BUSINESS ADMINISTRATOR DUTIES

In accordance with the state code and under the guidance of the district superintendent of schools, the district's business administrator assumes a pivotal role in overseeing various administrative and financial tasks essential for the smooth functioning of the local school district. The following are the specific duties entrusted to the business administrator:

- 1. Attendance and Record-keeping:** The business administrator is required to attend all meetings of the local school board, accurately record its proceedings, and maintain custody of the seal and all official records.
- 2. Financial Custodianship:** As the custodian of all district funds, the administrator is responsible and accountable for all money received and disbursed. This includes keeping accurate records of all revenues received and their respective sources.
- 3. Warrant Management:** The administrator is tasked with reviewing, verifying, and countersigning all warrants, claims, and other legal documents against the district, in collaboration with the president of the local school board.
- 4. Financial Reporting:** On a monthly basis, the administrator is responsible for preparing and submitting a written report detailing the district's receipts and expenditures to the local school board.
- 5. Budgeting and Accounting:** The administrator is expected to adhere to uniform budgeting, accounting, and auditing procedures and forms approved by the state board. These procedures must be in accordance with generally accepted accounting principles, auditing standards, and legal requirements.
- 6. Annual Financial Statements:** Annually, the administrator is required to prepare and submit to the local school board a detailed statement summarizing the district's revenue and expenditures for the period ending June 30, including beginning and ending fund balances.
- 7. Budget Preparation Assistance:** The administrator assists the superintendent in preparing and submitting budget documents, as well as various statistical and fiscal reports required by law or the state board.
- 8. Internal Controls:** Ensuring the adequacy of internal controls to safeguard the district's funds is a crucial responsibility. The administrator must establish and monitor these controls effectively.
- 9. Partnership with District Administrators:** The administrator collaborates with district administrators to provide fiscal management support, data analysis, and assistance, contributing to informed decision-making.
