

My name is Julie Chapman, and I have been a volunteer at PC Tots since November 2019. I began volunteering with children when I was in high school, continued in college at the children's ward of the Stanford Hospital, and spent countless hours in my own children's schools. When my children left home, I managed a childcare facility at a gym for almost 10 years. When we moved to Utah, I found PC Tots and cannot begin to adequately describe the joy I get from my volunteer work there and how impressed I am with the facility.

I work with the infants, and it is without doubt the high point of my day. I feel useful and appreciated by the caring staff and look forward to every minute I spend there. I am very impressed with the management and the support they give the staff, which in turn results in an excellent program for the children.

I could not love my volunteer work more or recommend the facility higher. Please feel free to contact me if I can be of any further assistance.

Julie
