person.

[Utah Code § 78B-3-406\(6\)\(c\) \(2019\)](#)

Employees of the District may administer medication to a student during periods when the student is under the control of the school, subject to the following conditions:

1. The District has received a current written and signed request to administer the medication during regular school hours to the student from the parent or other person having legal control of the student.
2. The student's physician, dentist, nurse practitioner or physician assistant has provided a signed statement describing the method, amount, and time schedule for administration, and a statement that administration of medication by school employees during periods when the student is under the control of the school is medically necessary.
3. Oral, topical, and inhalant medication may be administered by assigned school personnel. Medications requiring other routes of administration will not be given by school personnel except in emergency situations, with the exception of glucagon, see policy below. In non-emergency situations, medications requiring other routes of administration must be given by a registered nurse, with the exception of glucagon, see policy below.
4. All medication that is to be given at school, with the exception of medication that is required in an emergency situation, must be furnished by the parent and delivered to the school by a responsible adult.
5. All prescription medication must be in the original container labeled by the pharmacy with the name of the student, the name of the physician, the name

- of the medication, the amount to given (dose), and the duration of the treatment. Over-the-counter drugs must be in the original bottle and labeled with the student's name.
6. All medication provided to the school is to be kept in a secure location.
 7. Insofar as possible, one person should be assigned the responsibility of administering student medication.

 9. Elementary and middle school students are not to carry or self-administer medication on school premises unless it has been authorized under Policy FDACB (for diabetes medication) or FDACC (for epinephrine) or Policy FDACD (for asthma medication) or is expressly ordered by the student's physician because of potentially life-threatening circumstances, including, but not limited to, asthma medication, diabetes medication, glucagon and epinephrine.
 10. Authorization for administration of medication by school personnel may be withdrawn by the school at any time following actual notice to the student's parent.
 11. School personnel who provide assistance under this policy in substantial compliance with the physician's or dentist's written statement and the District are not liable, civilly or criminally, for any adverse reactions suffered by the student as a result of taking the medication or discontinuing the administration of the medication pursuant to this policy.

[Utah Code § 53G-9-502 \(2019\)](#)

The Board shall consult with the Department of Health and other health professionals to determine:

1. Designation of employees who may administer medication.
2. Proper identification and safekeeping of medication.
3. Training of designated employees.
4. Maintenance of records of administration.

Administration of Glucagon—

The following provisions govern administration of glucagon in place of the provisions set forth above under “Administering Medication.” A glucagon authorization shall include a signed statement from a parent of a student with diabetes:

1. Certifying that glucagon has been prescribed for the student;
2. Requesting that the student's public school identify and train school personnel who volunteer to be trained in the administration of glucagon; and
3. Authorizing the administration of glucagon in emergency situations to the student.

After receiving a glucagon authorization from a student's parent, the school shall:

1. Within a reasonable time, train two or more school personnel who volunteer to be trained in the administration of glucagon, with training provided by the school nurse or another qualified, licensed medical professional;
2. Allow all interested personnel to receive training in the administration of glucagon. Training in the administration of glucagon shall include:
 - a. Techniques for recognizing the symptoms that warrant the administration of glucagon;
 - b. Standards and procedures for the storage and use of glucagon;
 - c. Other emergency procedures, including calling the emergency 911 and contacting, if possible, the student's parent.
3. Retain for reference the written materials prepared for training personnel;
4. Permit a student and/or school personnel to possess or store prescribed glucagon so that it will be available for administration in an emergency;

A person who has received glucagon administration training may administer glucagon at a school or school activity to a student with a glucagon authorization if:

1. The student is exhibiting the symptoms that warrant the administration of glucagon; and
2. A licensed health care professional is not immediately available.

A person who administers glucagon in accordance with this policy shall direct a responsible person to call 911 and take other appropriate actions in accordance with his or glucagon administration training.

School personnel who provide or receive training under this policy and pursuant to [Utah Code § 53G-9-504](#) and act in good faith are not liable in any civil or criminal action for any act taken or not taken under the authority of [§ 53G-9-504](#) with respect to the administration of glucagon.

Administration of Seizure Rescue Medication—

The following provisions govern administration of seizure rescue medication in place of the provisions set forth above under "Administering Medication." "Seizure

rescue medication” is medication prescribed by a health care professional which is given as set out in a student’s rescue seizure authorization while a student is experiencing seizure activity. It does not include medication given intravenously or intramuscularly.

A “seizure rescue authorization” is a student’s Section 504 accommodation plan which:

1. Certifies that
 - a. A prescribing health care professional has prescribed a seizure rescue medication for the student; and
 - b. The student’s parent has previously administered the student’s seizure rescue medication without complication in a setting outside of medical supervision; and
 - c. The student has previously ceased having full body prolonged or convulsive seizure activity as a result of receiving the seizure rescue medication; and
2. Describes the specific seizure rescue medication authorized for the student, including the indicated dose and instructions for administration; and
3. Requests that the student’s school identify and train school personnel who volunteer to be trained to administer seizure rescue medication; and
4. Authorizes a trained school employee volunteer to administer seizure rescue medication to the student.

After receiving a seizure rescue authorization from a student’s parent, the school shall:

1. Inform school employees of the opportunity to be a school employee volunteer to administer seizure rescue medication;
2. Provide for training of each volunteer in the administration of seizure rescue medication, with training provided by the school nurse or another qualified, licensed medical professional. The training shall be according to the program developed by the Utah Department of Health, which will include:
 - a. Techniques for recognizing the symptoms that warrant the administration of a seizure rescue medication;
 - b. Standards and procedures for the storage of a seizure rescue medication;
 - c. Other emergency procedures, including calling 911 and contacting the student’s parent or guardian;
 - d. An assessment to determine competency to administer seizure rescue medication;
 - e. An annual refresher training component; and

- f. Written materials describing this information.
3. Retain for reference the written materials prepared for training personnel; and
4. Permit school personnel to possess or store prescribed seizure rescue medication so that it will be available for administration.

A volunteer school employee who has received the required training may administer seizure rescue medication to a student with a seizure rescue authorization if:

1. The student is exhibiting a symptom, described on the student's seizure rescue authorization, that warrants the administration of a seizure rescue medication; and
2. A licensed health care professional is not immediately available.

A person who administers a seizure rescue medication in accordance with this policy shall direct a responsible person to call 911 and take other appropriate actions in accordance with the seizure rescue medication administration training.

A volunteer school employee who in good faith administers a seizure rescue medication in accordance with this policy and [Utah Code § 53G-9-505](#) is not liable in a civil or criminal action for an act taken or not taken under that authority.

Policy FHA, Safe Schools, and Policy FHAA, Safe Schools: Alcohol and Drugs do not apply to the possession of a seizure rescue medication.

Do Not Resuscitate Directives

Background—

In very isolated situations, a child who is terminally ill may be enrolled and actively participating in a public school. This policy sets forth what school personnel may and must do if a student subject to a "do not resuscitate" (DNR) directive faces a life-threatening medical emergency.

The law provides that a "life with dignity order" executed pursuant to [Utah Code § 75-2a-106](#) may be directed to health care providers or emergency medical service providers licensed or certified under Utah Code Title 26, Chapter 8A. The law further provides that those licensed or certified emergency medical providers may be directed to withhold or withdraw all life-sustaining procedures. Professionals licensed pursuant to [Utah Code § 26-8A-302](#) include paramedics, medical directors, emergency medical service instructors and other emergency medical personnel. Such professionals are granted immunity from liability for complying in good faith with a life with dignity order. Such professionals are also granted immunity for providing life-sustaining treatment notwithstanding a contrary directive in a life with dignity order

Policy—

- 1) Medical service providers who are school employees may have responsibilities related to the treatment or withholding of treatment for persons for whom a valid life with dignity order has been issued pursuant to [Utah Code § 75-2a-106](#). Such providers may act in good faith to exercise their judgment with regard to complying with a life with dignity order to withhold or withdraw life-sustaining treatment or to provide life-sustaining treatment despite a contrary directive in the order.
- 2) With the exception of situations governed by paragraph 1, above, it is the policy of the District that first aid shall be provided to any and all students in need of such assistance while under the control and/or supervision of the District. Life with dignity orders will not be followed by school district staff who are not licensed under [Section 26-8a-302](#).
- 3) When a school employee or volunteer observes or becomes aware of a medical emergency involving a student, normal responsive actions should be taken, including the summoning of emergency medical personnel and administering first aid.
- 4) This should be done by school staff irrespective of whether a life with dignity order is in place and has been provided to the school with respect to that particular student.

Health Requirements and Services: Student Self-Treatment for Diabetes

Student Self-Administration of Diabetes Medication

Under Policy FDAC, elementary and middle school students are prohibited from carrying or self-administering medication on school premises except in certain limited circumstances. However, elementary and middle school students may carry and self-administer prescription or non-prescription diabetes medications provided that the school has been provided a parent authorization statement and a health care provider statement as provided below.

The written parent statement must state that the parent authorizes the student to have and self-administer the diabetes medication and must acknowledge that the student is responsible for, and capable of, possessing and self-administering the diabetes medication.

The health care provider statement must specifically identify the prescription or nonprescription diabetes medication authorized for the student's use and must state that it is medically appropriate for the student to possess or possess and self-administer the diabetes medication and that the student should be in possession of diabetes medication at all times.

If the medication is to be stored other than on the student's person, the student or parent shall inform the school nurse or administration where the medication will be kept to enable access for emergency use.

The student shall only use prescription diabetes medication as directed by a health care provider's written orders, and shall use non-prescription diabetes medication in accordance with the manufacturer's instructions.

[Utah Code § 53G-9-506 \(2019\)](#)

Medication Sharing Prohibited

No student is permitted to sell, share, or otherwise give to others any medication, prescription or non-prescription. Violations of this policy are subject to disciplinary action under the school's drug policies.

Health Requirements and Services

Students with Potentially Life Threatening Allergies

Parent's or Legal Guardian's Responsibility—

The student's parent or guardian has the primary duty to inform school authorities about the child's potentially life-threatening medical condition(s) upon registration of the child or upon medical diagnosis of the medical problem. Therefore, the student's parent or guardian shall:

1. Annually notify, in writing, the school of the child's allergies and, if not already on file with the school, provide written physician verification of the child's allergies.
2. Work with the school to develop a plan that accommodates the child's needs, including an Allergy Emergency Response Plan. In the case of a child's potentially life threatening food allergy, develop a Student Food Allergy Action Plan with the appropriate school staff.
3. Provide written documentation, instructions, and medications as directed by a physician, using the Allergy Emergency Response Plan as a guide. Include a current photo of the child on the written form.
4. Provide properly labeled medications and replace medications after use or upon expiration.
5. Educate the child in self-management of their allergy, including, where applicable:
 - a. safe and unsafe foods;
 - b. strategies for avoiding exposure to unsafe foods, including how to read food labels (age appropriate);
 - c. symptoms of allergic reactions;
 - d. how and when to tell an adult that the child may be having an allergy-related problem.
6. Review the Student Food Allergy Action Plan and Allergy Emergency Response Plan with the appropriate school staff, the child's physician, and the child (if age appropriate) after a reaction has occurred.
7. Provide emergency contact information, including the name, phone number, fax number, and address of the student's treating physician.

School's Responsibility—

1. Registration procedures shall enquire as to whether or not a student has medical problems of which the school should be aware.

2. Review the health records and/or information submitted by parents and physicians.
3. In developing a reasonable accommodation of the student with a potentially life-threatening food allergy, the following guidelines are recommended:
 - a. The school principal or principal's designee, classroom teacher(s), the parent(s) or legal guardian, the student (as age appropriate) and a District nurse or other qualified person should develop the Student Food Allergy Action Plan. Other persons may be involved as determined to be necessary. In addition, the child's physician should review the Student Food Allergy Action Plan.
 - b. Consideration in the Student Food Allergy Plan shall be given to:
 - i. elimination, whenever reasonably feasible, of allergens from meals, educational tools, arts and craft projects, and incentives;
 - ii. education of the student, parent or guardian, community, staff, and food handlers;
 - iii. appropriate standards of hygiene and maintenance for facilities and students;
 - iv. classroom and school routines in light of the age, maturity, and ability of the student, and expectations regarding personal responsibility;
 - v. emergency procedures and preparation for such;
 - vi. procedure to be followed should a "dangerous" food product be brought to the classroom.
 - c. Provide copies of the Allergy Emergency Response Plan to all staff who interact with the student on a regular basis, including substitute teachers.
 - d. Enforce a "no eating" policy on school buses with exceptions made only to accommodate students with special nutritional needs.
4. Review the Student Food Allergy Action Plan and Allergy Emergency Response Plan with parent or guardian, student (as age appropriate) and physician after a reaction has occurred at school or a school-related activity, and consider whether the plans need to be modified.

Emergency Injection for Anaphylaxis—

In addition to students with known, potentially life-threatening allergies who have specific prescriptions for medication to respond to reactions, the following addresses the use of stock medications to treat reactions in others.

This policy does not create a duty or standard of care for a person to be trained in the use and storage of epinephrine auto-injectors, nor does it create a duty on the part of the District or a school to store epinephrine auto-injectors at a school (apart from the obligation to make an auto-injector available to trained individuals as

set forth below). A decision to complete the training program described below and to make epinephrine auto-injectors available for emergency medical situations is voluntary. A school, school board, or school official may encourage a teacher or other school employee to volunteer for such training. A school, the school board, or a school official may not prohibit or dissuade a school employee from (a) being trained in use and storage of epinephrine auto-injectors, (b) possessing or storing an epinephrine auto-injector on school premises (if the employee is a qualified adult and the possession and storage is in accord with training), or (c) administering an epinephrine auto-injector (if the employee is a qualified adult and the administration is in accord with training).

[Utah Code § 26-41-103 \(2019\)](#)

Each primary and secondary school shall make initial and annual refresher training regarding the storage and emergency use of an epinephrine auto-injector available to any interested teacher or other school employee, who is at least eighteen (18) years of age, who volunteers for such training. The training may be provided by the school nurse, or other person qualified to provide such training, designated by the school district physician, the medical director of the local health department, or the local emergency medical services director.

A person who provides this training shall include instruction on:

1. techniques for recognizing symptoms of anaphylaxis;
2. standards and procedures for the storage and emergency use of an epinephrine auto-injector;
3. emergency follow-up procedures, including calling the emergency 911 number and contacting, if possible, the student's physician and a parent or guardian; and
4. written materials covering the information provided during training.

The volunteers shall retain for reference the written materials covering the information provided during training.

[Utah Code § 26-41-104 \(2019\)](#)

A teacher or other school employee who has received the above training regarding the storage and emergency use of an epinephrine auto-injector becomes a "qualified adult" and:

1. May obtain (along with the school nurse) from the school district physician, the medical director of the local health department, the local emergency medical services director, a physician, pharmacist, or any other person or entity authorized to prescribe or dispense prescribed medicines or drugs, a prescription for epinephrine auto-injectors;
2. May immediately administer an epinephrine auto-injector to a person exhibiting potentially life-threatening symptoms of anaphylaxis at school or a school activity when a physician is not immediately available;

3. Shall initiate emergency medical services or other appropriate medical follow-up in accordance with the training materials after administering an epinephrine auto-injector.

Each primary or secondary school shall make an emergency epinephrine auto-injector available to any teacher or other school employee who is employed at the school and has become a “qualified adult.” However, the school is not required to keep more than one emergency epinephrine auto-injector on the school premises so long as it may be quickly accessed by a teacher or other school employee who is a “qualified adult” in the event of an emergency.

[Utah Code § 26-41-105 \(2019\)](#)

A school may obtain a prescription for a supply of epinephrine auto-injectors for storage at the school and use by qualified adults if the school (a) designates an individual to complete an initial and annual refresher training program regarding the proper storage and emergency use of epinephrine auto-injectors and (b) stores the epinephrine auto-injectors according to Utah Department of Health standards.

[Utah Code § 26-41-105\(5\) \(2019\)](#)

The following, if acting in good faith, are not liable in any civil or criminal action for any act taken or not taken under the authority of § 26-41-101 et seq. with respect to an anaphylactic reaction: (a) a “qualified adult,” (b) a person who conducts training regarding the emergency use and storage of epinephrine auto-injectors, and (c) the District or its schools.

[Utah Code § 26-41-106 \(2019\)](#)

Student’s Responsibility —

The student will be proactive in the care and management of his or her food allergies and other reactions based upon the student’s developmental level, including the following:

1. Should not trade or share food, utensils, or containers with others;
2. Should not eat anything with unknown ingredients or known to contain any allergen;
3. Should notify an adult immediately if he or she eats something the student believes may contain the food to which he or she is allergic.
4. Know the location of his/her epinephrine auto-injector, if applicable, or other emergency medications.
5. Wash hands before eating.

Student Self-Administration of Epinephrine Auto-Injector—

Under Policy FDAC, elementary and middle school students are prohibited from carrying or self-administering medication on school premises except in certain limited circumstances. However, elementary and middle school students may

possess or possess and self-administer epinephrine auto-injectors provided that the student's parent or guardian has previously provided the school with a signed written request and written health care provider approval.

The written request must state that the parent or guardian authorizes the student to possess or possess and use the epinephrine auto-injector while acknowledging that the student is responsible for, and capable of, possessing or possessing and self-administering the epinephrine auto-injector.

The health care provider approval must state that the provider finds that it is medically appropriate for the student to possess or possess and self-administer an epinephrine auto-injector and the student should be in possession of the epinephrine auto-injector at all times. (The text of the Utah Department of Health form used for parental request and health care provider approval is provided at the end of this policy.)

[Utah Code § 26-41-104\(4\) \(2019\)](#)

Medication Sharing Prohibited—

No student is permitted to sell, share, or otherwise give to others any medication, prescription or non-prescription. Violations of this policy are subject to disciplinary action under the school's drug policies.

1. “Asthma action plan” means a written plan developed with a school, nurse, a student’s parent or guardian, and the student’s health care provider to help control the student’s asthma which is signed by the student’s parent or guardian and health care provider.
2. “Asthma emergency” means an episode of respiratory distress that may include symptoms such as wheezing, shortness of breath, coughing, chest tightness, or breathing difficulty.
3. “Qualified adult” means a person who is 18 years of age or older and who has successfully completed the Utah Department of Health training program described in this policy.
4. “Stock albuterol” means a prescription inhaled medication which is used to treat asthma and that may be delivered through a device, including an inhaler or a nebulizer with a mouthpiece or mask.

[Utah Code § 26-41-102\(2\), \(3\), \(6\), \(9\) \(2019\)](#)

Administration of Stock Albuterol for Asthma Emergency—

This policy does not create a duty or standard of care for a person to be trained in the use and storage of stock albuterol, nor does it create a duty on the part of the District or a school to store stock albuterol at a school, nor does it relieve a student’s parent or guardian from providing a student’s medication, nor does it create an expectation that a school will have stock albuterol available. A decision to complete the training program described below and to make stock albuterol available for asthma emergencies is voluntary. A school, school board, or school official may encourage a teacher or other school employee to volunteer for such training. A school, the school board, or a school official may not prohibit or dissuade a school employee from (a) being trained in use and storage of stock albuterol, (b) possessing or storing stock albuterol on school premises (if the employee is a qualified adult and the possession and storage is in accord with training), or (c) administering stock albuterol (if the employee is a qualified adult and the administration is in accord with training).

[Utah Code § 26-41-103 \(2019\)](#)

Each primary and secondary school shall make initial and annual refresher training regarding the storage and emergency use of stock albuterol available to any interested teacher or other school employee, who is at least eighteen (18) years of age, who volunteers for such training. The training will be provided by the Utah Department of Health.

The training will include instruction on:

1. techniques for recognizing symptoms of an asthma emergency;
2. standards and procedures for the storage and emergency use of a stock albuterol;
3. emergency follow-up procedures, and contacting, if possible, the student's parent; and
4. written materials covering the information provided during training.

The volunteers shall retain for reference the written materials covering the information provided during training.

[Utah Code § 26-41-104.1 \(2019\)](#)

A teacher or other school employee who is a "qualified adult":

1. May obtain (along with the school nurse) from the school district physician, the medical director of the local health department, the local emergency medical services director, a physician, pharmacist, or any other person or entity authorized to prescribe or dispense prescribed medicines or drugs, a prescription for stock albuterol;
2. May, when a school nurse is not immediately available, immediately administer stock albuterol to a person who (a) has a diagnosis of asthma by a health care provider, (b) has a current asthma action plan on file with the school, and (c) is showing symptoms of an asthma emergency as described in the student's asthma action plan;
3. Shall initiate appropriate medical follow-up in accordance with the training materials after administering stock albuterol.

Each primary or secondary school may make stock albuterol available to any teacher or other school employee who is employed at the school and has become a "qualified adult."

Student Self-Administration of Asthma Medication—

Under Policy FDAC, elementary and middle school students are prohibited from carrying or self-administering medication on school premises except in certain limited circumstances. However, elementary and middle school students may possess or possess and self-administer asthma medication provided that the school has been provided a parent authorization statement and a health care provider statement as provided below.

The written parent or guardian statement must state that the parent or guardian authorizes the student to possess or possess and use the asthma medication and must acknowledge that the student is responsible for, and capable of, possessing or possessing and self-administering the asthma medication.

The written health care provider statement must state (1) the name of the asthma medication prescribed or authorized for the student's use and (2) that it is medically appropriate for the student to self-administer asthma medication and to be in possession of asthma medication at all times the epinephrine auto-injector at all times.

(When available, the Utah Department of Health forms for the parent and health care provider statements shall be used.)

Health Requirements and Services: Medical Recommendations by School Personnel to Parents

Medical Recommendations by School Personnel Testing

School employees may provide information and observations to a student's parents about the student's:

1. progress;
2. health and wellness;
3. social interactions; and/or
4. behavior.

School employees may complete a behavioral health evaluation form if requested by a student's parent to provide information to a licensed physician or physician assistant.

In addition, a school employee may communicate information and observations between school personnel regarding a student. School employees may also refer a student to other appropriate school personnel and agents, including referrals and communication with a school counselor or other mental health professionals working within the school.

If a school employee believes a student is at risk of (a) attempting suicide, (b) physical self-harm, or (c) harming others, then the employee may question the student about the suicidal thoughts, self-harming behavior, or thoughts of harming others in order to refer the student to appropriate prevention services and to inform the student's parent. However, the questioning shall be limited to that which is necessary for referral to prevention services or to make the parent aware of the perceived risk. (See Policy FEA)

[Utah Code § 53E-9-203\(7\) \(2020\)](#)

If a school employee believes that a situation exists which presents a serious threat to the well-being of a student, that employee shall notify the student's parent without delay. The school employee may consult or use appropriate health care professionals in the event of an emergency while the student is at school, consistent with the student emergency information provided at student enrollment.

The school shall notify the parent of a student who:

1. threatens to commit suicide; or
2. is involved in an incident of bullying, hazing, abusive conduct, cyber-bullying, or retaliation (whether as a victim or as a perpetrator).

The school shall produce and maintain a record that verifies that the parent was notified of the threats or incidents listed above. The record is a private record for purposes of the Government Records Access and Management Act.

The process for notifying a parent shall consist of:

1. The school principal or designee shall attempt to make personal contact with a parent when the school has notice of a threat or incident listed above. It is recommended that the parent be informed of the threat or incident with two school people present. If personal contact is not possible, the parent may be contacted by phone. A second school person should witness the phone call.
2. Contact with the parent must be documented in a "Verification of Parent Contact Regarding Threat or Incident."

(A copy of the "Verification of Parent Contact Regarding Threat or Incident" is attached below.) Subject to laws regarding confidentiality of student educational records, at the request of a parent, a school may provide information and make recommendations related to an incident or threat.

[Utah Code § 53G-9-203 \(2019\)](#)

[Utah Code § 53G-9-604 \(2019\)](#)

The record of parental notification shall be maintained in accordance with Policy FE, Policy FEA, [Title 53E, Chapter 9, Part 3, Student Data Protection](#), [Title 53E, Chapter 9, Part 2, Student Privacy](#), and the Federal Family Educational Rights and Privacy Act ("FERPA"). A copy of the record of parental notification shall upon request be provided to the student to whom the record relates. After the student has graduated, the District shall expunge the record of parental notification upon request of the student.

Schools Cannot Require Students to Take a Specific Medication or Treatment

School employees shall not require that a student take or continue to take a specific medication, whether over-the-counter or prescription medicine, as a condition for attending school.

This policy does not include immunizations against communicable diseases as required by the Department of Health as a prerequisite to school attendance. See Policy FDAB.

School employees may not:

1. recommend to a parent that a student take or continue to take a psychotropic medication;
2. require that a student take or continue to take a psychotropic medication as a condition for attending school;
3. recommend that a parent seek or use a type of psychiatric or psychological treatment for a student;
4. conduct a psychiatric or behavioral health evaluation or mental health screening, test, evaluation, or assessment of a student, except when

necessitated to meet the requirements of the Individuals with Disabilities Education Act, [20 U.S.C. § 1400 et seq.](#), and its subsequent amendments; or

5. make a child abuse or neglect report to authorities, including the Division of Student and Family Services, solely or primarily on the basis that a parent refuses to consent to:
 - a. a psychiatric, psychological, or behavioral treatment for a student, including the administration of a psychotropic medication to a student; or
 - b. a psychiatric or behavioral health evaluation of a student.
 - i. However, school employees may make a report that would otherwise be prohibited under Subsection (5) if failure to take the action described under Subsection (5) would present a serious, imminent risk to the student's safety or the safety of others.

1. recommend, but not require, a psychiatric or behavioral health evaluation of a student;
2. recommend, but not require, psychiatric, psychological, or behavioral treatment for a student;
3. provide to a parent, upon the specific request of the parent, a list of three or more health care professionals or providers, including licensed physicians, psychologists, or other health specialists; and
4. conduct a psychiatric or behavioral health evaluation or mental health screening, test, evaluation, or assessment of a student; however, prior written consent of the student's parent and a two-week minimum notification period are required prior to conducting the behavioral health evaluation or mental health screening, test, evaluation, or assessment. A parent may waive the two week minimum notification period. However, this written consent and notice is not required before questioning a student believed to be at risk of suicide, physically self-harming behavior, or harming others to the extent needed for referral to appropriate prevention services and to notify the parent of the perceived risk. Students Infected with AIDS, HIV, or ARC

Students Infected with HIV, AIDS or ARC—

In the school setting, no person shall be discriminated against, or denied activities or associations, based solely upon a diagnosis of HIV infection.

Most students with AIDS can attend school in the regular classroom without restrictions. If a parent or school official believes that a child with AIDS needs related services or placement outside the regular classroom, Section 504 requires an evaluation and placement process to determine the appropriate educational setting for a child with AIDS. However, a full educational evaluation is not required when neither the school officials nor parents believe that a child is in need of special education or related services.

A student with AIDS has a right to confidentiality under FERPA and Section 504. However, such confidentiality would not affect state and local public health rules regarding the duty of school to report specified diseases to public health departments. However, when reporting any cases of AIDS to public health authorities, schools should convey such information in the same way that information about other diseases is treated.

The Occupational Safety and Health Administration (OSHA) has issued regulations whose purpose is to reduce or eliminate the possibility of an employee or students contracting any of a series of diseases that are spread through blood contact contained in 29 CFR Part 1910. All school employees should be following OSHA blood-borne pathogen standards when dealing with body fluids.

Concussion and Head Injury

Introduction—

Medical management of sports-related concussion continues to evolve. Recently, there has been a significant amount of new research regarding sports-related concussions in high school athletes. The District, in compliance with [Utah State Board of Education Rule R277-614](#) and based on the model policy issued by the State Board of Education and State Risk Management, has established this protocol to provide education about concussion for coaches, school personnel, parents, and students. This protocol outlines procedures for staff to follow in managing concussions, and outlines school policy as it pertains to return to play issues following a concussion.

The District seeks to provide a safe return to activity for all students following any injury, but particularly after a concussion. In order to effectively and consistently manage these injuries, procedures have been developed to aid in insuring that concussed students are identified, treated and referred appropriately, receive appropriate follow-up medical care during the school day and are fully recovered prior to returning to activity.

County or State Health Department employees and Physical Education specialists shall review this protocol annually. Any changes or modifications will be reviewed and given to athletic department staff, including coaches and other appropriate school personnel in writing.

All appropriate staff shall attend a yearly in-service meeting in which procedures for managing sporting event-related concussions are discussed.

Recognition of Concussion—

A concussion is type of traumatic brain injury that interferes with normal function of the brain. It occurs when the brain is rocked back and forth or twisted inside the skull as a result of a blow to the head or body. What may appear to be only a mild jolt or blow to the head or body can result in a concussion. A concussion can occur even if a player or student in an activity is not knocked out or loses consciousness. (NFHS “Suggested Guidelines for Management of Concussion in Sports.”)

Common signs and symptoms of sports-related concussion

Signs (observed by others):

- Student appears dazed or stunned
- Confusion
- Forgets plays
- Unsure about game, score, opponent

- Moves clumsily (altered coordination)
- Balance problems
- Personality change
- Responds slowly to questions
- Forgets events prior to hit
- Forgets events after the hit
- Loss of consciousness (any duration)

Symptoms (reported by student):

- Headache
- Fatigue
- Nausea or vomiting
- Double vision, blurry vision
- Sensitive to light or noise
- Feels sluggish
- Feels “foggy”
- Problems concentrating
- Problems remembering

These signs and symptoms following a witnessed or suspected blow to the head or body are indicative of probable concussion. Any student who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest, game, or practice and shall not return to play until cleared by an appropriate health care professional.

Management and Referral Guidelines for All Staff —

The following situations indicate a medical emergency and require activation of the Emergency Medical System:

1. Any student with a witnessed loss of consciousness (LOC) of any duration should be spine boarded and transported immediately to nearest emergency department via emergency vehicle.
2. Any student who has symptoms of a concussion, and who is not stable (i.e., condition is worsening), is to be transported immediately to the nearest emergency department via emergency vehicle.

3. A student who exhibits any of the following symptoms should be transported immediately to the nearest emergency department, via emergency vehicle:
 - a. Deterioration of neurological function
 - b. Decreasing level of consciousness
 - c. Decrease or irregularity in respirations
 - d. Any signs or symptoms of associated injuries, spine or skull fracture, or bleeding
 - e. Mental status changes: lethargy, difficulty maintaining arousal, confusion or agitation
 - f. Seizure activity

A student who is symptomatic but stable, may be transported by his or her parents. The parents should be advised to contact the student's primary care provider, or seek care at the nearest emergency department, on the day of the injury.

Guidelines and Procedures for Coaches and Teachers Supervising Physical Education Classes, Athletic Contests and Games—

RECOGNIZE • REMOVE • REFER

1. Recognize concussion
 - a. All educators and agents of the District should become familiar with the signs and symptoms of concussion that are described above.
 - b. Educators and agents of District should have appropriate training about recognizing and responding to traumatic head injuries, consistent with the employees' responsibilities for supervising students and athletes.
2. Remove from activity
 - a. Any student who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the sporting event and shall not return to play until cleared by an appropriate health care professional.
 - b. When in doubt, sit 'em out
3. Refer the athlete/student for medical evaluation
 - a. The District employee or agent is responsible for notifying the student's parent(s) of the injury. Contact the parent(s) to

inform a parent of the injury. Depending on the injury, either an emergency vehicle will transport or parent(s) will pick the student up at the event for transport.

- b. A medical evaluation is required before returning to play.
- c. In the event that a student's parent(s) cannot be reached, and the student is able to be sent home (rather than directly to MD):
 - i. The District's employee or agent should insure that the student will be with a responsible individual, who is capable of monitoring the student and understanding the home care instructions, before allowing the student to go home.
 - ii. The District's employee or agent should continue efforts to reach a parent.
- d. If there is any question about the status of the student, or if the student cannot be monitored appropriately, the student should be referred to an Emergency Department for evaluation. An District's employee or agent should accompany the student and remain with the student until a parent arrives.
- e. The District's employee or agent shall provide for supervision of other students for whom he or she is responsible when accompanying the injured student.
- f. Students with suspected head injuries should not be permitted to drive home.

District employee or agents should seek assistance from the host site certified athletic trainer (ATC) or team physician, if available, at an away contest if the injury occurs at a formal athletic contest.

Return to Play (RTP) Procedures After Concussion —

Return to activity and play is a medical decision. The student must meet all of the following criteria in order to progress to activity:

1. Asymptomatic at rest and with exertion (including mental exertion in school) AND
2. Have written clearance from the student's primary care provider or concussion specialist (student must be cleared for progression to activity by a physician other than an Emergency Room physician, if diagnosed with a concussion).

Once the above criteria are met, the student will be progressed back to full activity following the step-wise process detailed below. (This progression must be closely supervised by a District employee or agent. If your school does not have an

athletic trainer, then the coach must have a very specific plan to follow as directed by the athlete's physician).

Progression is individualized, and will be determined on a case-by-case basis. Factors that may affect the rate of progression include: previous history of concussion, duration and type of symptoms, age of the student, and sport/activity in which the student participates. An athlete/student with a prior history of concussion, one who has had an extended duration of symptoms, or one who is participating in a collision or contact sport may be progressed more slowly.

Stepwise progression as described below:

1. Step 1. Complete cognitive rest. This may include staying home from school or limiting school hours (and studying) for several days. Activities requiring concentration and attention may worsen symptoms and delay recovery.
2. Step 2. Return to school full-time.
3. Step 3. Light exercise. This step cannot begin until the student is no longer having concussion symptoms and is cleared by a physician for further activity. At this point the athlete may begin walking or riding an exercise bike. No weight lifting.
4. Step 4. Running in the gym or on the field. No helmet or other equipment.
5. Step 5. Non-contact training drills in full equipment. Weight training can begin.
6. Step 6. Full contact practice or training.
7. Step 7. Play in game. Must be cleared by physician before returning to play.

The student should spend 1 to 2 days at each step before advancing to the next. If post concussion symptoms occur at any step, student must stop the activity and the treating physician must be contacted. Depending upon the specific type and severity of the symptoms, the student may be told to rest for 24 hours and then resume activity at a level one step below where he or she was at when the symptoms occurred. This resumption of activity could be considerably simplified for a student injured during recess compared to a student injured at a game or formal practice.

Annual Notice to Students and Parents —

Notice of this concussion and head injury policy shall be provided at least annually to parents of students who participate in sporting events as defined in [Utah Code § 26-53-102\(5\)](#), and should require parents' signatures acknowledging such notice.

Comments:

[While current Utah law designates that a student may be returned to play by “an appropriate health care provider,” it is the prerogative of District to designate the credentials of the providers from whom they will accept clearance. This is a very important decision and should be made after careful consideration by the athletic director, principal, superintendent, teacher (elementary), and parent(s). The school district’s liability carrier may also be consulted.]

For students injured during formal competitions, serious consideration must also be given as to what the school will do in the case where an athlete is clearly still having concussion symptoms, yet given return to play clearance by a health care provider. The District should designate a specific individual (preferably an expert in the field of concussion management--typically a physician or neuropsychologist) who shall evaluate the athlete and make the final decision regarding return to play.]

Youth Suicide Prevention

Establishment of Youth Suicide Prevention Program—

In collaboration with the public education suicide prevention coordinator appointed by the State Board of Education, the District shall implement a youth suicide prevention program for students in secondary grades. (Grades 7 through 12 and grade 6 if that is part of a secondary model.) Accordingly, the Board directs the Superintendent or the Superintendent's designee to develop a Wellness Policy that, at a minimum, shall:

1. Include goals for nutrition education, physical activity, and other school-based activities that are designed to promote student wellness in a manner that the Board determines is appropriate.

5. Establish a plan for measuring implementation of the policy, including the designation of one or more persons in the district or at each school charged with operational responsibility for ensuring that this policy is implemented at each school.

[42 USC § 1758b](#)

The Superintendent or the Superintendent's designee shall involve parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, and

If a hearing is requested, it shall be held within ten school days after the request is received. Parents shall be notified in advance of the date, time, and place of the hearing.

An administrator who is not responsible for the contested records and who does not have a direct interest in the outcome of the hearing shall conduct the hearing. The parents shall be given a full and fair opportunity to present evidence, and at their own expense, may be assisted or represented at the hearing. The parents shall be notified of the decision in writing within ten school days of the hearing. If the decision is to deny the request, the parents shall be informed that they have 30 school days within which to exercise their right to place in the record a statement commenting on the contested information and/or stating any reason for disagreeing with the District's decision.

Notice of Parent and Student Rights—

Family Education Rights and Privacy Act, 20 U.S.C. § 1232g

The _____ School District maintains general education records required by law. A student's school records are private and are protected from unauthorized inspection or use. A cumulative record is maintained for each student

from the time the student enters the District until the student withdraws or graduates. This record moves with the student from school to school.

By law, both parents, whether married, separated, or divorced, have access to the records of a student who is a minor or a dependent for tax purposes, as do students who are eighteen (18) years of age or older. A parent whose rights have been legally terminated will be denied access to the records if the school is given a copy of the court order terminating these rights.

The Principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent is the custodian of all records for students who have withdrawn or graduated. Records may be reviewed during regular school hours. The record custodian or designee will respond to reasonable requests for explanation and interpretation of the records. The address of the Superintendent's office

is: _____

The addresses of the Principals' offices
are: _____

Parents of a minor or a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Board Members of the District, or of cooperatives of which the District is a member, or of facilities with which the District contracts for placement of students with disabilities, as well as their attorneys and consultants, who are (1) working with the student; (2) considering disciplinary or academic actions, the student's case, or a student's individual education plan; (3) compiling statistical data; or (4) investigating or evaluating programs.

Certain other officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parent's permission. Parental consent is required to release the records to anyone else. When the student reaches eighteen (18) years of age, he or she has the right to consent to release of records transfers to the student.

The parent's or student's right of access to, and copies of, student records does not extend to all records. Materials such as, but not limited to, teachers' personal notes on a student that are shared only with a substitute teacher and records on former students do not have to be made available to the parents or students.

Students over eighteen (18) and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses

the request to amend the records, the requestor has the right to a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, parents and students are not allowed to contest a student's grade in a course through this process. Parents or students have the right to file a complaint with the U.S. Department of Education if they feel that the District is not in compliance with the law regarding student records.

Copies of student records are available at a cost of \$_____ per page, payable in advance. Parents may be denied copies of student's records (1) after the student reaches age eighteen (18) and is no longer a dependent for tax purposes; (2) when the student is attending an institution of post-secondary education; or (3) if the parent fails to follow proper procedures and pay the copying charge. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about District students is considered directory information. This information will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about his child. In connection with receiving federal funding, the District is also required by law to provide requesting military recruiters with secondary student names, addresses and telephone numbers unless the parent objects to the release of that information. (The same objection may be used for both general directory information release and release to military recruiters.) This objection must be made in writing to the Principal within ten school days after the issuance of this notice. Directory information includes: a student's name, address, telephone listing, email address, photograph, date and place of birth, major field of study, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, enrollment status, dates of attendance, degrees, honors, and awards received, and most recent previous school attended.

The District's complete policy regarding student records is available from the Principal's or Superintendent's office.

However, the questioning shall be limited to that which is necessary for referral to prevention services or to make the parent aware of the perceived risk.

[Utah Code § 53E-9-203\(7\) \(2020\)](#)

Private Information—

- 1) A court has issued an order that limits the non-custodial parent's access to the child's education records; and

Unless the data requires permanent retention, the District's retention schedules shall require destruction or expungement of student data after the administrative need for the data has passed.

A parent or adult student may request that the District amend, expunge, or destroy any record not subject to an approved retention schedule and believed to be inaccurate, misleading, or in violation of the privacy rights of the student. The District shall process such a request following the same procedures outlined to amend a student education record under FERPA, as set out in Policy FE "Right to Amend Records."

Student Activities

Extracurricular Activities—

There is no constitutional right to participate in extracurricular activities and student government, and this policy does not create such a right.

Students who participate in student government and extracurricular activities become role models for others in the school and community. These individuals often play major roles in establishing standards of acceptable behavior in the school and community and establishing and maintaining the reputation of the school and the level of community confidence and support afforded the school. It is of the utmost importance that those involved in student government, whether as officers or advisors, and those involved in competitive athletics and related activities, whether students or staff, comply with all applicable laws and standards of behavior and conduct themselves at all times in a manner befitting their positions and responsibilities.

[Utah Code § 53G-8-209 \(2020\)](#)

Participation Eligibility—

A student in grades 7-12 may participate in extracurricular activities on or off campus at the beginning of the school year.

In order to be eligible to participate in an extracurricular activity event for a grade report period following the initial grade report period of a school year, a student shall not have a recorded grade average lower than _____ on a scale of 0-100 in _____ course(s) for the preceding grade report period or have more than _____ failed or incomplete courses for the preceding grade report period.

1. Use of foul, abusive, or profane language while engaged in school-related activities;
2. Illicit use, possession, or distribution of a controlled substance, drug paraphernalia, a tobacco product, an electronic cigarette product, or an alcoholic beverage; or
3. Hazing, demeaning, or assaultive behavior, whether consensual or not, including behavior involving physical violence, restraint, improper touching, or inappropriate exposure of body parts not normally exposed in public settings,

forced ingestion of any substance, or any act which would constitute a crime against a person or public order under state law.

[Utah Code § 53G-8-209 \(2020\)](#)

Suspension from Extracurricular Activities—

A student whose recorded report period grade average in any course is lower than _____ at the end of a grade report period shall be suspended from participation in any extracurricular activity event during succeeding grade report periods until the end of a grade report period during which the student achieves a course grade average for that grade report period of at least _____ in each course. This suspension shall become effective seven days after the last day of the grade report period during which the grade lower than _____ was earned.

Students with Disabilities—

Suspension of a student with disabilities whose disability significantly interferes with the student's ability to meet regular academic standards shall be based on the student's failure to meet the requirements of the student's Individual Education Plan, as determined by the Special Education Committee.

Out-of-School Practice—

A student who has been suspended from extracurricular activity events shall also be suspended from out-of-school practice in extracurricular activities until suspension from participation has been lifted.

Limit on Suspension—

A student may not be suspended under this provision during the period in which school is recessed for the summer or during the initial grade reporting period of a regular school term on the basis of grades received in the final grade report period of the preceding regular school term.

Reinstatement to Extracurricular Activities—

At the end of any grade report period in which a student attains a course grade average for that period of _____ or more in each course taken, any suspension from participation in extracurricular activities and/or suspension from out-of-school practice for extracurricular activities shall be removed.

Practice and Performance—

Schools shall comply with the rules and regulations of the Utah High School Activities Association in scheduling and conducting practices and performances of competitive play.

[Utah High Schools Activities Association Handbook 2019-20, Bylaws Art. 2](#)

Classes—

Schools shall not schedule full-year physical education or athletic fitness and movement classes for specific school teams. In schools where in-season fitness and

movement classes are scheduled, the classes shall not be used to violate the starting and stopping dates for practice and competitive play as prescribed by the UHSAA. High school competitive sports programs shall be supplementary to the high school curriculum.

[Utah Admin. Rules R277-605-2 \(December 8, 2016\)](#)

Athletic classes conducted for specific school teams shall not be scheduled throughout the regular school day. First and last period athletic assignments may not preclude a coach from teaching a full load of classes during the school day.

Off-Season Clinics—

Required or voluntary participation in summer or other off-season sports clinics, workshops, and leagues may not be used as criteria for team membership or for the opportunity to try out for team membership. School personnel, activity leaders, coaches, advisory and other personnel shall not require students to attend out-of-school camps, clinics or workshops for which the personnel, activity leaders, coaches or advisory personnel receive remuneration from a source other than the school or district in which they are employed.

A summer workshop or clinic conducted by a school for any sport or activity shall be scheduled and held consistent with UHSAA bylaws and policies.

[Utah High Schools Activities Association Handbook 2019-20, Bylaws Art. 2, Sec. 3](#)

Supervision—

Coaches and other designated school leaders shall diligently supervise players at all times while on school-sponsored activities, including during the activity itself, in locker rooms, seating areas, eating establishments, lodging facilities and during travel. Coaches and school leaders accompanying school players and teams shall at no time leave them unsupervised. Coaches, assistants, and advisers shall not permit hazing, demeaning, or assaultive behavior (whether consensual or not), including behavior involving physical violence, restraint, improper touching, inappropriate exposure of body parts not normally exposed in public settings, forced ingestion of any substance, or any act which would constitute a crime against a person or public order under Utah law.

[Utah Admin. Rules R277-605-3\(1\), \(3\) \(December 8, 2016\)](#)

Example—

A coach or other designated school leader shall not participate in the use of alcoholic beverages, tobacco products, electronic cigarette products, controlled substances, or promiscuous sexual relationships while on school-sponsored activities.

[Utah Code § 53G-8-209\(2\) \(2020\)](#)

Definitions—

Definitions of curricular, co-curricular, and extracurricular activities shall be as follows:

1. Curricular activities occur within the regular school day and constitute the delivery of instruction to students in the District.
2. Co-curricular activities are an extension of classroom instruction in which participation is by the entire class or a significant portion thereof. They relate directly to, and enhance student learning of, essential elements through participation, demonstration, illustration, and observation. Co-curricular activities are included in the teacher's instructional plan and are conducted by or supervised by a classroom teacher or other educational professional such as a librarian, school nurse, counselor, or administrator. Students suspended from extracurricular activities because of a grade(s) below _____ or more than _____ failed courses shall not be prevented from participating in after-school co-curricular activities.
3. Extracurricular activities are school-sponsored activities that are not directly related to instruction of the essential elements, but that may have an indirect relation to some areas of the curriculum. They offer worthwhile and significant contributions to a student's personal, physical, and social development. Participation in extracurricular activities is a privilege and not a right, and students must meet specific requirements in order to participate. Activities may include, but are not limited to, performances, contests, demonstrations, displays, and club activities.

Student Activities Publications and Prior Review

School-Sponsored Expressive Activities

The District's professional employees shall exercise editorial control over style and content of student speech in school-sponsored expressive activities. Inclusion of student material in school-sponsored activities shall not be the basis of a grade.

The District may refuse to disseminate or sponsor student speech that:

1. Might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared values of a civilized social order.
2. Is inappropriate for the level of maturity of the readers.
3. Does not meet the standards of the professional employees who supervise the production of the publication.
4. Associates the school with any position other than neutrality on matters of political controversy.

Hazelwood School District v. Kuhlmeier, 484 U.S. 260, 272 (1988)

School-Sponsored Publications

Students who have a complaint regarding a decision about the content or style of school's sponsored publication shall present that complaint in accordance with Board policy.

Prior Review of Non-School Materials

"Written Material" includes any book, magazine, pamphlet, newspaper, year book, picture, photograph, drawing, or any other written or printed matter or visual representation however produced, but does not include private, written student communications from one student to another.

All written material over which the District does not exercise control that is intended for distribution to students shall be submitted for prior review according to the following procedures:

Material shall be submitted to the building Principal for review.

1. The Principal or the Principal's designee shall approve or disapprove submitted material within three (3) school days of the time the material is received. If the submitted material is disapproved, the principal or his designee shall provide a written explanation of the reason(s) the material is disapproved and allow the student(s) to resubmit the material after the student(s) have revised the written material. If the student(s) believe that the written material is urgent or emergent and requires approval sooner than

three (3) school days, the student shall provide a written explanation of the urgent or emergent circumstances along with the submitted material.

2. Disapproval may be appealed to the Superintendent who shall decide the appeal within five (5) school days of receipt of the appeal. Failure of the Superintendent to act within the five (5) school day period shall be interpreted as disapproval.
3. Disapproval of a request to distribute material may be appealed to the Board.

Bystrom v. Fridley High School, 822 F.2d 747 (8th Cir. 1987)

Non-School Publications

Content of the non-school-sponsored materials to be distributed must conform to the following standards:

1. Materials that are indecent, vulgar, obscene to minors or sexually inappropriate for the age and maturity of the audience, or that endorse actions endangering the health and safety of students shall not be distributed.
 - a) "Obscene to minors" is defined as:
 - i) The average person, applying contemporary community standards, would find that the written material, taken as a whole appeals to the prurient interest of minors of the age to whom distribution is requested;
 - ii) The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), excretory functions, and lewd exhibition of the genitals; and
 - iii) The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

Trachtman v. Anker, 563 F. 512 (2nd Cir. 1977), *cert denied* 98 S. Ct. 1491 (1977)

2. Material may not be forbidden if the portions or specific language objected to may also be found in material that is made available to students through school facilities, i.e., the school library or readings assigned by teachers.

Channing Club v. Board of Regents, 317 F. Supp. 688 (1970)

3. Libelous material may be prohibited from distribution. Libelous material includes defamatory falsehoods and unprivileged statements about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard for truth.

Gertz v. Robert Welch, Inc., 418 U.S. 323 (1974)

4. Publications that criticize Board members or school officials or advocate violation of school rules may be prohibited if it appears likely that the publication of this material will substantially interfere with or disrupt the operations of the school. "Bare allegations" of disruption or unsubstantiated speculation as to what "might" happen or "could result" are not sufficient to support a reasonable forecast of disruption of the normal operations of the school. Material that is merely offensive or unpopular, or that stimulates controversy, shall not be restricted or forbidden.

Shanley v. Northeast ISD, 462 F.2d 960 (5th Cir. 1972)

5. Advocacy directed toward inciting or producing imminent lawless or disruptive action and that is likely to incite or produce such action shall be restricted.

Healey v. James, 408 U.S. 169, 189 (1972)

Brandenburg v. Ohio, 395 U.S. 444, 447 (1969)

6. Hate literature that scurrilously attacks ethnic, religious, or racial groups, and similar irresponsible publications aimed at creating hostility and violence may be banned if it falls within the disruption standard described at item (4) above.

Distribution of Non-School Publications

Distribution may be limited in order to prevent material and substantial interference with normal school operations in circumstances where there is evidence that reasonably supports a forecast that disruption will likely result directly from the distribution. "Bare allegations" of disruption or unsubstantiated speculation as to what "might" happen or "could result" are not sufficient to support a reasonable forecast of disruption of the normal operations of the school. Moreover, material that is merely offensive or unpopular, or that stimulates controversy, shall not be restricted or forbidden.

Student Activities

Organizations and Clubs: Secret Societies

Secret Societies

The Board prohibits any fraternity, sorority, or secret society, or any organization composed wholly or in part of pupils of public schools below the rank of college or junior college which seeks to perpetuate itself by taking in additional members from the pupils enrolled in such school on the basis of the decision of its membership, rather than upon the free choice of any pupil in the school, who is qualified under the rules of the school, to fill the special aims of the organization.

Student Travel Policy

Administrator Approval of Travel

The Student Travel and Tours policy shall be administered according to the following guidelines:

School Principal Approval

Principals shall be responsible for coordinating development of student activity and travel plans according to the following criteria:

Distance of Travel

Whenever possible, student activities shall be scheduled in close proximity to the local school and the need for long distance or overnight travel avoided.

Overnight Travel—Elementary and Middle Schools

Overnight travel shall not be included as part of the elementary and middle school educational program. Learning experiences away from the local school shall be provided by field trips during the school day.

Overnight Travel—High School and Activities Association

Overnight travel may be part of the educational program for high school students when the travel is for an activity sponsored by the Utah High School Activities Association, a state or nationally affiliated educational organization, or an approved school program.

Overnight Travel—High School Sponsor

Overnight travel may be part of the educational program for high school students when the anticipated educational benefits warrant the required expenditures, comparable experiences are not available at the local school, and the travel costs will not burden families unduly.

Abiding by High School Activities Association Rules

Schools shall abide by the regulations governing intrastate competitions outlined in the Utah High School Activities Association bylaws.

Limit to Travel Time

Each school shall be limited to a total of overnight travel experiences during the academic year where such travel necessitates missing days of school. No such experience shall cause a student to miss more than two (2) days of school. (Special circumstances requiring additional days from school for valid educational purposes may be appealed to the Board of Education.)

Student Organization Travel

Student organizations shall be limited to one overnight travel experience per year. An exception may be granted for up to eight (8) elected student leaders

in each applied technology organization if in the principal's judgment it is deemed essential to the successful completion of their program. (Note: Exemptions granted for leaders in applied technology programs need not be counted in the fifteen (15) total overnight travel experiences.) An exception may also be granted to an individual student or group of students if winning at the local, state or national level provides an invitation to compete at the next level of competition sponsored by the same organization or entity. Such competition at the next level shall not count against the fifteen (15) activities allowed per school, neither the one activity per organization nor the two (2) allowable days missed from school.

Supervision

Supervision for student travel must be provided at a ratio of one (1) responsible adult per fifteen (15) students. Supervisors shall be primarily advisors and parents.

Payment of Travel Expenses

All expenses associated with the trip must be paid by the participants themselves, covered by fund raising, or financed by vocational or other state or federal monies provided expressly for the activity. School student body funds may not be used. All funds must be received prior to travel or expenditure of funds for such travel.

Transportation Methods

Transportation shall be by commercial carrier, or by School District Transportation services, for all overnight travel. No private aircraft may be used for student travel. Ground transportation guidelines are as follows:

1. Only those commercial carriers licensed to operate in Utah shall be used.
2. School District buses may be used in the following circumstances:
 - a. the trip is to take place when school is not in session.
 - b. the travel is to be within the state.
 - c. the request for service is submitted at least one month in advance.
 - d. the request is approved by the Director of Transportation.
3. No private vehicles may be used in overnight travel or school sponsored excursions which exceed 150 miles one way. Parents or legal guardians wishing to transport their own children, with the approval of the administration and/or the team coach/adviser, will not be under the jurisdiction of the School District.
 - a. Commercially rented buses or other modes of ground transportation may be used upon arrival at destination. If the destination is over 150 miles one way, a commercial carrier, with a professional operator, must be utilized. Travel waivers of liability must be properly filled out and on file for all travel.

- b. Local student travel of less than 150 miles one way shall adhere to the following provisions:
 - i. District bus transportation is the preferred method of transporting students. A parent/guardian must sign the school registration card which grants permission to his/her student to ride district buses.
 - ii. Use of private vehicles for school-related travel is strongly discouraged. If a private vehicle is used for student travel, the driver must be twenty-one (21) years of age or older and be free of convictions for alcohol or other substance abuse violations and must complete School District's Vehicle Owner/Driver Waiver of Liability form (Disclaimer). The form must be filed with the school's administration in advance.
 - iii. Upon the request of the parent/guardian, a student under age twenty-one (21) and at least sixteen (16) years of age or older, who chooses to use a private vehicle for travel to/from school activities must complete the following: the Passenger Waiver of Liability form, disclaimers contained within the School District Activity Release Form, obtain signatures by both the driver and each passenger(s) of the vehicle, and have the form signed by parent/guardian. This policy does not apply to travel by students to/from school from their homes.
 - iv. The driver/owner of the private vehicle must ensure the vehicle is covered by liability insurance and has passed the state-required safety inspection. The driver of the private vehicle and all passengers must complete the Waiver of Liability Form which must be on file in advance.

Requests for Travel

Requests for overnight travel shall be submitted to the superintendent or designee at least forty-five (45) days prior to the proposed trip. The request shall include:

1. The name of the group requesting permission to travel.
2. The objectives of the trip.
3. The proposed destination, mode of travel, and number of students involved.
4. The number of school days missed. (May not exceed two (2).)
5. The estimated cost of the trip and mode of payment, including a summary of proposed fund raising activities and Fund Raising Authorization Forms.
6. A list of advisors and adult supervisors.

7. The principal's signature of approval. (Cannot be a designee.)

Parental Notice and Approval

Once a travel request is approved by the appropriate administrator or Board of Education, a meeting shall be held at the school for parents of potential student participants. The principal or student advisor shall review the proposed travel itinerary, anticipated per student costs, and fund raising options. Parents shall be given the opportunity to approve or disapprove the proposed travel plan.

1. If seventy-five (75) percent of the parents fail to approve the plan and do not grant written permission for their child to participate, plans for the trip shall be abandoned.
2. If seventy-five (75) percent of the parents do approve of the plan and give written permission for their child to participate, the organization may proceed with further planning and fund raising.

No Penalties

Students who, for any reason, do not participate in activity travel shall not be penalized. Nonparticipation shall not impact grades or the student's status in the class or organization.

Privately Sponsored Tours

Privately sponsored and commercial student tours:

1. An employee must purchase advertising space to advertise an activity in a publication that accepts advertising, whether or not sponsored by schools in the school district or by the school district. Such publications include school newspapers, but not school newsletters. Unless the activity is sponsored by the school district, the advertisement shall state clearly that the activity is not sponsored by the school or school district.
2. Employees affiliated with private tour agencies are prohibited from using students as a captive audience for soliciting tour participation.
3. School facilities, supplies, and equipment may not be used for the purpose of advertising privately sponsored tour participants.
4. Tour agencies may rent building space in accordance with Policy.

Post-Graduate Travel

District schools shall not sponsor activity travel for post-graduate students such as graduation trips, music tours, etc.

1. applied to a fully enrolled District school student;
2. of the District school where the qualifying student participates in an extracurricular activity; and
3. for the extracurricular activity in which the qualifying student participates.

District schools may not impose additional requirements on qualifying students to participate in an extracurricular activity that are not imposed on fully enrolled students at the District school.

[Utah Code § 53G-6-703 \(2019\)](#)

Eligibility Requirements for Participation in Competitive Extracurricular Activities for Qualifying Home School Students—

Eligibility requirements based on school attendance are not applicable to a qualifying home school student.

A qualifying home school student meets academic eligibility requirements to participate in an extracurricular activity if:

1. the student is mastering the material in each course or subject being taught; and
2. the student is maintaining satisfactory progress towards achievement or promotion.

To establish a qualifying home school student's academic eligibility, a parent, teacher, or organization providing instruction to the student shall submit an academic eligibility affidavit to the principal indicating the student meets academic eligibility requirements. Upon submission of this affidavit, a qualifying home school student shall:

1. be considered to meet academic eligibility requirements; and
2. retain academic eligibility for all extracurricular activities during the activity season for which the affidavit is submitted, until:
 - a. an academic eligibility panel determines the home school student does not meet academic eligibility requirements; or
 - b. the person who submitted the academic eligibility affidavit provides written notice to the school principal that the student no longer meets academic eligibility requirements.

A home school student who loses academic eligibility pursuant to Subsection (2)(b) above may not participate in an extracurricular activity until the person who submitted the affidavit under Subsection (2)(b) provides written notice to the school principal that the home school student has reestablished academic eligibility. If a

A person who has probable cause to believe a home school student does not meet academic eligibility requirements may submit an affidavit to the principal:

1. asserting the home student does not meet academic eligibility requirements; and
2. providing information indicating that the home school student does not meet the academic eligibility requirements.

A principal shall review the affidavit, and if the principal determines it contains information which constitutes probable cause to believe a home school student may not meet academic eligibility requirements, the principal shall request an academic eligibility panel to verify the student's compliance with academic eligibility requirements.

The District Superintendent shall appoint an academic eligibility panel to verify a home school student's compliance with academic eligibility requirements when requested by a principal. A panel shall:

1. review the affidavit and may confer with the person who submitted the affidavit;
2. request the home school student to submit test scores or a portfolio of work documenting the student's academic achievement to the panel;

If the panel determines that the home school student meets academic eligibility requirements, the student will retain academic eligibility for all extracurricular activities during the activity season for which an affidavit was submitted. A panel's determination that a home school student does not comply with academic eligibility requirements is effective for an activity season and all extracurricular activities that have academic eligibility requirements.

Extracurricular Activities Fees—

Qualifying students who participate in an extracurricular activity at a District school shall pay the same fees as required of fully enrolled District school students to participate in an extracurricular activity.

student are available to a qualifying student who participates in an extracurricular activity at the District school.

[Utah Code § 53G-6-703 \(2019\)](#)

All fees, including school participation fees, student participation fees and activity fees shall be paid prior to student participation. Student Conduct Policy: Electronic Devices

[Note that before an acceptable use policy is adopted or revised, a school board must provide reasonable public notice and must hold at least one public meeting or hearing regarding the policy. ([Utah Admin. Rules R277-495-3\(6\) \(April 8, 2019\)](#).) Some electronic devices used by students may be owned by the District and provided to students for their use. This policy also addresses standards for student use of such District-owned devices.

[Utah Admin. Rules R277-495-4\(1\)\(b\), \(c\), \(f\) \(April 8, 2019\)](#)

District-owned electronic devices are the responsibility of the students to whom they are issued, both with respect to loss or damage of the device and with respect to misuse of the device. When the recipient student allows another to use a District-owned electronic device, the recipient student is jointly responsible for any misuse of the device.

[Utah Admin. Rules R277-495-4\(2\)\(d\) \(April 8, 2019\)](#)

Students have no expectation of privacy regarding the contents or use of District-owned electronic devices. The devices shall have filtering software or other restrictions in place to prevent students from accessing inappropriate matter. However, the failure of such filtering software or mechanisms does not prevent a student from being disciplined for accessing inappropriate matter. Teachers or administrators may directly or remotely view, control, search, or otherwise access District-owned electronic devices at any time.

[Utah Admin. Rules R277-495-4\(1\)\(c\) \(April 8, 2019\)](#)

District-owned electronic devices remain the property of the District. Use of a District-owned electronic device in violation of any District policy may result in the device being confiscated from the student, which may result in missed assignments, inability to complete required assessments, and possible loss of credit or academic grade consequences, in addition to any other appropriate disciplinary sanctions.

4. Devices may be retrieved by individuals designated by the school. Students may also be subject to school discipline.
5. A school shall, by written policy, establish a warning schedule for student violations which all school employees shall follow. Exceptions may be made for individual students or for specific time periods as warranted. Time periods shall be interpreted with flexibility.
6. Student electronic devices must be either turned off or held in a secure place by the teacher, as determined by individual teacher, during class quizzes, tests and standardized assessments unless specifically allowed by statute, regulation, student IEP, or assessment directions.

A copy of the most current policy shall always be available in the main office of the school and shall be posted online on the school website, if a school has a website.

Schools may require that parents return a copy of the policy with signature indicating that parents have had access to the policy.

Information to parents should include exceptions to the policy and potential consequences for students. Information to parents shall provide clear information of how best to contact students during school hours or activities, in lieu of immediate contact by electronic device.

Students and parents shall be notified that law enforcement may be contacted, at school's discretion, if circumstances warrant such contact.

Confiscated Student Electronic Devices—

Only licensed school personnel (unless other employees are specifically identified in policy) may confiscate student electronic devices. Licensed school employees are discouraged from searching or reviewing material or numbers stored on student electronic devices except with reasonable suspicion that would warrant a search. Licensed school employees may search an electronic device based on their reasonable suspicion that the student has violated this policy or another District policy. To the extent justified by the nature of the violation for which the reasonable suspicion exists, the search may include text messages, photo files, and calls (recent, missed, or dialed).

Schools will do their best to guard and protect confiscated student electronic devices, but are not responsible for loss, damage, theft.

Schools will make a good faith effort to notify parent(s) or designated individuals that a student's electronic device is in the school's possession and, time and resources permitting, will maintain possession of such devices until the end of the school year, at which time the school may dispose of the device. Prior to disposal of devices, schools shall attempt to clear all personal data.

Students are further prohibited from using electronic devices to transmit any such recordings. Students are prohibited from using electronic devices in any way which would cause insions of the reasonable privacy expectations of students or school staff or guest.

[Utah Admin. Rules R277-495-4\(4\)\(a\) \(April 8, 2019\)](#)

Students bring their electronic devices on school property or to school activities at their own risk. The school is not responsible for lost, stolen or damaged student electronic devices.

Students are strictly responsible for their own electronic devices. If devices are borrowed or taken and misused by non-owners, device owners are jointly responsible for the misuse of the device and policy violation(s) committed with the device.

Students and parents should be informed and understand that confiscated electronic devices may be subject to search by school officials.

A student's penalties for violation(s) of an electronic device policy provision may vary depending upon the intentional nature of the violation, other disciplinary actions the student may have received and specific circumstances of the violation.

Student Rights and Responsibilities

Bullying, Cyber-bullying, Hazing, and Abusive Conduct

Note--

[Utah Code § 53G-9-605](#) requires that this policy be developed with input from students, parents, teachers, school administrators, school staff, or law enforcement agencies. Therefore, seek input from one or more of these groups prior to adopting this policy. There is a corresponding policy applicable to employee conduct, Policy DLA, and the policies should be considered together as part of the District's bullying and hazing policy. The statutory deadline for updating the policy, including revision to include "abusive conduct," is September 1, 2018.

Definitions—

1. "Abusive conduct" means verbal, nonverbal, or physical conduct of a parent or student directed toward a school employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress.
2. "Bullying" means intentionally committing a written, physical, or verbal act against a school employee or student that a reasonable person under the circumstances should know or reasonably foresee will have one of the following effects:
 - a. causing physical or emotional harm to the school employee or student;
 - b. causing damage to the school employee or student's property;
 - c. placing the school employee or student in reasonable fear of:
 - i. harm to the school employee's or student's physical or emotional well-being; or

 - i. the pervasiveness, persistence, or severity of the actions; or
 - ii. a power differential between the bully and the target; or
 - e. substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

The foregoing conduct constitutes bullying regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in the conduct.

3. "Communication" means the conveyance of a message, whether verbal, written, or electronic.
4. "Cyber-bullying" means:
 - a. Using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.
 - b. In addition, any communication of this form that is generated off-campus but causes or threatens to cause a material and substantial disruption at school or interference with the rights of students to be secure may also be considered cyber-bullying.
5. "Hazing" means a student intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a school employee or student that:
 - a. meets one of the following:
 - i. endangers the mental or physical health or safety of a school employee or student; or
 - ii. involves any brutality of a physical nature, including whipping, beating, branding, calisthenics, bruising, electric shocking, placing of a harmful substance on the body, or exposure to the elements;
 - iii. involves consumption of any food, alcoholic product, drug, or other substance or other physical activity that endangers the mental or physical health and safety of a school employee or student; or
 - iv. involves any activity that would subject a school employee or student to extreme mental stress, such as sleep deprivation, extended isolation from social contact, or conduct that subjects a school employee or student to extreme embarrassment, shame, or humiliation; and either
 - b. is committed for the purpose of initiation into, admission into, affiliation with, holding office in, or as a condition for membership in a school or school sponsored team, organization, program, club or event; or
 - c. is directed toward a school employee or student whom the individual who commits the act knows, at the time the act is committed, is a member of, or candidate for membership in, a school or school sponsored team, organization, program, club, or event in which the individual who commits the act also participates.

The conduct described above constitutes hazing, regardless of whether the school employee or student against whom the conduct is committed directed, consented to, or acquiesced in, the conduct.

Student Rights and Responsibilities

Married Students

Married Students—

Married students shall have the same rights and responsibilities as unmarried students. This includes the right to participate in any extracurricular activities on the same basis, and subject to the same requirements, as unmarried students.

Student Rights and Responsibilities

Pregnant Students

Pregnant Students—

The District shall provide for maintaining the educational program of pregnant students. Students who, for an appropriate period of time, desire to continue their education in an alternative setting rather than continuing in the regular education program may be provided services through the special education program. The District may also provide alternative settings or other services to pregnant students using other than special education funds.

The decision whether to continue in the regular school program or in an alternative setting shall rest with the student.

[34 CFR § 106.40](#)

In the absence of leave policies for students with temporary disabilities, pregnancy and related conditions shall be treated as justification for a leave of absence for a period of time deemed medically necessary by the student's physician. Students shall be reinstated to the status they held when the leave began.

Student Rights and Responsibilities

Interrogations and Searches

[Note that [Utah Admin. Rules R277-615-4\(2\)](#) requires that schools develop a policy for searching students for controlled substances, weapons, and electronic cigarettes and requires the school to include parents, school employees, and licensed school employees in that process. This policy is meant to provide a general framework for that process. The State Board of Education has developed a model search and seizure policy which should also be consulted in developing a school or District policy (see the policy [here](#)).]

Search and Seizure—

Students shall be free from unreasonable search and seizure by school officials. School officials may search a student or a student's property with reasonable suspicion or with the student's consent. A search must be reasonable both in the reason for the search and the scope of the search.

*New Jersey v. T.L.O., 469 U.S. 325 (1985)
Jones v. Latexo, 499 F. Supp. 223 (E.D. Tex. 1980)
Bellnier v. Lund, 438 F. Supp. 47 (N.D.N.Y. 1977)*

Reasonable Suspicion—

“Reasonable suspicion” is a particularized and objective basis, supported by specific articulable facts, for suspecting a person of violating law or policy.

Searches of Places—

Students have a limited expectation of privacy of areas such as lockers, which are owned and jointly controlled by the school. While students may lock or otherwise secure lockers from access by other students, this does not give the student an expectation of privacy with regard to school access, nor may a student lock or secure a locker with means that are not approved by the school. These areas may be searched on a school-wide or individual basis when the school determines there is cause to conduct such a search. In addition, the school district has a reasonable and valid interest in insuring that the lockers are properly maintained. For this reason, periodic inspection of lockers is permissible to check for cleanliness and vandalism. Any illegal items or contraband discovered during such searches (including electronic cigarette products) shall be confiscated by school officials and may be turned over to law enforcement officials. Student privacy regarding contents of the locker which are not contraband or in violation of law or policy will be respected.

*Zamora v. Pomeroy, 639 F. 662 (10th Cir. 1981)
Singleton v. Board of Educ. USD 500, 894 F. Supp. 386 (D. Kan. 1995)*

Searches of Students—

Searches of students' outer clothing and pockets may be conducted if reasonable cause exists.

Singleton v. Board of Educ. USD 500, 894 F. Supp. 386 (D. Kan. 1995)
Doe v. Renfrow, 475 F. Supp. 1012 (N.D. Ind. 1979)

Highly intrusive invasions of a student's privacy, such as searches of the student's person or strip searches, shall be conducted only if individualized reasonable cause exists to believe that there is a legitimate safety concern due to a student's possession of weapons. These searches must be designed to be minimally intrusive, taking into account the item for which the search is conducted. Strip searches are seldom warranted and shall not be conducted without prior consultation with District administration and if possible legal counsel.

Singleton v. Board of Educ. USD 500, 894 F. Supp. 386 (D. Kan. 1995)
Doe v. Renfrow, 631 F.2d 91 (7th Cir. 1980)
Konop v. Northwestern School Dist., 26 F. Supp. 2d 1189 (D. S.D. 1998)

Electronic Cigarette Products—

Based on reasonable suspicion, a student may be searched for electronic cigarette products (as those are defined under Policy FHAG). Electronic cigarette products are contraband and shall be confiscated and disposed of as provided for in Policy FHAG.

[Utah Code § 53G-8-508\(2\) \(2020\)](#)
[Utah Admin. Rules R277-615-4\(1\) \(January 9, 2020\)](#)

Police Involvement—

Where school officials initiate a search and police involvement is minimal, the reasonableness standard is applicable. The ordinary warrant requirement and probable cause standard will apply where "outside" police officers initiate, or are predominantly involved in, a school search of a student or student property for police investigative purposes.

Myers v. State, 839 N.E.2d 1154 (Ind. 2005)

In Re Josue T., 989 P.2d 431 (N.M. Ct. App. 1999)

Student Consent—

If the District does not have reasonable cause to search a student or his property, the District may search with the student's free and voluntary consent. However, coercion, whether express or implied, invalidates the apparent consent.

Jones v. Latexo, 499 F. Supp. 223 (E.D. Tex. 1980)

Distribution of Policy—

A copy of this policy in electronic and printed form shall be made available to parents and students upon enrollment.

Student Rights and Responsibilities

Student Complaints

Purpose—

The purpose of this policy is to secure at the first possible level prompt and equitable resolution of student complaints, including those alleging discrimination on the basis of race, religion, color, sex, national origin, disability, sexual orientation, or gender identity.

Exclusions—

Student complaints regarding instructional materials, removal to alternative education programs, expulsion, prior review of non-school materials intended for distribution to students, or special education appeals are covered by separate procedures. Student complaints relating to sexual harassment (which is one form of sex discrimination) are addressed using the procedure in Policy FHAB instead of the procedure in this policy. (Student complaints about other forms of sex discrimination can be raised under this policy.)

Aggrieved Students—

A student aggrieved by a violation of a constitutional, statutory, or common law right, or a violation of a rule adopted by the State Board of Education or a policy adopted by the Board shall be afforded a hearing in accordance with applicable law and as provided in this policy. However, this provision shall not be construed to create an independent right to a hearing before the Board in addition to hearings required by law.

Presentations and Hearings—

In most circumstances, students shall be entitled to administrative conferences and informal presentations of the complaint as outlined in this policy.

Representation—

The student may be represented by an adult at any level of the complaint.

If the complaint involves a problem with a teacher, the student shall in most circumstances be expected to discuss the matter with the teacher before requesting a conference with the Principal at Level One.

Level One—

A student who has a complaint shall request a conference with the Principal within ten calendar days of the time the student knew, or should have known, of the event or series of events causing the complaint. The Principal shall schedule and hold a conference with the student within five days.

Level Two—

If the outcome of the conference with the Principal is not to the student's satisfaction, the student has ten calendar days to request a conference with the

Superintendent or designee who shall schedule and hold a conference. Prior to or at the conference, the student shall submit a written complaint that includes a statement of the complaint and any evidence in its support, the solution sought, the student's signature, and the date of the conference with the Principal.

Level Three—

If the outcome of the conference with the Superintendent or designee is not to the student's satisfaction, the student may present the complaint to the Board at the next regular meeting. The student shall, at least 5 days before the meeting, provide a written statement identifying specifically the claimed violation and the relief requested.

The Board shall designate a portion of its regular monthly meeting to hear student complaints. The Board President may set reasonable time limits on complaint presentation. The Board shall listen to the complaint but is not required to respond or take action on the matter unless it determines that is appropriate. The Board

Closed Hearing—

If the complaint involves complaints or charges about another person, the complaint shall be heard by the Board in a closed meeting unless the other person complained about requests the meeting to be public.

Student Discipline

[Note: [Utah Admin. Rules R277-609-4](#) requires local educational agencies such as school districts to develop a comprehensive plan or policy for student and classroom management and school discipline, and to include administration, instructional and support staff, students, parents, community councils, and other community members in policy development and intervention. The model student discipline policies provide a framework but are not able to address all elements required by the State Board regulation. Individual Districts should consider the regulation in tailoring the model policies to implement the particular approaches identified in the collaboration with the above-listed groups.]

General authority—

If a particular type of conduct has the effect of disrupting the learning atmosphere, it should be subject to regulation. The Board possesses discretion in promulgating regulations for the proper conduct of students.

[Utah Code § 53E-3-501\(1\)\(b\)\(v\) \(2020\)](#)
[Utah Admin. Rules R277-609-1 \(January 22, 2020\)](#)

Comprehensive conduct and discipline plan—

The District shall, with input from administration, instructional and support staff, students, parents, community councils, and other community members, develop a comprehensive plan for student and classroom management, school discipline, and restorative practices. This plan shall meet the content requirements set forth in [Utah Admin. Rules R277-609-4\(3\)](#).

[Utah Admin. Rules R277-609-4 \(January 22, 2020\)](#)

Relation of school discipline rules to other policies—

Rules and procedures shall prohibit corporal punishment and shall restrict the use of reasonable and necessary physical restraint as set forth in these policies and pursuant to [Utah Code § 53G-8-302](#) and [Utah Administrative Rules R277-609](#). Policies shall include written procedures for the suspension and expulsion of, or denial of admission to, a student, consistent with due process and other provisions of law, including [Utah Code § 53G-8-204](#) et seq. Moreover, all rules and procedures shall be consistent with all other policies of the Board, and all state statutes and federal laws governing school discipline, including [Utah Code § 53G-8-203](#), [Utah Code § 53G-8-204](#) and Section 504 of the Rehabilitation Act of 1974 ([29 U.S.C. § 794](#)).

[Utah Code § 53G-8-203 \(2020\)](#)

Revising discipline rules—

In adopting or revising the District's rules and regulations, the school board shall solicit input from various interest groups at the school and in the community, including district employees, parents of students, and students.

[Utah Code § 53G-8-202\(2\)\(a\) \(2019\)](#)

Emergency Removals—

Students may be removed from regular classes or District premises for non-disciplinary health, safety, and welfare reasons when the Board or its designee determines that an emergency exists.

Any student removed from school for any “emergency” reason who is in a condition that threatens his or her own welfare or the welfare of others shall be released to the student’s parent or guardian, the parent’s or guardian’s representative, or other proper authority, including, but not limited to, law enforcement officers and medical personnel.

The District shall make reasonable efforts to notify the parent or guardian prior to removing a student from school premises for emergency reasons. If the parent cannot be notified prior to the removal, the parent shall be notified as soon as possible after the removal and the reasons for it.

Students with Disabilities—

Federal and state laws impose particular requirements regarding discipline of students identified as having a disability or when the school has sufficient notice of a disability. Discipline of such students must comport with the requirements set forth in Policy FHAD for students with disabilities.

Teacher’s Authority—

A teacher may send a student to the Principal’s office in order to maintain effective discipline in the classroom. The Principal shall respond by employing appropriate discipline management techniques.

A teacher may remove from class a student who has been documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class. Not later than the third class day after the day on which the student is removed from the class, the Principal shall schedule a hearing to be attended by the Principal or the Principal’s designee, a parent or guardian of the student, the teacher, and the student.

Following the hearing, whether or not all requested parties are in attendance after valid attempts to require their attendance, the Principal shall take one or more of the following actions:

1. Suspend the student for a period not to exceed six school days.
2. Place the student in an alternative education program.
3. Place the student back in the class.

If the student is removed by the teacher a second time within the same semester, the student may be returned to that class only by action of the

Superintendent at the Principal's request. If the student is removed by the teacher a third or subsequent time within the same semester, the student may be returned to that class only by action of the Board at the request of the Superintendent.

Corporal Punishment—

A school employee may not inflict or cause the infliction of corporal punishment upon a student.

[Utah Admin. Rules R277-608 \(September 21, 2017\)](#)
[Utah Code § 53G-8-302\(1\) \(2019\)](#)

The term "corporal punishment" means the intentional infliction of physical pain upon the body of a student as a disciplinary measure.

[Utah Code § 53G-8-301\(1\) \(2018\)](#)

Appropriate Conduct—

A school employee may use of reasonable and necessary physical restraint in self-defense or when otherwise appropriate to the circumstances to:

1. obtain possession of a weapon or other dangerous object in the possession or under the control of a student;
2. protect the student or another individual from physical injury; or
3. remove from a situation a student who is violent; or
4. protect property from being damaged, when physical safety is at risk.

A school employee may also use less intrusive means, such as a physical escort, to address these types of circumstances. (A "physical escort" is temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.)

Policy Fhaf sets forth specific provisions governing the use of physical restraint with students.

[Utah Code § 53G-8-301\(2\) \(2018\)](#)
[Utah Code § 53G-8-302 \(2019\)](#)
[Utah Admin. Rules R277-609-4\(3\)\(I\) \(January 22, 2020\)](#)

An employee of the District may not be subjected to any sanction for failure or refusal to commit an act prohibited by this policy.

[Utah Code § 53G-8-302\(4\) \(2019\)](#)

Policy FDD regarding Child Abuse Reporting and Investigation shall apply to complaints made to the District regarding improper or unauthorized use of corporal punishment.

[Utah Code § 53G-8-303 \(2018\)](#)

Limitation—

This policy does not restrict the use of physical contact which is considered to be reasonable discipline for purposes of behavior reduction intervention and which is also in compliance with state regulations and District policies adopted pursuant to [Utah Code § 53E-7-204](#) regarding provision of education for students with disabilities.

[Utah Code § 53E-7-204 \(2020\)](#)

Disciplinary Record—

Disciplinary records shall be made available to parents/legal guardians or the student, whichever is appropriate, pursuant to the District's student records policy.

Collection and Reporting of Incident Data—

School personnel shall collect data with regard to incidents which occur on school grounds while school is in session or during a school-sponsored activity and which involve (1) suspension or expulsion of a student, or (2) arrest of a minor or (3) "other law enforcement activities" (defined below).

For this reporting requirement, "other law enforcement activities" means a significant law enforcement interaction with a minor that does not result in an arrest, including (1) a search and seizure by an SRO, (2) issuance of a criminal citation, (3) issuance of a ticket or summons, (4) filing a delinquency petition, or (5) referral to a probation officer.

The report of the incident shall also include information on the student or minor's age, grade level, race, sex, and disability status. To collect the data, school personnel shall use the form established by the State Superintendent in consultation with law enforcement agencies.

The District shall report the data to the State Superintendent in a timely manner as required by the State Superintendent. Beginning with the 2020-21 school year, the District shall report the data compiled for each school year to the State Superintendent on or before September 1 of the year in which the school year ended.

[Utah Code § 53E-3-516 \(2020\)](#)

[Utah Admin. Rules R277-912-2 \(February 7, 2019\)](#)

Notice of rules—

A copy of the rules and procedures shall be made available to all students at the time of their enrollment in the school. If a school makes significant changes to its discipline rules and procedures, written notice of the adopted and revised discipline rules and procedures shall be distributed to all new and continuing students. In the case of all new, continuing or transfer students, a copy of the rules and procedures shall be mailed to the student's parents.

[Utah Code § 53G-8-204 \(2019\)](#)

Board review of school discipline rules—

Each school shall file a copy of its school discipline rules and procedures with the Board within thirty days after adoption of the rules and procedures. The Board shall review the rules and procedures filed by each school and may require the school to modify any rule or procedure that is not consistent with Board policy or state statutes on discipline in the public schools.

 - i. Influence or affect a government or unit of government or intimidate or coerce a civilian population; or
 - ii. Cause action of any nature by an official or volunteer agency organized to deal with emergencies; or
 - iii. Prevent or interrupt the occupation of a building or a portion of a building, a place to which the public has access, or a facility or vehicle of public transportation operated by a common carrier.[Utah Code § 76-5-107.3 \(2013\)](#)
- 18. "Sexual Harassment" has the definitions set out in Policy DKB and Policy FHAB.

Publication of Safe Schools Policy—

A copy of this policy shall be given to each student in school upon enrollment in the school. Each student transferring to a school in the district who was not attending a school in the district just prior to the transfer shall receive a copy of this

policy. When a copy of this policy is provided to a student, a copy shall also be provided to the student's parent.

[Utah Code § 53G-8-204\(2\)\(a\) \(2019\)](#)

A copy of this policy shall be posted in a prominent place in each school in the district. Any significant change in this policy shall be posted in each school in the district, and a copy of the revised policy shall be distributed to the students in each school.

[Utah Code § 53G-8-204\(2\)\(b\), \(c\) \(2019\)](#)

Conduct Warranting Discipline—

A student may be disciplined for the conduct described below. The type of the discipline imposed will depend on the nature of the particular conduct.

1. Conduct Which May Warrant, But Does Not Require, Suspension or Expulsion:
 - a. A student may be disciplined for any of the following prohibited conduct when it occurs in a school building, or on or in proximity to school property; in conjunction with any school sponsored activity; in or on a school vehicle; is directed at or against another student or a district employee; or when it threatens harm or does harm to the school, school property, a person associated with the school, or property of a person associated with the school.
 - i. Any unlawful conduct, as that is defined above.
 - ii. Frequent or flagrant willful disobedience, defiance of proper authority, or disruptive behavior, including the use of foul, profane, vulgar, or abusive language.
 - iii. Willful destruction, defacing, or damaging of school property.
 - iv. Behavior, or threatened behavior, which poses an immediate and significant threat to the welfare, safety or morals of other students or school personnel or to the operation of the school.
 - v. Disruptive behavior, as that is defined above.
 - vi. Possession or use of pornographic material on school property that would constitute a misdemeanor offense under [Utah Code § 76-10-1235](#). (This includes accessing such material through the District computer network or by using any District-owned device.)
 - vii. Bullying, abusive conduct, cyberbullying, retaliation, and making false allegations of bullying, bullying or retaliation. See Policy FGAD.
 - viii. Any use of an electronic device or camera to record sounds or images or otherwise capture material in an unauthorized setting or at an unauthorized time shall subject the user of the device to increased

discipline based on the circumstances and whether the student has been involved in prior violations of this policy.

1. The use of any device or any electronic device or camera to threaten, intimidate or embarrass another or to capture and transmit test information or any other information in a manner constituting fraud, theft or academic dishonesty will result in an immediate suspension of not less than three (3) days nor more than ten (10) days.
- ix. The use of any device in a manner which may be physically harmful to another person, such as shining a laser in the eyes of another student, will result in an immediate suspension of not less than three (3) days nor more than ten (10) days. When a student repeatedly engages in such behavior, the punishment may be increased as is appropriate.
- b. Selling, giving, delivering, transferring, possessing, controlling, or distributing an alcoholic beverage on or in proximity to school property or at or in proximity to any school sponsored event. See FHAA.
- c. Selling, giving, delivering, transferring, possessing, controlling, or distributing tobacco products on or in proximity to school property or at or in proximity to any school sponsored event. Students shall not smoke or use tobacco products on school property or at any school-related or school-sanctioned activity on or off school property. "Tobacco products" includes an electronic cigarette or electronic cigarette product as that has been defined by state law ([Utah Code § 76-10-101](#)). See FHAG.
- d. Being under the influence of an alcoholic beverage or controlled substance on or in proximity to school property or at or in proximity to any school sponsored event. See FHAA.
- e. Engaging in, assisting, permitting, or otherwise being involved in hazing, as provided by the District's policy prohibiting hazing, Policy FHAC.
[Utah Code § 53G-8-205\(1\) \(2019\)](#)
[Utah Code § 53G-8-602 \(2018\)](#)
[Utah Code § 53G-8-209 \(2020\)](#)
- f. Engaging in conduct that contains the elements of the offense of arson or aggravated arson under the Utah Criminal Code.
[Utah Code § 76-6-102 \(2013\)](#)
[Utah Code § 76-6-103 \(1986\)](#)
- g. Engaging in conduct that contains the elements of any felony.
- h. Sexual Harassment.
- i. Gang-related activity: A "gang" as defined in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name

or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity. Gang-related activity includes but is not limited to:

- i. Wearing, possessing, using or distributing, displaying or selling any clothing, jewelry, emblem, badge, symbol, sign or other things which evidence membership in a gang.
- ii. Use of a name associated with or attributable to a gang;
- iii. Designating "turf" or an area for gang activity or occupation.

Be aware that there are challenging constitutional issues related to policies dealing with gang-related attire as the policy impacts students' First Amendment speech rights. A school should be able to document evidence of real and substantial problems caused by, or at least reasonably likely to be caused by, gang clothing. In designing a dress code, school authorities should focus on problems if they exist. A school may choose to develop a specific list of clothing and accessories that "evidence membership in a gang." Such lists must be flexible to adapt to shifts in fashion styles. Students must be given ample notice of the list and any amendments. The policy should also include an appeals process that allows students to dispute that particular clothing deemed gang related is actually not gang regalia.

2. Conduct Which Requires Suspension or Expulsion

- a. A student shall be suspended (out-of-school suspension) or expelled from school for participation in any serious violation affecting another student or a staff member, or any serious violation when it occurs in a school building, in or on school property; or in conjunction with any school sponsored activity including:
 - i. The sale, control, delivery, transfer or distribution of a drug or controlled substance, as defined in [Utah Code § 58-37-2](#), an imitation controlled substance, as defined in [Utah Code § 58-37b-2](#), or drug paraphernalia as defined in [Utah Code § 58-37a-3](#) (See Policy FHAA);
 - ii. Commission of an act involving the use of force or the threatened use of force which if committed by an adult would be a felony or class A misdemeanor.

[Utah Code § 53G-8-205\(2\) \(2019\)](#)

[Utah Code § 76-5-102 \(2015\)](#)

[Utah Code § 76-5-102.3 \(2017\)](#)

3. Conduct Which Requires 1-year Expulsion

- a. A student shall be expelled from school for not less than one year, subject to the 45-day review process for mandatory year expulsions set forth below, if the student participates in any serious violation affecting another

student or a staff member, or any serious violation when it occurs in a school building, in or on school property; or in conjunction with any school sponsored activity including one of the following violations:

- i. possession, control or actual or threatened use of a real weapon, explosive, or flammable device or material;
- ii. the actual or threatened use of a look-alike or pretend weapon with intent to intimidate another person or to disrupt normal school activities.

[Utah Code § 53G-8-205\(2\)\(b\) \(2019\)](#)

4. Discipline Rules for Students With Disabilities

- a. Federal and state laws impose particular requirements regarding discipline of students identified as having a disability or when the school has sufficient notice of a disability. Discipline of such students must comport with the requirements set forth in Policy FHAD for students with disabilities.

Remedial Measures and Disciplinary Sanctions—

Following a determination that a student has committed a violation, the student may be subject to one of the following remedial measures or disciplinary sanctions, as is determined to be appropriate for the violation or as is required by the terms of this policy or other District policies.

1. Remedial Measures

- a. Continued school attendance subject to the terms of a remedial discipline plan prepared to correct the violation. This remedial measure is available only where the violation is for willful disobedience, defiance of authority, or disruptive behavior when such conduct is not of such a violent or extreme nature that immediate removal from school is required.
- b. Continued school and class attendance accompanied by the student's parent or guardian for a designated period of time. This remedial measure is available only with the consent of the student's teacher or teachers and the agreement of the student's parent or guardian. The parent or guardian must agree to attend all of the student's classes for each day of the suspension. If the parent or guardian fails to attend class with the student, the student shall then be subject to suspension or other discipline in accordance with this policy.
- c. In-school suspension. Attendance in a designated in-school suspension program. Students shall be instructed in the essential elements of the courses in which they are enrolled at the time of removal.
- d. Home-based instruction. Instruction at home, provided that combined days of suspension and assignment to home-based instruction shall not exceed ten (10) school days in a semester.

- e. Voluntary transfer. Voluntary transfer to another school, campus, community-based alternative school or other special program within the district, subject to the admission criteria of such alternative programs.
- f. Withholding grade reports, diplomas and transcripts. If a school determines that school or district property has been lost or willfully cut, defaced or otherwise damaged by a student, the school may withhold the issuance of an official written grade report, diploma, or transcript of the student responsible for the damage or loss until the student or student's parent has paid for the damages.
 - i. If the student and the student's parent are unable to pay for the damages or if it is determined by the school in consultation with the student's parent that the student's interests would not be served if the parent were to pay for the damages, then the school shall provide a program of work the student may complete in lieu of the payment. In that case, the school shall release the official grade report, diploma, or transcript of the student upon completion of the work.
 - ii. If the Department of Human Services or a licensed child-placing agency has been granted custody of the student, that student's records, if requested by the Department or agency, may not be withheld from the Department or agency for non-payment of damages under this section.
 - iii. No penalty may be assessed for damages which may be reasonably attributed to normal wear and tear.

[Utah Code § 53G-8-212 \(2019\)](#)

2. Disciplinary Sanctions

- a. Detention. Students in grades kindergarten through six may be detained in school after regular school hours in the event the responsible school administrator determines that such action is justified in disciplining the student. No student may be detained after regular school hours until his or her parent has received prior notice of the detention to take place on a particular school day.
 - i. The notice provided for under this policy need not be completed prior to detention of the student if detention is necessary for the student's health or safety.
- [Utah Code § 53G-8-203\(2\) \(2020\)](#)
- b. Suspension (in-school or out-of-school).
 - c. Involuntary transfer. Involuntary transfer to another school, campus, community-based alternative school or other special program within the District.
 - d. Expulsion.

Authority to Impose Discipline—

The Board of Education hereby delegates to each school principal within the District the authority to suspend a student in the principal's school for up to ten (10) school days, in accordance with this policy.

The Board of Education hereby delegates to the superintendent the authority to suspend a student for up to one (1) school year.

The Board of Education has the authority to expel a student for a fixed or indefinite period.

[Utah Code § 53G-8-206 \(2019\)](#)

Procedure for Imposing Discipline—

Remedial measures or disciplinary sanctions may be imposed on a student only after it has been determined, following appropriate due process, that the student has committed a violation. The nature of the due process required depends in part on the magnitude of the penalty to be imposed. When a student is accused of sexual harassment, the procedure set out in Policy FHAB shall be followed in place of the procedure in this policy.

1. Short-term Out-of-School Suspension

- a. Informal due process hearing. A school principal may suspend a student from school for up to ten (10) school days for a violation. Prior to imposing such a suspension, the school principal shall meet with the student, if possible, to discuss the incident(s) and to provide the student an opportunity to respond. The principal shall then determine whether a violation has occurred and whether suspension or other discipline is appropriate. In appropriate cases, the principal shall consider and offer the student alternatives to out-of-school suspension, including in-school suspension and parental attendance with the student (where appropriate consent from teachers is obtained).
- b. Short-term out-of-school suspension pending due process hearing. If the school principal makes an initial determination that the violation warrants long-term suspension or expulsion, the school principal may recommend those sanctions and may impose a short-term out-of-school suspension pending a hearing on whether those sanctions should be imposed.
- c. Departure from school grounds. A suspended student shall immediately leave the school building and grounds following a determination by the school of the best way to transfer custody of the student to the parent or other person authorized by the parent or applicable law to accept custody of the student.

[Utah Code § 53G-8-206\(5\)\(a\) \(2019\)](#)

- d. Notice of short-term out-of-school suspension. If a short-term suspension is imposed, the principal or assistant principal shall immediately provide

notice to the student's parent. Notice shall, if possible, be given by telephone. If reasonable efforts to contact the parent by telephone are unsuccessful, then written notice shall be sent to the parent. The notice, whether verbal or written, shall include the following:

- i. That the student has been suspended from school.
- ii. The grounds for the suspension.
- iii. The period of time for which the student is suspended from school.
- iv. The date, time and place for the parent and student to meet with the principal or assistant principal to review the suspension. This meeting shall be scheduled to occur as soon as is practicable, but in all cases prior to the end of the tenth day of the suspension.

Goss v. Lopez, 410 U.S. 565 (1975)

[Utah Code § 53G-8-206\(4\) \(2019\)](#)

- e. Notice of recommended expulsion or long-term suspension. If the principal or assistant principal has recommended that the superintendent expel the student or suspend the student from school for a period longer than ten days, that fact shall be included in the notice to the parent or guardian.
- f. Meeting to review out-of-school suspension. At this meeting, the principal or assistant principal shall review with the parent and student the charges and evidence against the student and shall provide the student and parent with an opportunity to respond. During this meeting, the principal or assistant principal may determine whether the suspension previously imposed should be maintained, whether to adopt an alternative remedial measure, or whether the suspension should be terminated. The principal or assistant principal should also discuss with the parent a plan to avoid recurrence of the problem.

[Utah Code § 53G-8-206\(5\)\(b\), \(c\) \(2019\)](#)

2. Long-term Out-of-School Suspension or Expulsion

- a. Due process hearing. If the principal or assistant principal recommends long-term suspension from school or expulsion, he or she shall notify the superintendent of that recommendation. The superintendent shall then schedule a hearing to be held with the student's parent or guardian, the student, and the superintendent or the superintendent's designee. The hearing shall be scheduled to take place prior to the tenth day of the student's suspension from school where possible.
- b. Notice of hearing. The superintendent shall provide written notice of the date, time and place of the hearing to the student and his or her parent or guardian so as to afford a reasonable opportunity for preparation. The notice shall include a statement of the charges against the student, that a recommendation has been made for suspension from school for more

than 10 days or for expulsion and the period of time for which suspension or expulsion has been recommended. The statement of the charges against the student shall include the nature of the evidence and the names of any witnesses whose testimony may be used against the student unless confidentiality is required due to the necessity to protect student witnesses.

Wagner v. Ft. Wayne Community Schools, 255 F. Supp. 2d 915 (N.D. Ind. 2003)

- c. Conduct of hearing. The superintendent or the superintendent's designee shall preside at and conduct the hearing at the appointed time and place. The district and the student may each be represented by a person of their choice. Each side may present testimony of witnesses or other evidence, may cross-examine witnesses and may make legal arguments relevant to the issues. However, the district may present hearsay evidence if confidentiality is required due to the necessity to protect witnesses.

Wagner v. Ft. Wayne Community Schools, 255 F. Supp. 2d 915 (N.D. Ind. 2003)

- d. Decision. At the conclusion of the hearing, the superintendent or designee shall make a final determination of the matter and shall state his or her determination to those attending the hearing. The determination shall then be placed in writing and mailed to the student and his or her parent. Upon a finding that the student has engaged in conduct warranting discipline, the superintendent may determine what discipline or remedial measures are appropriate for the conduct. If the superintendent determines that the appropriate sanction is expulsion, then that sanction must be authorized by the Board of Education as set out below. Apart from expulsion, the superintendent may impose any of the available remedial measures or sanctions as are found to be appropriate. In determining the appropriate sanction, the superintendent shall consider whether alternatives to suspension are appropriate or available.

[Utah Code § 53G-8-206 \(2019\)](#)

[Utah Code § 53G-8-207 \(2019\)](#)

- e. Appeal. A student may appeal the determination of the superintendent to the Board of Education by filing a written notice of appeal with the superintendent within ten (10) days of the date the decision of the superintendent is mailed to the student. No further hearing will be held. The Board will review the evidence submitted to the superintendent and the written determination of the superintendent. The Board may affirm the superintendent's decision or modify the Superintendent's decision. The Board's written decision will be issued within thirty (30) days of receipt of the student's written notice of appeal.
- f. Board evaluation of expulsion recommendation. If the superintendent recommends expulsion for an indefinite or definite period of time, then the superintendent will transmit that recommendation to the Board of

Education along with the record of evidence submitted to the superintendent. The Board may review the recommendation based on this record or may at its sole discretion accept further evidence. Following its review, the Board may accept, modify, or reject the recommendation, or impose other disciplinary sanctions. This decision is final.

[Utah Code § 53G-8-206\(3\) \(2019\)](#)

- g. 45-day review of mandatory one-year expulsions. Where a student has been expelled for one year because of a violation involving a weapon, explosive, or flammable material, a hearing shall be held within 45 days of the imposition of the expulsion. This hearing shall be held before the superintendent or the superintendent's designee and shall be attended by the student and a parent of the student. At this hearing, the superintendent shall determine
 - i. what conditions must be met by the student and the student's parent for the student to return to school;
 - ii. whether the student should be placed on probation in a regular or alternative school setting, and if so what conditions must be met by the student to assure the safety of students and staff at the school the student is placed in; and
 - iii. if it would be in the best interest of both the school district and the student to modify the expulsion term to less than a year, giving highest priority to providing a safe school environment for all students.
 - iv. If the superintendent or his or her designee determines that the student should return to school prior to the expiration of the one-year expulsion term conditioned on compliance with the conditions established by the superintendent, then the superintendent shall submit that recommendation to the Board of Education. If the Board of Education approves the return, the student may return to school pursuant to the conditions established.

[Utah Code § 53G-8-205\(2\)\(b\) \(2019\)](#)

- h. A student may be denied admission to a public school on the basis of having been expelled from that or any other school during the preceding 12 months.

[Utah Code § 53G-8-205\(3\) \(2019\)](#)

Evidence in Student Hearings—

All student disciplinary hearings shall be conducted by the Board or its designee in an executive session. All evidence presented in such hearings shall constitute student educational records and shall be treated as "confidential". The District hereby designates all student records as "protected" under the Government Records Access Management Act. The names of students giving statements used in

a student hearing involving other students may be protected and redacted where necessary to protect the students from threats of harm or interference with the educational process.

Notification of Weapons on School Property—

Whenever a student is found on school property during school hours or a school sponsored activity in possession of a dangerous weapon and that information is reported to or known by the principal, the principal shall notify appropriate law enforcement personnel as well as school and district personnel who, in the good faith opinion of the principal should be informed.

[Utah Code § 53G-8-510 \(2018\)](#)

Education of Students Subject to Discipline—

The educational services that will be provided to students subject to discipline will depend upon the nature of the discipline.

1. Students subject to remedial measures. Students subject to remedial measures such as a remedial discipline plan, class attendance with a parent, or in-school suspension will continue to receive educational services from the district according to the remedial measure. A student transferred to another school or program within the district will receive educational services through that school or program.
2. Parental responsibility for education. When a student is expelled or is suspended from school for more than 10 days, it is the responsibility of the parent's student to undertake an alternative education plan which will ensure that the student's education continues during the period of the suspension or expulsion. The parent shall work with designated school officials to determine how that responsibility might best be met through private education, alternative programs offered by the district, or other alternatives which will reasonably meet the student's educational needs. Costs for educational services not provided by the district are the responsibility of the student's parent.

[Utah Code § 53G-8-208 \(2020\)](#)

3. Review of student progress. The district shall contact the parent of each suspended or expelled student under the age of 16 at least once per month to determine the student's progress.

[Utah Code § 53G-8-208\(4\)\(b\) \(2020\)](#)

4. Record of disciplined students. The district shall maintain a record of all suspended or expelled students and a notation of the recorded suspension or expulsion shall be attached to the student's cumulative folder.

[Utah Code § 53G-8-208\(4\)\(a\) \(2020\)](#)

Readmission of Suspended or Expelled Students—

1. **Suspended students.** A suspended student may not be readmitted to a public school until the student and the student's parent or guardian have met with a designated school official to review the suspension and have agreed with the school official upon a plan to avoid recurrence of the violation resulting in suspension. At the discretion of the principal, the student may be readmitted if the student and the student's parent or guardian have agreed to participate in such a meeting. However, a suspension may not extend beyond ten (10) days unless the student and the student's parent or guardian have been given a reasonable opportunity to meet with a designated school official to respond to the allegations and proposed disciplinary action.
2. **Expelled students.** The superintendent or his or her designee shall review the expulsion sanction of each expelled student at least once per year and shall report the conclusions of such review to the Board of Education. The superintendent or his or her designee may make recommendations regarding whether such sanction should be modified or removed, and what conditions, if any, should be imposed on the student's readmission. If the Board has expelled a student for a set period of time and has not otherwise specified, at the expiration of that expulsion term a student may enroll at his or her area school on the same terms as a new student.

Information Regarding SafeUT Crisis Line—

The SafeUT Crisis line established by the State through the University Neuropsychiatric Institute provides crisis intervention, including suicide prevention, to individuals experiencing emotional distress or psychiatric crisis. It also provides means for an individual to anonymously report (1) unsafe, violent, or criminal activities, or the threat of such activities at or near a public school, (2) incidents of bullying, cyberbullying, harassment, or hazing, and (3) incidents of physical or sexual abuse committed by a school employee or school volunteer. The Board shall inform students, parents, and school personnel about the SafeUT Crisis Line.

[Utah Code § 53B-17-1204\(4\) \(2019\)](#)

Response to SafeUT Crisis Line Reports—

The District shall respond to reports received through the SafeUT Crisis Line in accordance with models developed by the State Board of Education.

Safe Schools

Alcohol and Drugs

Alcohol—

A person may not possess or drink an alcoholic beverage inside or on the grounds of any building operated by a part of the District or in those portions of any building, park, or stadium that is being used for an activity sponsored by or through the District or any part thereof. Violation of this provision is a misdemeanor.

[Utah Code § 53G-8-602 \(2018\)](#)

Student Offenses—

No student shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor or unlawfully manufacture, distribute, dispense, possess or use or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other controlled substance, as defined in schedules I through V of Section 202 of the Controlled Substances Act ([21 U.S.C. § 812](#)) and as further defined by regulation at [21 CFR § 1300.1 et seq.](#), before, during or after school hours at school or in any other school district location as defined below.

School District Location Defined—

“School district location” means in any school building or on any school premises; on any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off school property at any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

Guidelines—

Compliance with this policy should be mandatory. A student who violates the terms of this policy may be suspended or expelled from school, at the discretion of the Board. Each student found in violation of this policy shall be provided with information about drug and alcohol counseling, rehabilitation, and re-entry programs available to students through the school district or otherwise. Violations of the policy on drugs and alcohol may be reported to an appropriate law enforcement agency if permitted under [Utah Code § 53G-8-211](#).

1. Violations—Use or Possession

a. First Violation:

- i. Students violating the Drugs and Alcohol Policy for the first time will automatically be placed in an alternative education program at home for a minimum of ten (10) days. Students who are participants of

teams, choirs, clubs, etc., or elected officers will give up their involvement in that extracurricular activity for the duration of the ten (10) days. They will not be allowed to attend such activities, even as a spectator. Students and their parents will have an opportunity to fulfill the ten (10) day obligation in two ways:

- ii. The student will be placed in an alternative educational program based at home for the designated ten (10) school days. Parents will be required to coordinate homework assignments with a designated school representative.
- iii. In lieu of the ten (10) day home-based alternative educational program, the student and his/her parents will enroll in an Early Intervention Drugs and Alcohol Class. The student will be able to return to regular classes the day following the first session of the class. Parents will be required to coordinate homework assignments with a designated school representative during the intervening time.

b. Second Violation:

- i. If there is a second violation of the Drugs and Alcohol Policy, the student will be placed on a home-based alternative educational program for a period of nine (9) weeks. A certificated teacher will be sent to the home for two hours once a week for the nine-week period to aid the student with his/her learning.
- ii. Any student who has a second violation of the Drugs and Alcohol Policy must submit to a written assessment for potential chemical dependence. This assessment will be conducted by a District team composed of the local school guidance specialist and a school district psychologist. Any assessment done by anyone other than this team would be at the option and expense of the parent(s). Before the student is readmitted to school, the assessment results will be presented to the parent(s) and will be forwarded to Juvenile Court if permitted under [Utah Code § 53G-8-211](#).

c. Third Violation:

- i. If any student is involved in a third violation of the Drugs and Alcohol Policy, the student will automatically be placed in a home-based alternative education program for the remainder of the school year.

2. Violations—Selling or Distributing

a. First Offense:

- i. Because of the seriousness of the offense, a student selling and/or delivering alcohol or other illegal substances shall be automatically placed in a home-based alternative educational program for a period of nine (9) weeks.

- ii. Before the student is re-admitted to school, he/she must submit to a written assessment for potential chemical dependence. This assessment will be conducted by a District team composed of the local school guidance specialist and a school district psychologist. Any assessment done by anyone other than this team would be at the option and expense of the parent(s). The assessment results will be presented to the parent(s) and will be forwarded to Juvenile Court if permitted under [Utah Code § 53G-8-211](#).
- b. Second Offense:
 - i. Any second offense for selling and/or delivering alcohol or other illegal substance will automatically place a student in a home-based alternative educational program for the remainder of the school year.
- 3. Alternative Education
 - a. Students who violate the Drug and Alcohol Policy will be placed in alternative education programs as outlined under items 1 and 2. If the designated number of days or weeks of alternative education cannot be completed by the end of the school year, the alternative education program is to be completed at the beginning of the next school year.
- 4. Repeat Offenders
 - a. Records will be maintained on all violations of the Drug and Alcohol policy. A student with more than one violation on record will be considered a repeat offender whether the first offense was committed in the current school year or in any prior school year.
- 5. Removal from Campus
 - a. During the time a student is on the home-based alternative educational program, he/she is not to be on campus or be a spectator or participant or attend any extra-curricular activity sponsored by the school. If a senior student is placed on the home-based alternative educational program for violation of the Drugs and Alcohol Policy and that placement coincides with the end of school, he/she will not be allowed to participate in graduation exercises. The diploma will be awarded upon completion of the home-based alternative educational program and all other graduation requirements.
- 6. Students in Elected Positions
 - a. Students in elected leadership positions or representing the school through current extracurricular activities who violate this policy are subject to its guidelines regardless of the time or location of the violation. Students found in violation of this policy will also be subject to the due process under the school district's policy.
- 7. Disclosure

- a. Utah state law requires teachers and school personnel to disclose information of suspected chemical and alcohol abuse to the parent. Personnel will complete the Suspected Abuse Report form and submit it to the appropriate school administrator for referral to the parent.

Safe Schools *Sexual Harassment*

Board Policy—

The Board of Education of the _____ School District does not discriminate on the basis of sex in its programs and activities and is required by Title IX and 34 CFR Part 106 not to discriminate on the basis of sex, including but not limited to such discrimination in admission and employment. The Board adopts this policy in order to meet its obligations under Title IX to provide appropriate treatment of and response to complaints or reports of sexual harassment and to seek to provide a learning environment free from sexual harassment and discrimination on the basis of sex. Therefore, the District will promptly respond to notice of sexual harassment or allegations of sexual harassment and take appropriate action.

This policy addresses sex discrimination in the form of sexual harassment by students. Policy DKB addresses sex discrimination in the form of sexual harassment by employees and against employees as to their employment. Other forms of sex discrimination are addressed in Policy FA and Policy DAA. It is a violation of this policy and of Policy FHA for any student to sexually harass any other student or employee.

The District encourages all victims of sexual harassment and persons with knowledge of sexual harassment to immediately report that to the Title IX Coordinator or an administrator. Employees with knowledge of sexual harassment or possible sexual harassment are required to report that information to their supervisor and/or the Title IX Coordinator. (Failure to make such reports may result in disciplinary action according to District policy.) All complainants have the right to be free from retaliation of any kind.

Notice of this policy shall be given to all students seeking admission and their parents and shall be included in student handbooks. Questions about rights under Title IX and about the application of Title IX to the District can be directed to the Title IX Coordinator identified in this policy or to the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

34 CFR § 106.8(b)(1)

34 CFR § 106.45(a)

No Expansion or Reduction of Other Legal Rights—

Nothing in this policy shall be construed to give any right, claim or action beyond the specific process provided in this policy. Nothing in this policy restricts rights which may be available under other District policies or under applicable laws or regulations.

Prohibition of False Statements—

Students and employees are prohibited from knowingly making false statements or knowingly submitting false information in connection with allegations of sexual harassment or a sexual harassment investigation or a sexual harassment grievance procedure. Any student or employee doing so is subject to disciplinary action.

Definitions—

1. “Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to any employee of the District.
2. “Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
3. “Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. (The complainant must be participating or attempting to participate in a District program or activity at the time of filing.) Although the Title IX Coordinator may sign a formal complaint, the Title IX Coordinator does not thereby become the complainant or a party to the grievance proceeding.
4. A “program or activity” of the District includes all locations, events, or circumstances over which the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs
34 CFR § 106.44(a)
5. “Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
6. “Sexual Harassment” means conduct on the basis of sex that satisfies one or more of the following:
 - a. An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct; or
 - b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to a program or activity of the District; or
 - c. “Sexual assault” as defined in [20 U.S.C. § 1092\(f\)\(6\)\(A\)\(v\)](#), “dating violence” as defined in [34 U.S.C. § 12291\(a\)\(10\)](#), “domestic violence” as defined in [34 U.S.C. § 12291\(a\)\(8\)](#), or “stalking” as defined in [34 U.S.C. § 12291\(a\)\(30\)](#).

“Sexual harassment” for purposes of this policy does not include all improper conduct based on sex. Conduct which is not sexual harassment may violate other District policies and be subject to disciplinary action, including under Policy DAI, DHA, DKBA, DLA, FA, FGAD, and FHA, among others.

7. "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to any District program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

34 CFR § 106.30(a)

Title IX Coordinator—

The District shall designate one or more employees to serve as Title IX Coordinator. The Title IX Coordinator is responsible and has authority to coordinate the District's compliance with Title IX, including but not limited to responding to sexual harassment. The designated Title IX Coordinator for the District is:

_____. The contact information for the Title IX Coordinator is:

Name _____ Title/Position _____

Mailing Address _____

Office Email _____ Telephone _____

Reports about any form of sex discrimination (including sexual harassment) may be made to the Title IX Coordinator by any person (whether or not the discrimination was directed at that person) using any of the contact methods listed above or by any other means and at any time (including during non-business hours).

34 CFR § 106.8(a)

District Response to Sexual Harassment—

As directed and coordinated by the Title IX Coordinator, the District shall, after receiving "actual knowledge" of "sexual harassment" in a District "program or activity" (as each of those terms are defined in this policy, respond promptly and reasonably to fulfill its obligations under Title IX. The District shall treat the complainant and respondent equitably and may not impose disciplinary actions or sanctions on a respondent before a determination of responsibility is made through the grievance procedure set out below. The response shall include prompt contact by the Title IX Coordinator with the complainant to:

1. Discuss the availability of supportive measures;
2. Consider the complainant's wishes with respect to supportive measures;

3. Inform the complainant that supportive measures are available with or without filing a formal complaint; and
4. Explain the process for filing a formal complaint.

Regardless of whether a formal complaint is filed, the District shall respond appropriately, including implementing appropriate supportive measures as determined by the Title IX Coordinator.

In response to a formal complaint, the District shall follow the grievance procedure set out below. In appropriate circumstances, the District's response to actual knowledge of sexual harassment may include the Title IX Coordinator signing a formal complaint to initiate the grievance procedure even when the complainant does not wish to do so.

The District may remove a respondent from a District program or activity on an emergency basis if following an individualized safety and risk analysis the District determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. (However, such actions are subject to restrictions relating to change in placement under IDEA and restrictions under Section 504.)

The District may place a non-student employee respondent on administrative leave during the pendency of a grievance proceeding following a formal complaint, consistent with the District policy relating to leave relating to possible employment action.

34 CFR § 106.44(a)

Sexual Harassment Grievance Procedure—

The sexual harassment grievance procedure is initiated by the filing of a formal complaint with the Title IX Coordinator. The parties to the procedure are the complainant and the respondent. The complaint may be filed in person, by mail, or by email. A formal complaint can be in the form of a document or electronic submission and must either contain the physical or electronic signature of the complainant or the Title IX Coordinator or otherwise indicate that the complainant is the person filing the formal complaint.

34 CFR § 106.30(a)

Generally Applicable Requirements

The following standards and requirements apply generally throughout the grievance and appeal process:

1. The respondent is presumed to be *not* responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

34 CFR § 106.45(b)(1)(iv))

2. The District is to shoulder the burden of gathering evidence sufficient to reach a determination regarding responsibility and is not to place that burden on the parties.

34 CFR 106.45(b)(5)(i)

3. Legal evidentiary privileges are to be respected: The District will not require, allow, rely on, seek disclosure of, or otherwise use information protected under a legally recognized privilege unless the person holding the privilege has waived it.

34 CFR 106.45(b)(1)(x))

4. The parties will be given equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

34 CFR 106.45(b)(5)(ii)

5. The District will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence within the procedural framework.

34 CFR 106.45(b)(5)(iii)

6. The parties will have the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding.

34 CFR 106.45(b)(5)(iv)

7. For any investigative interviews or other meetings at which a party's participation is expected or invited, the party will be given written notice of the date, time, location, participants, and purpose of the interview or meeting at a time sufficiently in advance to enable the party to prepare to participate.

34 CFR 106.45(b)(5)(v)

8. The time frames provided in this policy are intended to provide reasonably prompt resolution of complaints. However, the District may, for good cause and with written notice to the complainant and respondent explaining the reasons, temporarily delay the grievance process or extend a time frame for a limited time. Good cause may include (but is not limited to) considerations such as the absence of a party, a party's advisor, or a witness, concurrent law enforcement activity, or the need for language assistance or accommodation of disabilities.

34 CFR 106.45(b)(1)(v)

Supportive Measures During the Grievance Process

During the pendency of the grievance process, either party may request or the Title IX Coordinator may offer supportive measures as defined above, and such measures shall be provided as the Title IX Coordinator determines is appropriate.

34 CFR § 106.45(b)(1)(ix)

Potential Disciplinary Sanctions for Responsible Respondents

A respondent who is found responsible following the conclusion of the grievance procedure may be subject to disciplinary action in the form of remedies that are in the nature of supportive measures for the complainant but which impose a burden on the respondent and are punitive in nature. A responsible respondent may be sanctioned by the loss of participation privileges in a District activity, including extracurricular activities. A responsible respondent may also be subject to any of the disciplinary sanctions set out in Policy FHA. The same sanctions may be imposed on a respondent who admits to being responsible for sexual harassment without challenging the charge through the formal grievance process.

34 CFR § 106.45(b)(1)(vi)

Consolidation of Complaints

Where the allegations of sexual harassment arise out of the same facts or circumstances, the Title IX Coordinator may consolidate formal complaints made against more than one respondent, or made by more than one complainant against one or more respondents, or made by one party against another party. When complaints are consolidated, singular references in this policy (for example, "complainant") also include the plural as is applicable.

34 CFR § 106.45(b)(4)

Summary Dismissal of Complaint

After receiving the formal complaint, the Title IX Coordinator shall review the allegations in the complaint and make a determination whether, accepting the allegations as true, any of the following circumstances are present:

1. The conduct alleged does not constitute sexual harassment as defined in this policy.
2. The conduct alleged did not occur in a District program or activity.
3. The conduct alleged did not occur against a person in the United States.

If any of these circumstances are present, the Title IX Coordinator shall dismiss the complaint for purposes of sexual harassment and this policy and shall promptly send simultaneous written notice of the dismissal and the reason(s) for dismissal to the parties. If the alleged conduct constitutes misconduct under other District policies regulating student or employee conduct, the Title IX Coordinator shall refer the complaint to the appropriate administrator for consideration for investigation and possible disciplinary action.

34 CFR § 106.45(b)(3)(i)

Permissive Dismissal of Complaint

At any time during the investigation of a formal complaint or the determination process, the Title IX Coordinator may dismiss a complaint or particular allegations in the complaint if:

1. The complainant gives written notice to the Title IX Coordinator that the complainant wants to withdraw the formal complaint or particular allegations in the complaint;
2. The respondent is a student and is no longer enrolled in the District or is an employee and is no longer employed by the District; or
3. Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the complaint or the allegations in the complaint.

If the Title IX Coordinator determines to dismiss the complaint on any of these grounds, then the coordinator shall promptly send simultaneous written notice of the dismissal and the reason(s) for dismissal to the parties.

34 CFR § 106.45(b)(3)(ii)

Appointment of Investigator and Decision Maker

Upon receipt of a formal complaint, the Title IX Coordinator shall either determine that the Title IX Coordinator will investigate the complaint or shall appoint a qualified and trained District employee to investigate the complaint.

The Title IX Coordinator shall also appoint one, three, or five qualified and trained District employees to render the decision on the complaint as provided below. Neither the Title IX Coordinator nor any investigator on a complaint may serve as a decision maker.

34 CFR § 106.45(b)(7)(i)

Written Notice of Complaint

Within 7 days of receipt of a formal complaint, the Title IX Coordinator shall provide to all known parties a written notice which includes:

1. Notice of the grievance procedures, including the availability of voluntary mediation as provided in this policy;
2. Notice of the allegations potentially constituting sexual harassment. This notice shall include, as known at the time of the notice, the identities of the parties involved, a description of the conduct allegedly constituting sexual harassment, and the date(s) and location(s) of the alleged incident(s). This information must be provided with sufficient time for a party to prepare a response before an initial interview;
3. The statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;

4. Notice that each party may have the assistance of an advisor of their choice (who may be an attorney but is not required to be an attorney);
5. Notice that each party may inspect and review evidence;
6. Notice that under this policy parties are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.

If during the course of the investigation the District decides to investigate allegations (about the complainant or the respondent) which are not included in the initial written notice, then the District will provide notice of the additional allegations to all known parties.

34 CFR § 106.45(b)(1)(v), (2)

Investigation, Initial Response to Evidence, and Investigative Report

The investigation will be completed as soon as reasonably possible, and generally not more than 30 days after the investigator is assigned.

34 CFR § 106.45(b)(1)(v)

The investigation should be conducted so as to obtain the evidence necessary to make a determination regarding responsibility. Typically, this would include interviewing and/or obtaining written or recorded statements from the complainant and the respondent as well as any witnesses to the alleged conduct. It would also include gathering relevant physical and documentary evidence, including but not limited to video or audio recordings, notes, email, text messages, and social media. However, the District may not obtain, access, or use a party's treatment records in any way unless the party has given voluntary written consent for those records to be used in the grievance process. (If the party is under 18 years old and is not attending an institution of postsecondary education, the consent must be given by the student's parent.) For purposes of this restriction, "treatment records" means records made or maintained in connection with providing treatment to a party by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity.

34 CFR § 106.45(b)(5)(i)

Prior to the conclusion of the investigation and the completion of the investigative report, the District will provide to the parties copies of all evidence obtained in the investigation which is directly related to the allegations in the complaint, including any inculpatory or exculpatory investigation and even if the District does not intend to rely on the evidence in making a responsibility determination. The copies will be provided in either electronic format or a hard copy. Each party may, within 10 days of being provided the evidence, submit a written response to the investigator regarding the evidence.

34 CFR § 106.45(b)(1)(v), (5)(vi)

After considering the evidence and any written response by the parties to the evidence, the investigator will complete an investigative report which fairly summarizes the relevant evidence. The completed report will be provided to each party and the party's advisor (if any) in electronic format or hard copy for review and written response. The report shall be provided at least 15 days before the time when the decision maker begins consideration of the evidence.

34 CFR § 106.45(b)(1)(v), (5)(vii)

Determination by Decision Maker

Upon the completion of the investigative report, the Title IX Coordinator shall notify the parties of the date when the decision maker will begin consideration of the evidence.

Position statement

On or before the date the decision maker begins consideration of the evidence, a party may submit a written statement which outlines the party's position regarding the allegations and evidence and states the party's requested determination regarding responsibility.

Written questions

Each party may, no later than 5 days before the time the decision maker begins consideration of the evidence, submit written, relevant questions that the party wants asked of any party or witness. Proposed questions may refer to or rely on any of the evidence disclosed to the parties by the investigator.

The decision maker shall determine whether each question is relevant to the allegations and to the issue of whether respondent is responsible for sexual harassment. However, questions and evidence regarding the complainant's sexual predisposition or prior sexual behavior are not relevant unless the questions and evidence either:

1. Are being offered to show that someone other than the respondent committed the alleged conduct, or
2. Are being offered to show consent and concern specific instances of the complainant's prior sexual behavior with respect to the respondent.

For any question excluded as not relevant, the decision maker must explain the decision to the party proposing the question.

The decision maker shall submit the approved questions and shall provide copies of the answers to all parties. Each party may, within 2 days of being provided answers, submit limited additional follow-up questions.

The decision maker shall determine whether follow-up questions are relevant and may also impose reasonable limitations on the number of follow-up questions allowed. The decision maker must explain to the party proposing the question any decision to exclude a follow-up question based on relevance.

The decision maker shall submit the approved follow-up questions and shall provide copies of the answers to all parties.

34 CFR § 106.45(b)(5)(vi), (6)(ii)

Written determination

After weighing the evidence and considering the materials submitted (including the investigative report and the parties' written submissions), the decision maker shall make a determination regarding responsibility. In so doing, the decision maker shall apply a preponderance of the evidence standard. Evidence must be evaluated objectively and credibility determinations may not be based on a person's status as a complainant, respondent, or witness.

34 CFR § 106.45(b)(1)(ii), (vii), (b)(7), (b)(7)(i)

If the decision maker consists of a panel of three or five individuals, the decision will be based on majority vote.

The decision maker will issue a written statement setting forth the determination, which must include the following elements:

1. Identification of the allegations potentially constituting sexual harassment as defined above;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's conduct policies (including this policy and student and employee discipline policies) to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility.
 - a. When a respondent is found responsible for sexual harassment against the complainant, the determination shall provide appropriate remedies to the complainant, which shall be designed to restore or preserve the complainant's equal access to the District's program or activity.
 - b. Such remedies may include the kinds of services which are included in "supportive measures" as defined above, but need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.
6. A description of the appeal procedures and the permissible grounds for appeal by the complainant or respondent (as set forth below).

34 CFR § 106.45(b)(1)(i), (b)(7)(ii)

The written determination shall be provided promptly and generally within 14 days after the date the decision maker begins consideration of the evidence. The written determination must be provided simultaneously to the parties.

34 CFR § 106.45(b)(1)(v), (b)(7)(iii)

The decision maker's determination becomes final on the date when the time to appeal expires (if no appeal is timely filed) or on the date that the District provides the written determination on a timely appeal.

34 CFR § 106.45(b)(7)(iii)

The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appeal

Grounds for appeal

A complainant or a respondent may appeal a dismissal decision or the determination of the decision maker based on the following grounds:

1. A procedural irregularity which affected the outcome;
2. New evidence that could affect the outcome which was not reasonably available at the time the dismissal was made or the decision maker made the determination; or
3. There was a conflict of interest or bias on the part of the Title IX Coordinator, an investigator, or a decision maker (either for or against complainants or respondents generally or for or against the individual complainant or respondent) that affected the outcome.

34 CFR § 106.45(b)(8)

Time for appeal

An appeal must be submitted within 14 days after the decision (the notice of dismissal or the decision maker's written determination) is provided to the party. Appeals submitted after that date will not be considered and the decision will be final.

34 CFR § 106.45(b)(1)(v)

Appeal process

The appeal must be delivered to the Title IX Coordinator, must be in writing and must identify each ground for appeal, together with supporting evidence and argument.

Upon receipt of a timely appeal, the following process will be implemented:

1. The Title IX Coordinator will appoint a qualified and trained District employee as the appeal officer. This person must be someone other than a decision maker on the complaint appealed from, the Title IX Coordinator or any investigator on the complaint.

2. The Title IX Coordinator will give the other party written notice of the appeal, including a copy of the appeal.
3. The other party may provide a written response to the appeal within 14 days of being provided the appeal, including supporting evidence and argument.
4. After the time for response has expired, the appeal officer shall consider the appeal and any response and within 14 days issue a written decision describing the result of the appeal and the rationale for that result.
5. The appeal officer considers only whether the appealing party has shown that one or more of the grounds for appeal have been demonstrated. The appeal officer must not reweigh the evidence considered by the decision maker and may consider new evidence only as it is relevant to the particular ground of appeal.
6. If the appeal officer determines that a ground for appeal has been established, then the appeal officer will determine what remedy is appropriate.
7. The appeal officer shall provide the appeal decision simultaneously to both parties.

34 CFR § 106.45(b)(1)(v). (viii)

Mediation

Except for complaints that an employee has sexually harassed a student, after a formal complaint has been filed, the parties may engage in mediation facilitated by the District as follows. Mediation may occur at any time before the decision maker issues the written determination.

The mediator will keep all information or evidence shared with the mediator strictly confidential and will not disclose that information outside the mediation process. In the complaint proceeding, the parties may not refer to or use any statements or information received only through the mediation process. (This does not include a written agreement by the parties resolving the complaint.) Either party may withdraw from mediation for any reason at any time before the party has agreed to a resolution of the complaint.

Once mediation is initiated, the complaint process will be suspended until the mediation ends (either with signing of a written agreement by the parties or by one or both parties withdrawing from the mediation). However, if mediation is not completed within 30 days of being initiated, the complaint process will resume.

If one or both parties express interest in mediation the Title IX Coordinator will provide both parties with a written notice which describes the allegations of the complaint and which explains the requirements and conditions of the mediation process. Before mediation may proceed, both parties must have been provided the written notice above and must give voluntary written consent to participate in mediation. (If a party is a student under 18 who is not attending a postsecondary

institution, this consent must be provided by the student's parent.)

If the parties agree to mediation, the Title IX Coordinator will appoint a District employee with appropriate training to serve as the mediator. The mediator may not be the Title IX Coordinator and may not participate in the complaint resolution in any other way (may not serve as an investigator, decision maker, or appeal officer).

If the parties reach an agreement to resolve the complaint through mediation, the mediator will reduce that agreement to writing and upon signing of the agreement by the parties will provide a copy of the agreement to the Title IX Coordinator. The Title IX Coordinator will implement the agreement, subject to the coordinator's authority to reject the agreement or request the parties to modify the agreement as needed for the District to meet its obligations under Title IX or to avoid unreasonable burdens on the District.

34 CFR § 106.45(b)(1)(v), (b)(9)

Qualification and Training—

To be qualified to serve as a Title IX Coordinator, investigator, decision maker, appeal officer, or mediator, an individual must not have a conflict of interest or bias for or against complainants or respondents generally or against a specific complainant or respondent.

The District will provide training on the following issues to Title IX coordinators, investigators, decision makers, appeal officers, and mediators:

1. The definition of sexual harassment;
2. The scope of the District's programs and activities;
3. How to conduct an investigation and grievance process including hearings, appeals, and mediations, as applicable;
4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
5. Issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant;
6. For investigators, training on issues of relevance relating to creating an investigative report that fairly summarizes relevant evidence;

Training materials must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment. Records of training materials shall be kept for 7 years by the Title IX Coordinator and shall be made available to the public on the District's website.

34 CFR § 106.45(b)(1)(iii), (10)(i)(D)

Retaliation Prohibited—

It is prohibited to intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing relating to sexual harassment or other types of sex discrimination. Prohibited retaliation includes acting with the purpose of interfering with any right or privilege secured by Title IX or implementing regulations or this policy by intimidation, threats, coercion, or discrimination. If brought for the purpose of interfering with these rights, prohibited retaliation includes charges against an individual for violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment. Reports of retaliation should be made as another form of sex discrimination under Policy FA (for students) or Policy DAA (for employees). Complaints regarding retaliation against a student may be raised under Policy FGE or as applicable under Policy FGAD or regarding retaliation against an employee under Policy DHC or as applicable under Policy DLA or Policy DLB.

34 CFR § 106.71(a)

Confidentiality—

Except to the extent required to carry out the required response to sexual harassment under this policy or other forms of sex discrimination under other policies, or as required by law, the District shall keep confidential the identity of (a) any individual who reports or complains of sexual harassment or other types of sex discrimination (including filing a formal complaint), (b) any respondent or other individual reported to have perpetrated another form of sex discrimination, and (c) any witness regarding sexual harassment or other form of sex discrimination. Except to the extent that maintaining confidentiality would impair the District's ability to provide supportive measures, the District shall keep confidential any supportive measures provided to a complainant or respondent. (In appropriately responding to sexual harassment, the District may need to disclose the identity of individuals for purposes of an appropriate investigation and following the grievance process or for purposes of appropriate supportive measures.) Disclosure is also allowed to the extent permitted by FERPA and its implementing regulations.

Records—

Records relating to sexual harassment shall be maintained by the Title IX Coordinator in a confidential manner and shall be kept for a period of at least 7 years.

The Title IX Coordinator shall create a record regarding each instance when the District has actual knowledge of sexual harassment (that is, when the District is required to respond in some way). This record shall include any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, shall document the basis for the conclusion that the District's response was not deliberately indifferent, and shall document that the District has taken measures designed to restore or preserve equal access to the District's education program or activity. If a complainant was not provided with supportive measures, then the Title IX Coordinator must document the reasons why that was not clearly unreasonable in light of the known circumstances.

In addition to the records in the prior paragraph, the Title IX Coordinator shall maintain records regarding each sexual harassment investigation, any disciplinary sanctions imposed, any remedies provided to the complainant designed to restore or preserve equal access to the District's program or activity, and regarding any appeal (including the result).

34 CFR § 106.45(b)(10)

Dissemination of Policy—

Notice of this policy and of the name and contact information of the Title IX Coordinator shall be provided to applicants for admission or for employment, students, parents of students, employees, and employee associations. The contact information for the Title IX Coordinator shall be prominently displayed on the District's website and in student admission materials and employment application materials. In addition, a copy of this policy shall be published on the District website and included in student admission materials, in employment application materials, in student handbooks, and in materials provided to employees. A copy of this policy shall also be provided to the appropriate officer of each employee association.

Discipline of Students with Disabilities

[Note: Most school districts have adopted policies regulating discipline of students with disabilities in conformity with the requirements of IDEA. A school may choose to follow the previously adopted policy, making reference to that policy, rather than including this section in the Safe Schools policy.]

Discipline Procedures for Students with a Disability—

Federal and state laws restrict disciplining a student for conduct which is a manifestation of a disability. Therefore, where a student who has been identified as eligible for special education services engages in conduct which is a violation of school rules or is conduct subject to discipline under this general policy, additional procedures may apply. If the student has not previously been identified as eligible for special education, but asserts that he or she should receive the procedural protections, application of the procedural protections will depend on the criteria set forth below.

Identified Students with a Disability Change of Placement for Disciplinary Reasons—

For purposes of removals of a student with a disability from the student's current educational placement, a change of placement occurs if:

1. The removal is for more than ten (10) consecutive school days.
2. The student is subjected to a series of removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year, because the student's behavior is substantially similar to behavior in prior incidents resulting in removal, and because of additional factors such as the length of each removal, the total amount of time each student is removed, and the proximity of the removals to one another. The District shall determine whether a pattern of removals constitutes a change in placement on a case-by-case basis.

[34 CFR § 300.536](#)

[State Board of Education Special Education Rules V.D.](#)

Removals—

1. Ten (10) School Days or Less
 - a. Short-term suspension
 - i. To the extent removal would be applied to students without disabilities, a principal may remove a student with a disability who violates the code of student conduct found in Policy FHA from his or her current placement to

an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten (10) school days without implicating any of the additional IDEA safeguards.

[State Board of Education Special Education Rules V.B.2.](#)

[34 CFR § 300.530](#)

[20 U.S.C. § 1415\(k\)\(1\)\(B\)](#)

2. Change in Placement: Removals for More than Ten (10) School Days

a. Long-term suspension or expulsion.

- i. Any suspension of a student with a disability for more than ten (10) days constitutes a change in placement, as does a change in the student's educational program (classroom assignment) for disciplinary reasons. Prior to a change in placement, parents of the student must be notified of the proposed change and provided the procedural safeguards notice described in the state's Special Education Rules, and the student's IEP team and other qualified personnel must conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to the disciplinary action. The manifestation determination review must take place immediately, if possible, but in no case later than ten (10) school days after the date on which the decision to take action was made.

[34 CFR § 300.530](#)

Manifestation Determination—

Within ten (10) days of any decision to change the placement of the student with a disability because of a violation of the code of student conduct, the school, the parent or guardian, and relevant members of the IEP Team (as determined by the parent/guardian and school) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided to the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or
2. If the conduct in question was the direct result of the school's failure to implement the IEP.

If the school, the parent or guardian, and relevant members of the IEP Team determine that either section one (1) or (2) above is applicable to the student, the conduct shall be determined to be a manifestation of the student's disability.

1. If the IEP Team determines that the student's disruptive behavior is a manifestation of the disability or the result of inappropriate placement, the student may not be disciplined for the conduct. If the student's behavior indicates an inappropriate placement, the IEP Team shall review the placement and recommend alternatives. If the IEP Team determines that the behavior was a manifestation of the disability, it shall either rewrite the IEP to

address the student's behavioral and educational needs or, when appropriate, consider the extension of an emergency removal.

2. If the IEP Team determines that the conduct is not a manifestation of the disability or a result of inappropriate placement, then the student may be disciplined under the same standards as are applied to non-disabled students. Provided, however, that if the student is suspended for more than 10 days in a given school year, the District still must provide services to the disabled student to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. The IEP Team shall determine the instructional and related services to be provided during the time of suspension. The student's IEP shall include goals and objectives designed to assist in returning the student to school and preventing significant regression.
3. If the student's parent or guardian disagrees with the IEP Team's manifestation determination, or regarding decisions for the student's placement, the parents may request a due process hearing pursuant to the policies governing students with disabilities.

[34 CFR § 300.121](#)

[34 CFR § 300.530\(e\)](#)

[State Board of Education Special Education Rules V.E.](#)

Students Not Identified as Eligible for Special Education—

If a student who has not been previously identified as eligible for special education services, or the student's parents, assert that the student is entitled to the special discipline procedures applicable to students with disabilities, then those procedures shall apply to the student if any of the following conditions are satisfied, subject to paragraph 4 below:

1. The student's parent or guardian has previously expressed in writing to the student's teacher or to supervisory or administrative personnel of the District that the student needs special education services.
2. The student's parent or guardian has previously requested that the student be evaluated for eligibility for special education services.
3. The student's teacher or other school personnel have previously expressed specific concerns about a pattern of behavior demonstrated by the student to the special education director of the school or to other supervisory personnel.
4. If, prior to the conduct for which discipline is contemplated, (a) the student's parent has not allowed an evaluation of the student for eligibility for special education services, (b) the student's parent refused special education services for the student, or (c) the District evaluated the student and determined that the student was not a child with a disability, then the special discipline procedures for students with disabilities shall not apply to the

student, and the student shall be disciplined in accordance with the procedures for non-disabled students.

If, during the period of time in which a student is subject to disciplinary sanctions, the student's parent or guardian requests that the student be evaluated for eligibility for special education services, an evaluation shall be conducted on an expedited basis. Until the evaluation is complete, the student's educational placement shall remain the same (if the child has been suspended or expelled, for example, the suspension or expulsion shall remain in effect).

[34 CFR § 300.534](#)

[State Board of Education Special Education Rules V.J.](#)

Removal of Disabled Students for Specific Conduct—

In the following circumstances, regardless of whether the student's action was a manifestation of the student's disability, the student may be placed in an interim alternative educational setting for a period to be determined but not to exceed 45 days.

1. The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the District;
2. The student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the District;
3. The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the District.

For purposes of determining if the applicable circumstances are present, the following definitions apply:

1. "Controlled substance" means a drug or other substance that cannot be distributed without a prescription, identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 USC 812(c)).
2. "Illegal drug" means a controlled substance but does not include a drug controlled, possessed, or used under the supervision of a licensed health-care professional or one legally possessed or used under state or federal law.
3. "Serious bodily injury" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. It excludes a cut, abrasion, bruise, burn, disfigurement, physical pain, illness, or a temporary impairment of the function of a bodily member, organ or mental faculty.
4. "Weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for or is readily capable of, causing death

or serious bodily injury. It excludes a pocket knife with a blade of less than 2.5 inches.

[34 CFR § 300.530\(g\)](#)

[State Board of Education Special Education Rules V.E.5.](#)

If the circumstances warranting an interim alternative educational setting are present, then:

1. The appropriate interim alternative educational setting shall be determined by the IEP Team.
2. If the student's parent or guardian requests a due process hearing, the student shall remain in the alternative educational setting during the pendency of any due process proceedings unless the parents and the special educational coordinator agree otherwise.
3. The IEP Team must convene prior to the end of the period of removal to the alternative educational setting to determine the least restrictive environment in which the student may be placed when the period of removal is concluded.

Disruptive Student Behavior

Disruptive Student Behavior—

It is a violation of District policy for a student to engage in disruptive student behavior. Disruptive student behavior includes:

1. Frequent or flagrant willful disobedience, defiance of proper authority, or disruptive behavior, including the use of foul, profane, vulgar, or abusive language;
2. Willful destruction or defacing of school property;
3. Behavior or threatened behavior which poses an immediate and significant threat to the welfare, safety, or morals of other students or school personnel or to the operation of the school;
4. Illicit use, possession, or distribution of a controlled substance, drug paraphernalia, a tobacco product, an electronic cigarette product, or an alcoholic beverage;
5. The commission of an act involving the use of force or the threatened use of force which if committed by an adult would be a felony or class A misdemeanor.

Notice of Disruptive Student Behavior—

A school principal or the principal's designee shall issue a Notice of Disruptive Student Behavior to a student, nine years of age or older, who:

1. Engages in disruptive student behavior, which does not result in suspension or expulsion, three times during the school year; or
2. Engages in disruptive student behavior, which results in suspension or expulsion, once during the school year.

The Notice of Disruptive Student Behavior shall:

1. Include a list of available resources, including a school counselor or other school representative designated to work with the student, to assist the parent in resolving the student's disruptive behavior problem before the student becomes subject to the jurisdiction of the juvenile court as discussed below;
2. Require the student and a parent of the student to meet with school authorities to discuss the student's disruptive behavior and cooperate in correcting the disruptive student behavior;
3. Outline the procedure the parent can follow to contest the notice of disruptive student behavior; and
4. Shall be mailed by certified mail to, or served on, the parent of the student.

A copy of the Notice of Disruptive Student Behavior and any related documentation shall be retained by the school as documentation regarding the notice.

Habitual Disruptive Student Behavior Notice—

A habitual disruptive student behavior notice may only be issued by the school principal, a designee of the school principal, or a truancy specialist, to a student, nine years of age or older, who:

1. Engages in disruptive student behavior, that does not result in suspension or expulsion, at least six times during the school year;

Safe Schools

Emergency Safety Interventions

This policy governs the use of emergency safety interventions, which are used to address situations where a student presents an immediate danger (to self or others) but which are not used for disciplinary purposes.

Definitions—

“Emergency safety intervention,” or “ESI,” means the use of seclusionary time out or physical restraint when a student presents an immediate danger to self or others, and the intervention is not for disciplinary purposes.

“Seclusionary time out” means that a student is:

1. Placed in a safe enclosed area by school personnel (the area must meet applicable health department and fire marshal regulations);
2. Purposefully isolated from adults and peers; and
3. Is prevented from leaving (or reasonably believes that the student will be prevented from leaving) the enclosed area.

“Physical restraint” means personal restriction that immobilizes or reduces the ability of an individual to move the individual’s arms, legs, body, or head freely.

“Immediate danger” means the imminent danger of physical violence or aggression towards self or others which is likely to cause serious physical harm.

[Utah Code § 53G-8-301\(3\) \(2018\)](#)

[Utah Admin. Rules R277-609-2\(3\), \(7\), \(10\), \(20\) \(January 22, 2020\)](#)

Emergency Safety Intervention—

An emergency safety intervention is using seclusionary time out or physical restraint when a student presents an immediate danger to self or others (not for disciplinary purposes). The District shall implement policies and procedures for the use of emergency safety interventions for all students which are consistent with evidence-based practices.

Physical restraint as part of an emergency safety intervention may not be used with a student except within the guidelines stated below under Physical Restraint. Mechanical restraint may not be used as part of an emergency safety intervention, except those which are protective, stabilizing or required by law, or any device used by a law enforcement officer in carrying out law enforcement duties, including seatbelts or any other safety equipment when used to secure students during transportation. Chemical restraint may not be used as part of an emergency safety intervention, except as prescribed by a licensed physician, or other qualified health professional acting under the scope of the professional’s authority under State law, for the standard treatment of a student’s medical or psychiatric condition;

and administered as prescribed by the licensed physician or other qualified health professional acting under the scope of the professional's authority under state law.

Seclusionary time out as part of an emergency safety intervention may not be used with a student except when a student presents an immediate danger of serious physical harm to self or others and within the guidelines stated below under Seclusionary Time Out.

For a student with a disability, emergency safety interventions may not be written into a student's individualized education program as a planned intervention unless school personnel, the family, and the IEP team agree less restrictive means have been attempted to address the qualifying circumstances (that is, circumstances where the student presents an imminent danger of physical violence or aggression towards self or others which is likely to cause serious physical harm) have been attempted, a functional behavior analysis has been conducted, and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

[Utah Admin. Rules R277-609-5 \(January 22, 2020\)](#)

Physical Restraint—

Physical restraint may only be used when a student presents a danger of serious physical harm to self or others. It may not be used as a means of discipline or punishment. The student may not be placed in a prone (face-down) or supine (face-up) position in physical restraint. No restraint may be used which obstructs the airway of a student or which adversely affects a student's primary mode of communication.

All physical restraint must be immediately terminated when the student either (a) is no longer an immediate danger to self or others, or (b) is in severe distress. The restraint must be for the minimum time necessary to ensure safety and the District's release criteria must be implemented. However, before stopping, releasing, and reassessing, a student may not be physically restrained for more than the shortest of: 30 minutes; the time described in the District's emergency intervention training program; or when law enforcement arrives or reasonable in extreme circumstances.

Seclusionary Time Out—

A seclusionary time out may only be used for purposes of maintaining safety and may not be used as a means of discipline or punishment. Seclusionary time out shall be used for the minimum time necessary to ensure safety and shall end according to the District's release criteria. However, a student may not be placed in seclusionary time out for more than 30 minutes. In using seclusionary time out, any door must remain unlocked and the student must be maintained within line of sight

of the employee using the seclusionary time out and the employee must confirm that the area meets applicable fire and public safety regulations.

Parental Notice—

When an ESI (physical restraint or seclusionary time out) is used to protect the student or others from harm, a school shall notify the student's parent as soon as reasonably possible and in any event before the student leaves the school. The school shall also notify the administration and provide documentation of the ESI to the ESI Committee. If an ESI is used for more than 15 minutes, the school shall provide a second notice to the student's parent and to the administration.

The notice provided shall be documented in the student information system records.

The school shall, upon his or her request, provide to the student's parent or guardian a copy of any notes or additional documentation taken during an ESI. Within 24 hours of an ESI, the school shall notify the student's parent or guardian that such a request may be made. A student's parent or guardian may request a time to meet with school staff and administration to discuss the use of an ESI.

ESI Committee—

The District shall establish an Emergency Safety Intervention (ESI) Committee with members appointed by the Superintendent and consisting of two or more administrators, at least one parent or guardian of a student enrolled in the District, and at least two certified educational professionals with behavior training and knowledge of state rules and District discipline policies.

The ESI Committee shall meet often enough to monitor the use of emergency safety intervention in the District, shall determine and recommend professional development needs relating to emergency safety intervention, shall develop policies for local dispute resolution processes to address concerns regarding disciplinary actions, and shall ensure that each emergency incident where a school employee uses an ESI is documented in the District's student information system and is reported to the State Superintendent through UTREx.

The District shall collect, maintain, and periodically review documentation and other records of the use of emergency safety interventions at schools within the District, according to procedures defined by the State Superintendent of Public Instruction. Such documentation and records shall be provided annually by June 30 to the State Superintendent. In addition, the District shall submit all required UTREx

Student Courts

Board Directive—

The Board of Education has determined that it is in the best interest of the school district to establish the opportunity for students to participate in student courts to resolve issues of a limited nature. The purpose of this policy is to state the issues that may be addressed by student courts and to establish court procedure and jurisdiction.

Delegation of Authority—

The Board hereby delegates limited authority to conduct hearings to student courts. Student courts shall have the authority to act for the Board as first level hearing officers. All decisions by student courts shall be final for those participants who have elected to participate in the student court system, unless the school principal finds the student court's decision to be arbitrary and capricious, in which event the principal shall make an alternative decision which is binding upon the students.

Matters Which May Be Decided by Student Court—

Student courts are hereby delegated authority to resolve only those issues arising out of actions by students which may result in a suspension from school for less than 10 days. Student courts may not resolve issues related to suspensions for more than 10 days, which may require school transfer, or which involve actions under the safe school policy. In addition, student courts shall be open to address grievances of one student against another student that do not involve a school suspension.

Members of the Student Court System—

Student court judges shall be students who have been appointed by educators in the school where the students attend. A supervising educator shall be appointed to administer the student courts. A panel of 3 student judges shall be picked by a randomizing method from a pool of at least 9 student judges. A possible method is to put all of the names of student judges in a container and three names shall be drawn at random by the supervising educator.

Initiating a Complaint—

Any student who is subject to being suspended from school for less than 10 days shall be entitled to seek review of the decision to suspend by filing a grievance in writing with the supervising educator requesting review of the matter by a student court. In addition, any student having a grievance against another student may also file a written statement of grievance requesting review by a student court. A grievance is filed by delivering to the supervising educator in the school attended by the student a written statement requesting review by a student court of the decision to suspend providing a written statement of the cause of the grievance and identifying any witnesses that the grievant desires to

have in attendance at a hearing. When feasible, a hearing shall be convened as soon as practicable, usually within two days after receiving notice. The supervising educator shall notify the grieving student, all witnesses, the student judges and, if a student has been identified in the grievance as the person against whom the grievance is filed, then that person also shall be notified of the time and place of the hearing. Witnesses and students against whom grievances are filed shall not be compelled to attend if they choose not to participate in the student court process.

Hearings—

All hearings shall be held at times that do not interfere with classroom instruction or school programs and activities. The hearing shall be conducted by the panel of three (3) student judges. The student participants do not have a right to representation or counsel from others in the hearing. Hearings shall be recorded.

If the hearing involves suspension of a student, then educators who have investigated the matter shall first state why the student was suspended and present documents and other evidence to support the decision to suspend. Thereafter the student shall be given an opportunity to make a statement, present witness and other evidence.

If the hearing involves a grievance against another student, then the grieving student shall have an opportunity to present his or her side of the case first, with panel judges conducting any interrogation they deem necessary to learn facts of the matter. The grieving student may call witnesses to make statements and answer questions and present any documents or other evidence they deem appropriate that is relevant to the matter before the student court. Thereafter, the student against whom the grievance is filed, if any, may make statements, call witnesses and present other evidence.

A decision of the panel must be decided by at least two of the three student judges sitting on the panel. The decision of the student panel of judges shall be rendered immediately and a written statement of the decision shall be delivered to the school principal within 24 hours. The school principal shall give effect to the decision of the student panel unless, upon review of the record created in the hearing, the principal deems the decision to be arbitrary and capricious, in which event the principal shall make an alternative decision which is binding upon the students.

Eligibility for Waiver

A waiver shall be granted to a student if charging the fee would deny the student the opportunity to participate in a class or school-sponsored or supported activity because of an inability to pay a fee.

[Utah Admin. Rules R277-407-8\(3\) \(December 10, 2019\)](#)

[Utah Admin. Rules R277-407-11\(1\), \(2\) \(December 10, 2019\)](#)

A student who does not qualify based on the foregoing may also be granted a waiver if the student is not reasonably capable of paying the fee based on extenuating circumstances. Such circumstances might include exceptional financial burden, loss or substantial reduction of income, or extraordinary medical expenses.

[Utah Admin. Rules R277-407-11\(4\) \(December 10, 2019\)](#)

In lieu of income verification, the school may rely on the following alternative forms of verification:

2. If the student receives SSI, a benefit verification letter from the Social Security Administration;

Addressing the Effect of Waivers

The District shall identify and address potential inequities due to the impact of the number of students who receive waivers with each of the District's Schools. The

Board shall distribute the impact of fee waivers among the schools of the District so that no school carries a disproportionate share of the District's total fee waiver burden, including by sharing revenue among the schools to remedy that lost through waivers.

Fee Collection—

Students may not be involved in the collection of fees.

The school may allow a fee to be paid through an installment payment plan. However, such a plan may not be required in lieu of a fee waiver.

[Utah Admin. Rules R277-407-9\(5\) \(December 10, 2019\)](#)

The District may pursue reasonable methods of collecting fees. However, the District may not, as a result of unpaid fees:

1. Exclude a student from school or from an activity, class, or program during the regular school day;
2. Refuse to issue a course grade; or
3. Withhold official student records, including written or electronic grade reports, diplomas, or transcripts.

If the school has been provided with a copy of a court order allocating responsibility for school fees between a student's parents before the day on which the school first issues a bill for a school fee, the school shall, upon request from either parent, separately bill each parent for the share of the fee that the parent is to pay under the court order. Each parent is liable only for the share of the fee the parent is required to pay under the court order, and regardless of whether the court order is provided to the school before or after the bill is issued for the fee, the school may not make a negative credit report relating to a fee about a parent who has paid the share of the fee required by the court order. The school may bill a parent for that parent's share of the fee even though the other parent has obtained a full or partial fee waiver.

[Utah Code § 15-4-6.7 \(2017\)](#)

Staff Training—

Employees of the District shall receive, on at least an annual basis, training on fee policies specific to the employee's job function. Such training shall make use of the resources and training materials provided by the State Superintendent.

[Utah Admin. Rules R277-407-15 \(December 10, 2019\)](#)

Reporting and Certification—

For the 2020-2021 school year, the District shall measure the total number of students who pay each fee, the money received for each fee, the total number of students who receive a fee waiver, and the value of each waiver for each waived fee. These categories of data shall be reported to the State Board of Education by July 1, 2021.

[Utah Code § 53G-7-503\(5\)\(a\) \(2020\)](#)

The District's annual year-end report to the State Superintendent shall include (1) a summary of the number of students in the District given fee waivers, the number of students who worked in lieu of a fee waiver, and the total dollar value of fees waived by the District; (2) a copy of the District's fee and fee waiver policies; (3) a copy of the District's fee schedule for students; (4) the notice of fee waiver criteria which is provided by the District to parents or guardians; and (5) a fee waiver compliance form for the District and each school (using the forms approved by the State Superintendent).

[Utah Admin. Rules R277-407-14 \(December 10, 2019\)](#)

The District and each school shall complete and submit such compliance forms as are required by the State Board of Education.

2. The person is in possession of and produces a validly issued subpoena or court order instructing the school to deliver the student to the person named in it, and the person can positively identify him or herself as the person named to receive the student in the subpoena.

School Uniforms

School student uniform policies authorized—

School principals may, as set out in this policy, require students enrolled at a school to wear a designated school uniform during the school day. “Principal” includes the chief administrator of a school that does not have a principal. “School Uniform” means special clothing items or shoes that meet specific requirements (including a specific color, style, fabric, or imprint) that students are required to provide and which are worn for a curricular activity. “A curricular activity” is an activity, course, or program which is intended to provide instruction, which is provided, sponsored, or supported by the District or school and which is only conducted during school hours. “School uniform” does not include “school activity clothing,” which is special shoes or items of clothing which are worn for co-curricular or extracurricular activities.

The school uniform policy may not include very expensive or prescriptive clothing requirements unless the school uniform requirements are to be considered a fee. (In that case, the school uniform requirements would need to be approved as a fee under Policy FI.) In addition, the policy shall:

1. Protect students’ free exercise of religious beliefs;
2. Specify whether the uniform policy is voluntary or mandatory for students;
3. Specify whether the uniform policy has an opt-out provision in addition to principal-approved exemptions for extenuating circumstances;
4. Include a provision for financial assistance to families who cannot afford to purchase a required uniform, which may include:
 - a. The school providing school uniforms to students;
 - b. The school making used school uniforms available to students; or
 - c. Other programs to make school uniforms available to economically disadvantaged students.

A school uniform policy is not considered a fee for either an elementary or a secondary school unless the policy requires clothing that is expensive or prescriptive.

The principal or Board shall establish the manner and time of this election.

[Utah Code § 53G-7-803\(2\) \(2019\)](#)

Sharing Records—

The District shall provide a private, controlled, or protected record to another governmental entity, a political subdivision, a government-managed corporation, the federal government, or another state if the requesting entity:

1. is entitled by law to inspect the record; or
2. is required to inspect the record as a condition of participating in a state or federal program or for receiving state or federal funds.

The District may provide a record that is private, controlled, or protected to another governmental entity, a government managed corporation, a political subdivision, the federal government, or another state if the requesting entity:

1. serves as a repository or archives for purposes of historical preservation, administrative maintenance, or destruction;
2. enforces, litigates, or investigates civil, criminal, or administrative law, and the record is necessary to a proceeding or investigation;
3. is authorized by state statute to conduct an audit and the record is needed for that purpose;
4. is one that collects information for presentence, probationary, or parole purposes; or
5. is the Utah Legislature, a legislative committee, a member of the Legislature, or a legislative staff member acting at the request of one of these entities and the record is requested in connection with the Legislatures duties including preparation or review of a legislative proposal or legislation, appropriations, or an investigation or review by the Legislature or a legislative committee.

The District may provide a private, controlled or protected record to another governmental entity, a political subdivision, a government managed corporation, the federal government, or another state if the requesting entity provides written assurance:

1. that the record or record series is necessary to the performance of the governmental entity's duties and functions;
2. that the record or record series will be used for a purpose similar to the purpose for which the information in the record or record series was collected or obtained; and
3. that the use of the record or record series produces a public benefit that outweighs the individual privacy right that protects the record or record series.

[Utah Code § 63G-2-206 \(2019\)](#)

The District may disclose records that may evidence or relate to a violation of the law to a government prosecutor, peace officer, or auditor.

[Utah Code § 63G-2-206\(9\) \(2019\)](#)

A governmental entity, including the District, that receives a record pursuant to this policy, Sharing Records, or [Utah Code § 63-2-206](#), is subject to the same restrictions on disclosure of the record as the originating entity.

[Utah Code § 63G-2-206\(6\) \(2019\)](#)

Procedures—

A person may request access to the District's records if that person meets the requirements set forth in this policy and submits a written request containing the requester's name, mailing address, daytime telephone number, a specific description of the records requested and showing the requester's status as one entitled to access to such records. Each requester shall submit a written request specifically identifying those documents requested. The request shall specifically state whether:

1. the requester seeks only to inspect the records;
2. the requester seeks to inspect and obtain copies of records; or
3. the requester seeks to have the District identify and provide copies of the requested records, without prior inspection by the requester.

In the event that copies of records are requested, the requester shall pay fees as set forth below.

Procedures for Electronic Records—

In submitting the records request, the requester shall also state if the requester desires copies of the records in electronic format. Upon receipt of such a request, the District shall provide records in electronic format if otherwise appropriate under this policy and if all of the following requirements are met: (1) the District maintains the records in a format that is reproducible, (2) the record can be provided to the requester without reformatting or conversion, and (3) the electronic copy either does not disclose other records which are exempt from disclosure or the electronic records to be disclosed can be segregated from those not to be disclosed without undue expense to the District.

[Utah Code § 63G-2-201\(14\) \(2019\)](#)

Records Officer—

The Superintendent shall appoint a "records officer" to work with Division of Archives and Records Service in the care, maintenance, scheduling, designation, classification, disposal, and preservation of records.

Each records officer shall, on an annual basis, successfully complete online training and obtain certification from Division of Archives and Records Service.

[Utah Code § 63G-2-103\(24\) \(2018\)](#)

[Utah Code § 63G-2-108 \(2012\)](#)

Access to District Records—

A request to view District records should be addressed to the appropriate records officer during regular business hours. Individuals requesting to view records classified as “Private,” “Controlled,” or “Protected” must prove their right of access to the records through personal identification, written release from the subject of the record, power of attorney, court order or other appropriate means.

The records officer shall determine whether access to the requested records is to be granted or denied.

If the request is granted, the record shall be provided as soon as possible and not more than ten (10) business days from the date the request is received unless extraordinary circumstances as identified in [Utah Code § 63G-2-204\(6\)](#) require a longer period of time. If the requester seeks an expedited response, the time for response to the request shall be five (5) business days if the requester demonstrates that the request benefits the public rather than the requester. This public benefit is presumed if the request is made to obtain information for a story or report for publication or broadcast to the general public. The District shall promptly evaluate all requests for expedited responses and if the District determines that the requester has not demonstrated that the request is for public benefit and that the response to the request will therefore not be expedited, the District shall so inform the requester within five (5) business days of the request.

If the request is denied wholly or partly, the records officer must provide a written denial which:

1. Describes the records or parts of the records to which access is denied (provided that the description does not disclose private, controlled, or protected information);
2. Cites to the provisions of the Open and Public Meetings Act or other law or regulation exempting the record or parts of record from disclosure (provided that this does not disclose private, controlled, or protected information);
3. States that the requester has the right to appeal the denial to the superintendent;
4. States that the appeal must be made within 30 days after the denial is sent; and
5. States the superintendent’s name and business address.

The written denial is to be sent to the requester’s address or personally delivered to the requester.

[Utah Code § 63G-2-205 \(2008\)](#)

If the records are not maintained by the District, the requester should be informed that the records cannot be provided for that reason.

If the District determines that extraordinary circumstances as identified in [Utah Code § 63G-2-204\(6\)](#) require a longer time for response, the District shall notify the requester of that determination within ten business days (five for public benefit requests) and shall describe in the notice the circumstances which constitute the extraordinary circumstances and shall inform the requester when the records or shall be available or response shall be made consistent with [Utah Code § 63G-2-204\(7\)](#).

[Utah Code § 63G-2-204 \(2019\)](#)

Fees for Search and/or Duplication of Records—

A fee shall be charged for the District's actual cost of duplicating a requested record and also for the personnel time in compiling and obtaining the record, which charge shall be the hourly rate of the lowest paid employee that the custodian of records determines has the necessary skill and training to perform the request.

However, no fee may be charged for:

1. the time and work required to determine whether the record is subject to disclosure (beyond that needed to retrieve the record or compiling, formatting, manipulating, packaging, summarizing, or tailoring the record as needed to meet the request, which can be charged as set out above);
2. the requester's inspecting the record; or
3. the first quarter-hour of staff time in compiling and obtaining the record.

An additional charge of \$_____ shall be charged per each page of a document which has been requested to be certified.

Before beginning to process a request, the District shall require the requester to pay any past unpaid fees of the requester and shall require the payment of the estimated future fees if those are expected to exceed \$50.00.

[Utah Code § 63G-2-203 \(2016\)](#)

Right to Require Requester to Make Copies—

If an appropriate requester requests to have copies of more than fifty (50) pages of records, the District may in its sole discretion provide the requester with facilities to make copies and require the requester to make copies him or herself at his or her own expense.

[Utah Code § 63G-2-201\(11\) \(2019\)](#)

Appeals Process—

An appeal of an access denial may be made by the requester or by any interested party. (An "interested party" is a person other than the requester who is aggrieved by an access denial. An "access denial" is the complete or partial refusal to disclose a record or the failure to respond or to timely respond to a records request.) The requester may also appeal a denial of a request to waive fees or the records officer's determination that extraordinary circumstances exist justifying additional time for responding and the date determined for response.

[Utah Code § 63G-2-203\(6\) \(2016\)](#)

[Utah Code § 63G-2-400.5 \(2019\)](#)

[Utah Code § 63G-2-401 \(2019\)](#)

An appeal is made by filing a notice of appeal with the superintendent within 30 days after (1) the District sends or delivers the notice of denial or denies a request to waive fees, (2) the records request is considered denied because the District has not timely responded to the request, or (3) the District gives notice of the claim of extraordinary circumstances justifying a longer time for responding.

[Utah Code § 63G-2-401\(1\) \(2019\)](#)

The notice of appeal must include (1) the name, mailing address, and daytime telephone number of the requester or interested party and (2) the relief sought. The appealing party may also file a short statement of facts, reasons, and legal authority in support of the appeal.

[Utah Code § 63G-2-401\(2\), \(3\) \(2019\)](#)

If the appeal involves a record which is subject to a claim of business confidentiality, then the superintendent shall send notice of the appeal to the person claiming business confidentiality within three business days after receiving the notice of appeal (or, if the notice has to be given to more than 35 persons, as soon as reasonably possible). The superintendent shall also send notice to the appealing party of the business confidentiality claim and the schedule for deciding the appeal within three business days after receiving the notice of appeal. The business confidentiality claimant has seven business days after the superintendent sends notice to the claimant in which to submit further support of the claim of confidentiality.

[Utah Code § 63G-2-401\(4\) \(2019\)](#)

The superintendent shall rule on the appeal within ten business days of receiving the notice of appeal unless the requester or interested party demonstrates that an expedited decision benefits the public rather than the requester or interested party, in which case the superintendent shall rule on the appeal within five business days of receiving the notice of appeal. However, if the record is subject to a claim of business confidentiality, the superintendent shall rule on the appeal within twelve business days after the superintendent sends the notice of appeal to any individual asserting a claim of business confidentiality. If the superintendent does not rule on the appeal within these time periods, then the superintendent is deemed to have affirmed the access denial or the claim of extraordinary circumstances requiring additional time to respond or the extended date to respond.

[Utah Code § 63G-2-401\(5\) \(2019\)](#)

The District shall send written notice of the superintendent's decision to all participants. If the superintendent in whole or in part affirms the access denial, this notice shall state (1) that the appealing party has the right to appeal the decision to the State Records Committee or to a state district court, and (2) the name and business address of the executive secretary of the State Records Committee. The

time for filing an appeal to the State Records Committee is thirty days after the superintendent's decision is issued. However, if the issue was a claim of extraordinary circumstances or an extended response date based on extraordinary circumstances and if the superintendent does not make a decision, then the appeal to the State Records Committee may be filed within forty-five days of the original records request. If the appeal is by filing a petition for judicial review in district court, the petition must be filed within thirty days of the superintendent's decision.

[Utah Code § 63G-2-401\(7\) \(2019\)](#)

[Utah Code § 63G-2-403\(1\) \(2019\)](#)

[Utah Code § 63G-2-404\(1\)\(a\) \(2019\)](#)

An individual who is aggrieved by the District's classification or designation of records for GRAMA purposes (but who is not requesting access to the records) may appeal the District's action to the superintendent following these procedures. However, if the non-requesting party is the only party appealing, the decision on the appeal is to be made within thirty days of the notice of appeal.

[Utah Code § 63G-2-401\(8\) \(2019\)](#)

Retention of District Records—

The District shall adhere to the general schedule for records retention approved by the State Records Committee. Records which are not covered by the general schedule shall be submitted to the State Records Committee for scheduling.

Amendment of Records—

An individual may contest the accuracy or completeness of any public, or private, or protected record concerning him/her by requesting the School District to amend the record. However, this provision does not affect the right of access to private or protected records. This provision does not apply to records relating to title of real property, medical records, judicial case files, or any other records that the School District determines must be maintained in their original form to protect the public interest or preserve the integrity of the record keeping system.

[Utah Code § 63G-2-603 \(2008\)](#)

Request to Amend—

The request to amend shall contain the requester's name, mailing address, daytime telephone number and a brief description explaining why the specific record should be amended.

[Utah Code § 63G-2-603\(2\)\(b\) \(2008\)](#)

Response—

The School District shall issue an order either approving or disapproving the request to amend no later than thirty (30) days after the request is made. The order shall state reasons for the decision. If the request is denied, the requester may submit a written statement contesting the information in the record. The School

District shall place the statement with the record, if possible, and disclose the statement whenever the contested record is disclosed.

[Utah Code § 63G-2-603\(5\), \(6\) \(2008\)](#)

Notice to Provider of Information—

The District shall post a notice and explain upon request to a person who is asked to furnish information that could be classified as a private or controlled record:

1. The reasons the person is asked to furnish information that could be classified as a private or controlled record;
2. The intended uses of the information;
3. The consequences for refusing to provide the information; and
4. The reasons and circumstances under which the information may be shared with or provided to other persons or governmental agencies.

[Utah Code § 63G-2-601\(2\), \(3\) \(2008\)](#)

Public Complaints

Presentation in hearings procedure—

In most circumstances, citizens shall be entitled to administrative conferences and informal presentations of the complaint to the Board. Citizen complaints shall be handled as follows:

1. Complaints shall initially be discussed with the appropriate administrator within 15 calendar days of the event or action that is the subject of the complaint.
2. If the complaint is not resolved, the citizen may request a conference with the Superintendent or Superintendent's designee. Prior to the conference with the Superintendent or designee, the citizen shall submit a written complaint that includes a description of the complaint, the solution sought, and the date of the conference(s) with the administrator.
3. If the outcome of the conference with the Superintendent or designee is not to the citizen's satisfaction, the citizen may present the complaint to the Board at the next regular meeting.

The Board shall designate a portion of its regular monthly meeting to hear citizen complaints. The Board may set reasonable time limits on complaint presentation. The Board shall listen to the complaint but is not required to respond or take action on the matter unless the complaint is from an aggrieved party, as defined below.

Aggrieved parties—

An “aggrieved party” is a citizen who has allegedly suffered a violation of a constitutional, statutory, or common law right, or a violation of a rule adopted by the State Board of Education or public complaint policy adopted by the Board.

Notice—

An aggrieved citizen shall make a written request for a hearing, identifying specifically the claimed violation and the relief requested. The written request shall be deemed filed upon receipt by the Superintendent's office. Failure of the citizen to file such a request within 30 days of the claimed violation shall be deemed a waiver by the citizen of his or her rights to contest the alleged violation.

The hearing—

Aggrieved parties shall, upon proper request, be afforded a hearing before the Board in accordance with applicable law. However, this provision shall not be construed to create an independent right to a hearing before the Board in addition to hearings required by law. The Board shall conduct a hearing for aggrieved parties within 30 days of receipt of a written request for a Board hearing, unless the hearing is postponed by mutual consent. The Board shall notify the aggrieved citizen in writing of the time and place of the hearing.

Executive session—

If the complaint involves complaints or charges about an employee of the school district, the complaint shall be heard by the Board in a closed meeting unless the employee allegedly involved in the complaint requests a public meeting to review the complaint.

[Utah Code § 52-4-205\(1\)\(a\) \(2019\)](#)

Notice of decision—

The Board shall notify the aggrieved citizen of its decision in writing within 15 days after the hearing.

Exceptions—

Complaints for which other resolution procedures are provided shall be directed through those channels.

Community Use of School Facilities

Civic Center—

Public school buildings and grounds are civic centers and shall be used by District residents for supervised recreational activities and meetings, subject to the requirements and restrictions set forth below. Use of school property as a civic center may not interfere with a school function or purpose and is considered a “permit” for governmental immunity purposes.

[Utah Code § 53G-7-209 \(2018\)](#)

Civic Center Use Limited to District Residents—

School buildings and grounds are only available for civic center use to organizers who are residents of the District. Requests for civic center use must be accompanied by appropriate documentation of the requester’s residence within the District.

[Utah Code § 53G-7-209\(4\) \(2018\)](#)

Fees for Use of School Property for Civic Center Purposes—

The Board may set and charge a reasonable fee for the use of school property as a civic center to fully compensate the District for any and all expenses incurred in that use. The fee charged may take into account increased overhead expense, including utilities, personnel, and other areas affected by use of the facilities.

[Utah Code § 53G-7-210\(2\)\(c\) \(2018\)](#)

Special Functions Officer—

The Board may appoint a District security officer or student resource officer as a special functions officer. The special functions officer shall have charge of the grounds and shall take reasonable measures to protect school property when used for civic center purposes.

[Utah Code § 53G-7-210\(2\)\(d\) \(2018\)](#)

[Utah Code § 53-13-105\(1\)\(b\)\(v\) \(2016\)](#)

Duties of School Principal—

The Principal, subject to approval of the Superintendent, shall allow the use of school facilities and shall also be responsible for collection of monies, notification of personnel involved (custodian, lunch manager, or technician), and the determination of free use of the building according to policy.

Rental of School Facilities—

The rental of school facilities for other than school use shall be according to the following guidelines:

1. Application for rental will be made with the principal of the school. Application requires the signatures of the applicant, principal and Superintendent.
2. Rental rates will be determined according to the rental rate as approved by the Board of Education.
3. Payments will be collected by the Principal, recorded, and sent to the District Office with a copy of the original application.
4. Cancellations will be reported to the District Office.
5. Personnel charges will be added according to the rates listed on the rental schedule.
6. The Principal shall submit to the District a report of the use of building or grounds.
7. The Principal shall report questionable use or activity connected with rental of facilities.
8. A certificate of liability insurance is required with limits of not less than \$500,000. The District shall be named as an additional insured. (This provision (8) can only be waived in writing by the Board of Education.) A Hold Harmless Agreement shall also be entered into.

Supervision—

The principal shall be responsible for adequate supervision of the school during rental hours. Any non-school group occupying school property shall provide adult supervision adequate to maintain order and prevent the destruction of school property. Facilities shall not be available at the time of use unless the supervisor or supervisors are present as agreed. At the time of rental, arrangements shall be made for adequate supervision. School supervision shall consist of a minimum of one custodian to care for the interest of the District and its property. In the absence of the principal, the custodian shall be in complete charge of the building and grounds.

Supervision and Use of Equipment, Building and Grounds—

Arrangements for adequate supervision shall be made in keeping with the use for which the rental is made to ensure proper conduct in and around the building and the proper care of the school and its equipment.

Inadvisable Uses—

The Board may refuse to permit the use of school property as a civic center if it determines the use interferes with a school function or purpose.

[Utah Code § 53G-7-209\(3\) \(2018\)](#)

Standards of Behavior—

The principal of the school shall accept application from only those groups who can assure adherence to the standards of behavior of the school. Tobacco,

electronic cigarette products, intoxicating drinks, and boisterous conduct are expressly prohibited. The following will not be tolerated and are expressly prohibited by the Board:

1. vandalism;
2. use without consent, or abuse of school furniture or other school property; and,
3. misappropriation or abuse of books, supplies, or athletic equipment belonging to the school or to its students. School athletic equipment may only be used with prior approval of the principal.

Use of Practice Fields and Other School Ground Facilities—

The use of school ground facilities will be allowed at no cost provided fields are not abused or used during extremely wet conditions or other times when the field would be damaged.

Community groups such as Little League Football will be allowed to use specified areas of the school grounds as approved by the Principal.

Due to excessive use of the regular playing fields within the regular school program, the necessity of keeping certain playing fields in top condition for school league play, makes the regular use of these fields by non-school groups impractical.

High school stadiums are available to community organizations; however, the stadiums shall not be used at any time that would interfere with a school function or purpose.

Any other equipment rental requests shall be made to the Principal; such requests shall be granted upon the approval of the Principal.

Political Signs on School Property—

A “political sign” is any sign or document that advocates the election or defeat of a candidate for public office or the approval or defeat of a ballot proposition. Schools and the school district are not required to allow the posting of political signs on school property. However, if the district or a district administrator or their designee posts or permits the posting of a political sign on school property, then the district shall also permit the posting of all other political signs, subject to the same requirements and restrictions. Any requirements or restrictions placed on the posting of political signs must be politically neutral and content neutral.

Approval for posting of a political sign may only be given by a building principal or higher-level administrator, or the designee of such an administrator.

[Utah Code § 20A-17-103 \(2015\)](#)

Conduct on School Premises

Modified public forum—

All school buildings have been designated as modified public forums after school hours. However, during school hours all school buildings are dedicated to the sole and exclusive purpose of providing education to school students then attending school. No visitor, whether a student's parents or other persons, shall have access to a school unless express permission is granted as provided below.

Campus visitors—

All persons who are not students or District employees who visit or enter upon school property shall report immediately to the school administrative offices for authorization by the Principal or his or her designee to be present at the school.

Authorization shall not be given if the Principal or his or her designee determines in his or her discretion that one of the following is true:

1. The person's presence will likely cause fear for the safety of another.
2. The person intends to cause annoyance or injury to a person or damage to property on the school property.
3. The person intends to participate in or instigate conduct or activity which constitutes a crime.

Each school shall, through the use of signs and fences or other enclosures, exclude trespassers from the school ground.

In the absence of express permission, all visitors to the school shall be deemed to be trespassers on school property and subject to immediate removal by the school district.

Definitions—

For purposes of this provision, "school property" means real property owned or occupied by a school, including real property temporarily occupied for a school activity or program.

[Utah Code § 53G-8-603\(2\)\(c\) \(2018\)](#)

Trespassing—

The Board, a school official, or an individual with apparent authority to act for a school official may refuse to allow persons having no legitimate business to enter on property under the Board's control and may eject any undesirable person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property.

An individual is guilty of criminal trespass upon school property if the individual does either of the following:

1. Enters or remains without authorization on school property if notice against such entry or remaining has been given by (a) personal communication by a school official or an individual with apparent authority to act for a school official, or (b) the posting of signs reasonably likely to come to the attention of a trespasser, or (c) fencing or other enclosure obviously designed to exclude trespassers, or (d) a current order of suspension or expulsion.
2. Enters or remains unlawfully upon school property and (a) intends to cause injury or annoyance to a person or damage to property, or (b) intends to commit a crime, or (c) is reckless as to whether the person's presence will cause fear for the safety of another.

[Utah Code § 53G-8-603 \(2018\)](#)

Disruption of classes—

No person shall be permitted, on school property, to willfully disrupt, alone or in concert with others, the conduct of classes or other school activities.

Disruption of school operation—

No person may disrupt the operation of a school. A person is guilty of disrupting the operation of a school if the person, after being asked to leave by a school official, remains on school property for the purpose of encouraging or creating an unreasonable and substantial disruption or risk of disruption of a class, activity, program, or other function of a school.

[Utah Code § 76-9-106 \(1992\)](#)

Examples of disrupting operation of a school include:

Seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research, or other authorized activity.

Disruption of meeting or gathering—

No person may disrupt a lawful meeting or gathering on the property of any school in the District. A person is guilty of disrupting a meeting if, intending to prevent or disrupt a lawful meeting or gathering, he or she obstructs or interferes with the meeting or gathering by physical action, verbal utterance, or any other means.

[Utah Code § 76-9-103 \(1973\)](#)

Disorderly conduct at official meeting—

“Official meeting” includes a meeting of the Board of Education or of a school community council. No person may, with intent to cause or recklessly creating a risk of causing public inconvenience, annoyance, or alarm, make unreasonable noises in a public meeting, or in a private place which can be heard in an official meeting. No person may, with intent to cause or recklessly creating a risk of causing public inconvenience, annoyance, or alarm, obstruct pedestrian traffic in an official meeting. No person may refuse to comply with the lawful order of a law enforcement officer to move from an official meeting. Such actions constitute disorderly conduct and may be reported to law enforcement.

[Utah Code § 76-9-102\(1\), \(2\) \(2020\)](#)

Intoxicants—

Except as approved by the Board as part of the curriculum, no person may possess any intoxicating beverage for consumption, sale, or distribution, or be under the influence of alcohol while on the grounds or in a building of any school in the District or while entering or inside any building, park or stadium which are being used for an activity sponsored by or through any part of the District.

3. Persons whose possession has been previously approved by the responsible school administrator, or where the person responsible for the possession or use of the weapon is in possession or control of the weapon and it is present or to be used in connection with a lawful, approved activity.

“On or about school premises” means in or on the grounds of any District school. However, possession on or about school premises is permissible if the possession is at the person’s place of residence, on the person’s real property, or in a vehicle lawfully under the person’s control (other than a vehicle owned by the school or used for the transport of students).

Possession of a dangerous weapon on or about school premises is a class B misdemeanor. Possession of a firearm on or a about school premises is a class A misdemeanor.

Community Support Groups

Relations with community support groups—

For purposes of this Policy, all student booster groups, parent booster groups or other community groups whose aims or goals include in part to further the goals of the School District shall be referred to as "Community Support Groups."

In the absence of a specific written authorization by the Superintendent, no Community Support Group is authorized to act on behalf of or represent the School District. Any implication of actual or apparent agency of such Community Support Groups to act on behalf of the School District is hereby negated and specifically rejected.

Use of school district name or insignia—

No organization shall be entitled to use any School District insignia, designation or name without the express written permission from the Superintendent of the School District. All written material of a non-School District organization listing or using, in any capacity, a School District or individual school name, must also contain a disclosure that the organization does not act on behalf of the School District or individual school unless express written permission has been granted by the Superintendent of the School District to do so.

Volunteer workers—

An individual volunteer worker who has been retained by a Community Support Group does not have any authority to bind or to represent or act on behalf of the School District unless otherwise specifically indicated in writing by the Superintendent of the School District.

Liability insurance—

No individual, corporation or association or other entity shall be covered under the School District's insurance policies and/or State Risk Management policies unless State Risk Management has specifically undertaken responsibility for such activities. All persons who are solicited and undertake to perform services at the request of a Community Support Group should look solely to that Community Support Group for any insurance coverage or coverage of risks.

Discipline problem—

In the event that a volunteer of a Community Support Group undertakes to perform services on behalf of the School District at the request of the Community Support Group, such volunteer shall report all discipline problems related to School District students or employees to the School District for oversight and correction.

Community support group use of school facilities—

A Community Support Group may use the school facilities under the same circumstances and conditions as identified in Policy GC above. However, the School District may, within its discretion, waive fees for use of the school building by such Community Support Group.

Parental Participation

Parental involvement in the school—

The involvement of parents in the education of children directly affects the success of their children's educational efforts. It is District policy that teachers and administrators should facilitate the active involvement of parents in the education of their children. Teachers and administrators shall communicate with the parents of children with regard to whom the teachers and administrators have responsibility by (a) maintaining a means of answering telephone calls or receiving visits from parents during the school day at times mutually agreed upon by parents and school personnel; (b) conducting parent-teacher-student conferences at regular intervals and conducting additional conferences when requested to the extent permitted by available time within the school day and by other responsibilities; (c) informing parents of resources in the community, including groups and organizations that may provide instruction and training to parents to help improve their children's academic success and support their academic efforts; and (d) encouraging attendance by parents at school events in which parent participation is appropriate.

[Utah Code § 53E-2-303 \(2019\)](#)

Child Care

Childcare centers in public schools—

Upon receiving a request from a community group such as a community council, local PTA or student/parent organization, the Board may authorize the use of a part of any school building in the district to provide child care services for school aged children. The Board shall provide written public notice of its intent to authorize a childcare center. The Board shall file a copy of this Notice with the Office of Child Care within the Department of Workforce Services and the Department of Health.

[Utah Code § 53G-7-213\(1\) \(2019\)](#)

Approval—

The Board may only exercise its discretion to authorize establishment of a childcare center in a public school building upon determining that the childcare center will not interfere with the building's use for regular school purposes.

The determination to open a childcare center in a school building of the District shall be made at the sole discretion of the Board.

[Utah Code § 53G-7-213\(2\) \(2019\)](#)

Withdrawal of approval—

After granting approval to operate a childcare center, if the Board determines that such operation interferes with the operation or interest of the school, then it may withdraw its approval. Withdrawal of the Board's approval for operation of a child care center will be made in good faith but may be made at any time.

[Utah Code § 53G-7-213\(2\) \(2019\)](#)

Costs and fees—

The Board will charge a commercially reasonable fee for the use of a school building or a part of a school building as a childcare center so that the District does not incur an expense. The fee shall include but not be limited to costs for utilities, building maintenance and administrative services supplied by the school or District and related to the operation of the childcare center. The Superintendent shall determine the amount of the fee to be charged. The amount of the fee may be changed at any time by the District to reflect increases or decreases in costs incurred by the District from the operation of the childcare center.

[Utah Code § 53G-7-213\(3\) \(2019\)](#)

Operation—

The childcare facility may be operated by governmental agencies other than the District, non-profit community service groups or private providers. If competitive proposals to provide child care services are submitted, the Board will give preference to any private provider or non-profit community service groups insofar as

their proposals are judged to be at least equal to the proposal of any governmental agency in order to minimize state and district involvement.

[Utah Code § 53G-7-213\(4\) \(2019\)](#)

Compliance with laws, regulations and district policies—

District involvement in the operation of the childcare facility shall be minimal. District administration shall require that the provider operate within all applicable legal requirements. Childcare centers established pursuant to this policy shall operate in compliance with State and local laws and regulations including zoning and licensing requirements and shall comply with the policies of the District.

[Utah Code § 53G-7-213\(4\)\(c\), \(8\) \(2019\)](#)

Priority—

A childcare center within a public school building must make its services available to all children regardless of the residence of those children. However, if space and resources in the facility are limited, first priority shall be given to those children who reside within the school boundaries of the school where the child care facility is located and to the children of teachers and other employees of the school where the child care center is located. Second priority shall be given to those children who reside within District boundaries.

[Utah Code § 53G-7-213\(6\) \(2019\)](#)

Insurance—

Prior to commencing an operation of a center, the provider must furnish proof of liability insurance which is adequate in the opinion of the Board for use of school property as a childcare center. If the District is participating in the State Risk Management Fund, it must require the provider of childcare services to comply with the applicable provisions of Title 63A, Chapter 4, Risk Management.

[Utah Code § 53G-7-213\(7\) \(2019\)](#)

Limited Application—

Except for the paragraph regarding compliance with laws, regulations and District policies, this policy does not apply to child care centers established by the District within a school building if the center offers child care services primarily to children of District employees or children of students of the District.

[Utah Code § 53G-7-213\(9\) \(2019\)](#)

Political Party Use of School Meeting Facilities

Meeting facility use by political parties—

Meeting facilities in District buildings are available for use by registered political parties subject to compliance with the requirements and conditions of this policy.

[Utah Code § 20A-8-404\(1\) \(2019\)](#)

Scheduling requirements—

A political party desiring to use meeting facilities in a District building must request the use before 5:00 p.m. no later than 30 days in advance of the proposed use. The request shall be denied if the meeting facility is already scheduled for another purpose at the time of the requested use by the political party. Each District employee responsible for scheduling the use of buildings with meeting facilities shall, to the extent possible, avoid scheduling an event in such buildings on the same evening as an announced party caucus meeting.

[Utah Code § 20A-8-404\(1\), \(4\) \(2019\)](#)

Fees for meeting facility use by political parties—

The political party shall pay the District the actual costs incurred by the District for custodial services to clean the meeting facilities after the political party's use. In addition, the political party shall pay the District the actual cost of any services requested by the political party and provided by the District.

[Utah Code § 20A-8-404\(3\) \(2019\)](#)

Duties of school principal—

The Principal, subject to approval of the Superintendent, shall coordinate the use of school meeting facilities and shall also be responsible for collection of monies, notification of personnel involved (custodian, lunch manager, or technician), and the determination of eligibility for use of the facilities under this policy.

Supervision—

The principal shall be responsible for adequate supervision of the school during meeting facility use. Any political party using school meeting facilities shall provide adult supervision adequate to maintain order and prevent the destruction of school property. Facilities shall not be available at the time of use unless the supervisor or supervisors are present as agreed. At the time of scheduling, arrangements shall be made for adequate supervision. School supervision shall consist of a minimum of one custodian to care for the interest of the District and its property, but the political party may not be charged for the custodian's service other than as provided for above. In the absence of the principal, the custodian shall be in complete charge of the meeting facilities.

Standards of Behavior—

Tobacco, electronic cigarette products, intoxicating drinks, and boisterous conduct are expressly prohibited. The following will not be tolerated and are expressly prohibited by the Board:

1. vandalism;
2. use without consent, or abuse of school furniture or other school property; and,
3. misappropriation or abuse of books, supplies, or athletic equipment belonging to the school or to its students.

Parent Rights to Academic Accommodations

Meaning of “reasonably accommodate”—

As used in this policy, “reasonably accommodate” means that a school shall make its best effort to enable a parent to exercise a right identified in this policy (1) without substantial impact to staff and resources, including employee working conditions, safety and supervision on school premises and for school activities, and the efficient allocation of expenditures; and (2) while balancing (a) parental rights, (b) the educational needs of other students, (c) academic and behavioral impacts to a classroom, (d) teacher workload, and (e) the need to assure safe and efficient school operation. In determining whether a parental request will be accommodated in a particular instance, each of the above-listed factors should be considered.

[Utah Code § 53G-6-801\(2\) \(2019\)](#)

Parent rights to academic accommodations—

The District recognizes that a student’s parent is the primary person responsible for the education of the student, and the state is in a secondary and supportive role to the parent. As such, a student’s parent has the right to reasonable academic accommodations from the student’s school as specified in this policy. The listing of rights in this policy is not meant to be exhaustive, and a student’s parent, as a user of the public education system, may have other rights or be entitled to other accommodations. Whether under this policy or otherwise, each requested accommodation shall be considered on an individual basis and no student shall be considered to a greater or lesser degree than any other student. An accommodation may only be provided if the accommodation is consistent with federal law and, if the student has an Individualized Education Program (“IEP”), is consistent with the IEP.

[Utah Code § 53G-6-803\(1\) \(2020\)](#)

Academic accommodations—

Each school in the District shall reasonably accommodate the request of a student’s parent:

1. made in writing to retain a student in kindergarten through grade 8 on grade level based on the student’s academic ability or social, emotional, or physical maturity;
2. regarding initial selection of a teacher or request for a change of teacher;
3. to visit and observe any class the student attends;
4. made in writing to place a student in a specialized class, a specialized program, or an advanced course (the school shall consider multiple academic data points when considering this requested accommodation); and

5. to meet with a teacher at a mutually agreeable time if the parent is unable to attend a regularly scheduled parent teacher conference (see Policy EFA regarding parent-teacher conferences).

[Utah Code § 53G-6-803\(2\)-\(4\), \(6\), \(8\) \(2020\)](#)

Parent rights regarding alternative credit and testing—

Students shall be allowed, consistent with requirements of the State Board of Education, to earn course credit toward high school graduation without completing a course in school by either testing out of the course or demonstrating competency in course standards.

[Utah Code § 53G-6-803\(7\) \(2020\)](#)

Parent rights regarding assessments—

At the request of a parent, a student shall be excused from taking such assessments as provided for in regulations issued by the Utah State Board of Education and according to the procedures in those regulations. Schools may not require procedures to be excused from assessments in addition to the procedures established by State Board regulations. Schools may not provide a nonacademic reward to a student for taking assessments that are included in the list of assessments established by the State Board as assessments from which students may be excused.

[Utah Code § 53G-6-803\(9\) \(2020\)](#)

Parent rights regarding student absences—

A school shall record an excused absence for a scheduled family event or a scheduled proactive visit to a health care provider if (1) the parent submits a written statement at least one school day before the scheduled absence and (2) the student agrees to make up course work for school days missed for the scheduled absence in accordance with District policy.

[Utah Code § 53G-6-803\(5\) \(2020\)](#)

Parent rights regarding student discipline—

As required by Policy FHA, parents will be provided a copy of that policy (which is the student conduct and discipline policy) and shall acknowledge by signature receiving the policy. When a student is suspended for any period of time or is recommended for expulsion, the student's parent shall be provided notice of the violation or violations upon which disciplinary action is to be based and shall have an opportunity to respond as set forth in Policy FHA.

[Utah Code § 53G-6-803\(10\) \(2020\)](#)

Notice of parent rights—

Each student's parent shall be given annual notice of the parental rights and school responsibilities under this policy. This notice may be given by posting it on the District or school web site or through other means of electronic communication.

Definitions—

The following definitions apply in this policy:

1. “Service animal.” A dog that is individually trained to do work or perform tasks for the benefit of a person with a disability. The work or tasks performed by the service animal must be directly related to the person’s disability and do not include providing emotional support, well-being, comfort, or companionship.

[28 CFR § 35.104](#)

2. “Disability.” Disability is defined or determined according to the provisions of the Americans With Disabilities Act (“ADA”), the Individuals With Disabilities Education Act (“IDEA”), and Section 504 of the Rehabilitation Act (“Section 504”), together with implementing regulations.
3. “Direct threat.” A significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids or services.

[28 CFR § 35.104](#)

4. “Emotional support animal.” A domesticated animal other than a non-human primate that is individually necessary for the emotional support, well-being, comfort, or companionship of an individual with a disability. The tasks performed by the animal must be directly related to the individual's disability.

General Standards Regarding Animals Serving Individuals With Disabilities—

The District is committed to providing equal access for individuals with disabilities to its programs, services, and activities, including access for service animals assisting those individuals, as required by applicable laws and regulations. While the District may establish safety requirements as needed for safe operation of its services, programs, or activities, it recognizes that such requirements must be based on actual risks and may not be based on speculation, stereotypes, or generalizations about people with disabilities.

Service Animals—

The use of service animals by individuals with disabilities shall be allowed on all portions of school premises where the individual would be permitted as a member of the public, an employee, or student, as applicable, subject to the following:

1. The individual may be required to remove the animal from the premises if:

- a. The animal is out of control and the animal's handler does not take effective action to control it; or
 - b. The animal is not properly housebroken.
2. The school is not responsible for the care or supervision of the animal.
3. The animal must be under the handler's control. This means a harness, leash, tether, voice control, signals, or other effective means of control.
4. Except in circumstances where the animal's training and function is immediately apparent, the school may ask (1) if the animal is required because of a disability and (2) what work or task the animal is trained to perform. The school may not ask about the nature or extent of the individual's disability and may not require documentation establishing that the animal is trained as a service animal.
5. The school shall not impose any fee or charge regarding service animals' presence on school premises; however, in instances where individuals may be charged for damage to school property, charges may be made for damage to school property caused by service animals.

[28 CFR § 35.136](#)

[Utah Code § 62A-5b-104\(3\) \(2019\)](#)

Service Animals In Training—

An individual who does not have a disability may be accompanied by a dog in training to become a service animal or to become a police service canine, subject to the requirements and standards relating to service animals outlined above.

[Utah Code § 62A-5b-104\(2\) \(2019\)](#)

An individual accompanied by a dog in training is liable for any loss or damage the dog causes to the school premises.

[Utah Code § 62A-5b-104\(3\) \(2019\)](#)

Miniature Horses—

The District shall make reasonable modifications to its policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the horse has been individually trained to do work or perform tasks for the individual with the disability, subject to the requirements and standards relating to service animals outlined above. In determining whether the District's policies, practices, or procedures can be reasonably modified to permit this use, the school shall consider:

1. The type, size, and weight of the miniature horse and whether the school can accommodate these features;
2. Whether the handler has sufficient control of the horse;
3. Whether the horse is housebroken; and

4. Whether the horse's presence in the school compromises legitimate safety requirements necessary for safe school operation.

[28 CFR § 35.136\(i\)](#)

Emotional Support Animals—

The use of an emotional support animal (or “comfort animal”) is considered a request for a reasonable accommodation under the ADA or Section 504. Such a request must be supported by recent, reliable, objective medical documentation. In addition, documentation may be required to address legitimate safety requirements necessary for the safe operation of the school's programs, services, or activities. Only domesticated animals will be considered as emotional support animals. The use of emotional support animals on school premises is also subject to the requirements and standards relating to service animals outlined above except for the limitation on inquiries.

Evaluation Prior to Denial—

To the extent possible, before denying access to an animal asserted to be a service animal, service animal in training, covered miniature horse, or emotional support animal, District staff shall consult with the District Risk Coordinator and the Risk Coordinator shall consult with State Risk Management and as needed with District legal counsel. If consultation is not possible, District staff shall make the access determination based on this policy and shall thereafter consult.

Questions about the application of this policy to specific circumstances or requests requiring special consideration should be directed to the District Risk Coordinator, District personnel responsible for compliance with law relating to individuals with disabilities, and as needed to District legal counsel.

“Intern” means a teacher education student, who, in an advanced stage of preparation, usually as a culminating experience, may be employed in a school setting for a period of up to one year and receive salary proportionate to the service rendered. An intern is supervised primarily by the school system while maintaining a continuing relationship with college personnel and following a planned program designed to produce a demonstrably competent professional.

[Utah Admin. Rules R277-509-2 \(January 9, 2019\)](#)

District requirements—

The District may not give an unsupervised classroom assignment to a student teacher or intern who has not received a student teacher license or intern license from the State Superintendent. The District shall verify with the State Board of Education that a student teacher or intern has the appropriate licensure. A supervising administrator must be permanently assigned to the building to which an intern is assigned.

School Community Councils

Formation of Community Councils—

Each school within the District shall, in consultation with the Board of Education, establish a school community council at the school building level.

A school or District administrator may not prohibit or discourage a community council from discussing issues, or offering advice or recommendations, regarding the school and its programs, school district programs, the curriculum, or the community environment for students.

The Board may ask school community councils for information to inform Board decisions and may also ask school community councils to address local issues at the school community council level before bringing those issues to the Board.

The Board shall report approval dates of required plans (listed below) to the State Board of Education.

[Utah Code § 53G-7-1202\(1\)\(d\), \(2\) \(2020\)](#)

Purposes of Community Councils—

The purposes of school community councils are to involve parents of students in decision making at the school level, improve the quality of education of students, prudently expend School LAND Trust Program money, and increase public awareness of school trust lands and related land policies, management of the State School Fund, and educational excellence.

[Utah Code § 53G-7-1202\(2\) \(2020\)](#)

Composition of Councils—

Each school community council shall consist of school employees (including the school's principal) and parents of students who are attending the school.

The recommended composition of school community councils for high schools is six (6) parent members and four (4) school employee members (including the principal). The recommended composition of school community councils for other schools is four (4) parent members and two (2) employee members (including the principal). The school community council is not required to have the recommended composition and can by majority vote of a quorum of the council determine how many members the council will have, provided that there are at least two (2) school employee members and there are at least two (2) more parent members than school employee members.

The number of parent members of a school community council who are not educators employed by the school district shall exceed the number of parent members who are educators employed by the school district. If, after an election, the number of parent members who are not educators employed by the school district

does not exceed the number of parent members who are educators employed by the school district, the parent members of the school community council shall appoint one or more parent members to the school community council so that the number of parent members who are not educators employed by the school district exceeds the number of parent members who are educators employed by the school district.

Each community council shall elect a chair from its parent members and a vice chair from its parent members or school employee members other than the principal.

Selection of School Employee Members—

The principal shall serve as an ex officio member with full voting privileges. A school administrator may not serve as chair or vice chair of the school community council.

Employee members shall be elected by secret ballot by a majority vote of the school employees. The employee member election shall be held in the same season as the election for parent or guardian members. The principal, or the principal's designee, shall oversee the elections. Results of the election shall be made available to the public upon request.

If the number of employee candidates is less than or equal to the number of open employee positions, no election is required.

If an employee position on the council remains unfilled following an election or after appointment when no election is required, the other employee members of the council shall appoint an employee to fill the position.

[Utah Code § 53G-7-1202\(5\)\(a\), \(d\), \(e\)\(ii\) \(2020\)](#)

Selection of Parent Members—

Parent members shall be elected by secret ballot by a majority vote of those voting in an election held at the school. Only parents of students attending the school are eligible to vote in this election. However, when elections are held in the spring, parents of students who will be attending the school in the fall are eligible to vote and to be candidates. Ballots cast in this election shall be deposited in a secure ballot box.

If the number of parent candidates is less than or equal to the number of open parent positions, no election is required.

School community councils may establish procedures that allow for ballots to be clearly marked and mailed to the school in the case of geography or school distances that would otherwise discourage parent participation. Hand-delivered or mailed ballots shall meet the same timelines for voters voting in person. Schools may allow parents to vote by electronic ballot through a District-approved election process consistent with this policy. If a school allows voting by electronic means, the opportunity shall be clearly explained on the school's website including:

1. directions for electronic voting;
2. security provisions for electronic voting;
3. a statement to parents and community members that violations of a school's voting procedures may disqualify a parent's vote or invalidate an election, or both.

The principal, or the principal's designee, shall oversee the elections. Results of the election shall be made available to the public upon request. Following the election, the principal shall enter and electronically sign the Principal's Assurance Form on the School LAND Trust website, affirming the school community council's election, that vacancies were filled by election if necessary, and that the council's bylaws or procedures comply with law.

Any parent who qualifies to be a candidate may file or declare himself or herself as a candidate for election to the council. An individual qualifies to be a candidate if she or he is the parent of a student who will be enrolled at the school during the parent's term of office; however, if the parent is also an educator

employed at the school, the parent is not eligible to be a “parent” candidate or member of the council.

The election for the parent members shall be held in the spring or in the fall, as determined by each school’s principal. However, once the election season has been determined, it must remain the same for at least four years before it can be changed.

Spring elections for parent members shall be scheduled by the principal on a date or dates such that the election is completed before the last week of school. For spring elections, the school community council shall attempt to notify the parents of incoming students of the opportunity to run for the council and shall provide those parents with the opportunity to vote in the election.

Fall elections for parent members shall be scheduled by the principal on a date or dates near the beginning of the school year.

If a parent position on the council remains unfilled following an election or after appointment when no election is required, the other parent members of the council shall appoint a parent who meets the above qualifications to fill the position.

[Utah Code § 53G-7-1202 \(2020\)](#)

Term of Office—

Elected or appointed members of the council shall serve a two (2) year term beginning either the first day of the school year (for spring elections) or on November 1 (for fall elections). However, terms shall be staggered so that no more than approximately half of council members stand for election in any one year. A member’s term shall be extended as needed until his or her replacement’s term begins (for example, to avoid a gap that would result from a shift from one election season to the other). A school community council member may serve successive terms so long as the member continues to meet the eligibility requirements to be a parent member or an employee member. If a change to a statute or regulation affects the composition of the council, a council member who was elected or appointed before the change may complete the term to which she or he was elected.

[Utah Code §53G-7-1202\(3\) \(2020\)](#)

Donations, whether in-kind, cash, or otherwise, shall be complete transfers of ownership, rights, privileges, and/or title in or to the donated goods or services and become exclusive property of the District upon delivery. The District and individual schools are ultimately responsible for the expenditure and allocation of all monies collected and expended through student, school organized fundraising.

The District recognizes that fundraising efforts, donations, gifts, sponsorships, and public support vary among schools. The District is committed to appropriate distribution of unrestricted funds and the management of donations and gifts to ensure that the educational opportunities for all students are equal and fair. If the District accepts a donation, it shall prevent potential inequities in schools within the District in distributing the donation.

[Utah Admin. Rules R277-407-7\(5\) \(December 10, 2019\)](#)

The District is committed to principles of gender equity and compliance with Title IX guidance. The District commits to use all facilities, unrestricted donations and gifts, and other available funds in harmony with these principles. The District reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. The benefits derived from donations and gifts should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The District may through its Foundation raise money to offset the cost to the District attributed to fee waivers.

[Utah Admin. Rules R277-407-7 \(December 10, 2019\)](#)

The District and individual schools will comply with all applicable state and federal laws; the State procurement code (Utah Code 63G-6a); State Board of Education rules, including construction and improvements; IRS Publication 526 “Charitable Contributions”; and other applicable IRS regulations.

Fund raising activities should not be approved which involve high-pressure sales tactics, yield profits in excess of usual wholesale margins to suppliers of goods sold, would expose students and other participants in the fund-raising activity to risk

of personal injury, would expose the school or District to risk of financial loss if the fund raising activity is not successful, or would violate law or district policies.

District employees may not direct operating expenditures to outside funding sources to avoid District procurement rules (operating expenditures include equipment, uniforms, salaries or stipends, improvements or maintenance for facilities, etc.).

District employees must comply with District procurement policies and procedures, including complying with obtaining competitive quotes and avoiding bid splitting.

Donations and gifts should be accounted for at an individual contribution level.

Donated funds shall not compensate public employees, directly or indirectly.

If donations or gifts are offered in exchange for advertising or other services, an objective valuation will be performed and a charitable receipt will be issued by the foundation or the business administrator.

Donations will not be solicited or accepted in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise (without the donation) be fully funded by the District and receipt of the donation will not affect participation by an individual student.

[Utah Admin. Rules R277-407-7\(1\)\(a\) \(December 10, 2018\)](#)

Donations or gifts shall not be accepted that advertise or depict products that are prohibited by law for sale or use by minors, such as alcohol, tobacco, or other substances that are known to endanger the health and well-being of students; or, in the opinion of the District, may cause a substantial disruption to the education environment.

As required by state law, donations will only be accepted where there is no expectation or promise, expressed or implied, of remuneration or any undue influence or special consideration. District employees are not permitted to accept personal payment or gratuities in any form from a vendor or potential vendor as a precondition for purchase of any product or service.

Donations and gifts over \$250 will be provided with an acknowledgment of the contribution from the District for IRS purposes. The acknowledgment will be in the form of a receipt issued by the foundation or business administrator. These receipts will be generated from the information provided on the "Donations, Gifts, and Sponsorships" form.

Gifts to specific school programs of equipment, such as computers and audio-visual equipment, must be approved in advance to assure that the District is not compelled by a gift to undertake expenses in support of the donated equipment or make other management decisions in order to use the gift, such as allocating space to donated equipment, that the District deems to be unwise.

However, classroom assistants, coaching assistants, or specialists of any kind, including individuals who may hold educator licenses, may be hired using the funds received. Donations to fund such positions shall be made to a program, school, division, or department—not directly to individuals—and employment will be processed through the District's Human Resources Department and Payroll Department. The District or school administration reserves the right to decline or restrict these types of donations if they create inequitable environments in the school or inequities that violate Title IX or other laws, are not economically in the best interest of the District, interfere with educational goals, or for any other reason determined by the District or school.

Cash donations shall not be used to augment an employee's remuneration beyond the remuneration associated with the salary schedule of the employee's position.

Products. The District or individual schools may accept donated products which carry the donor company's name, trademark, logo, or limited advertising on the product (e.g., cups, T-shirts, hats, instructional materials, furniture, office equipment, etc.). These items shall be valued at fair market value at the time of the contribution. If advertising or other services are offered in exchange for the donation or gift, this may alter the contribution amount.

Equipment, Supplies, or Goods. The District or individual schools may accept donated equipment, supplies, or goods for use in the District or individual schools or school programs. These items shall be valued at the fair market value at the time of the contribution. If advertising or other services are offered in exchange for the donation or gift, this may alter the valuation amount.

Donor and Business Partner Recognition. Donor and business partner recognitions may be placed on equipment, furniture, and other donated gifts that are not considered capital or fixed assets. Non-permanent recognitions may be placed on District buildings or structures with written approval from the superintendent. The board may grant approval for the naming of buildings, structures, rooms, or other district facilities; see "Capital Fundraising" above). Principals may authorize banners,

flyers, posters, signs, or other notices recognizing a donor or school business partner. Such materials shall feature the school-business partnership and not promote or endorse the business named.

Approval and Acceptance of Donations, Gifts, and Sponsorships—

Donations, gifts, and sponsorships valued at more than \$250 must be documented on the District “Donation, Contribution, or Sponsorship” form. This form must be completed prior to the acceptance of money or goods and must be retained in the District or school accounting records. A copy of the completed form will be sent to the foundation or business administrator, and a receipt for charitable contribution purposes will be issued to the donor.

Approval levels are as follows:

1. Money, goods, supplies, or in-kind donations, gifts, or sponsorships valued at \$250–\$10,000 must be documented on the District “Donation, Contribution, or Sponsorship” form and be approved by an individual school principal or applicable District department or division supervisor prior to acceptance.
2. Money, goods, supplies or in-kind donations, gifts, or sponsorships valued at \$10,000–\$50,000 must be documented on the District “Donation, Contribution, or Sponsorship” form and be approved by the business administrator and superintendent prior to acceptance.
3. Money, goods, supplies or in-kind donations, gifts, or sponsorships valued at more than \$50,000 must be documented on the District “Donation, Contribution, or Sponsorship” form and be approved by the Board of Education prior to acceptance.

General Fundraising Standards—

The District reserves the right to prohibit, restrict or limit any fundraising activities associated with the District or individual schools. Faculty and student participation in fundraisers is typically voluntary. However, employees may be directed to supervise specific activities as an employment assignment.

Participation in fundraising shall not affect a student’s grade. Students shall not be required to participate in fundraising activities as a condition of belonging to a team, club or group, nor shall a student’s fundraising effort affect his or her participation time or standing on any team, club or group. A request for approval of a required group fundraiser shall describe the nature of the fundraiser and the estimated required participation time for the student and/or parent. Parents and students shall be notified of required group fundraising and how and when the details about the fundraising will be provided to parents and students.

[Utah Admin. Rules R277-407-10\(2\)\(d\), \(f\), \(3\) \(December 10, 2019\)](#)

Competitive enticements for participation in fundraisers are discouraged. If prizes or rewards are offered by a selected fundraising vendor, they should only be awarded to groups, classes or students, and must be disclosed and approved prior

to the fundraiser. Rewards, prizes, commissions, or other direct or indirect compensation shall not be received by any teacher, activity, club or group director, or any other District employee or volunteer.

Schools may not impose a sales quota (or the like) as part of fundraising efforts, and students or parents shall not be required to pay for any unsold items or pay for goals not met.

Door-to-door sales are prohibited for all students in elementary and middle schools. High school students may participate in one door-to-door campaign per sport, club, or group per year. Suitable procedures must be used by the schools, administrators and supervising faculty to safeguard students and funds collected. Procedures must be clearly communicated to parents.

Approval may be denied for fundraising activities that would expose the school or District to risk of financial loss or liability if the activity is not successful.

Fundraising activities shall be age appropriate and shall maintain the highest standards of ethical responsibility and integrity.

Fundraising revenues should be accounted for at an individual contribution level or participation level. Participation logs should be retained and turned into the accounting office to be included with the deposit detail.

Employees who approve, manage, or oversee fundraising activities are required to disclose if they have a financial or controlling interest or access to bank accounts in a fundraising organization or company.

Records of all fundraising efforts shall be open to the parents, students and donors, including accurate reporting on participation levels and financial outcomes. This policy does not require the release of students' personally identifiable information protected by FERPA.

Fundraising and Donations

Private and Non-School-Sponsored Activities and Fundraising

Scope of Policy—

This policy applies to all District administrators, licensed educators, staff members, students, organizations, volunteers and individuals who initiate, authorize, or participate in fundraising events or activities for school-sponsored events; or receive, authorize, accept, value, or record donations, gifts, or sponsorships for the District or individual schools. It is expected that in all dealings, District and school employees will act ethically, consistent with the District's ethics training, the Utah Educator Standards (R277-217), the Public Officers' and Employees' Ethics Act ([Utah Code § 67-16-1 et seq.](#)), and State procurement law ([Utah Code § 63G-6a-101 et seq.](#)).

Definitions—

"School-sponsored" for purposes of this policy means activities, fundraising events, clubs, camps, clinics, or other events or activities that are authorized by the District or individual school(s) that also satisfy one or more of the following criteria. The activity:

1. Is managed or supervised by the District or a District school, or District or District school employee.
2. Uses the District's or a District school's facilities, equipment, or other school resources.
3. Is supported or subsidized, more than inconsequently, by public funds, including the District's activity funds or minimum school program dollars.
4. Does not include non-curricular clubs specifically authorized and meeting all criteria of [Utah Code §§ 53G-7-704 through 707](#).

[Utah Admin. Rules R277-113-2\(15\) \(June 22, 2018\)](#)

[Utah Admin. Rules R277-113-7\(3\) \(June 22, 2018\)](#)

Non-School-Sponsored Activities & Fundraisers—

Activities, clubs, groups and their associated fundraisers or other activities that are not school-sponsored or groups, clubs, sports, and programs that are not managed by District employees are deemed to be non-school-sponsored. Non-school-sponsored activities may:

1. NOT use the school's or District's name without express District permission.
2. NOT use the District's facilities, equipment, and other assets or staff unless a facilities use agreement is initiated and approved. These agreements should follow District policy for other facilities use agreements.

3. NOT utilize District employees (in their official capacity) and other resources to supervise, promote, and otherwise staff the activity or fundraiser.
4. NOT be insured under a District risk management or insurance policy. Non-school-sponsored activities must provide their own insurance through a third-party insurer.
5. NOT provide additional compensation or stipends for District employees, if the activity is not substantially different from a District employee's regular job functions and duties and outside of employee's contract hours. (See District employee disclosure agreement below.)
6. NOT co-mingle public funds and private fundraising proceeds or expenditures.
7. NOT use school records to contact parents or students.

Parental notification by a District employee is required if District employees are involved in the planning, administration, advertising, or serving as staff for a non-school-sponsored activity and if District students are involved. This notification shall occur using the "Non-School-Sponsored Parent Notification" form. A copy of this form shall be submitted to the principal by the District employee prior to the event.

Funds, donations, or gifts generated through non-school-sponsored activities or events may be donated to the District or to an individual school to support specific programs, teams, groups, clubs, etc. All donations or gifts shall follow the guidance established in the District's donations and gifts policy.

Non-school-sponsored activities may work in conjunction with the District or an individual school to raise funds. The District may allow these groups to use District facilities at little or no charge in exchange for contributions or percentages of proceeds. The District may choose to provide some level of support or pay for portions of these activities. These arrangements shall be set forth in a written agreement or contract, and all transactions will be conducted as "arm's-length transactions." These agreements shall take into consideration the District's fiduciary responsibility for the management and use of public funds and assets. The terms of these contracts will be approved by the principal, the facilities use agreement approver, and the business administrator. The District will consult with its insurer or legal counsel to ensure risks are adequately considered and managed.

Non-curricular clubs specifically authorized under [Utah Code §§ 53G-7-704 through -707](#) are not considered school-sponsored.

Participation in Private or Non-School-Sponsored Events—

District employees:

1. May participate in a private but public education-related activity, such as LDS seminary graduation and firesides, extracurricular travel, etc.

2. Must ensure that personal participation in activities is separate and distinguishable from the employee's public employment, official job title, or job duties.
3. May not contact students in the District using education records or information obtained through public employment unless the records or information are available to the general public.
4. May not use school time to discuss, promote, or prepare for a private or non-school-sponsored activity.
5. May offer public education-related services, programs or activities to students, provided they are not advertised or promoted during school time or using any type or amount of school resources.
6. May use school or student publications available to the general public to advertise and promote the private or non-school-sponsored activity.
7. May not require private or non-school-sponsored activities for credit or participation in school programs.
8. Must satisfy all requirements of [Utah Code § 53E-3-512](#), regarding ethical conduct standards, and [R277-107](#), regarding educational services outside of the educator's regular employment.

District employees may purchase advertising space to promote private or non-school-sponsored events in the same manner as the general public. The District employee's employment and experience can be used to demonstrate qualifications. The advertisement must specifically state that the activity is not school-sponsored. (See [R277-107-4.](#))

District employees may engage in outside employment with a private entity or other separate organizations that does not interfere with District duties or job functions. Employees must complete the District disclosure agreement annually when engaging in outside employment that is similar to the employee's official job duties or functions.

Parental notification is required if District students are recruited to participate in these activities.

District employees may not set up bank accounts for activities or fundraisers associated with District responsibilities or job functions.

District employees may not direct fees or fundraiser proceeds from school-sponsored activities to outside entities.

District employees may not direct operating expenditures to outside funding sources or groups to avoid District procurement rules (such as equipment, uniforms, salaries or stipends, improvements, maintenance for facilities, etc.).

District employees must comply with District procurement policies and procedures, including complying with competitive quotes; bid splitting; and not accepting gifts, gratuities, or kickbacks from vendors or other interested parties.

Honorary Diplomas for Veterans

Honorary Veterans Diplomas Authorized—

The Board will award an honorary high school diploma to a veteran upon satisfaction of the requirements set forth below.

Requirements for Honorary Veterans Diploma—

Upon written request to the Board of Education made by the veteran, an immediate family member of a veteran, or a guardian of the veteran, and verification of the following requirements, the District shall award an honorary high school diploma to the veteran:

1. Either (a) left high school before graduating to serve in the United States armed forces or (b) served in the United States armed forces during World War II, the Korean War, or the Vietnam War, and
2. Either (a) was honorably discharged or (b) was released from active duty because of a service-related disability, and
3. Either (a) resides in the District or (b) resided in the District at the time of leaving high school to serve in the United States armed forces.

Verification of service—

The Board, the veteran, or the veteran's immediate family member or guardian may request the Department of Veteran Affairs to certify whether the veteran meets the requirements of 1(b) or 2 above.

Military Testing and Recruitment

Access for military recruiters—

Each school within the District shall allow military recruiters the same access to students that is allowed to postsecondary institutions or prospective employers.

[20 U.S.C. § 7908\(a\)\(3\)](#)

ASVAB test notices and result reporting—

The Armed Services Vocational Aptitude Battery (“ASVAB”) is a test which is offered and administered by the United States armed services and which district secondary students may choose to take. The results of this test are provided to the student and to school counseling staff. When the ASVAB is administered at a district school, the results of this test may also be provided to military recruiters depending on which reporting option or options are selected by the school on behalf of its students. Under Option 8, test results are not made available to military recruiters. Options 1 through 6 provide for test results to be made available to military recruiters at different points in time depending on each option. (Option 7 is used by the military to identify invalid test results which are not used.) When the ASVAB is being given at a district school, the school shall provide advance written notice to students who choose to take the test and the parent of those students regarding dissemination of results to military recruiters. That notice shall inform students and parents that that the school will select for all students the option under which test results are not made available to military recruiters but that individual students’ parents or emancipated students may by advance written request to the school elect an option allowing for results to be provided to military recruiters.

Child Sexual Abuse and Human Trafficking Prevention Education

Education for elementary student parents—

The District shall provide annual instruction to the parents of elementary school students in the District on recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and on effective, age-appropriate methods for discussing the topic of child sexual abuse with a child.

[Utah Code § 53G-9-207\(3\)\(a\)\(ii\) \(2019\)](#)

Parental education curriculum—

The parental instruction required under this policy shall be provided with the instructional materials approved by the State Board of Education for that purpose.

[Utah Code § 53G-9-207\(3\)\(b\) \(2019\)](#)

Educational Authority of Separated Parents

Divorce decree governs—

Where a student's parents are divorced or legally separated, parental authority with regard to educational decisions for the student shall be governed by the most recent court order on the matter (divorce decree, custody order, or similar document signed and entered by the court). A motion or petition by a party is not binding, only an order entered by the court (signed by a judge or other judicial officer having authority). If a parent believes that the terms of the order no longer apply (because of changed circumstances or because of failure by the other parent or another person to comply with the order), it is the parent's obligation to obtain an updated order from the court. Unless doing so is specifically prohibited by the order, the school may recognize parental decision making authority other than as set out in the order if both parents (or all persons who have authority over the child under the order) consent. (Parental access to education records is addressed in Policy FEC.)

Authority where order does not specify—

If no court order specifies parental authority over educational decisions, or provides otherwise than set out below, the District will recognize parental authority over educational decisions of divorced or legally separated parents as follows:

1. Sole physical custody: A parent who has sole physical custody of a child shall have authority:
 - a. To determine the child's home residence for school attendance purposes or the school where the child will attend;
 - b. To make educational decisions for the child if the parents disagree; and
 - c. To determine who is allowed to have access to the child during school hours and to check the child out of school.
2. Joint physical custody with unequal time: Where parents have joint physical custody, the following apply:
 - a. The parent who has physical custody the majority of the time shall have authority to determine the child's home residence for school attendance purposes or the school where the child will attend;
 - b. The parent who has physical custody the majority of the time shall have authority to make educational decisions for the child if the parents disagree; and
 - c. Both parents shall have access to the child during school hours and authority to check the child out of school.
3. Joint physical custody with equal time: Where parents have joint physical custody for equal time, the following apply:

- a. Both parents have equal authority to determine the child's home residence for school attendance purposes or the school where the child will attend (and any disagreements must be resolved by the parents, either by agreement or by seeking court intervention);
- b. Both parents shall have authority to make educational decisions (and any disagreements must be resolved by the parents, either by agreement or by seeking court intervention); and
- c. Both parents shall have access to the child during school hours and authority to check the child out of school.

Released Time Classes

Definitions—

“Released-time” means a period of time during the regular school day when a student attending a public school is excused from the school at the request of the student’s parent.

“Non-entangling criteria” means neutral course instruction and standards that

- Are academic as opposed to devotional;
- Promote awareness as opposed to acceptance of any religion;
- Expose to as opposed to imposing a particular view;
- Educate about religion; and
- Inform but do not seek to make students conform to any religion.

[Utah Admin. Rules R277-610-2 \(April 9, 2018\)](#)

Interaction between public schools and released-time classes—

A student may attend released-time classes only upon the written request of the student’s parent or legal guardian. A public school may not maintain records of attendance for released-time classes or use school personnel or school resources to regulate such attendance.

A teacher of a released-time class is not a member of the public school faculty. A released-time teacher may participate in school activities as a community member (to the same extent and manner that a general member of the community would be allowed to participate).

A public school teacher, administrator, or other official may not request teachers of released-time classes to exercise functions or assume responsibilities of the public school program which would result in commingling the activities of the school and the released-time class sponsor. Public school personnel may not participate in released-time classes during work hours.

A public school class schedule or class catalog may not include a released-time class by name. At the convenience of the school, a registration form may contain a space for a released-time designation. A released-time class may not use school resources or equipment.

A public school publication may not include pictures, reports, or records of released-time classes.

[Utah Admin. Rules R277-610-3 \(April 9, 2018\)](#)

Additional conditions for religious released-time programs—

Institutions offering religious instruction are private programs or schools separate and apart from the public schools. Those relationships that are legitimately exercised between the public school and any private school are appropriate with institutions offering released-time classes, so long as public property, public funds, or other public resources are not used to aid such institutions. A public school may grant elective credit for religious released-time classes if the public school establishes neutral, non-entangling criteria with which to evaluate the released-time courses.

A religious class may not be held in any school buildings or on school property in any way that permits public money or property to be applied to, or that requires public employees to become entangled with, any religious worship, exercise, or instruction.

Religious released-time scheduling shall take place on forms and supplies or through electronic applications or channels furnished by the religious institution and by personnel employed or engaged by the religious institution and shall occur off public school premises. Records of attendance at religious released-time classes, grades, marks or other data relating to such attendance may not be included in the correspondence or reports made by a public school to parents.

A public school may not directly connect bells, telephones, computers or other devices between public school buildings and institutions offering religious instruction except as a convenience to the public school in the operation of its own programs. (This does not prohibit public schools from connecting to the Internet or other networks that are open to use by the general public.) When direct connection is permitted and put in place, the costs shall be borne by the respective institutions (the public school and the religious institution each shall fairly share in the cost).

[Utah Admin. Rules R277-610-4 \(April 9, 2018\)](#)
