STUDENT MENTAL HEALTH PANEL

Wyoming Room

Presenting Brad Christensen, Casey Layton, Devin Healey, Christi Blackman, Davis School District Personnel
Facilitator: Brigit Gerrard, USBA President

If you work in education, the question “What matters most for my students?” should be rooted in your programs and support. Is it a part of your decision making and service implementation process?

In today’s world, students and families are facing huge challenges such as social conflict, food insecurity, mental health issues, discrimination, and truancy along with a lack of resources and direction. Responding to these communal needs is imperative in our schools.

By offering wrap-around services to those in need, Davis School District can help alleviate some of these struggles. Listen first-hand to a secondary student panel about the support being offered and the difference these services provide.

This session will review the clinical and resourceful intervention offered throughout Davis School District.

FICA Tax Savings for School Districts Through Employee Benefits

When employees put funds into their pre-tax plan, the school district saves money—a lower bottom line for the district and more take-home pay for employees. This is why AxisPlus is the #1 choice for school districts with tight budgets looking to boost employee retention. With around-the-clock customer service and easy registration, we're ready to help everyone save money.

Special discounts are available to members of USBA, the parent company to AxisPlus Benefits. Call us today and let us show you how we can save you money.
